SIU President Warren W. Brandt Will
Take Over His New Duties December 1
Letter to the Editor
Tribute To Southern

Editor: October 22, 1974

Visiting S.I.U. last week brought back a flood of memories. It was forty years ago in September that I entered Southern. Within a year I recognized every staff member, most of my classmates and many of the upper classmen. And I could walk through every building on the campus in less than twenty minutes. Southern was the only college I could attend. It offered me, as it has countless others, a chance to pull myself up by my own bootstraps.

Southern’s growth during the past forty years is well known, but many do not realize that the growth has been in breadth and quality as well as in numbers of students, faculty members, and buildings. As I walked through the campus I reflected on the recognition accorded S.I.U. graduates during the past twenty-five years. In the early 1950’s I was selected as superintendent of schools in a fine Chicago suburban school district. Prior to my selection, few S.I.U. graduates had been employed in the district, and to be frank about the situation Southern’s graduates weren’t supposed to measure up to the standards of the community. I immediately started recruiting S.I.U. graduates, and in so doing did both the school district and S.I.U. a favor. The school district because it secured dedicated, hard working, intelligent teachers and the University because the teachers became representative of Southern. To put it another way, Southern basked in the reflected glory of good teaching. Very soon I was being asked when I was going to Carbondale to bring back some more teachers like Judy, Ronald or Sue. No rating by an accrediting agency or no amount of publicity in newspapers, or on televisions could have added lustre to Southern’s name as did these loved and respected teachers.

My visit to Southern convinced me of something I already thought to be true. I have believed during the past four or five trying years that Southern is a healthy, vigorous, forward-looking university. Now that I have time to study the matter more closely, I am convinced that my Alma Mater has purpose and direction. I am further convinced that Southern will be Southern Illinois’ greatest asset and that its influence will continue to grow statewide and nationally.

Southern during the next few years has a job to do which will be as difficult as the job during the period of its great growth. Every alumnus will be asked to help, and I know the response will be such that our beloved S.I.U. will continue to grow in stature.

Sincerely,
Maurice P. Clark

Maurice P. Clark is a 1938 graduate and received his Master of Science in Education degree from SIU in 1953. He became president of the Alumni Association in the spring of 1966 after serving two years on the Alumni Board of Directors. He is a past president of the Chicago Area Club and received the SIU Alumni Achievement Award. He retired last year to Metropolis after serving as superintendent of schools at Western Springs since 1956.
President Warren W. Brandt will take over his new duties as SIU's 11th permanent president on December 1. The formal announcement of his acceptance was made at a press conference on October 23 by Ivan A. Elliott, Jr., chairman of the Board of Trustees. Meet President and Mrs. Brandt on page 2 and 3.

Coal is king again! Governor Dan Walker proposed a coal research center at SIU and the Board of Trustees seeks approval of Illinois Board of Higher Education for coal extraction and utilization research center and funds to operate it. See story on page 4.

Want to look into the future? A revised 25-year campus building plan will take you up to the year 2000... or maybe a little more. It could be the end of temporary buildings. For some of the things hoped for in the next quarter of a century see page 6.

Women's intercollegiate athletics have come a long way and the future looks bigger and better according to Charlotte West, director of the program. There are eleven sports in the SIU program and you will find out all about it on page 7.

Also in this issue: News of the Campus, page 8/Alumni Activities, page 10/Honor Roll of Life Members, back cover/Deadline Sports, page 12/Alumni, here, there... page 15.
Brandt will be Eleventh Permanent President

Mr. and Mrs. Warren W. Brandt of Richmond, Va., charmed a standing room only crowd at a press conference in the SIU Student Center October 23. Formal announcement of Brandt's acceptance of the presidency of the University was made by Ivan A. Elliott, Jr., chairman of the Board of Trustees. Elliott said that all board members actively participated in the review of the candidates recommended by the Search Committee and that the invitation to Brandt followed consultation with board members and prior agreement among board members on procedures. Brandt will take over his new duties December 1.

Brandt declared that he was delighted and thrilled to be selected as he considers the job a tremendous opportunity. He said he was impressed by the quality of the faculty and that those members he had met convinced him that it was also an extremely dedicated faculty. Brief visits with students and faculty assured him that "this is a university on the move."

He said that what SIU has done for handicapped students is magnificent. He also stressed the tremendous potential for research. He announced that he would operate his office on an "Open Door" policy and that anyone who wants to see him will be able to do so. He expressed admiration for Board chairman Elliott and declared that Interim President Lesar had done a great job. He said he would have to agree with the Selection Committee and praised Dr. Willis Malone and committee members.

It was a friendly and relaxed press conference punctuated with laughter. Chairman Elliott announced that President and Mrs. Brandt will live in University House and that President Brandt had advised him that he did not want tenure or shadow salary as he was coming here to be President of the University. Brandt said that he was opposed to tenure for administrators but that academic tenure was a part of the university system.

Mrs. Brandt reported that this was her first press con-
ference and that she was mostly frightened but excited to make plans to come to Carbondale. She said she was going to miss seeing her two beautiful granddaughters in Virginia but looked forward to making a new home in the SIU University House. Mrs. Brandt received her bachelor's degree in medical technology at Michigan State where she met her husband. She has worked in health departments, doctor's offices, blood banks and hospitals. She said that they would both be active in church and civic work.

Brandt, who will take over the SIU presidency December 1 as the University's 11th permanent president, says he faces the new challenges “with enthusiasm and optimism.” He replaces Interim President Hiram H. Lesar, dean of the SIU School of Law, who took charge March 14 following the resignation of David R. Derge.

Selection of the 51-year-old Brandt culminates an eight-month search by a presidential search committee headed by former Executive Vice President Willis Malone. The committee reported its recommendations to the Board of Trustees in August.

Brandt arrived in Carbondale the night before the press conference and immediately went to work getting acquainted with faculty, staff and students. He spent a half day after the announcement in a series of meetings with various campus constituencies. The following day he got better acquainted with the campus and those who teach and study. He said that he would make several trips back and forth to SIU before officially taking over his new duties. President and Mrs. Brandt reported that they were delighted with the enthusiastic reception they had received from everyone they met.

The former president of Virginia Commonwealth University at Richmond said he resigned from that position as he wanted a different type of environment. He missed the contacts with students and the contacts with faculty due to administrative problems of the Virginia medical school which took up more than half of his time. He also expressed a determination to expand university services to the region and that if the budget did not cover these programs that other sources of funding would be sought.

Comments of Board of Trustees members for Alumnus were as follows:

SIU Board of Trustees Chairman Ivan A. Elliott, Jr.: “The Board agreed that what SIU needed was a man to serve all elements of the University community. We are convinced that Warren Brandt is the man for that job.”

Carbondale Board Member Willis Moore: “I am very happy that Warren Brandt has accepted the presidency and believe that he will do a very good job.”

Board Member William R. Norwood, '59, Elk Grove Village, an alumnus of SIU: “The selection of President Brandt was an excellent appointment. Now we can get back to the business of education.”

Student Board Member Matthew Rich: “Brandt was my first choice since we interviewed candidates in Chicago September 20. I was impressed by his great personal integrity.”

An editorial in the SIU Daily Egyptian said: “SIU is faced with problems that can only be resolved by a strong leader, not an institutionalized bureaucracy. That leader must have the advice of the entire university community before making lasting decisions. Brandt shows the ability, background and commitment to make them.”

A Southern Illinoisan reporter spent two days in Richmond, Va., after Brandt’s appointment was announced. The first paragraph of the first of a series of articles said: “Warren W. Brandt is a brainy, talented, capable, courageous and a ‘gutsy guy’ who won the respect, if not overwhelming affection, of the faculty, staff and students of Virginia Commonwealth University.”

---

MEET WARREN W. BRANDT

I. PERSONAL DATA

Birth Date: July 11, 1923
Marital Status: Married (1944 to Esther Cass)
Children: Richard (36) and Sherry Ann Cupp (26)
Height: 6'
Weight: 175

II. EDUCATIONAL BACKGROUND

1940-44 Michigan State University, B.S. in Chemistry, 1944, Valedictorian
1946-47 Michigan State University
1947-49 University of Illinois, Ph.D., Analytical Chemistry, 1949

III. PROFESSIONAL BACKGROUND

1943-44 Undergraduate Teaching Assistant, Michigan State University
1946-47 Graduate Teaching Assistant, Michigan State University
1947-48 Graduate Teaching Assistant, University of Illinois
1948-49 University Fellow, University of Illinois
1949-50 Instructor, Analytical Chemistry, Purdue University
1950-55 Assistant Professor, Analytical Chemistry, Purdue University
1955-61 Associate Professor, Analytical Chemistry, Purdue University
1959-61 Chairman, Analytical Division, Department of Chemistry, Purdue University
1961-63 Head, Department of Chemistry, Kansas State University
1963-65 Associate Dean, College of Arts and Sciences, Kansas State University
1963-65 Dean, Graduate School, Virginia Polytechnic Institute and State University
1963-68 Vice-President, Academic Affairs, Virginia Polytechnic Institute and State University
1966-69 Executive Vice-President, Virginia Polytechnic Institute and State University
1969-74 President, Virginia Commonwealth University

Summer Research Chemist
1953 U.S. Naval Test Station, China Lake, California
1955 American Cyanamid Co., Bound Brook, New Jersey
1957 Esso Research and Engineering Co., Linden, New Jersey
1959 Esso Research and Engineering Co., Linden, New Jersey

U.S. Army
1944-46

Awards:
Guggenheim Fellow, Oxford University, England, 1958

Publications:
Approximately 40 technical publications resulting primarily from research in analytical chemistry with 20 Ph.D. and 33 M.S. students. They appeared primarily in Analytical Chemistry, Journal of the American Chemical Society and Chemical Reviews from 1949-65.
Coal Research Center is Planned for SIU

Governor Dan Walker opened the second Illinois Coal Conference in the SIU Student Center October 1 and proposed the establishment of a coal mining research center at Southern Illinois University in Carbondale to be funded jointly by the State of Illinois and the United States Bureau of Mines.

The SIU Board of Trustees, at its October meeting, approved a resolution to the Illinois Board of Higher Education requesting approval of SIU as a coal extraction and utilization research center and increasing the budget for next year by $55,000 for operating funds for the center's first year. The IBHE had already approved SIU as a center for environmental and coal research.

The coal research center is expected to be located in Parkinson Laboratory in which the Geology Department is housed. The budget request for next year includes $1,895,000 to remodel the building for the new center.
Governor Walker said:

"I am today proposing the establishment of a coal extraction center here at Southern Illinois University to be funded jointly by the state and the U.S. Bureau of Mines. It will be the focal point for coal mining research in Illinois. Among its tasks will be to develop training for mining engineers and the new types of scientists and technicians needed for mines of the future.

"It will be a center for retraining experienced mining technicians. It will be the place to develop more efficient and safer mining operations.

"We need the SIU coal mining research center as a place to house federal mining research efforts in Illinois. We need it to fill the alarming gap between our current knowledge of mining technology and the knowledge it will take to double coal production within eight years. We need it to encourage a much greater federal effort in Illinois—where the coal is.

"There is no more logical place for the new coal mining research center than SIU. Carbondale is the front line of coal production. That's where the city got its name.

"SIU has the resources we will need for the research center and we will bring more people and more resources here when we set up the center.

"More important, we will bring in the miners and engineers and bankers and industrialists who have to put the research center's findings to work. This will not be a science lab for tomorrow; it will be a workshop for today.

"It will also be another major step in our state energy program. That program has come quite a long way in a short time. Less than a year ago, in January, we started putting together the ideas for a major state effort to develop our coal resources.

"The first coal conference was last March, little more than six months ago. By July, with solid bi-partisan support, we had the legislation to finance innovative ways of using coal—both burning it as coal and converting it to other forms.

"And now in October, we are already moving on a number of concrete projects.

"We already have a coal smoke scrubber ready to go—to remove sulphur dioxide from the emissions of coal burned as coal. I'll be starting the scrubber up today right here on the SIU campus. It is a proven, workable method of making high sulphur coal compatible with clean air. And we'll demonstrate that it can work for Illinois coal—so that coal can be burned as coal, and within the toughest air standards."

The two-day conference at SIU brought leading experts in energy research, new coal mining techniques, mine safety, manpower training, coal transportation, solar energy and environmental protection from all parts of the nation to Carbondale to discuss problems and propose solutions.

SIU President Hiram H. Lesar pledged the support of the University in making Illinois a leader in supplying energy from coal and assured the conference visitors that faculty and staff are united in serving the area in every way possible.
A revised 25-year campus building plan geared to "moving targets" in the shifting universe of higher education has been unveiled by Southern Illinois University at Carbondale.

The master plan—projected to the year 2000—anticipates needs for such capital programs as a health care delivery complex for the School of Medicine, a building for the natural sciences, expanded facilities for the School of Technical Careers, and a science library.

The plan also shows underpasses or overpasses at Illinois Central Gulf railroad crossings, depending on whether a long-discussed project to depress the railroad ever gets off the roadbed. Campus Architect Willard Hart said the railroad, which bisects the eastern part of the campus, is a major traffic management problem in master planning.

Hart said the plan also envisions a final solution to one problem that has plagued SIU-C for the last 25 years and more: Temporary buildings.

He said the last of 143 houses, barracks and assorted "time-being" structures still in use on the campus (at one time there were 300) should be bulldozed away before the end of the 1975-2000 planning period.

According to David Grobe, space coordinator in the Office of Facilities Planning, SIU-C still does business in more temporary buildings than all the other four-year Illinois universities combined.

When the plan was described recently Vice-President for Development and Services T. Richard Mager said many items in it are "iffy"—depending on how statewide higher education needs change and how well the school is set up to meet expected developments.

For the next fiscal year (1975-76), SIU-C has drawn up a 36-item priority list totaling $30,600,000 in building projects. Major entries are new buildings for the School of Technical Careers and School of Law, plus a pollution control system at the central steam plant, a new pre-fab steel building for campus services, and a $1.8 million metal shop building for Technical Careers.

Three rehabilitation projects are listed as top priorities on the 75-76 list: Replacement of coal and cinder-handling equipment at the steam plant, a new roof for the leak-plagued Communications Building, and new water piping for the old Life Science building.

Hoped-for improvements between 1976-80 include:

—A $13 million Center for the Advanced Study of Physical Sciences. Planning money already has been approved and the project has been in the works for several years. It would be southeast of the present James W. Neckers physical science building;

—A $10 million physical education wing for the SIU Arena. Facilities for expanding women’s programs would be in it;

Explaining revised campus master plan for Southern Illinois University at Carbondale, projected to the year 2000, is T. Richard Mager, vice-president for development and services.
SIU Women's Intercollegiate Athletics

By LORENA JEAN
University News Service

Southern Illinois University at Carbondale, for the last decade one of the top five colleges and universities in the country in women's intercollegiate athletics, has taken steps to strengthen its position, according to Charlotte West, director of the program.

The women's program has been transferred from the department of physical education for women into the same administrative level occupied by men's intercollegiate athletics, under the wing of the Vice President for Development and Services, T. Richard Mager.

An operating budget of $74,000—more than double that of last year—has been tentatively allocated for the women's program for 1974-75, Mager said. Award of scholarships providing room and board and tuition for women athletes has been authorized by the University administration, to start in the fall of 1975, subject to approval of the Board of Trustees.

The addition of personnel and increased budgetary support were mandatory for SIU, Miss West said, because state law now requires that women's programs share in athletics funds, scholarships and facilities in the state colleges and universities as well as in the public schools.

"Across the nation, women's athletics programs in colleges and universities have expanded greatly in the past two years," she said. "Meanwhile, we had sustained cuts in our budget that hampered us greatly, especially in the face of rising costs of equipment and travel. Our budget covering the 11 sports in which we fielded intercollegiate teams was down a peak of $41,000 to $37,000 last year. We had a bleak outlook.

"Even the new budget is a conservative one. In contrast, in the last two years some of the schools have expanded their allocations for women's programs from $20,000 to $120,000, so we will face some stiff competition."

Miss West said the varsity program still will maintain its ties with the women's physical education department, for the coaching staff will continue to hold cross-appointments and will teach part-time. The new budget does permit the appointment of one full-time administrative assistant.

Some expansion in the schedule and improved travel conditions will be possible this year, she said.

Even before the new regulations became effective, Miss West said, SIU had developed a broad program of varsity athletics for women, similar in concept to the men's program. "It's a healthy philosophy to which we intend to adhere," she said.

The eleven sports are field hockey, swimming, badminton, basketball, cross country, track and field, volleyball, golf, softball, tennis, and gymnastics (elite, advanced and intermediate).

She cited some of the achievements of SIU teams and players. The varsity gymnastic team won the AIAW (Association of Intercollegiate Athletics for Women) national meet last spring, after having placed second in 1972 and 1973. Two SIU women golfers won the National Collegiate Golf Tournament in 1969. In recent years SIU teams have qualified for national meets in softball, volleyball and basketball, and field hockey players have made the all-star regional teams qualifying them to play in the national meets. Teams and players have won numerous sectional and state events.

For the 1974-75 season, Miss West said she anticipates continuing effective performance in gymnastics, and prospects are promising in track, volleyball and softball.

"With the increased emphasis on women's athletics, teams all over the country will provide stronger competition, but I think we have the material to hold our own," she said.

Kathy Vondrasek, 6 foot 1 inch sophomore center (Number 25) is a threat for opponents as SIU women's intercollegiate basketball team starts its 1974-75 schedule.
News of the Campus

University Programs

Seven Southern Illinois University programs have been grouped under a newly-created division of University Programs headed by Kenneth W. Serfass, who said the purpose is to place related departments under one dean.

Each department previously had been a separate unit: International Education, Continuing Education, General Studies, Development Skills, President’s Scholars, SIU Museum and Special Majors.

Serfass has announced newly appointed directors for several of the programs. They are Joe Chu, director of International Education; Andrew Vaughn, director of General Studies; John Dotson, director of the President’s Scholars Program and Basil Hedrick, director of the museum.

Vaughn replaces John Voight, who has returned to teaching in the botany department. Dotson replaced Allan Lange, who has been granted a one-year sabbatical leave and a one-year leave of absence without pay.

Hedrick is on sabbatical leave until Feb. 1, and acting director of the museum until his return is Frank Rackerby.

Directors of the remaining units are Richard Bradley, Continuing Education, and Jessie Hailey, Developmental Skills.

Dean Serfass said each unit now has a central point. “These are University-wide kinds of units, and they all cut across most of the departments on campus,” he said. “The University Programs will coordinate the activities of the various divisions.”

The 1974 Homecoming Parade had everything! There were school bands from Greenville to Metropolis. The best band in the country with the most beautiful girls turned out to be the Marching Salukis and extraordinary beauties. There were floats of all sizes and shapes featuring dancers to passers to all sorts of Indians. Politicians and their assistants threw candy and balloons and bubble gum seeking votes. Other throwers sought to sell hamburgers. Vehicles of all varieties carried the important as well of some seeking to become important. It all added up to the theme of “Fads and Follies of the 40’s” and as they reported things 40 years before: “A good time was had by all!”

SIU Deans List

School of Agriculture: Dean Lilbert H. Kroening
College of Business and Administration: Dean Charles H. Hinderman
College of Communications and Fine Arts: Dean Charles B. Hunt, Jr.
College of Education: Dean Elmer Clark
School of Engineering and Technology: Dean Thomas B. Jefferson
College of Human Resources: Dean Stanley H. Smith
College of Liberal Arts: Dean Lon R. Shelby
Library Affairs: Dean Ralph McCoy
College of Science: Dean John C. Guyon
School of Technical Careers: Dean Arden Pratt
University Programs: Dean Kenneth W. Serfass
Graduate School: Acting Dean Thomas O. Mitchell
School of Law: Dean Hiram Lesar
School of Medicine: Dean Richard Moy
Student Affairs: Dean of Students Bruce R. Swinburne

Wildlife Research

The head of Southern Illinois University’s Cooperative Wildlife Research Laboratory has been awarded $27,000 by the U.S. Army Corps of Engineers to study the effects of Corps-built flood control structures on wildlife populations.

W. D. Klimstra will inventory animals and their habitats along stretches of the Mississippi and Illinois Rivers where the Corps operates river control structures.

The Mississippi portion of the study will cover the stretch of river from Alton to Hannibal, Mo. The Illinois River area to be inventoried runs from Grafton to Beardstown.

The SIU-Carbondale laboratory has just finished a similar inventory of plants and animals along the Mississippi between Cairo and St. Louis. Data from the study will be used in an “environmental impact statement” which the Corps plans to release later this summer.

Field work for both projects is under the direction of Virginia Terpening, researcher in the SIU-C laboratory.
SIU Board Names Mace Vice-President

The SIU Board of Trustees at its October 10 meeting approved the appointments of George Mace as acting vice-president for administration and campus treasurer and Jack E. Simmons, campus internal auditor, to serve also as acting controller. The appointments were by President Hiram H. Lesar effective October 1.

The Capital Development Board was asked to release money for three projects where funds have been allocated, as follows: Employing architects for remodeling of Parkinson Building for a laboratory for coal research; Remodeling part of Life Science II Building for the Cooperative Wildlife Research Laboratory; Installation of a beef evaluation center.

A half-million dollars worth of building remodeling and a $400,000 plumbing job at a women's dormitory are included in a list of campus projects forwarded by SIU at Carbondale for Illinois Board of Higher Education approval.

The projects were authorized earlier by SIU's trustees and money is on hand. Approval as non-instructional building projects is a higher board formality.

A $500,000 remodeling program will allow relocation of eight departments including the campus security office. Renovations are scheduled at Woody Hall office building, Washington Square (a former off-campus dormitory) and the Small Group housing area.

Complete replacement of galvanized water piping in nine-year-old Neely Hall is estimated at $400,000. SIU's facilities planning office said corrosion and mineral buildup has almost ruined the plumbing, which drips, seeps and sometimes explodes.

William H. Cook ex '42, was confirmed by the U.S. Senate in August as a judge on the three-man U.S. Court of Military Appeals—the military's equivalent of the Supreme Court. He is pictured above in his judicial robes with SIU alumni and friends who attended his swearing in ceremony, left to right: Mrs. Kenneth W. Medley, LTCOL Patricia M. Doyle, USAF '61, former president of the Washington Area club, Judge Cook, Miss Jane Chenoweth '67, former secretary of the Washington Area club, Theodore E. Taylor '44, immediate past president of the SIU Alumni Association and Mrs. Theodore E. Taylor.

Judge Cook is a native of Carbondale and has lived in Washington since 1953. He will hold the post until May 1, 1976 filling out an unexpired term. Cook had served as counsel in the U.S. House of Representatives for the past 11 years. Prior to that he was a supervising attorney with the Navy Department. Kenneth W. Medley '47, a former president of the Washington Area Club, served as "Official SIU alumni photographer" for the occasion.

First recipients of "Magna Cum Laude Sodalitas" certificates from the Southern Illinois University Foundation are Interim President Hiram H. Lesar, left, and Joseph N. Goodman, Foundation executive director. The name of these certificates translates to "Fellowship of Great Distinction." They are awarded to donors who pledge annual gifts of $1,000 over a 10-year period in the University's new "Living Endowment" annual giving program. One hundred dollar a year donors receive "Cum Laude Fellowship" citations. Among early gifts to The Living Endowment were several designated by the donors to Alumni Association Projects.
Alumni Activities

SATURDAY, January 4
Region II Workshop Bloomington Ramada Inn Rt. 9 and I-55 at 12 noon for Bloomington, Peoria, Springfield and Champaign Area clubs.

SATURDAY, January 4, 1975
Bloomington Area Club Reception 6:30 P.M. Horton Field House prior to SIU vs ISU basketball game at 7:30 P.M. Mail checks for tickets $3 each to President Chuck Baue, 1821 Hoover Drive, Normal, IL 61761 and pick up tickets at reception. Deadline December 30. Victory party immediately after the game at Restaurant Delicatessen, 107 East Beaufont, Normal. "Dutch Treat." Contact Chuck Baue 309-452-8717 or 309-829-7685 Ext. 329.

MONDAY, January 6
Saline County Club Meeting 6:30 P.M. Gateway Inn, Muddy, IL. Program: Doug Weaver, Athletic Director and Football Coach. Contact Mrs. J. Ward Barnes Phone 618-273-2881.

WEDNESDAY, January 8
Alumni bus trip Carbondale to Evansville University basketball game. Contact Alumni Office for details.

SATURDAY, January 11
Region I Workshop at Augustine's in Belleville at 12 noon for Madison County, St. Clair County, Bond-Clinton Counties, Monroe County, Macoupin-Montgomery Counties and St. Louis Area clubs.

SATURDAY, January 18
Region V Workshop at Holiday Inn, Marion, IL at 12 noon for Jackson, Franklin, Williamson, Union, Washington, Randolph, Massac and Perry County Clubs plus Paducah Area Club.

SATURDAY, January 25
Region IV Workshop at Two Tony's in Carmi, IL at 12 noon for White, Wayne and Saline County Clubs and Evansville, Ind., Area Club.

The Washington D. C. Area SIU Alumni Club honored retiring Congressman Kenneth J. Gray of West Frankfort, IL at a picnic Sunday, September 15 on the grounds of the U.S. Naval Ordnance Laboratory at White Oak, Maryland. Activities included golf, baseball, badminton, horseshoes and volleyball with rides for the children. Members started arriving shortly after noon and a potluck meal was served at 2:30 P.M. Judge William H. Cook ex '42 presented a plaque on behalf of the club to Congressman Gray for his many years of service to SIU and to Southern Illinois.

"Fads and Follies of the 40s" was the theme of the 1974 Homecoming activities and may have been one of the subjects discussed at the Alumni-Faculty Reception in the Student Center ballroom. Visiting alumni left to right were: Rhonda Cheffer '74 Kankakee; Paul G. Schoen '67 Carbondale; Barb McKinney '74 Rockford; Bruce O. Melvin '74 West Chicago; Fred J. Meyer '40 Park Forest; Kathy Instone '74 Midlothian; Wally Wood '73 MBA '74 Pittsburg, KS.
Iced cider tasted good at the Alumni-Faculty Reception in the Student Center ballroom following the Homecoming football game. Left to right are: Dean of Students Bruce R. Swinburne; Mrs. Bruce (Mary Lou) Swinburne '72, Carbondale; SIU Trustee William R. Norwood '59, Elk Grove Village; SIU Alumni Association President Albert J. Shafter '48 '49, Harrisburg.

Twenty-four SIU students received $250 Roscoe Pulliam Scholarships at the annual Alumni Association luncheon Friday, October 25. Recipients must have a minimum grade point average of four and have a financial need. First scholarships were awarded in 1953 and are funded by Alumni Association Telefunds and other contributions. The scholarships honor Roscoe Pulliam who served as President of the University from 1935 to 1944.

Scholarship winners and guests are pictured left to right by rows as follows:

Front Row: Mr. William Taylor, Mitchell, S.D.; Miss Mary Irons, Belleville; Mrs. Ciel Chaloupka, Chicago; Miss Anne Furuya, Nashville; Mrs. Mabel Pulliam Sattgast, widow of President Pulliam; Miss Melinda Oliboni, Harrisburg; Dr. Keith Leasure, Vice President for Academic Affairs; Mr. Jon Rittemueller, Addison; Mr. Paul Lau, Chicago;

Middle Row: Miss Joanne Buford, Flossmoor; Miss Diana Pascoe, Webster Groves, Mo.; Mr. Lynndon Guard, Marion; Miss Patricia Singleton, Chicago; Miss Rose Lum, Bloomington; Miss Janet Smith, Springfield; Mr. Robert Pulliam, son of President Pulliam; Miss Lisa Grigg, Mt. Vernon; Mrs. Joyce Weliky, Chicago;

Back Row: Miss Janet Musgrave, Fairfield; Mr. Samuel Jordan, West Frankfurt; Mr. Morris Eaton, Elkville; Dr. T. Richard Mager, V. P. for Development and Services; Miss Linda Hancock, East St. Louis; Mr. Robin Buckner, Partville, N.Y.; Miss Beverly Freeman, Carbondale; Mrs. Kristie Whitney, Mt. Vernon; Mr. David Bencini, Murphysboro; Mr. Paul Bartels, Anna; Dr. Albert Shafter, President, SIU Alumni Association.

TODAY

LIFE MEMBERSHIP!

Today is the day to pick one of the four Life Membership plans listed below! No more annual billings. Lifetime subscription to Alumnus. Life membership in your Constituent Society. Alumni Day, Class Reunions, Morris Library privileges, Save on books, Use campus lake and tennis courts. Laminated life member card with a certificate suitable for framing and life member decal. Today is the day! Now . . .

- $125.00 Life Membership
  - (five year plan, minimum annual installment $25)

- $150.00 Family Life Membership
  - (five year plan, husband and wife both alumni, minimum annual installment $30)

- $150.00 Life Membership
  - (ten year plan, minimum annual installment $15)

- $175.00 Family Life Membership
  - (ten year plan, husband and wife both alumni, minimum annual installment $17.50)

SIU GYMNAST Jim Ivacek was named to the United States team for the World Games at Varna, Bulgaria, October 20-27.

Ivacek, a senior from Beaver Falls, Pa., earned a spot on the six-man U.S. team by placing fourth in the World Games trials at Austin, Tex.

"The coaches of the team were most complimentary of Jim at the trials," said Saluki gymnastics coach Bill Meade who attended the meet. "I was very pleased with his work."

Ivacek finished fourth in the trials with a score of 105.45 despite having to compete with a sprained ankle. He suffered the injury a week before the trials and did not workout prior to competition.

"It took a lot of courage for Jim to compete with a bad foot," said Meade. "Ironically, it was the first meet that Jim did not have a major breakdown in any event."

Ivacek's best score came in the compulsories of the parallel bars when he recorded a 9.3. It was the highest score on the parallel bars by any of the 14 competitors.

GYMNASTICS OUTLOOK Here is coach Bill Meade's outlook on the 1974-75 gymnastics season:

ALL-AROUND: "This should be one of our strongest events with Jim Ivacek of international caliber and all our all-around men returning from last year. A true test of our all-around ability will be an international all-around match with California when six all-around men will be entered with the top five scores to count. This will be the first time in U.S. collegiate history such a meet will be held. We have been moving in this direction for some time."

FLOOR EXERCISE: "This should be a strong event after limited success last year. Good floor work by all-around men plus Steve Shephard, James McFaul, Andy Karl and David Black as specialists."

POMMEL HORSE: "One of our strongest events in light of return of Ed Hembd (fourth in the NCAA last year). Tony Hanson is a consistent 9.0 scorer. These two, coupled with the pommel horse strength of our all-around men should give us good balance."

STILL RINGS: "Return of Jack Laurie (NCAA Eastern Regional runner-up) and addition of Gary Wallace, a strong all-around ring man, coupled with a strong ring group returning should make this a high-scoring event. Ivacek is a former USGF national ring champ."

VAULTING: "Strong last year; stronger this year. The addition of Ivacek and Wallace and specialist Steve Shepard should strengthen the event. Returning are Jon Hallberg and Kim Wall, a pair of"
9-plus performers. Also available is freshman Morris Levin, the South African Cup vaulting champ."

PARALLEL BARS: "Could be our strongest event with the addition of Ivacek, the reigning USGF parallel bars champion. Return of Glen Tidwell, the '73 junior college champ, and Laurie, plus strong all-around men gives us plenty of depth."

Here's Meades' overall assessment of his 1974-75 team: "We have a good chance of making it to the NCAA championships. This could be our most balanced team in a number of years. The early start of school (late August instead of early October) coupled with the introduction of Olympic compulsories gives us an early start over previous years. This is a veteran team which has worked compulsories in the past and has made learning of compulsories much easier. The true strength of the team will not be discernable until January when Ivacek becomes eligible for collegiate competition (he is a transfer from New Mexico). We have good depth down the line. The change in rules to counting two all-around men should help us in light of our strong all-around performers."

Here's Meade's assessment of the national picture: "Certainly defending champion Iowa State, runner-up Arizona State and third place finisher California should be stronger than ever, particularly California since it returns its entire team. This is not to overlook Louisiana State, Penn State and Indiana State who indicate they will have strong teams. Where we fit in remains to be seen."

SALUKI GYMNASTICS SCHEDULE

Nov. 15 at Indianapolis Invitational
Nov. 29-30 at Midwest Open (Chicago)

Mar. 14-15 NCAA EASTERN REGIONALS
Apr. 3-5 NCAA Championships at Indiana State
Apr. 11-12 Pan American Games Trials at Chicago

HOME MEETS IN CAPS.

BASKETBALL SEASON TICKETS available.
"Saluki Forecast: Meri-weather," that's the theme of the 1974-75 Southern Illinois basketball season.

Afterall, super center Joe Meriweather has been named to every major pre-season all-American team. As Wichita State coach Harry Miller said, "That Meriweather is the best damn player in the country."

With Meriweather and three other returning starters on hand, the prospects for a good season are excellent. Remember last year's 19-7 mark was the best by any major college in Illinois as well as best record ever by the Salukis against a major college schedule.

The Salukis play their most attractive home schedule even including appearances at the SIU Arena by Big Ten champion Michigan (December 11), NCAA tournament teams Oral Roberts (February 8) and Creighton (March 3), Missouri Valley rival West Texas State (February 1) and the traditional rivals such as Evansville, Illinois State and St. Louis.

"We have never been flooded with ticket orders this early in the year." said athletic ticket manager Mrs. Neoma Kinney. "We will have our best season ticket sale in years."

Fans will not want to miss out on a chance at good seats, which may go only to season ticket holders. For ticket information, write Athletic Ticket Office, SIU Arena, Carbondale, IL 62901.

1911 Mrs. Ruth Hendrix (Ruth S. Smith, 2) has three children and lives in Memphis, Tenn.

1919 Mrs. Blanche Clark (Blanche LaRue Hayes, 2, '23) is a retired school teacher, making her home in Los Angeles.

Mr. and Mrs. Julian W. Nave, ex, (Eleanor Bramlet, ex '19) have three children and are now residing in Kissimmee, Fla. He is a retired minister and she is a retired school teacher. The Naves spent 40 years in India as missionaries.

1923 Dora Brubaker, 2, '25, ended a 50-year family tradition when she retired in June from the Carbondale Public Library board, as board secretary. Also retired from teaching, she taught Latin 26 years at Carbondale Community High School and Latin and history at Cobden High School. Miss Brubaker received her master's degree in 1939 from Columbia University in New York. She lives in Carbondale, continuing to serve the community as a volunteer at Doctors Memorial Hospital.

Mrs. Mary Wright (Mary Edith Ingram, 2, '26) has one son and presently lives in St. Louis.

1929 Mr. and Mrs. George R. Haynes (Alleen Marie Campbell, 2) have one son and make Denver, Colo., their home.

1931 R. Earl Trobaugh retired August 31 as President of Illinois Valley Community College at Oglesby. He had been associated with IVCC, and its parent institution, L-P-O Junior College, for a total of 37 years. His retirement follows that of his father, W. W. Trobaugh, and brother, Carl, both of Carbondale. Since he became president in 1969, a $20 million campus has been completed to accommodate 2,200 full-time day students. The number of college credit courses offered increased from 313 to 459 in the past four years. Mr. and Mrs. Trobaugh (Floss Charlton '32) reside in Peru, Ill.

1934 Mrs. Fern Greer (Fern Pheurister Greer, 2, '42) is retired and resides in Carbondale.

1937 Mrs. Wanda Newsum Gum is retired from teaching at the University of Illinois' Chicago Circle. She makes Santa Barbara, Calif., her home.

Wilburn E. King is a retired teacher and principal. He and his wife, Anna, have four children and three grandchildren and live in Bellflower, Calif.

1940 Mr. and Mrs. William E. Holden have a son and a daughter and live in Vinton, Ia., where he is self-employed.

1941 Mr. and Mrs. Thomas S. Kandul (Mary Bromley Lee, ex) have six children and make Marietta, Ga., their home.

1942 Mr. and Mrs. Robert L. Vessella (Wyonne Skibinski) have one son and make New Britain, Conn., their home.

1943 Mr. and Mrs. Charles C. Harmon (Mary Ann Huelsmann) reside in Norman, Okla.

1944 Betty Ann Boatright, M.Mus. '60, has been selected by the Herrin Education Association as Herrin's choice for Illinois Teacher of the Year. Music supervisor for the Herrin school district, Miss Boatright has taught vocal music to elementary students in the Herrin schools since 1946. She makes Marion her home.

Kenneth Dale Carroll lives in Centralia, where he is a consultant with Information Systems. He has just completed establishing a central Document Center to serve 17 countries, with the U.S. State Department—AID.

1946 Mr. and Mrs. Jack R. Hedges, M.S. '47, (Anne L. Placko '44) reside in Santa Monica, Calif., where he is a history and political science professor at Santa Monica College. She is a teacher in Culver City, Calif. Hedges is president of the California Community & Junior College Association.

1947 Mrs. Mabel Sattgast (Mabel McGuire Pulliam, ex) was honored this summer at the Bemidji, Minn., County Fair as an Outstanding Senior Citizen. Two columns were needed in the Bemidji PIONEER to list her contributions to the community after her marriage to President C. R. Sattgast of Bemidji State College in August, 1959. She was active in the League of Women Voters, Women's Study Club and the United Methodist Church. She started the Self-Help Home Improvement Association, promoted the bond issue for the new fire hall as well as for a new school and additions to others. She organized a Go-See tour for welfare recipients and aided in many causes. She is a native of Makanda and married Roscoe Pulliam who later became President of SIU. Following his death in 1944, she served the university in a number of positions before moving to Minnesota. Mrs. Sattgast was honored at a tea in Carbondale last month, sponsored by the SIU Women's Club and the Carbondale Federated Women's Club, of which she was president in 1937-38. She received a life membership in the SIU Women's Club and was also honored by the Women's Club at the home of Mrs. Willis Malone (Dorothy Dale '55).
1949 Michael Derbak, Jr., was promoted to the rank of corporal by the Illinois State Police in Springfield. He and his wife, Adelia, and their children, Michael, Tina, and Stephen, reside in Royalton.

Mr. and Mrs. Lawrence Allen Hilton (Ellen Louise Heern, ex '46) have five children and make Makanda their home. He is storekeeper of the storeroom at the U.S. Penitentiary in Marion.

Bobbie D. Stone, senior research specialist with the electronics division of Monsanto Commercial Products Co. at St. Peters, Mo., has been promoted to Grayville their home.

1950 Alice A. Baker, M.S. '58, is retired and resides in Percy.

1951 George A. Ferguson lives in Anna with his wife, Phyllis, where he is a psychologist with the Illinois Department of Mental Health at Anna State Hospital.

Bill Hollada, M.S. '55, Ph.D. '74, is an instructor in communications at Lake Land College in Mattoon. His wife, Roberta Hollada '55, is a program director of the Lake Land College child care-teacher aide curriculum. They and their daughter, Gayla, make their home in Mattoon.

Charles W. Jones is an assistant professor at the University of North Florida in Jacksonville, where he and his wife, Betty, and their son, David, make their home.

1952 Gerald T. Bean is a physicist with the U.S. Government in Springfield, Va., where he and his wife, Mary, and their two children, Eric and Janet, reside.

Mr. and Mrs. Donald L. Graham (Anna Lou Kloepffer) and their three children, Janet, Sherri, and Scott, make Grayville their home.

Mr. and Mrs. Richard A. Steelman, M.S., reside in Moline, where he is principal at Horace Mann School.

1953 Mr. and Mrs. Frank M. Watters (Mary Joyce Pulliam) and their two sons, Aaron and Ethan, live in Chico, Calif.

1954 Mr. and Mrs. John Brenner (Gwen Applegate) and their two sons, Daniel and Philip, make Chicago their home. She is a school teacher in the Chicago area.

Mr. and Mrs. Billy J. Riley (Wanda Baker Riley, M.S. '73) live in Chester, where she is a mathematics teacher at Chester High School.

Jewell Calhoun Yarbrough is a guidance counselor in the Detroit public school system. Working toward her Ph.D. at the University of Michigan, she makes Detroit her home.

1955 Mr. and Mrs. John A. Ziegler, M.S. '56, and their two children, Miriam and Robin, make Conway, Ark., their home. He is chairman of the department of political science and history at Hendrix College.

1956 Herman Keith McDonald is a lieutenant colonel in the U.S. Air Force, stationed at Vance AFB in Enid, Okla., and his wife, Mary, and their four children, Larry, Steven, Susan and Scott, make Enid their home.

Dan M. Moore is a teacher at Mt. Prospect High School. He makes his home in Schaumburg.

Mrs. Cora Hill Phelps, M.A. '61, resides in Norris City, where she is a part-time remedial reading teacher in the elementary schools.

Gerald F. Stroder resides in Dupo, where he is a junior high English teacher.

1957 Mr. and Mrs. James C. Crippen (Alice Ann Lowry '57) make Chester, Mo., their home. He is project manager in the manpower planning and control department of Mallinckrodt, Inc., in St. Louis.

1958 William J. Bach, M.S. '59, Ph.D. '69, has been named superintendent of the Shiloh Schools of Edgar County. He has taught or administered at the elementary, junior high, and high school levels, and comes from Mascoutah where he was high school principal. Bach has also held several positions in the Illinois Principals Association.

Gerald Max Brunnhofer, VTI, is an accountant with the General Motors Acceptance Corp. He and his wife, Dorris, and their daughter, Karen, reside in Chester.

1959 Mr. and Mrs. Glenn O. Cain ('Edith Mae Cain') live in Raleigh. She is an English teacher at Eldorado High School.

Mr. and Mrs. Jimmy M. Robinson (Rose Marie Barrow) and their two sons, Jimmy, Jr., and John, make Louisville, Ky., their home.

Mr. and Mrs. Stephen Joseph Scates and their two children, Timothy and Susan, live in Shawneetown, where he manages their farm.

1960 Mr. and Mrs. Clifford Graham (Susan Blair Otrich Graham, M.S.) and their two daughters, Alison and Ashley, reside in St. Louis. She is retired from teaching elementary education.

Denis C. Gross, VTI, '62, M.S. '64, formerly a member of the accounting faculty at SIU, has been appointed director of the Illinois CPA Foundation in Chicago. A certified public accountant, he is a doctoral candidate at the University of Illinois.

Norbert H. Jerome is chief geologist with Western Nuclear, Inc. He and his wife, the former Mary E. Kunze '61, and their four children, David, Julie, Mark, and Michael, make Jefferson City, Wyo., their home.

Jerry H. Natterstad, M.A. '61, Ph.D. '72, is an assistant professor of English at Framingham State College in Framingham, Mass, where he and his wife, Linda Rae Brown Natterstad VTi '59, make their home. He had an article "Francis Stuart: At the Edge of Recognition" published in the autumn issue of Eire-Ireland, and a review of A Festschrift for Francis Stuart in the October issue of the American Committee for Irish Studies Newsletter. Natterstad has also been selected as guest editor for a special issue of the Journal of Irish Literature to be devoted to the work of Francis Stuart.

D. Wayne Rowland, Ph.D., has re-
Donald E. Hepler is a division supervisor with Illinois Bell Telephone. He and his wife, Sharon, and their three children, Dawn, Steve and David, reside in Springfield.

1962 Mr. and Mrs. Darrell E. Behrendt and their two daughters, Felicia and Christa, reside in Edwardsville. He is director of farm records for the Federal Intermediate Credit Bank of St. Louis.

Mr. and Mrs. William J. Best (Brenda H. Moerschel) and their two children, Heather and Derek, live in New Canaan, Conn.

Air Force Major Robert P. Daniel has graduated from the Armed Forces Staff College at Norfolk, Va. The five-month Department of Defense school is operated under the direct supervision of the Joint Chiefs of Staff and prepares student for positions in joint and combined commands that involve more than one country or military service.

**Deaths**

1917 Mrs. Jessie Sparrow (Jessie A. STEWART, 2, '24), of Staunton, died October 14 in St. Elizabeth's Hospital in Belleville. She retired from teaching in the Staunton public schools in 1963. She was a former member of the Alumni Board. Mrs. Sparrow was preceded in death by her husband.

1928 Mr. DEAN J. DE LAY, 2, '41, M.S. '53, of Kissimine, Fla., died September 10 in the Kissimine Medical Center. A long-time teacher and school administrator in Madison and Bond counties and Bond County superintendent of schools for 12 years, Mr. DeLay had lived in Florida for the past seven years and taught for five years in Davenport, Fla. He was a life member of the Illinois Education Association and the National Education Association, and a past
president of the Bond-Clinton SIU Alumni Club. Survivors include his wife, Ruth, two sons, a daughter and two sisters.

Mr. Ervin H. Warren, 2, a former Benton resident, died August 15 at his home in Placerville, Calif. A nationally recognized expert on traffic safety, he retired in 1967 from heading the University of Illinois traffic safety training division, which conducts classes both on the campus throughout the state. Previously, Mr. Warren taught for eight years in the West Frankfort school system. He then joined the Illinois State Police and soon became chief of the highway safety department. In 1955 he was graduated from the National Academy of the FBI in Washington. Surviving Mr. Warren are his wife, Marion U. Thomas '29-2, a daughter, his mother and two sisters.

1935 Mr. Arthur D. Moore, a native of Benton, died July 28 in a Milwaukee, Wisc., hospital. A former Benton high school teacher, he was retired as administrator of housing at the U.S. Naval Training Station at Great Lakes, Ill. He is survived by his wife.

1946 Mr. Herschel W. Ellis, M.S. '49, of Herrin, died August 17 at the University of Illinois Hospital in Chicago. Williamson County Assistant County Superintendent of Schools for eight years, he was a teacher for 49 years and a principal for 37 years in the area. Mr. Ellis founded the Southern Division of Illinois Education Association Credit Union in 1950 and served as treasurer and manager of the organization. He was also director of the Illinois Credit Union League. Surviving him are his wife, two daughters, two grandsons, a brother and three sisters.

1967 Mr. Arthur M. Podgorski, of LeRoy, died October 12 in an auto accident near Cooksville. A former teacher at Bloomington High School, he was a member of the National Education Association and the Bloomington Education Association. In 1972 he moved to LeRoy, where he was employed as a salesman with Central Soya of Ft. Wayne, Ind. Surviving Mr. Podgorski are his wife, a son, his mother, a brother and a sister. He was preceded in death by his father in September.

1970 Mr. Larry Crouse, VTI, '73, of Herrin, died September 9 in Herrin Hospital. Mr. Crouse was activities coordinator at the Marion Federal Penitentiary. He is survived by his wife, Virginia, his parents, three sons, a daughter and a brother.

1971 Mr. Stanley A. Drone, of Edwardsville, died September 12 after collapsing during a class at Edwardsville High School, where he was an agriculture teacher. He formerly taught two years at Edinburg. Mr. Drone is survived by his parents.

The Alumni Office also has been notified of the following deaths:
1923 Mr. Charles Thomas Gabbett, 2, '31, East Alton, August 9.

DIGITAL THERMOMETERS

A UNIQUE MEMENTO OF SIU

The EXECUTIVE $9.95 postpaid. 66° to 84° F. (8” long)

The EXECUTIVE digital room thermometer is a handsome accessory that sets off home or office. Liquid crystals display temperatures in precise colors through the spectrum from violet to gold. Solid walnut base co-ordinates with temperature color band and the SIU seal. To personalize this unique souvenir, a custom nameplate may also be added. The EXECUTIVE Digital Thermometer is something you’ll keep for years to come, and it makes a perfect gift.

ORDER EARLY FOR CHRISTMAS!

SIU PLAYING CARDS
Handsome SIU playing cards feature the finest patented Redi Slip plasticized finish which resists wear and last a lifetime. With an extra joker for canasta in each deck, they're packed in a twin-tuck gold carton and mailing case. The perfect gift and only $3 a set. Illinois residents add 5% sales tax.

LICENSE PLATE FRAMES
All new, custom-made license plate frames are beautifully styled, tool and die cast, triple chrome plated and finished in brilliant SIU colors. Now instead of carrying a free plug for some auto dealer, you can show you're an SIU constituent and Saluki backer and promote Southern Illinois University as well! The price of only $5 a pair includes handling charges, packaging, postage and tax.

FOR THE SIU GRADUATE WHO HAS EVERYTHING (NEARLY)
Have your coveted SIU degree(s) reproduced on a handsome silver satin-finish metal plate mounted on an 8x10 walnut base. This plaque will make your degree the envy of every visitor, relative and colleague. It will enhance an office, home or den and fits any decor. Just send your diploma(s), other certificate, document or license with a check or money order, and your plaque and unharmed document(s) will be returned to you postpaid. Please allow two weeks for production. Satisfaction guaranteed. Another service of your Alumni Association. Mail diploma with $22.95 check and your name and address direct to: Associates Engraving Company, Inc., 2731 N. 31st St., Box 3606, Springfield, IL 62708. Shipped postpaid. Satisfaction guaranteed.

SIU MUGS
Another new item available through the Association—a 17 oz. set of four glass mugs. These too have the chip resistant rims, weighted bottoms and baked on crest and lettering. Safe for use in automatic dishwashers. Packed for safe shipping in cartons of four. The price of only $7.25 includes handling charges, packaging, postage and tax.

SIU T-SHIRTS
Adults and children alike will love these easy-going cotton knits in the SIU colors with SIU imprint—and you'll love the price. Available in children's (C) sizes S, M, L ($5.50) and adult's (A) sizes S, M, L, X-L ($5.95). Be sure to state maroon with white letters or white with maroon letters. Price includes handling charges, packaging, postage and tax.

SIU PLAYING CARDS

SIU SWEATSHIRTS
Now you can also purchase sweatshirts with SIU imprint and colors through your Alumni Association. These long-sleeved easy-to-care-for cotton and polyester sweatshirts may be machine washed and tumble dried. Available in children's (C) sizes S, M, L ($5.50) and adult's (A) S, M, L, X-L ($5.95). Be sure to state maroon with white letters or white with maroon letters. Price includes handling charges, packaging, postage and tax.

Make checks payable to the SIU Alumni Association.
Those listed above completed life memberships in the SIU Alumni Association during the past six months before deadline time. If you are a member of the Association or qualify for membership, perhaps now is the time for you to consider joining the more than 2300 alumni who already have life memberships or are working toward them. Cost is $125 (minimum annual installment payment $25 over five years) or $150 (minimum annual installment payment $15 over ten years) for a single life membership. Family life memberships (if both husband and wife are alumni) are $150 (minimum annual installment $30 over five years) or $175 (minimum annual installment $17.50 over ten years). Benefits begin immediately. Life membership payments go into a permanent endowment, the interest supporting alumni activities in perpetuity.
