larger one of the two, a relief, exhibits the defence of a beleaguered city, while the smaller one, a gem, shows a valiant fight of four men at the moment of a most vigorous onslaught. These attest the artistic promise of a nation that at the beginning of civilization could produce such works of art.

#### THE CAUSE OF ISLAM.

The world of Islam forms a more solidary unit than is commonly known in Christian lands. The fellow-feeling among Moslems is very strong and as an instance we cite a recent number of *The Islamic Fraternity*, a periodical published in Japan as an organ of the Mussulmans living in Japan, in which the editor publishes a report of a mass meeting held at *Kabul*, the capital of Afghanistan in the presence of His Majesty Ameer Habibullah khan. The ruler of "the God-granted kingdom" addressed his subjects in an animated speech in behalf of the Moslem brethren in Tripoli who are heroically defending their hearths, their home and their religion. He denounced the unrighteousness of the Italian aggressors and exhorted his people to show their sympathy in large contributions for the martyr-heroes of their faith. He expressed regret that geographical conditions and the great distance prevented him from taking an active part in the war and sending his valiant warriors to aid in the cause of Islam.

We have published in former numbers the position of the Italian invaders who claim to fight for civilization and righteousness and wish to show here our impartiality by pointing out that there is another side of the question.
