

THE RELIGION OF THE FUTURE.

There are still high - er vis - tas Which o - pen to our eyes;

There's light be - yond the mist, as In sym - bols truth still lies.

Re - lig - ion's con - sum - ma - tion Thro' truth is yet to be.

The truth will bring sal - va - tion, The truth will make us free.

There are still higher vistas
Which open to our eyes.
There's light beyond the mist, as
In symbols truth still lies.
Religion's consummation
Through truth is yet to be.
The truth will bring salvation,
The truth will make us free.

We reverence tradition,
And heed inspired men's
Prophetic intuition,
But seek high'r evidence.
There is but one foundation,
But one sure ground, forsooth :
It is the revelation
Of science and its truth!

Not darkly through a mirror,
We must see face to face ;
We must discard all error,
The world's deep meaning trace.
And scan life's secret features
Anxious the truth to learn.
For every law of nature's
Is a thought of the etern.

Here is the rock of ages,
The universal norm,
Which stars and motes engages
Determining their form.
Here the God of creation
In eternal law revealed,
This is the sole foundation,
That ne'er can break nor yield. P. C.
