FAMOUS ST. LOUIS CARTOONIST WILL ADDRESS I. C. P. A.

PRESS CONVENTION FIRST IN THE MIDWEST

By George C. Allen

Daniel Bishop, cartoonist for the Kansas City Star, was recently approached by the press association to speak at the Friday afternoon session of the convention meeting of the Illinois State Press Association to be held on this campus May 8 and 9. Mr. Bishop was very much flattered by the request, his work having been repeatedly praised. He will, if possible, be able to offer to an address dealing with his own field. If, for some reason, he will not be able to come, the press association will be represented by one of the members.

Mr. Bishop has been with the Kansas City Star for twenty years. He has been well known in the field of cartooning for many years and has received much favorable comment and praise. He is a member of the National Press Club of Washington, D.C., and has been a member of the American Cartoonists' Association for many years.

The comic press meeting marks the first time in many years that the convention of the Illinois State Press Association has been held on this campus. The convention is expected to be a great success, with many prominent speakers and a large number of participants. The convention will be held in the auditorium of the new women's dormitory, which is now under construction.

Mr. Bishop is a popular figure in the field of cartooning and is well known for his humorous and satirical cartoons. He has won many awards and has been the subject of many articles and book reviews. He is a member of the National Cartoonists Society and has contributed to many publications.

The Illinois State Press Association is a professional organization consisting of newspaper editors and publishers in the state of Illinois. The association sponsors a number of events and activities throughout the year, including a state-wide newspaper contest, a series of awards, and a state-wide convention.

In conclusion, the comic press meeting is sure to be a great success, and the speakers and participants are sure to provide a lively and entertaining program. It will be a great opportunity for those interested in the field of cartooning and journalism to learn from and meet with some of the most prominent figures in the field.
UNITED STUDENTS FOR PEACE

Day after tomorrow, thousands of college students will march to Washington, D.C., to demonstrate against the war. Although, to the Egyptian's knowledge, students here are not planning active participation in the peace protests, the war has opened wounds that are sorely opposed to any future war and its attendant disasters.

Will they be just as firm in their opposition in the events to come? Perhaps, perhaps not. The war actually decided? It is one thing to swear, "never again!" when the clouds are 3,000 miles away and no actual conflict is in progress. But when the war affects us, the time now and then our country must hang onto every atom of the opposition to the war. May young people, here and all over the country, continue to follow their principles of peace day after tomorrow and forever.

CONGRATULATIONS, ROLAND HAYES CLUB

The recent appearances of the Roland Hayes Choral Club on this campus again brought to mind the brilliant students of the old school. It is not out of place to call again to mind the rich heritage the negroes have given American music. Their contribution to our art and their appeal to the negro audience has been realized since it was first sung in the fields of colonial America.

Today, as the world looks about for security and for a rebirth of the old cultural beauties of a few decades ago, these Negro students may do more, if they will, to enlighten the breath of air to a fog-filled atmosphere. They epitomize colorless choral work.

The Egyptian offers well-deserved congratulations to that great race with the Soul that sings in face of unsurmountable trials.

THANK YOU, MR. MCINTOSH

Anybody who has found it necessary at one time or another to "lawn-leaguer" away from the stage and under the balcony of the Sherwood Auditorium to the lure of some "special" sheet music's been caught by Howard S. McIntosh that amplifiers be installed.

The University's Entertainment Committee, the conclusion of Friday chapel programs, the organization and development of a Little Theatre, and the possibility of a recreation hall to be planned in the near future. The natural follow-up of such enterprises would be an extension of the Amphitheater. As such, would make programs given from the stage enjoyable to the audience. Seventy-five students are seats are 850 too many when only half of the occupants are present.

Either the use of two side amplifiers or one, centrally placed, would be a decided improvement over existent sound-condition.

ALMOST NO SOAP

The soap problem in the rest rooms of this campus has been solved, to all intents and purposes. At a full term when 200 students, were the biggest party, 120 students, were not enough to clean the floors. The water in the hall was remembered that school was just beginning, and the new F.I.R.A. workers were not yet accustomed to their duties.

A few weeks later when the hall was filled, the same number of students were present. The soap problem was solved, to all intents and purposes. At a full term when 200 students, were the biggest party, 120 students, were not enough to clean the floors. The water in the hall was remembered that school was just beginning, and the new F.I.R.A. workers were not yet accustomed to their duties.

Either the use of two side amplifiers or one, centrally placed, would be a decided improvement over existent sound-condition.

I'LL NOISIN' AROUND

Mr. Harry Todd, Editor of the April 1st edition of the Western Courier, has been chosen by the National Fine Arts Club of the University to represent the University in the annual Fine Arts week of the University of Missouri. Mr. Todd will present his work in the monthly Fine Arts exhibit of the University of Missouri, and will be on hand to answer any questions that may be asked.

The exhibit will run from April 1st to April 15th, and will be open to the public.

SPECIAL REPORT

The Western Courier has received information that the annual Fine Arts exhibit of the University of Missouri will be held in the month of April, and that the exhibit will be open to the public.

The exhibit will run from April 1st to April 15th, and will be open to the public.

The exhibit will run from April 1st to April 15th, and will be open to the public.
The first turn-out for the boxing and wrestling finals was not too surprising. Besides the financial aspect of the competition, the weather didn’t look too impressive. The crowd was the largest we have seen in the history of the tournament and the whole world was ajar. W. L. (Pat) Randel watched the scene from atop the canvas and did an admirable job.

Ancillary notes will be needed for the coming matches. Holiday and Church wrestling events will begin next week (Nov. 15). Pat Randel and two more busy in the canvases based upon the next rounds.

Five minutes were due in the gymnasium last Thursday in the Clam and Tupper, but the old south and the old north exchanged.

Recently Mc’s unveiled an old-style radio, which includes an account of S. T. C.’s first meet. The year was 1915, and the meet was a stranger with Washington, McLeod, and Shaver opposing. The St. Louis school won with a score of 12-9, but on the second day, the Beavers were second with 17, while the Maroons touched, scoring only 5 points. T. B. Crisp caught three in the 100 and placed in the field, the runners-up. In the high hurdles, Lingle hurled and Par-sen, who won the 100 with a score of 10-0, 4-0, and 0-0. Bothcord and La-hen will run the half mile, and also the second and third runners-up against these. 

The event, which had only one candidate, Harry Baeder, and only one candidate, is to be well taken care of now as the event is under way. In the high hurdles, Hingle hurled and Pinta, who are the second and second runners-up against these. 

In the second “Thursday” night meet, the Petrels took the lead but the Petrels were second with 5-0, which had to the front of the meet.

ЛЕНС BUILDING
DESTROYED BY FIRE IN 1887
(Continued From Page One)

Many of the students felt that the old school could never be replaced. Mrs. Currie L. Mount
wrote an essay: "My Old School" that a very fine:
Miss passed with his breath of de-
And the life of that edifice
The roof lies low in the ashes.
The cement is necessary to the base:
That plastering and the stairway have
And the front steps are hopeless.

Heavy columns are leaning and
Lodging.
High archways are tittering for-
Deep furrows appear in the wall.
I stare at the scene that's before me.
I wonder, I tremble, I despair
For dear are the memories that
Have passed around that venerable heap.
