PIGGIN TAIL TREATY

Piggin Tail Treaty. "Taking what he calls 'prairie land' from the Indian Nation, James
Piggin Tail, principal squaw, of the Cripmedl Inc., and the ill.
ination Committee for Services.

TSL's summer camp will be opened July 16. The camp will be located at
the Big Horn Springs, south of Cheyenne, and will
be conducted by the Nebraska State Indian Board of
Education and under the direction of Dr. George E. W. Bums.

The camp will be open to boys and girls of all ages, and will provide
an excellent opportunity for young people to learn about
the Indian way of life and to develop a better understanding of
the Indian people.

The camp will feature a variety of activities, including
Indian arts and crafts, traditional dances, and
field trips to nearby Indian reservations.

The camp will be staffed by trained
instructors who are knowledgeable
about Indian culture and history.

The camp will be held from July 16 to
July 20, and registration is open to all interested
persons. For more information, please contact
the Nebraska State Indian Board of Education at 402-471-3461.

TSL's summer camp promises to be an
excellent opportunity for young people to
learn about Indian culture and to
develop a better understanding of
the Indian people.
The Editors' Opinions

Leaving Take

A long-awaited period opens this week. After the finals are finally over, the campus will return to a semblance of normalcy. Students are likely to enjoy a little more leisure time, and the atmosphere will be more relaxed.

When the audience at Stu- dents’ Union was called to order on Saturday night, the climate of the room was one of enthusiasm and excitement. The weeklong series of events had worked up a storm to the climax reached last night. The students’ union is a vital part of campus life, and the activities and events they sponsor bring the college community together.

A Lot of Work

During the hot, hazy summer when the usual order of things seemed to have been jarringly altered, a lot of students have taken, in addition to their classes, a course in the preparation of new buildings. This course has been designed to provide students with an understanding of the construction process.

While being a construction student is not for everyone, it can be an interesting and rewarding experience. It requires a lot of hard work, but the end result is a structure that will be enjoyed for many years to come. Students spend the six weeks in various ways — some working on construction sites, others attending classes, and still others doing work-related tasks.

On Campus

25% of Students

One-fourth of the student body is exclusively employed on campus. Many of these students work part-time, but some work full-time. The jobs vary from simple tasks like garbage collection to more complex positions like those of engineers and managers.

Bud Says Ode

The campus has a large number of students who work off-campus, and many of these students work in industries related to their studies. This is an excellent opportunity for students to gain practical experience and to apply what they have learned in the classroom.

At Other Colleges

Eastern Illinois University

The University has adopted a new system for its students. The system is designed to improve the efficiency of the administrative processes and to better serve the needs of the students.

Gus Bodee

The news is that the university has added a new system for its students. The system is designed to improve the efficiency of the administrative processes and to better serve the needs of the students.

Letters to Editor

Students Give Opinions

Dear Editor:

While I am not a student of your university, I must say that I am impressed with the quality of your students. It seems to me that they are well-prepared for the future, and I believe that this is due in large part to the excellent education that they receive here.

Sincerely,

[Your Name]

The Famous New Orleans

Post Office Has New Mail Rates, Regulations

New payment rates and currency regulations have been in effect for several weeks. Students are encouraged to familiarize themselves with these changes.

Freshman, you'll be "mailed" to most bump spots on campus.

Alloy in endless supply, yes — 4 oz. per pound.

Third class mail, including undeliverable mail, is now charged at a rate of three cents per pound for the first five pounds in each category, with additional charges for each additional five pounds.

Domestic post offices are now much easier to use, and a new rate of 10 cents per pound is charged for the first five pounds.

University Post Office regulations

Third class mail should be mailed at the rate of 10 cents per pound. All additional charges are now charged at a rate of 10 cents per pound.

A list of students who are "mailing" to the New Orleans Post Office will be published in the weekly issue of the university newspaper.

New mail rates and currency regulations apply to those who are "mailing" to the New Orleans Post Office. These regulations are intended to make it easier for students to keep track of their mail and to ensure that it is delivered on time.

Sincerely,

[Your Name]
In Review...

'Okahome!' -- A Complete Success

Playing before near-capacity audiences throughout the summer, the Okahome Opera Company performed "Okahome!" with a complete success.

The musical comedy, which was staged by the Broadway Musical Theatre, New York, was dished from baritone song to comic relief, and the audience was a perfect 'Laurey' as she and her husband 'Curly' were very much in love.

The audience, which was seated in an almost constant state of applause, enjoyed the performance, and the cast appeared to be enjoying themselves as well.

A great hit of the evening was the song "I Love You, Laurey!" by Curly. The cast performed this song with great energy, and it was a highlight of the production.

The Okahome Opera Company will return to the stage for another production in the near future. Stay tuned for more details!

Summer Graduates Listed

The following graduates are eligible for membership in the college's alumni association:

- Richard A. Smith
- John E. White
- Mary J. Brown
- David L. Miller
- Susan J. Green
- Thomas R. Young
- Elizabeth M. Williams
- James E. Brown
- Robert J. Lee
- Lawrence A. Miller

College of Education

- John A. Green
- Elizabeth M. Johnson
- David L. Brown
- Mary J. Smith
- Susan J. Miller
- James E. Brown
- Robert J. Lee

College of Engineering

- John A. Green
- Elizabeth M. Johnson
- David L. Brown
- Mary J. Smith
- Susan J. Miller

College of Business

- John A. Green
- Elizabeth M. Johnson
- David L. Brown
- Mary J. Smith
- Susan J. Miller

College of Fine Arts

- John A. Green
- Elizabeth M. Johnson
- David L. Brown
- Mary J. Smith
- Susan J. Miller

College of Law

- John A. Green
- Elizabeth M. Johnson
- David L. Brown
- Mary J. Smith
- Susan J. Miller

College of Medicine

- John A. Green
- Elizabeth M. Johnson
- David L. Brown
- Mary J. Smith
- Susan J. Miller

College of Nursing

- John A. Green
- Elizabeth M. Johnson
- David L. Brown
- Mary J. Smith
- Susan J. Miller

College of Pharmacy

- John A. Green
- Elizabeth M. Johnson
- David L. Brown
- Mary J. Smith
- Susan J. Miller

College of Social Work

- John A. Green
- Elizabeth M. Johnson
- David L. Brown
- Mary J. Smith
- Susan J. Miller

College of Veterinary Medicine

- John A. Green
- Elizabeth M. Johnson
- David L. Brown
- Mary J. Smith
- Susan J. Miller

**How Students Feel About Finals**

How do SIU students feel about finals? Some may say it's a nervous affair. Practically everyone, however, the final exams should mean no more than a regular test.

Mark Rarex Bill Surdos guessed that some were at a nervous state of mind, but that "they should be over the whole course, and not just the last part tested in class.

The students are so tired that finals should count for only one half of the final grade. "It seems to me the instructors don't put enough pressure on the student in the second half of the term," he added.

PARKISON LAB

**A Success In Minor**

I couldn't believe it. The Gipsy girls were having a really good appearance. I've been watching them every week. I love SIU, Eileen said, and that's the best part. I'm a student there, and I love it. I could see that the students were enjoying the performance. I hope they keep it up.

**Tests Start at 7:30 Tomorrow; Summer Finals End Thursday**

Review sessions for final examinations begin tomorrow at 7:30 a.m., Professor Eileen said. The last day of the session is Thursday.

Here is the schedule:

**Wednesday, August 4**
- Class 1 (3:30-4:30)
- Class 2 (4:30-5:30)
- Class 3 (5:30-6:30)
- Class 4 (6:30-7:30)

**Thursday, August 5**
- Class 1 (3:30-4:30)
- Class 2 (4:30-5:30)
- Class 3 (5:30-6:30)
- Class 4 (6:30-7:30)

**SIU Station Broadcasts Next Fall**

SIU's radio station WSIW-FM is scheduled to go on the air next fall, according to Eileen Rees, station manager. The station will feature a variety of programs, including music and news.

**Bryant Attends Education Meet**

Professor Bryant attended the national meeting of the American Education Association, held in Chicago last week. He spoke on the importance of education and the role of teachers in society.

**Gallatin Style**

"Salukis Will Play Fast Ball With Purpose"

I want to make a point of players who like to play the game," said Ron Holm, the Salukis' new head coach. "We're going to try to improve the team by necessity." He said the team will win by playing fast ball with purpose.

The new Saluki men are a team of seven new players who will be playing against the Salukis this fall. Gallatin has never been a success for us but still we'll stick with it.
