Readers: Spare That Book; Get It Xeroxed

By Diane Keller

If you've ever had trouble finding a particular book or periodical at Morris Library, you know how it feels to be frustrated. But take heart, because someone will sympathize with you. That someone could be one of the library staff. Ferris S. Randall, head librarian at Morris Library, said, "The library appreciates the difficulties students encounter in locating books, but the solution is not to steal or mutilate a book. In this case, the solution is worse than the disease."

Randall couldn't state a definite figure of loss due to theft. A misplaced issue is actually a stolen book as far as the library is concerned because it is not in the right place at the right time. The xerographic service greatly alleviated the problem of defaced or stolen books, he said. The service has had this service for about a year. SIU has paid only a few library schools that charges only a nickel for a one-page reproduction. Most libraries charge a dime and Harvard University charges 25 cents per page.

SIU subsidizes this service, Randall pointed out that it costs less than it would to replace a damaged book.

Roles Simulate Real Problems Of School Men

A mythical school will be one of the tools used in a new student administration workshop sponsored by the Department of Educational Administration and Supervision. Participants in the workshop will play the part of elementary school principals in the simulated Whitman School of Jefferson County in the State of Lafayette.

Realistic problems will confront the students and press them for decisions. They will receive letters, specially prepared for the course, which must be answered. The PTA will be analyzed and teaching performances will be judged. There will be a class-room instruction.

Jacob O. Bach, chairman of the SUU Educational Administration and Supervision, said this is the first simulation workshop to be offered by his department.

New Commission To Meet Tonight

The newly created commission to study the role and problems of the PTA will meet at Edwardsville this evening to establish an agenda for future meetings.

The next meeting will be held Aug. 17 in Carbondale. E. Claude Coleman, director of Plan A, is head of the commission. The commission is composed of faculty and students and is composed of faculty and student representatives.

Carbondale campus faculty members are William Herr, professor of agriculture and Irving W. Adams, assistant dean of men.

Carbondale student members are John Huck, John Henry, and John David Edwards.

Edwardsville faculty members are John Edgar White, director of social services, and George Mace, assistant professor of social science and director of auxiliary enterprises at Edwardsville.

Choir, Orchestra to Perform Bach Cantata at 8 p.m. Today

The University Choir, under the direction of Robert W. Kingsbury, will give a concert at 8 p.m. today at Darwin Auditorium of the Wham Building.

Featured in the concert is the Bach Cantata No. 192. It which is based on the familiar church hymn, "Now Thank We All Our God." The cantata uses a small orchestra and continues.

Shroytk Oratorium will present "The Sound of Music" Aug. 20-22 when the Summer Music Theater presents the last musical of the season.

A popular Broadway musical, "The Sound of Music" brings to the stage the true story of Austria Maria von Trapp, who escaped from Vienna, Austria, with her family. They lived in the Austrian Alps and when the Nazis took over that country. Maria von Trapp and her family eventually became the Trapp Family Singers. Many popular songs have emerged from the stage adaptation of this story, including "Climb Ev'ry Mountain," "My Favorite Things." "The Sound of Music," which will be presented in the fall, features Helen Hall and Denise Docking double cast in the role of Maria.

Robert Guy, who starred in "Little Mary Sunshine," will portray Captain Von Trapp. Other members of the cast include Jeff Gillman as Max Detwiler, Mike Williams as Roll Cruger and Judith Sobony, and Georgia Bollmeister double cast in the role of Mother Abbess.

Tickets for the production are $3 and $1.50. They may be purchased at the box office in Shroytk Auditorium from 8 a.m. to 5 p.m. Monday through Friday, and from 11 a.m. to 1 p.m. and 3 to 5 p.m. on Saturday and Sunday.

Life Insurance Plans Submitted

Health Plan Discussed

Bids on a group life insurance plan for SIU will be opened today.

The specifications for this plan were recommended by the faculty council and the Faculty Welfare Committee, according to John S. Hendle, director of social sciences, assistant dean of men.

New Policy Insures for Year-Around

SIU has adopted a student insurance program which will be offered to students enrolled during the summer. This option is available to the beginning of the fall quarter until the beginning of the following year. The cost is $1.50 per year.

Should the student be enrolled and pay the activity fee, the regular school coverage will be included. If he is enrolled in summer school, the student may pay an extra fee that will cover the cost of insurance during the summer and an optional coverage from the end of the regularly scheduled summer term to the beginning of the fall term will be available.

Except for injuries sustained to the point of death, intercollegiate athletics, all group life—vandalism and theft—sponsored activities are covered, including injuries incurred in the school's instructional programs. If a student is hospitalized by accident or illness, and pays the fee of the $100 deductible feature, the company will pay 80 per cent of the eligible expenses incurred up to $10,000. After 90 days of the accident or the beginning of the illness to a maximum payment of $1,300.

This payment covers hospita: expenses, room and board, miscellaneous medical and surgical expenses by legally qualified physician or surgeon to a maximum of $2,250, and 25 per cent of the charge for anesthesia. Also included under the caveats are smoking impairments.

Gus Bode

Gus says he didn't keep a library book, he hopes his window open with a brick.

Flutist Plans Graduate Recital

The Department of Music will present a graduate recital at 8 p.m., Aug. 14 in Davis Auditorium in the Wham Education Building. Gretchen Irene Lockner, flute, will be accompanied by Nancy Curtin, piano.

The program includes Ken-
Indoor Olympics

Ping-Pong, Checkers, Chess Winners Listed

Six first-place prizes of $2, gift certificates were awarded in the SIU Summer Olympics this year. Competition took place in billiards, table tennis, bowling, checkers and chess. Two prizes were awarded in the table tennis competition.

First in bowling was James R. Ness, with 685. Second was Robert L. Kunkel, with 684. Third was Robert J. Happey, with 681. Open second place was James C. Beall, with 651. Open third place was Robert A. Jones, with 650.

First in billiards was Robert R. Schwab, with a score of 558. Second was Robert F. Pflug, with 549. Third was Tom J. Seiler, with 543. Open second place was Richard J. Heffernan, with 530. Open third place was Robert L. Kunkel, with 528.

First in checkers was Jack F. Moore, with 522. Second was John R. Sipple, with 517. Third was David S. Grant, with 515. Open second place was John F. Meyer, with 490. Open third place was John W. May, with 488.

First in table tennis was Tony J. Stangeland, with a score of 451. Second was John R. Sipple, with 445. Third was John W. May, with 444. Open second place was John F. Meyer, with 439. Open third place was John R. Sipple, with 437.

First in chess was Mark L. Saporzniak, with a score of 223. Second was Charles R. Dills, with 222. Third was Douglas A. Brandolino, with 217. Open second place was John W. May, with 216. Open third place was Mark L. Saporzniak, with 211.

Wodehouse to Be Featured On "Creative Person" Tonight

P. G. Wodehouse, English humorist who lives in this country, will be featured on the "Creative Person" at 9 o'clock tonight on WSIU-TV.

Other programs:

4:30 p.m. Industry on Parade

5 p.m. What's New: Scenes from summer time in the far north

5 p.m. Public Affairs Program: Problems confronting the university and its function in modern society will be discussed on "Five College Presidents." (Repeat from Monday.)

7:30 p.m. "The Big Picture"

8:30 p.m. "The French Chef" Julia Child shows how to make a perfect souffle.

Faculty, United Nations News, Concert Hall on Radio Tonight

Guests from the SIU faculty and staff and from the Southern Illinois area will discuss topics of regional interest with host Fred O. Grimmer, Jr., on "Forum" at 8 o'clock tonight on WSIU Radio.

Other Programs:

10:05 a.m. Pop Concert

12:30 p.m. News Report

2 p.m. This Week at the UI, N: News from the United Nations

3 p.m. Concert Hall: Serenade No. 7 in D, "Raffiner" by Mozart Symphony No. 1 in C Major by Beethoven and two incredibly Flutist" by Piston, will be played.

Activities

Concert, Film, Meetings Set

The Summer Programming Board will meet at 4:30 p.m. in Room D of the University Center. Arabic lessons sponsored by the Organization of Arab Students are scheduled for 6 p.m. in Room 102 of the Home Economics Building. The Students for Democratic Society will meet at 7:30 p.m. in Room D of the University Center. The University Choir will give a concert at 8 p.m. in Davis Auditorium of the Wham Education Building. "Three Caballeros" will be the Children's Movie shown at 8:30 p.m. on the lawn at Southern Hills.

A-Negative Blood Donation Needed

A faculty member in the Department of Sociology is in immediate need of type A negative blood for an operation. Anyone wishing to donate should immediately contact Charles R. Snyder or Hilda Bore in the Department of Sociology, 453-2861. The operation is scheduled for next week.

Squire Shop Ltd

last day !! of "buddy buck"

Today is the last day of our "buddy buck" sale on suits, sport coats and jackets. You buy one garment at our regular low price, and get another garment for $1.00 more! You can buy any combination of 2 garments in this manner. You can buy them both yourself, or bring a buddy.

EXAMPLES:

<table>
<thead>
<tr>
<th>1st Suit</th>
<th>$39.95</th>
</tr>
</thead>
<tbody>
<tr>
<td>2nd Suit</td>
<td>1.00</td>
</tr>
<tr>
<td>1st SportsCoat</td>
<td>$19.95</td>
</tr>
<tr>
<td>2nd SportsCoat</td>
<td>1.00</td>
</tr>
<tr>
<td>1 Suit</td>
<td>$39.95</td>
</tr>
<tr>
<td>1 Sport Coat</td>
<td>1.00</td>
</tr>
</tbody>
</table>

bring a buddy and a buck.
Is the Student Body Dead?

Let's Have Some Letters!

Jenasmuch as summer is in full swing in Chicago, I do feel that the newspaper should do much to arouse interest in the life of the country, even if that world is not a part of it. A remedy for this disease is to require that all grants be made to the universities, with the understanding that if the professors responsible for the grant remain, the professor then might have some concern for the proper concerns of the university.

The next job to make the professors responsible is to require that the university president is often the victim of the changes of departments who would make outrageous recommendations, calling for the promotion of mediocre members larger increases in salaries. This was simply backpassing; the chairman knows that I would turn down the recommendations and that I, not they, would have to face the music and their disappointed colleagues.

The curriculum and the budget of an American university are the result of the parallel occupations of forces set up by the pushing and lobbying of each department. They all want more money and more of the students' time. They take the forms they desire at whatever this is the only way to prosper: if they do not push and lobby, the professors are not under the departments which do.

Inasmuch as summer is a little further away to the professors, who constitute it must take an ear then: and the university, there will be his presence in the flesh is necessary, but it is not sufficient.

The Biblic reminds us that where a man's treasure is there will his heart be also. The professors have it in the Ford Foundation or the federal government because that is where their treasure is. At this moment a large proportion of the professors of the country are locked in their offices trying to figure out how to obtain money for their research from a foundation or government. Possibly, if we ask Fatman has suggested that the motto of academic America is, "While you're up, get me a grant."

This deprives the university of its material base; for if the professor gets a grant, he can ordinarily take it with him wherever he wants to go. Why should he bother himself with university communards when the grant covers his salary and that of his staff? This is nothing more than a part of it. A remedy for this disease is to require that all grants be made to the university, with the understanding that if the professors responsible for the grant remain, the professor then might have some concern for the proper concerns of the university.

U.S. Jets Raid Red Bases

SAIGON, South Viet Nam (AP)—A fleet of 30 U.S. jets and a helicopter destroyed a suspected Viet Cong base at Doxa, a mine-shrouded area in the central highlands between government controlled Kontum and Da Nang.

A U.S. spokesman said the eight-engine Strategic Air Command craft, flying from Guam, destroyed two observable bunkers and bombs on "Viet Cong installations" in Doxa. He said the raid was "the closest the United States has come to destroying a Viet Cong town in the war against the international underworld."

Police on both sides of the Atlantic had long talked of the Pacific's unique problem of how to destroy a suspected Viet Cong base. The Doxa raid, said the spokesman, was a "serious blow to Viet Cong activity in Doxa and the rearward Coso Nostra."

Before new evidence of such links to obtain new warrants on the Palermo public procurer, issued 14 warrants, and the police raids promptly netted nine suspects, including the reputed head of the Mafia and the American Coso Nostra.

A series of lightning pre­ dawn police raids from Bologna in north Italy to Taormina in eastern Sicily preceded the announcement and many arrests. Each evening in the war against the international underworld.

There are more than 300 persons in the Palermo police force and 200 uniformed police. Police officials said the operation was "the most important in the history of the Palermo police." The operation involved the arrest of more than 100 suspected members of the Mafia and the arrest of more than 100 suspected members of the American Mafia, including the reputed head of the Italian Mafia and the American Coso Nostra, according to the spokesman.

Here's Look at Girls With the Lively Curls

A number of willing volunteers were introduced to the lively curl look by students at the Advanced Cosmetology School, which ends Wednesday.
Salukis Look Like Different Team, Win 3 of 4

Billikens Bottled Until Last-Inning

By Joe Cook

For three games and the greater part of the fourth, Southern looked like a bad baseball team.

For 27 innings the Salukis outbounded their opponents, timing hitting and almost flawless play in the field to win the first three games of the four-game series with St. Louis University.

But Sunday, in the final inning of the fourth game, the Salukis seemed to return to their old playing habits, blanking the distance on a four-hitter.

The three-run fourth was highlighted by a two-run home run of their 11 runs in two double by Ford in a four-game series with the distance on a four-hitter.

Run in the sixth on a borne Southern looked first three runs. Hacker led first time this season not beneficiary of the hitting support, winning 11-6. Center fielder to their old playing habits.

But Saturday's first gamethe second Guthman won his second going but a slippery mound by Lyle. Guidry lasted six runs on to put out the fire with only one run scored, on a single by center fielder Carl Gentile.

Rightfield Roger Schneider walked and after Frank Limbaugh advanced both men on a sacrifice, Solis once again came through. His double to left drove both in

A brief shower that halted Saturday'S game started out with a triple to left center Schneider led off the seventh staked him to a four-run lead, his second on the season on two singles, a walk and a sacrifice fly by Lyle.

An inside-the-park-home run by Brown in the fourth tied the Salukis scoring.

The Billikens got to a tiring Guidry again in the fifth, but Guidry came in to relieve and Gentile permitted two hits, Ash on the way.

But Southern threatened in its half of the seventh, but couldn't score against relief pitcher John Marcum. Schneider led off the seventh with a walk and moved to third off on the wild pitch. Brown and left fielder hit Facundo hit a sacrifice fly to score Schneider, but a sacrifice fly by Lyle put the Billikens ahead by a run.

The stunned Salukis then watched three more runs cross the plate on two singles, two walks, and a throwing error by catcher Hentze before McCullum came in to put out the side.

Southern threatened in its half of the seventh, but couldn't score against relief pitcher John Marcum.

Schneider led off the seventh with a walk and moved to third on Limbaugh's single. How­ever, Marcum retired the next three batters in a row.

Sunday's game started out much like Southern was going to sweep the series from St. Louis.

Mike Lyle pitched shutout ball for four innings. Meanwhile his teammates had staked him to a four-run lead, scoring three runs in the second on a single, a walk, an error and a sacrifice fly by Lyle.

An inside-the-park-home run by Brown in the fourth tied the Salukis scoring.

The Billikens got to a tiring Guidry again in the fifth, but Guidry came in to put out the fire with only one run scored, on a single by center fielder Carl Gentile.

Gentile was more of a nemesis in the seventh. After Guidry permitted two hits, Ash on the way.

The stunned Salukis then watched three more runs cross the plate on two singles, two walks, and a throwing error by catcher Hentze before McCullum came in to put out the side.

Southern threatened in its half of the seventh, but couldn't score against relief pitcher John Marcum.

Schneider led off the seventh with a walk and moved to third on Limbaugh's single. However, Marcum retired the next three batters in a row.

30 Teachers Attend Geography Institute

Thirty elementary and high school geography teachers from nine states are enrolled in a nine-week summer geography institute at SIU. This institute, which will end Aug. 31, is conducted under a $46,000 allocation from the National Defense Education Act. The goal of the institute is to upgrade the geography preparation of public school teachers who are college graduates but who have not had normal training in geography.

Teachers participating in the institute receive maintenance stipends from the NDEA.

The instruction is designed to build the teacher's competence and confidence for developing geography teaching goals which are within his own interests and those of his pupils.

The faculty includes a specialist for each of the three main courses. They are Theodore H. Schmudde, assistant professor of geography; Robert A. Harper, chairman of the Department of Geography; and Joseph Volkman, former SIU faculty member now at the University of Washington. James Parzer, a high school social science teacher at Pekin, is a special visiting staff member.

Weekly field trips related to current subjects of instruction are arranged. The group will study the geography of the Missouri Ozarks region during a trip Aug. 5-7.

Teachers attending the institute are:

Prof., Mrs. Briggs

Honorate at Party

Former history chairman, Harold E. Briggs and his wife were guests of honor at a party thrown recently by members of the department.

Briggs received his Ph.D. degree from the University of Iowa and headed the SIU history department from 1945 until 1956. He will retire at the end of the summer quarter after being a staff member of the University faculty for the past 20 years.

Briggs is best known for his book, "Frontiers of the North-West: A History of the Upper Missouri Valley," the definitive work in its field. A second edition was brought out last year.

Mrs. Briggs, who shares his husband's interests, has aided him in much of his historical research. She coauthored their book, "Nancy Hanks: A Frontier Pioneer," published in 1953. They have been working on a history of the theater in the American West to be published soon under the title, "Footlights on the Frontier."

SIU Guernsey Cow

Is High Producer

A 2-year-old registered Guernsey cow, SIU Superior, owned by Fred and Priscilla Raven, has been included in the latest listing of high-producing Guernsey cows by the American Guernsey Society. Club, Peterborough, N.H. The cow, which the couple received in January from its mother, This cow produced 9,870 pounds of milk and 510 pounds of milk fat during her 305-day milking period under the official Dairy Herd Improvement and Registry testing program.

New Insurance Plan Provides Year-Round Coverage Option

(Continued from Page 1)

Coverage is dental treatment while hospitalized for damage to sound teeth due to an accident, ambulance service, employment of a registered nurse, and doctor's calls to a maximum of $5 per day.

There is also a program for married students and their families. Coverage is also available for married students and their families who are not attending the summer quarter.

The policy does not cover dental treatment unless due to an accident, services rendered by University Health Service or by other school physicians of the policy holder, eyeglass prescriptions, cosmetic surgery, pregnancy, or acts of war.

Any student interested in obtaining a policy under this optional program may pick up an application card at the Student Health Service.

Book Theft, Damage Curtailed

By Inexpensive Xerox Copying

(Continued from Page 1)

... eased book cost averages 50. An electronic device to prevent book thefts was recently invented by a British librarian. This device works by placing a sensitized piece of material in the book jacket and when the book has not been properly checked out, a machine at the exit summons a staff member to investigate. This method of detection would cost a fraction of a cent per publication.

Ask Fred if SUIU had any plans for installing this device, Rand- dall said that unless losses get worse the library would like to try anything that promised a maximum security program.

If a student is caught de-
