THE MEN DON'T HAVE A CHANCE BUT HE LOVES IT

Wednesday, December 6, many anxious male students found themselves in a box of cards, pamphlets, overalls, suit, and buttons, shouting to themselves, "Oh, come on!" The "Mr. America" contest took place in the Student Union, and the "Mr. America" was crowned for the first time in the history of the university. The contest was held in the presence of the whole student body, who were enthusiastic and loud in their cheers for the winner.

INTESTINAL PAIN

The situation

Twelve recently the Egyptians have been mentioned in the local and metropolitan press that the paper has been put on the state of the situation. The administration is determined to take a stand on the matter.

First, little background material is needed. Since the death last year of our late President, Mr. Egbert Fulham, the following appointment has been made by Mr. W. M. Smith, the Acting President.

The normal school board has delayed the appointment of a permanent person or body to the position. Meanwhile, there has been a growing unrest all the time regarding the unorthodox appointments made.

The largest of these rumors have been the recent ones. This was due to a posting of the selections of a person with the support of Mr. Egbert Fulham, who gave his word to the administration in the matter.

Now let us see how all this concern the Egyptians. Of all, there has been a few of homes. The Egyptians have never been "considered" in the sense that all people are in the state. The students of the school should have a strong voice. This, the Egyptians have been based in the absence. But there have been complaints about the usual amount of material produced and there have been complaints about what has not been printed.

The administration has, on several occasions, expressed dissatisfaction at the Egyptian students who have been considered.

This is a matter of some concern to the administration of the University and the student body. The University authorities have taken steps to deal with the situation.
