Assembly Will Feature Christmas Story Reading

President Delwyte W. Morris will read the Christmas Story from the book of Luke at the traditional Christmas assembly Thursday in Shryock Auditorium.

The program at 10 a.m. and 11 a.m. will be followed by the traditional freshman convocation.

Also appearing on the program will be the Graviero Choir and University Chorale, under the direction of Robert Kingsbury. They will present excerpts from "The Messiah."

Cattle Studied At Dairy Day

Michigan State University dairy extension specialist Donald Hillman, and American Jersey Cattle Club program director, Guy W. Crews, head the list of speakers for today's eighth annual Dairy Day.

The main topics for discussion, according to Howard H. Olson, SIU dairy specialist who is in charge of the program, will be milk composition and dairy cattle feeding programs.

Activities were to get underway with registration at 9:30 a.m. in Muckleford Auditorium.

Dairy farmers attending the meeting have been asked to bring a four-ounce sample of milk from their dairy herd for testing of protein and non-fat solid content.

The meeting will be held in the University Center for the convenience of students who live off-campus.

Council Votes Study Of Activity Fees

The Student Council approved a resolution calling for a detailed study of activity fees allocation and an evaluation of all programs receiving activity fees.

The action took place after Senator George Graham from Southern Hills held the floor for more than an hour explaining and clarifying his proposal.

The resolution and supplementary material ran 11 pages. When Graham finished talking, the Council gave unanimous support to the bill.

At one point, however, Elizabeth Mullen, coordinator of Student Activities, rose to clarify points of the proposal when Gerry Howe questioned certain points.

Student activities of the Christmas season are in high gear at SIU with parties and caroling, munching donuts and talks with Santa Claus.

Today and tomorrow, Santa will be at the Crosswalks in the University Center. Mrs. Santa will be there too.

Yesterday from 9:30 to 11 a.m., Mrs. Morris, dressed all in red, received with President Morris in front of the Olympic Room Christmas tree.

As their personal Christmas greeting to the students, the Morrises and I, Clark Davis, dean of students affairs, greeted thousands of students. Donuts and cider were served.

President's Donut Hour Highlights Campus Christmas Week Festivities

On Thursday, the Convocation will feature the Christmas Story from the New Testament, read by President Morris, approximately 250 couples attended the semi-formal dance at the University Center. Mrs. Santa will be there too.

Yesterday from 9:30 to 11 a.m., Mrs. Morris, dressed all in red, received with President Morris in front of the Olympic Room Christmas tree.

As their personal Christmas greeting to the students, the Morrises and I, Clark Davis, dean of students affairs, greeted thousands of students. Donuts and cider were served.

Basically, Graham's resolution attempts to insured that the Council will fulfill its responsibilities in the general area of Student Council and student activity fund distribution.

The resolution includes nine-point mandate outlining the structure of the allocation study. The mandate is supplemented by an extensive definition of terms.

Graham's resolution included an amendment to rules of procedure for program evaluation and allocation study. The amendment was considered separately and passed.

The amendment specifies that functions of the allocation study shall be carried out.

The mandate includes that: 1. The Study Body President.

Rooms for Study

Are Now Available

Special study rooms in nearly all of the major campus classroom buildings have now been provided.

Buildings in which regular study rooms have been designated, and in which posters for the rooms have been placed, are: Agriculture Building, Home Economics Building, Life Science Building, Old Main and Wheeler Hall.

Also a poster is up at the University Center bulletin board listing study rooms available in the various barracks.

Home Ec Club Presents Annual Tea

The Home Economics Club will present its annual Christmas Tea from 2 to 4 p.m., Dec. 9 in the Family Living laboratory in the Home Economics building.

The tea is open to any student interested in home economics. Special invitations are being sent to home economics students and the parents of students in home economics and former members of roommates of home economics students.

Special Christmas decorations, made by the students, will be on display in the Family Living lab. Also adding to the Christmas atmosphere will be the fire in the fireplace. Refreshments of cookies, fruit cake and coffee will be prepared by the students at their cookie bakes preceding the meeting.

Phyllis Bubnas, sponsor of the Home Economics Club, stated that, "This will be a good time for students to relax before final exams which begin on the 12, and should get the club members and their guests into the Christmas spirit."

Entertainment for the meeting will be the group singing of carols led by Jill Stwick.

- John D. Davis, teaching assistant in the Zoology Department, will speak on "Research for Pleasure" on the regular zoology seminar program at 4 p.m. today in Room 205 of the Life Science building.

Gamma Delta Bible study will be held at 7:30 p.m. today at the Lutheran Student Center, 700 S. University Ave. Bible study will also be held at 9 p.m. Wednesday and Thursday.

An evaluation of the first year of teaching via television over WSIU-TV (Channel 8) will be among items on the program of the executive committee of the Southern Illinois Instructional Television Association when it meets here Wednesday.

The meeting will start at 10:30 a.m. in the Mississippi Room of the University Center, according to Carl Planic, educational television coordinator.

Eight members of the School of Business faculty will attend conventions in marketing and management in Pittsburgh, Pa., Dec. 27 to 29.

Georg Maier of the Government Department is planning to accompany Bork.

Alpha Phi Omega Fraternity

Pledges Group Of Twenty

The Zeta Nu chapter of Alpha Phi Omega service fraternity pledged one of its largest groups this fall. Twenty men from the SIU campus were pledged.

They are: Roger L. Gossett, pre-law, Anna; Sheldon R. Chesley, pre-med, Chicago; Stephen Stanley, applied science, John; Morey E. A. Goff, elementary ed, Centralia; Louis M. Shah, history, Carbondale; Ed Vickers, zoology, New York; Eric Endres, art, Baltimore.

Joe Hauser, accounting, Taylorville; Ted Blomquist, Oak Lawn; Gary Todd, pre-pharmacy, Wood River.

Two undergraduate music majors will be featured in a senior recital at 8:15 p.m. Wednesday in Shryock Auditorium.

They are Judy Finley, flute, and Fay Uchtman, piano.

Albert W. Bork, director of the Latin American Institute, will attend the 13th annual Caribbean Conference of the University of Florida at Gainesville Dec. 6-8. He will participate in discussion groups at the conference.

Georg Maier of the Government Department is planning to accompany Bork.

A group of student teachers in the Agriculture Industries Department will leave Dec. 10 for Urbana, Ill. to observe vocational agriculture teaching at the University of Illinois.

Announces

RESIDENT FELLOW POSITION

1963–1964

Approximately forty Resident Fellows will be appointed in both the Men's and Women's University Residence Halls for the academic year of 1963-1964. Those students who are interested and who qualify may obtain information and an application from the Housing Office or the Head Residents of the University Residence Halls. All applications should be returned to the Housing Office no later than January 5, 1963.

Qualifications: These positions require that the applicants will be seniors or graduate students during the 1963-1964 academic year. All applicants should possess a minimum cumulative grade point average of 3.5. It is expected that these students will have displayed academic as well as social and emotional maturity. Students who are appointed should be willing to carry no more than a normal course load, which is sixteen quarter hours for undergraduates and twelve quarter hours for graduate students. Any exceptions to this arrangement will be left to the discretion of the Residence Hall authorities. During the term of appointment, a Resident Fellow may hold no other fellowship, assistantship, or student employment.

Responsibilities: General responsibilities of a Resident Fellow include living with a small group of students in the Residence Hall and assisting the Resident Counselor in working with and counseling individual students and planning group activities. The Resident Fellow is a representative of the University in the Residence Hall and must conduct himself as such. Resident Fellow responsibilities include approximately twenty hours per week of scheduled time in the Residence Hall plus meetings and committee work.

Remuneration: Compensation is in terms of room and board plus tuition. Thus, each student is equivalent to approximately $800 to $900 per year. This program offers an opportunity for training and experience in student personnel under the guidance of a trained staff. Appointments are for one academic year beginning one week prior to official school opening and ending one day after commencement.

THE BELL TELEPHONE COMPANIES

SALUTE: FRANK KIRK

Illinois Bell's Joliet Accounting Office prepares 370,000 customer bills a month. And Results Supervisor Frank Kirk (B.S., 1960) makes sure the job is done efficiently.

Before his promotion, Frank supervised 20 key punch operators. That responsibility was given him soon after he completed the management training program offered by his company.

Frank Kirk has accomplished a lot in the two years he's been with Illinois Bell. He's seen his ideas adopted and rewarded by an interested management.

Frank Kirk and other young men like him in Bell Telephone Companies throughout the country help bring the finest communications service in the world to the homes and businesses of a growing America.

SIGMA PI SHOOTS FOR 3RD WIN

Sig Pi fraternity is shooting for a third straight all-school intramural basketball championship. They have won 22 straight games enroute to the two former championships.

"We feel confident of keeping our championship this year," said coach Terry Provow. "I plan to run them since we have a strong bench and can keep fresh men in the game all of the time."

Seven returning members boost Sig Pi's hopes. Back this year are: 6'4" forward Lloyd Samford; 6'2" forward Mel Patton, a member of the 1959 all-state high school team; 6'5" center Dave Snyder, who also received recognition on the 1959 all-state squad.

The guard position is four deep in talent. Jack Schrand and Dave Harris, 1961 starting guards, are going to be contended for this position by the return of the Schneider twins.

The Sig Pi's hope to give their bench a big boost with two freshmen, 6'4" Steve Behrens and 6'3" Gary Wagner.

During the last three years, the Sig Pi's have also won the Greek championship three times.

Basketball is not the only sport in which Sigma Pi stands out. During 1960, Sig Pi's were all-school track champs. In 1961, they were all-school football champs.

**International House Opens:**

College Street Boasts Own U.N.

Outwardly appearance of the white house located at 606 West College is no different than the other existing of tree-lined street. But if you were to visit the house when its 12 residents are at home, you might think a meeting of the United Nations representatives was in progress.

The young men who reside there, presently students at SIU representing several foreign and domestic students to live there," Schweinfurth said.

The response was immediate and almost overwhelming, he added.

- International House is managed by Roland Bancher, a graduate student who works in the Student Personnel office. He is a graduate of Rutgers College of South Jersey, where he was a president of the student body.

- Other students living in the house include: Peter Fong is now in his third year of Law School. He is taking a general science course and plans to return to Hong Kong and teach high school.

- Pete Pefers, a graduate student from England. He attended the University of Liverpool.

Bob Cates from Belleville, Ky., is attending Southern with a Price Corrected for European Flight.

- The second European charter flight is a complete sell-out of all tickets will be reduced slightly, according to Mrs. Anne K. Hedrick.

- In Friday's Egyptian it was incorrectly stated that as soon as 100 tickets are sold the remaining 13 will sell at a reduced rate.

Teacher Exam To Be Given

- The National Teacher Examination will be administered here February 16, 1963.

- The one-day test will be administered at more than 300 testing centers throughout the nation and by that date.

Information concerning applications and fees may be obtained at the Counseling and Testing Center or from the National Teacher Examination, Educational Testing Service, Princeton, New Jersey.

- Applications were accepted between Nov. 1, 1962 and Jan. 18, 1963.

**International House Opens:**

The hope of attaining a Masters Degree in music education.

- Nguyen Saek is in his third year at SIU. Elementary education is his major. He plans to return to Viet Nam next year.

- Fred Metcalf, a physiology major from New York, is working on a master degree. He plans to attain a Ph.D.

- Du is from Viet Nam, where he taught elementary education for eight years. After college he plans to return to Viet Nam and teach.

- Davis Miller, is a graduate student and philosophy major from West Virginia. He graduated from West Virginia University. Dave plans to attain a Ph.D. and go on to teaching and writing.

- Wa Kim Lo, a graduate of the University of Hong Kong is a pre-med science major.

After completing his education here, he will return to his family in Hong Kong.

Joe Chui, a microbiology major, is from Hong Kong. After college he plans to return to his homeland and teach.

Marin Genaro, a graduate student and a clinical physiology major who taught high school in El Salvador, said he was "very much impressed by North American culture."

**Henry Ford's Handiwork Causes Campus Problems**

The University Facilities Research Center, headquartered on the University of Wisconsin campus, recently surveyed 38 universities. Many had something in common—they were suffering ill effects from the handiwork of Henry Ford and his contemporaries.

The dean of students at Indiana University, Robert Shaffer, has even devised a new formula to measure the capabilities of freshmen college students: The highest the mileage, the lower the grades.

Apparently those who let love of driving interfere with their studies either do not come to college or else don't make it through the freshman year, the study at Indiana showed.

Among the results of the survey by the University Facility Research Center were the following findings:

- Twenty-one of the 38 universities surveyed have no special restrictions regarding how can park or drive on the campus, while the remaining 17 school range from limiting freshmen cars, to limiting autos at certain class-time hours, to limiting all cars except faculty, staff, visitors and disabled students.

- The same 38 universities report that 31 have university-enforced parking regulations on campus streets, and that 31 also allow curb-parking on the campus.

- These situations are contrasted with the University of Chicago, which has no control over city streets running through the campus proper, and the University of Minnesota, which prohibits curb-parking to enable both the driver and the pedestrian to have an unobstructed view of the street.

- All but eight of the 38 universities charge fees for campus parking. Of the 30 charging schools, the cost ranges from $1 to $10 per year, some on a flat semester or year rate, others charging hourly fees, and still others combining a blanket fee with an hourly rate.

Carbondale
Greeks Must Transfer Interest

President Morris has requested Small Greeks to turn in a portion of their minimum academic standards which would have to be met by the end of spring quarter. The move is "Greek News," a low grade-point average. The rule leaves little room for selectivity in recruiting, a major concern of a university student. The question seems to be whether or not the social element is necessary to achieve a balance between general scholarship and related work. A student merely had to come from an average for student admission. Previous "Greek Expansion" refers to nearly 200 years. The Student Council will then make recommendations to the university's proper body for action.

Activity Fee Study

The Student Council has opened up the activity fee issue again, this time "intellectually". The council issued a proposal for an increase in the activity fee to support the activities of the Greek system.

Greeks Need It

Editor:

It's good to see the Fraternity Council facing some long overdue problems. This is a step in the right direction.

Robert Rohr

Gus Bode

His room may not be up to the University's house standards, but that his lady is real good about keeping him with his homework.

---the only thing wrong with his football exams is that there are always a few literal questions that are to be answered in full sentences, not just upon grading papers.

December 4, 1962

THE EGYPTIAN

LITTLE MAN ON CAMPUS

Editor:

I would like to take this opportunity to thank the many people who have helped and supported us throughout a tough, hard season.

First, our cheerleaders who have displayed spirit, enthusiasm and unfailing faith throughout the year. I can only say that you will never realize how much my staff, team and I appreciated having you out cheering for us.

You have been dedicated, loyal and unfailing in your efforts and we of the varsity football team and staff thank you.

Next, the Spirit Squad who have been responsible for the entertainment and rejuvenated spirit on the SIU campus. Thank you and congratulations on a job well done.

Moreover, I want to thank the students and fans. I know this has been a tough season and that our won-lost record is not comparable to years past. However, our schedule has been the toughest it has ever been in the history of the school and next year's will be twice as tough.

The backing and support that you and fans have given has been wonderful. Backing and support is easy to come by when one is winning, but you students and fans have backed our team despite a rough, long, hard and not too successful season.

I feel that our team has every reason to be proud of you and likewise I believe you should be proud of the boys on our team. They never quit and neither did you.

Special thanks go to the, Egyptian and radio station WSUU and WCIL for the fine coverage and support that was given us this year. It was certainly appreciated by both our coaching staff and team.

Thank you,

Carmen Picione SIU Head Coach

Appreciates Support

Editor:

Many of my friends have told me of classes on the 100 and 200 level in which there are two to three hundred students. The smallest class that I have attended on the 300 level was a class of 12. Most of them averaged closer to 30, larger classes may be necessary in some basic subjects, but not all of our classes should be so large that the student cannot participate in personal expression nor be known by the professor.

Machines and audio-visual aids can replace a good deal of what is being done in these large classes, and free good teachers to work with smaller groups, but an enrollment growth Southern must pioneer in ideas to keep the class size. Student groups must interest themselves to see that they have the best possible education.

BUFFALO (N.Y.) — "It was the greatest team effort that I have seen," Basketball Coach Jack Hartman said Saturday night after watching SIU lose its 10th consecutive game, 73-66.

Hartman used nine players in the game which marked the third victory for SIU's basketball coach. The defensive play of co-captain Ed Spila and senior guard Eldon Bingham was outstanding.

Dave Henson, SIU's other co-captain, showed excellent marksmanship from the field for the 10th straight game, shooting 16 of 24 during the first half. Spila held Fred Crawford, St. Bonaventure's 1960-61 All-American, to only eight points. Crawford was closed last season because of tuberculosis and is having surgery this week in preparation for his form of the 60-61 season.

Mike Rooney, who averaged 36.9 points a game as a sophomore freshman, found SIU's Eldon Bingham a tough man to shake off Saturday. He got a scholarship the game scored 18 points in the game but eight of those came in the first half when the Spila already had the game wrapped up.

Hartman was named to the pre-season all-sophomore basketball team.

It was the second time that Hartman had been in Buffalo's lineup and the second time that be won. As a college team at Oklahoma State, he scored a couple of baskets in a win over Canisius. Hartman said the victory over St. Bonaventure was "the greatest team effort since winning the National Junior College championship.

It was the finest overall team performance since the Gannon College pre-season tournament, 101-90.

Frank Coniglio, Larry Kristoff, Terry Finn, Don Mil­lard and Paul Henry, who came with the American football team, won the 191-115-pound division with 54-2 points. Millard rolled the team high game with 25 points.

In the 123-pound championship, John Johnston, regular offensive guard for Carmen Shields, wrestled at the 115-pound class with a 4-2 decision over UNO's John Wiseman. He scored a point against him.

Larry Kristoff and Roger Prange, both of the Salukis, wrestled against each other in the heavyweight finals with Kristoff winning a decision over Prange.

Dr. Boris Musulin, the team's physician, said the individual high game with 221 points.

GRANITE CITY, ILLINOIS, PUBLIC SCHOOLS; Seeking all levels of elementary teachers, kindergarten through primary, intermediate, and upper grades.

Piccone Finds Some Good Points
In Review Of 1962 Grid Season

For the first time since 1956, SIU had a losing football season but Carmen Piccone, SIU head coach, found some points that pleased him during the season.

"The boys never quit," Piccone said while reviewing the season. "All you can ask of a ball team is for them not to quit when the going gets tough."

SIU won only four of 10 games against a schedule which was the toughest in the school's history. "If we could change four or five plays we could have had a successful season," Piccone added.

"Defense was the high point of the season for us," Piccone continued. "Without the good defense we would not have done as well as we did."

"We were never a consistent offensive team," Piccone added. "We moved the ball well at times and then in serious situations the offense bogged down from penalties or missed assignments."

"It is difficult to pinpoint our mistakes," Piccone said. "We have reviewed the films carefully and find that the boys looked good in spots and then at other times looked terrible."

Perhaps the biggest thing which the Salukis lacked and needed terribly was depth. Piccone and his coaching staff were quick to agree on this.

"We are fully aware of things we must improve and we are doing everything possible to achieve them," Piccone concluded. "Next season we will play a schedule tougher than this year so our strategy will be to find boys who can go both ways instead of being situation players."

See for yourself the all-modern Saluki Arms, dormitory for girls. Saluki Arms offers you comfort, luxury, and convenience which includes a cafeteria, TV lounge on each floor, air-conditioning, sun deck, and laundry facilities. Located on Mill Street, the campus is just minutes away. For an application, call 549-1250 and ask for Mr. Hunsinger.
