Curriculum Committee Plans Well Underway

The curriculum is a vital aspect of any educational institution. The goals of the curriculum are to provide a comprehensive education for its students and to prepare them for their future careers.

The curriculum committee is responsible for the development of the curriculum. It determines the courses that will be offered in each department. The committee also decides on the requirements for graduation.

The curriculum committee meets regularly to discuss and evaluate the curriculum. They consider feedback from students, faculty, and administrators. They also review changes in the field and industry to ensure that the curriculum remains current.

The curriculum committee has a significant impact on the education of students. By setting the standards for the curriculum, it helps to ensure that students receive a high-quality education.
