ELEVENTH ANNUAL BOOK EXHIBIT OPENS TODAY

The eleventh annual book exhibit opens today at the State Library in Carbondale. The display, which runs through July 8, offers a wide range of books on various topics relating to Illinois history, culture, and natural resources.

NOTICE

The physical education departments at all public schools on this campus have been united under the guidance of Dr. T. R. P. Biddle, who is in charge of the sport.

Weather Reports Show June To Be Hotter, Dryer Than Last Year

At the University, the weather station has shown that the average temperature for the month of June was 84.4 degrees, as compared with 76.8 degrees last year. The rainfall for the month was 3.1 inches, as compared with 9.6 inches last year.

Weather Forecast: Rainy Day

The University weather station predicts a wet and stormy day for the campus.

Dr. McNicoll Speaks To Businessmen's Association Here

Dr. Robert D. McNicoll, new academic dean of the University of Illinois, spoke at the Businessmen's Association meeting yesterday. He outlined the goals and objectives of the University's academic program and discussed the importance of collaboration between the University and the business community.

Three to Speak at Aviation Meet July 10, 11, 12

The 1944 Aviation Education Conference will be held on the campus July 10, 11, and 12. The conference, which is sponsored by the U.S. Bureau of Naval Aeronautics, will include a variety of sessions on aviation-related topics.

Ralph Boatman Granted Award

Ralph Boatman, graduate student at the University, was granted an award by the American Institute of Aeronautics and Astronautics for his work in the field of aerodynamics.

Three-appointed to Faculty Staff

Appointment of an associate professor of physics, an associate professor of chemistry, and a professor of electrical engineering has been announced by Dr. H. A. Wilson, chairman of the Department of Physics.

Dr. Wilson came from the University of Illinois, the State University of New York, and the University of Colorado to continue his work in physics.

The University is also pleased to announce the appointment of two new faculty members in the Department of Chemistry:

1. Dr. E. L. Jones, associate professor of chemistry at the University of Illinois, who has been appointed to the position of director of the Chemistry laboratory.

2. Dr. J. H. Smith, assistant professor of chemistry at the University of Illinois, who has been appointed to the position of assistant professor of chemistry.

Dr. Wilson and the new faculty members are expected to make significant contributions to the University's academic program.

Valea Yabani

For Your squares

A cardiology radio-phonograph opera of the University's Women's Auxiliary was held on the campus yesterday evening, with a large audience in attendance.

Valea Yabani, who has been appointed to the position of director of the Women's Auxiliary, said, "We are glad to see so many of you here tonight. This was a wonderful performance, and we hope to have many more in the future."
Letters to the Editor

Through these columns we invite students, faculty, and friends of Friends to express their feelings on the subject article, but we will withhold your name if we wish, and the resultant discussion will be one that should stimulate the exchange of ideas on the important issues of today.

Dear Mr. Kirkpatrick,

In reference to your depression article which appeared in the Tuesday issue of the 'Walter', I would like to comment on its content.

I must agree with you in stating that the depression is a national problem. The unemployment figures are staggering, and the situation is getting worse every day. The government must take action to alleviate this problem.

Sincerely,

[Name]

Dear Editor,

I was quite taken aback when I read Joe McGovem’s article “A New Revolution.” The article seems to suggest that we are living in a time of great social change and that the old values are no longer relevant.

I firmly believe that the values of the past are still relevant today. We must continue to uphold these values and work towards a better society. We cannot afford to throw away what we have achieved.

Sincerely,

[Name]
Summer Sports

**Sport Shots**

**DO YOU LOVE ME?**

**The Tux**

In each sport there is to be found some humor, sometimes in games and sometimes in practice. In the following are these stories of sportspen which prove that humor is a fact of life even after it became clear that the sport was finished.

**Sunset Golf of the World**

The golf course is a place where golfers can have fun. They can enjoy the scenery, the fresh air, and the chance to get away from the stresses of everyday life. Golfers can also meet new people and make new friends.

**Intramural Baseball**

Carl Swedin

Some of the many teams that play intramural baseball try to win on the fun side of the game. The baseballs, the weather, and the sense of community are all factors in winning games.

**Complete Supply, Swimming Equipment**

Bathing Suits and Swim Trunks
Swim Goggles, Swim Caps, Nose Clips, Ear Plugs
MacGregor Tennis Rackets and Complete Supply

**Veasports, Mart**

West Oak at Illinois Avenue
