Symphony To Present 'Te Deum' In Final Concert At 3 p.m. Sunday

A presentation of Zoltan Kodaly's "Budavari Te Deum," will highlight the final performance of the Southern Illinois Symphony Orchestra Sunday, June 3rd, at 4 p.m. in Shryock Auditorium. Carmine Ficocelli will also conduct the 59-piece orchestra in Debussy's Overture "Thedora," arranged by Gordon Jacob, Franz Schubert's Symphony No. 8 "Unfinished" in B-flat, and Antonin Dvorak's Concerto in D minor.

The Oratorio Chorus and University Choir, conducted by Robert Kingsbury, will assist Ficocelli in the presentation of "Budavari Te Deum.'

Fred Roumoull will sing soprano, Deanna Steinbrook alto, Larry Jarvis, tenor, and Larry Johnson, baritone.

Kodaly composed the work in 1936 for the municipality of Budapest, upon the occasion of the 250th anniversary of the city of Buda from Turkish invasion.

The first public performance of the work was given on Sept. 3, 1936, under Victor Sugar.

Four Alumni Will Receive Achievement Awards June 9

Presentation of four achievement awards will highlight SIU Alumni Day, Saturday, June 9.

The first woman ever to receive an Alumni Achievement Award is Miss Mary Ermenger, 1943. She is cited for service to SIU and its Alumni association.

On the faculty from 1922 until her retirement in 1957 as an associate professor of education she served as president of the southern division of the Illinois Education Association, vice-president of the state chapter of Delta Kappa Gamma, and vice-president of the Illinois Council of Teachers of Mathematics.

Also recognized for service to SIU and the Association will be John W. Allen, 1922, Dubbed "Mr. Southern Illinois," he is known to newspaper readers through his "If it happened in Illinois" column and to people interested in history and folklore as president of the Illinois State Historical Society, Illinois Folklore Society, and the Southern Illinois Handicraft Society.

Lake-On-Campus Will Be Closed

The swimming, boating, and fishing facilities of the Lake on-the-Campus will be closed June 4 and 5, 1962.

At this time large quantities of "Aquashell" solution will be sprayed into the lake in order to combat the growth of weeds.

Facilities will be available for use during regular hours again on June 6.

MISS JUNE ... This month's calendar girl is Edwina Geale. This petite miss hails from London and is a sophomore speech department and also active in drama productions at the Playhouse. For more pictures of Miss June see page two.

Dean Gets To The Bottom Of Students Dining Pursuit

Two enthusiastic golfers, also swimmers, found that it takes more than just a little determination to obtain possession of a golf ball gold mine from the bottom of a lake.

Dean Joseph F. Zaleski of the Office of Student Affairs said that two SIU students were caught attempting to retrieve golf balls from the bottom of a lake at the Crab Orchard golf course last Thursday.

For their dining pursuits the students had a $10 fine levied against them on a charge of disorderly conduct, he said. The students had 15 golf balls in their possession when they were caught, Zaleski added.

The students were required to return to the golf course the next day, apologize to the manager, and for eight hours, work at the golf course cutting weeds, grass, and digging. Their work was appreciated though, as the golf course manager sent a letter to Dean Zaleski commending the students for "their in the rough efforts."

Editor From Johannesburg Says

"A school of journalism is very interesting to me," said the brown-eyed, dark-haired visitor. "In South Africa, there aren't any; the newspapers train their own journalists." Arthur Rudolph, editor of the Johannesburg South Africa, Paris, said the quality of small newspapers in this country was surprising to him.

Rudolph said that South African Universities don't have student newspapers nor do any South African newspapers use the offset press, and that it was interesting to him how the Egyptian fits into the community.

"Yes, they dance the twist in South Africa, too," said Rudolph. "Our way of life and yours are very similar, South Africa is a technologically advanced country, and Johannesburg is the center for many newspapers operating in Africa south of the Sahara, in a very cosmopolitan city."

Touring the U.S. at the invitation of the State Department, Rudolph said that the purpose of his visit to this country was to exchange views with American newspaper editors, to inspect technical aspects of newspaper production, and to talk to Americans.

Degrees will be awarded to 125 graduates of the VTI Spring. Banquet will be 9 p.m. Friday, University Center Banquet Room, M. H. Dallman, advisor to the student council at VTI, has announced.

Degrees will be awarded for two-year programs of study include degree programs in Business Administration, Accounting in Technology and the Associate Degree in Business.

In addition 96 certificates will be awarded for one-year programs in Secretarial Science, Nursing, and Medical Dictionary, and others.

VTI students with records of high scholastic achievement will also be recognized at the banquet. Presentation of five scholastic awards will be announced at the banquet.

Banquet talks will be made to the graduates by E. J. Simon, dean of technical and adult education; Harry B. Bauerfeld, assistant dean, and J. P. Batchelor, director of VTI.

At 9:30, a dance for graduates and their guests will be held in the Ballroom.

Romantic Animal--Art Lecture Topic

Animal themes in French and Spanish art are featured in the 1850's will be the subject of Ben Watkins at the art and music auditorium in the Morris Library auditorium.

The lecture will begin at 8 p.m., June 1, with Watkins presenting his usual mixture of thepriceless art professor at SIU and is also acting curator of the Mitchell Art Gallery.

Watkins will also cover the relationships between art and literature concerning the romantic animal subject.

Arthur Rudolph

The 44-year-old Rudolph's coming to U.S. to inspect the journalism department and the Egyptian is but one stop in a travel itinerary that includes visits to New York, Raleigh, Atlanta, New Orleans, Phoenix, Mexico City, and Washington.

Rudolph said that education in South Africa includes 12 years of school after which the student receives a certificate or an authorization to go on to a university.

"I was pleased to see the difference between the students of different races in this college," he said, in South Africa the students attend separate universities.

Vietnam Reds Raid Leper Camp Kidnap 3 American Missionaries

SAIGON, South Vietnam — Vietnamese army forces Thursday probed the jungle 130 miles northeast of Saigon in an effort to run down a strong Communist guerrilla band which raided a leper camp and carried off three American missionaries. The Viet Cong band also carried off food and medicines seized in the raid, the U.S. Embassy said.

News of the Wednesday night kidnapping reached here when another missionary got to Ban Me Thuot, eight miles from the camp, and spread an alarm. Army units were sent in pursuit at once. The raiders did not molest the 250 lepers nor nine other Americans at the camp, including four women nurses and the wife and four children of one of the kidnapped missionaries, A. E. Mitchell, 44, Ellensburg, Wash.

The other two kidnapped missionaries were identified as Daniel Gerber, 21, of Dalton, Ohio, a Mennonite volunteer working as a maintenance man; and Dr. Eleanor Ardel Venti, 35, of Houston, Tex.

TEL AVIV, Israel — The Gestapo’s Adolf Eichmann was hanged by the state of Israel two minutes before midnight Thursday for his role in the Nazi extermination of six million European Jews.

Eichmann, who insisted he was not to blame for the horrors of Hitler’s death camps and torture chambers, died on the gallows in Ramleh Prison outside Tel Aviv.

He was the first person executed by this predominant- Jewish nation in its 14-year history.

Death for the 56-year-old Eichmann came 2 years and 21 days after Israeli agents captured him in Argentina and smuggled him to Israel by air, ending a worldwide search by Jewish agents that began in the smoldering ruins of the former empire at the end of World War II.

Eichmann was taken to his death less than an hour after President Izhav Ben-Zvi rejected the final possible appeal for mercy and sealed his doom.

Joe College Is Being Spoiled

Because He’s In Great Demand

By Hal Boyle

NEW YORK (AP) Joe Col-

lege getting spoiled?

Many personnel executives

think he is,

"University graduates to-

day are not interested in start-

ning at the bottom—they want a job as near the top as possible," grumbled one executive.

"Most of them don’t ask what opportunities they have. They want to know ‘What’s in it for me right now?’ They inquire about pension pro-

grams, medical care, bonuses, and all kinds of fringe benefits."

"They don’t want to live in small towns. They don’t want a job that requires them to travel from home much. They are less interested in what they can do for the corporation than in what they can get the corporation to do for them.

"Sometimes they’re so choosy you get the feeling the corporation isn’t hiring them—they’re hiring the cor-

poration,”

A recent survey by the Family Economics Bureau of the Northwestern National

Life Insurance Co. indicated 1962 graduates will get start-

ting salaries $20 to $30 a month higher than those of a year ago.

The survey showed begin-

ning salaries ranging from $450 to $500 a month awaited liberal arts or business school alumni. Graduates in engineering or science could get $650 to $700 a month.

Ah, me! Those figures awaken a feeling of envy and par-

talgia in those of us who were graduated just a genera-

tion—30 years ago.

That was still in the pit of the great depression, and no one seemed to want us—our alma mater, our parents, or the outside world. A sheepskin was no automatic passport to employment. You couldn’t even look forward to a corner on which to sell apples—the best corners were already taken—years ago.

Maybe Joe College is a bit spoiled, but maybe that isn’t all bad either. It’s a wonderful thing to be wanted, and to find a welcome market waiting for your talent and ability.

Part-Time Job Turns Into A ‘Career’ For Mrs. Minnie Mae Pitkin

Sixteen years ago Minnie Mae Pitkin began working in the SIU president’s office "just to help out." Today she is still there. Mrs. Pitkin explains that she really didn’t intend to work very long but they were short of help so she just stayed.

“I have never regretted a moment of it because there is always something new," said Pitkin, who is Dr. Morris’ executive aide. "Minnie Mae," as she is familiarly called by her co-workers; really does the work of three persons. She is a "right arm" of the president, civic leader, and wife of Dr. William A. Pitkin, professor of history.

"Maybe I am too public spirited," she said, "but I feel we all have a responsibility to the community so I try to devote some time to worthwhile projects.

Dr. Morris’ executive aide, Mrs. Pitkin has many duties. And while he is on a four-day tour his job is even bigger. She regularly handles invitation lists, seating arrangements, and other behind the scene work for such functions as the upcoming corner stone laying ceremony for the Physical Education-Military Training building. And at this time of the year she also has the added burden of making arrangements for numerous end-of-the-school-year activities.

Mrs. Pitkin says what she enjoys most about her job is working with other people. The feeling of her co-workers obviously is mutual.

"Minnie Mae’s devotion to duty is almost without parallel throughout the university," said Max Turner, one of her co-workers and a professor of government. "She does not pay attention to clocks or calendar, but carries on work until the job is done. Her activities, both in and outside the office are always designed to enhance the state of the university.

What Turner had to say about Mrs. Pitkin is quite true. University records show that she had more than 76 days sick leave and 53 days vacation time accrued.

She got far too behind if I take all the time off at once," Mrs. Pitkin explained modestly.

A former dean of the educational wrote these lines of appreciation to Mrs. Pitkin:

Part-Time Job Turns Into A ‘Career’ For Mrs. Minnie Mae Pitkin

I have never known how you did your work so thoroughly when so many demands are made upon you by so many people. This is not my opinion merely, but the opinion of many faculty members whom I have heard comment upon your generous and capable handling of requests for help of all kinds.

There is no one more dedicated or with more devotion to a job than Minnie Mae, you don’t find them like that anymore," said Chauncey Ferrick, field representative for the president.

The SIU Woman’s Club, of which she is a member, honored her in 1961 as the "Silent Troubleshooter-Supervisor" and she has been elected "Secretary of the Year," "Career Woman of the Year" and most recently honored for her contribution to the university by Theta Sigma Phi, professional women’s journalism fraternity.

Mrs. Pitkin, who taught chemistry at McMurtry College in Athens, Texas, before retiring to become a wife and mother, is probably too modest for herself, but her philosophy obviously is summed up in the plaque behind her desk in the president’s office.

Presented by George T. Wilkins, superintendent of public instruction in the state of Illinois, it says: “If you are good for a man in heaven’s name work for him, speak well of him and stand by the institution which he represents. REMEMBER—An ounce of loyalty is worth a pound of cleverness. If you must grow, condemn and eternally find fault, resign your position and when you are on the outside, damn to your heart’s content—but as long as you are a part of the institution do not condemn it. BE LOYAL.

Five Undergraduate Students Buy Liquor, Get Suspended

Five students have been suspended from the University after being arrested and fined for illegal purchase of liquor, according to Joseph F. Zaleski, assistant dean of Student Affairs.

J. Zaleski said that Thomas Joseph Link, Klingemeyer, 49, Oak Park; Alfred Allen Pascoc, 19, Peoria; and Stephen James Hawkes, 18, Oak Grove, will be suspended from the University at the end of the spring term after being arrested Friday, May 18 in the Hub Cafe cocktail lounge on a charge of purchasing liquor while under age.

The four students were taken into custody by Carbonado police who were making a check of the Hub lounge, and were later fined $50 each by Magistrate George Swartz, Zaleski explained.

Carbonado Public Safety Commissioner James Wallace has filed a complaint against talkie withdrew, hub cafe bartender, charging him with selling liquor to minors.

David Rosa, 19, of Decatur, was also fined $50 by Police Magistrate Swartz, and will be suspended after the spring term on the same charge of purchasing liquor while under age Friday, May 11, Zaleski said.

Rosa said he was served liquor at the Little Thrown up, 121 N. Washington St., without being asked to present identification, Zaleski dided.

The fifth student, Stefan George Babirak III, of Brownfield, was fined a total of $65 and has been suspended from the University, effective immediately, after being arrested on charges of purchasing liquor while under age and for being intoxicated Thursday, May 24, Zaleski said.

Zaleski said that Babirak was taken into custody Thursday evening in the Illinois Central Parking Lot by Carbonado police officer and an agent of the Illinois Central railroad.

Babirak pleaded guilty to the charges, Zaleski explained.

Student On Probation

For Stoning IC Train

Raymond Vincent, a freshman from Chicago, has been placed on disciplinary probation through the fall quarter after being fined $25 after he was charged with malicious mischief for allegedly throwing stones at an Illinois Central Passenger train last Thursday night, according to Joseph F. Zaleski, assistant dean of student affairs.

Zaleski said that Vincent was seen throwing the stones by an Illinois Central patrolman.

Cornell, Mitchell, Medley Victories
Picked As Top SIU Sports Events

Bill Cornell's mile times of 4:02.7 and 4:02.8, Rusty Mitchell's tumbling victory in the NCAA gymnastics championships and SIU's first place finish in the distance medley at the California Relays were chosen Thursday as the top SIU sports events during the 1961-62 school year.

A five-member committee consisting of Bill Meade, SIU gymnastic coach, Lew Harrington, SIU track coach, Ralph Casey, SIU swimming coach, Bob Spackman, SIU athletic trainer and Egyptian sports writer Tom McNamar selected the top 10 SIU sports events.

Cornell's mile times were run on successive weekends in SIU's Madison Stadium against Kansas and Oklahoma State. Mitchell's performance at the NCAA gymnastic meet by winning the tumbling event over the University of Illinois' Hal Holmes was also an unanimous choice.

Another unanimous choice was SIU's first place in the distance medley at the California Relays.

Jim Dupree's National AAU half-mile win and his performance in New Zealand tied with SIU's scheduled withdrawal from the Interstate Conference for fourth place among the sports events.

In 1962 Cornell and Medley were both chosen Thursday as the top 10 SIU sports events. Neither one competed in his specialty of cross-country meet and finish second in the NCAA meet.
