Six Co-Eds to Vie

Gene Graves, publicity chairman for the first annual AF ROTC ball here, recently released names of the six girls who will be competing for the honor of queen at the ball which will be held Friday, Mar. 28, starting at 9 p.m.

The ball, one of the biggest events in the ROTC program, will be held on Friday night, Mar. 28 starting at 9 p.m. It will be held in the Carbondale armory located at 901 W. Scycomore. Admittance will be two dollars, and tickets are on sale at the ROTC office in the Ashkin building or from any advanced ROTC student.

Graves also said that all students who are members of any branch of the Armed Services, and who are authorized to wear a uniform will be entitled to attend. This includes members of the National Guard, Reserves, and personnel on leave.

Canteen to Move
To New Location

The Southern Canteen, one of the age-old gathering places for SIU students, may in the near future have a new place of opera-
tion. Because of the building of the new women's dormitory near the Grand and Universi-
ty streets, the Canteen will soon be forced to move out.

Dr. Charles L. Tenney, administrative assistant to the president, recently reported that the Canteen will most likely move to the new unfinished wing of the Student Center, which is located directly behind the canteen post office.

Dr. Tenney added that most of the food served will be sandwiches, sodas, cakes, and other fountain drinks. Few, if any, meals will be served at the new location.

Although work on the new dormitory is progressing fast, it may be some time before the present Canteen will have to vacate. As Tenney stated, "the exterior part of the building has gone up fairly fast, but like all structures, the finishing of the interior is what takes time."

"It is hoped," said Dr. Tenney, "that the new dormitory will be ready at the start of the fall term, but it is impossible to say for sure right now.

Graduate Students Plan
Drive for Greek College

Southern's Student Council has planned a concert next week to raise funds to support the war-stricken school of Aratula College located in Tchelavski, Greece, for one day. This drive will replace the usual World Student Services drive.

The drive will be launched on Thursday, March 27, at 11 a.m. Further plans will be announced in

THE MADRIGAL SINGERS, who along with the a cappella choir returned Monday from a week-long spring tour during which they presented 21 concerts throughout the state. The tour included two Chicago concerts, one of which was in Orchestra Hall.
What's Up With the Staff

Thomas Paine's quotation, "These are the times that try men's souls," may easily be adapted to express the feelings of the new Egyptian editors as we face the new problems and responsibilities which go hand in hand with campus newspaper work.

Right now, we will not give an extensive, hour-long lecture outlining an entire system of reforms, but we thought this would be the best time to take a minute to establish a few general principles which we hope to follow during the next few terms.

As for suggestions, we will spread out the welcome mat for ideas and criticisms from either students or faculty members. There is a Letters to the Editor box in the crosshalls under the Act of the Southern Illinois University. His letter outlining an entire system of reforms, but we thought this would be the best time to take a minute to establish a few general principles which we hope to follow during the next few terms.

WE PLAN TO CONTINUE the "Pin-up of the Week" feature in the Egyptian in each Friday's edition in an attempt to get new names and faces to appear in the columns of the paper. Also, in each Tuesday's edition, we plan to continue the "Your Name in the News" series of pictures to give variety in entertainment features. We will try to include more humor in the paper. A special April Fool edition is planned which, according to tradition, will be called the Naipguy.

As to what and how much news we will print, we will define the worth of a certain news item according to its timeliness and according to how many students it affects. We will try to give accurate and quick coverage of news, but we cannot promise that we will not make mistakes (try as we will to avoid them), for we are not as gifted as the mind reader who "knows all, sees all, and hears all." B.V.B.

Lost You Forget

Since a new era has been turned in the history of the Egyptian, in that the paper has a staff of new faces to manage, we thought it might be a good idea to inform the student body as to exactly what it is we need material in order for it to appear in a certain issue of the Egyptian.

Many students, organizations and offices have met with a great deal of confusion concerning deadlines. Many times stories have not appeared in the Egyptian because they were not received on time, and because of their time limit could not be printed at a later date.

IN AN ATTEMPT to satisfy the curiosity of campus groups and individuals who often wonder how to get something printed in the Egyptian we have listed the deadlines for articles and front page items as follows: for Tuesday's issue of the Egyptian—long articles or feature stories, 4 p.m. Thursday; general news and announcements, 1 p.m. Friday, Friday's issue—organization news, 3 p.m. Tuesday; general news and announcements, 1 p.m. Wednesday.

Society news, that is news from sororities, fraternities, and organized houses, will be printed on Fridays beginning next week. Thus the news should be turned in by 5 p.m. on Tuesdays.

Since we of the Egyptian staff have a legal contract with the printing office, we are limited as to the amount of material we can have set up in type at any one time.

Information to be printed in the Egyptian may be left in the wire baskets designated for that purpose which are located on the counter in the outer Egyptian office. The Egyptian office is located on the second floor of the journalism building on the corner of Harwood and Thompson streets.

Of course, in unusual or urgent cases, material may be accepted for print at later dates if it is discussed with the editors ahead of time and special provisions are made. B.V.B.

Columbus Boychoir Presents Concert

The Columbus Boychoir, singing schoolboys aged 9 to 14, performed in the Shrock auditorium Monday evening.

Sponsored in Carbondale by the Community Concert Association, the choir is currently making a national tour.

This choir was organized in 1939 by director Herbert Huffman, who has scored on nearly 100 occasions and played to an audience in the East and Midwest parts of the United States. In 1943, the choir made its metropolitan debut in Town Hall, New York City.

The Columbus Boychoir school, now located in Princeton, N.J., is non-denominational and offers academic courses from the fourth through ninth grades. Requirements for enrollment are a natural voice, musical aptitude, and willingness to work.

Best-known soloist for the group was Chet Allen, a 12-year-old student, who made a television appearance last December in the opera "Amahl and the Night Visitors." The choir sang selections by such well-known composers as Leitzen, Lotti, de Vittoria, Perkow, Schubert, di Lasso, and Handel. During one portion of the concert a one act comic opera by Mozart was presented as the choir with complete costumes and music sharing the stage portrayed the parts of the basso who is a boy with a devoted mother. The program closed with the Boys' Prayer.

Auditions were held by Herbert Huffman, director of the group for schoolboys between the ages of 9 and 14 on the stage following the performance.
