49 High Schools Send Seniors For Hospitality Week-end; Plan for Next Year

Studens from 49 Southern Illinois high schools accepted the University’s invitation to become “treatment guests” of the university for the Hospitality Week-end, May 5 and 6. The students were divided among the general habitations, and placed in the hands of the college.

From each of such school were chosen by the various school officials and educational authorities the two top ranking students of their schools, selected on the basis of achievement.

The event is one of the “treatment” or “rotator” plan, the idea being that each student shall have an equal chance to learn about the college.

The students from each school were chosen by the various school officials and educational authorities of the college.

Physical Plant Gets New $1800 Machine

The physical plant has received a new $1800 machine in the form of a tractor and crane. The machine will be used for the purpose of moving the janitorial equipment, the electricians, and the maintenance of the campus. The machine is now in use and will be kept in good order.

Small Pox, Typhoid Vaccines Being Given By Health Service

In conjunction with the first week of the Spring semester, the Health Service is now giving small pox and typhoid vaccines to all students at the University.

Letters to the Editor

I had last week, with the help of a bit of dictionary (the kind you read) and with the help of Greek grammarians, written a letter to the Editor, the charge of the city. The letter, the charge of the city, is a very important thing, and I think it is important that the city should know what is going on. The letter should also be sent to the city council, the city council is an important body, and it is important that the city council should know what is going on.

I also wrote to the city council, the city council is an important body, and it is important that the city council should know what is going on.

This letter should contain the facts, the facts are important, and it is important that the city council should know what is going on.

William R. Schubert

Dear Mr. Chief:

When I was a candidate for the office of city council, I had a campaign for the office of city council. I had a campaign for the office of city council because I believe in the city, and I believe in the city council.

It was kind of you to write to me and to express your support.

Sincerely yours,

Joel W. Lienen

Southern Track Team Rolls Over Normal For Second Straight Victory

By Wallace Pinkston

The Maroons garnered their second consecutive victory of the season when they defeated Southern Illinois Normal by a score of 10 to 2 in the Normal Invitational track meet Saturday. The Maroons won the 4400-yard relay race which opened the meet and finished second in both the 880 yards and the 220-yard relay. The Normal team took first place in both the 100-yard dash and the 440-yard relay.

The Maroons' victory over Normal was their second in as many weeks. In the previous meet against Champaign Normal, the Maroons defeated the Champaign team by a score of 12 to 2.

The Maroon track team is currently preparing for the Southern Illinois State Meet which will be held at Southern Illinois University at Carbondale on May 10th.

P.T.'S CHATTER

On campus this morning, we heard one sound truly covering the campus - the sound of engine. Why? Because it was a Physic Education major. This sound is a little ageless to us, but maybe it's one that all of us understand, or at least it's the sound of the engine that we imagine when imagining P.E.

In our culture, it's one of the few sounds that we associate with pure joy. The engine, we're sure, was the subject of their paper. We tried to convey some messages to those who passed by, but we're sure that they understood us. We're just happy to be doing something that they really love.

Know it, only the skateboarder who makes music in the campus and can't be bothered with school education. Peace.
