Dr. Henry D. Piper Named Liberal Arts College Dean

Henry Dan Piper, new dean of the College of Liberal Arts and Sciences, is an English professor, former research chemist, industrial consultant and author. He is the husband of Olevia L. Scott Fitzgerald.

His appointment by the Board of Trustees ends a five-year search for a successor to T. W. Abbott, retired dean and professor of chemistry.

Piper's appointment is effective July. In addition to his appointment as dean, he also was named professor of English. He currently is professor of English and American studies at California Institute of Technology.

A 44-year old native of Haskell, N. J., Piper holds degrees from Princeton University and the University of Pennsylvania where he received his PhD in English. He was a research chemist for E. I. DuPont de Nemours and Co., undertook research in nuclear energy at the University of Chicago and was a special assistant to the research director for the Manhattan Project which produced the first atom bomb.

In 1952, after teaching two years at Columbia University, the English professor, Dr. Henry D. Piper joined the English faculty at California Institute of Technology. He is the author of "P. Scott Fitzgerald, A Candid Portrait," and has completed a study of Fitzgerald now in press. He is also working on a drama collection and an edition of the manuscript of Fitzgerald's "The Great Gatsby" for publication.

Piper won a Fulbright professorship to teach in France in 1938 and was a Boggehein Fellow. He has been a consultant to Technical Communications, Inc., of Los Angeles and developed company procedures for the Shell Oil Co. and Union Oil Company.

He is married and has two sons, aged 8 and 2.

Employing Handicapped To Be Conference Theme

Samuel Bernstein, coordinator of State Manpower Development and Training, will give the keynote address at the first Governor's Conference on Employment of the Handicapped here Thursday.

Bernstein, who also is the assistant director of labor for the state, will discuss "Manpower Utilization and Area Redevelopment."

According to William J. Tudos, director of SIU Division of Area Services, Bernstein's address will be made at 8:45 a.m. Thursday at the conference dinner in the Carbondale Elks Club.

SUU's Rehabilitation Institute is host of the conference which was organized specifically for members of the Illinois Department of Rehabilitation. It is designed for the benefit of volunteer committee members who wish to build effective community programs, Tudos said.

Discussions at the conference will center around the theme, "The disability movement may disrupt normal patterns of human development and educational programs," Tudos said.

The conference also will consider the counseling and placement of handicapped persons.

A spring exhibit, "To show the public a broad scope of what the VT 151 can do," will be open until 9 p.m. Friday and from 8 to 10:30 a.m. Saturday morning.

An awards ceremony at which the outstanding projects will be announced will be scheduled for 10:30 a.m. Saturday. 메모

500 High School Displays In Industrial Arts Fair

Some 500 projects ranging from ceramics to welding will be displayed at the Southern Illinois Industrial Education Fair in the Agriculture Arena Thursday, Friday and Saturday.

The projects represent the work of industrial education classes in high schools throughout southern Illinois and the winning projects will compete in a state exhibit at Eastern Illinois University May 17-19.

Members of the SIU Industrial Education Club are arranging the local exhibit, Bob Gray is student chairman.

Although the fair officially opens on Thursday, the public will not be admitted until 1 p.m. Friday after the judging has been completed. The exhibits will be open until 9 p.m. Friday and from 8 until 10:30 a.m. Saturday morning.

An awards ceremony at which the outstanding projects will be announced will be scheduled for 10:30 a.m. Saturday. 메모

Students With Smiles Model Styles

A student style show at 7:30 p.m. Friday on the University Center Patio is the signed spring fashions on what to wear for the warm months.

The show is sponsored by the University Center Programming Board's displays committee and will be run by Kathy Whitelock and Merle Howard.

The latest in fashions from formal attire to bathing suits will be modeled by 15 coeds and their escorts, who are: Ann Werner, Roger Ahron, Melinda Pederson, Jerry Marks, Marijane Etcher, Tom Hagg, Sandy Cole, Al Lassau, Sue Easerday, Don Cole, Sandy Horning, Jerry Cuming, Ellee Agnew, Tom Caputo, Lou Evans, Fred PeLeate, Ellen Bricker, John Alexander, Marci Ronchitti, Gerry Howe, Sharon Drake, Dennis Kirby, Carol Main, Bob Fritts, Jean Payne, Dick Lockerby, Jan Buckley, Don Burnett, Virginia Milton, and Bob Taylor.

The women's clothing will be provided by Stroop's House of Milhunt, Mac & Mac Hollywood Shop, Model Shop and Decoys. The men's clothing will be provided by Zwicker's and Moffett's.

There will be a dance fol­

Covers All Areas

Psychology Department Receives Accreditation

SUU's psychology department has won accreditation from the American Psychological Association, according to Dr. Alfred Lit, professor of psychology.

The APA, composed of professional psychologists, "is psychology what the AMA is to the medical profession," said Dr. Lit.

The accreditation covers all of the psychology instructional areas but is bas­

ical for the clinical psy­

chology program. By virtue of having an APA accredited clinical program in the de­

partment we hope to attract better students to that pro­

gram and to obtain federal support for them through na­

tional grants. Present grants are "at the state level only," he said.

Lit said that Dr. Mortimer Appley, who is presently attending the annual meeting of the Eastern Psychological Association in New York, had been steadily working toward the goal of accreditation since he became department chair­

man two years ago.

MISS JULIE KUNG is the Egyptian's selection for Miss May. A junior majoring in microbiology, the petite beauty from Curitiba, Brazil, has been in the United States just 16 months. She attend­

ed Till College for Women in Georgia before transferring to SUU in June 1961. For another view of Miss May turn to page 8.

50 To Attend:

Insurance Sales Clinic Opens On Campus Today

More than 250 area insurance agents and company representatives will attend a long sales clinic at SIU Saturday.

The clinic, sponsored by IU's Small Business Institute, Department of Marketing, and the Southern Illinois association of Life Underwriters, will run from 10 a.m. through 3:15 p.m.

The program will include talks by Sidney Kent, Chi­

cago-based Metropolitan Insurance Company vice president; Ben Smith, St. Louis, general merchandise manager for South­

western Bell Telephone; Ar­

thur Mason Jr., St. Louis, associate dean of Washington University's Graduate School of Business Administration; and Kenneth Penny, New York, executive assistant of the Metropolitan Life Insurance Company's field management division.

Shortened Greek Week Winds Up With A Race

Pam Greenshields, Alpha Gamma Delta, reigned as inter-fraternity Sweetheart over the annual Greek Week activities which ended Monday night with the Greek track meet.

Pam was chosen Friday night at the Greek Week dance in the University Center over our other candidates including Pam Mathews, Sigma Sigma Sigma, Bontyn Beaver, Delta Zeta, Rosalie Hass, Sigma Kappa, and Jacqueline, Alpha Alpha. The following morning approximately 250 Greeks took part in the street sweeping in uptown Carbondale. That night Delta Chi fraternity and Sigma Sigma Sigma sorority took first place honors in the 17th Greek Sing. Phi Kappa Tau fraternity and Delta Zeta sorority received the second place trophies.

On Sunday, the Greeks participated in the Greek Week Picnic which was held at Little Grassy. Music was supplied by an all-fraternity band.

Greek Week activities ended Monday night with a track meet in McAndrew Stadium.

New International House May Offer Homecooking

Everyone loves homecooking—something not many students are able to enjoy often. For Southern's foreign students, it's even more of a problem. They have the additional problem of adjusting to American food.

According to Albin J. Yokie, coordinator of housing, the new International House, one of the new small group housing units which is expected to be ready for use by Sept. 1, is in an attempt to solve this and other problems for students from other lands. Yokie said that about half the girls in the new International House will be Americans and the other half foreign students. And under a plan now being considered, girls living there will have an opportunity to serve as cooks on a rotating basis.

Job Interviews

Representatives of the Vanallis (Ill.) public schools will be on campus Friday, May 4, to interview candidates for teaching positions in the first grade, junior high vocal music, high school English, speech, French and vocational home making.

The senior Advertising Campaign class is planning a trip to St. Louis to consult with D'Arcy Advertising Agency the weekend of May 25.

The group will discuss advertising campaigns for Budweiser and Daisy air rifles which are currently being prepared by graduating seniors in a course instructed by Dr. Donald Hileman.

The account executives for Budweiser and Daisy will review the students' campaign ideas and offer their suggestions as to how they may be improved. The agency also plans to take the class to Grants Farm outside St. Louis, and to a baseball game at Busch Stadium.

Scheduled to make the trip are Jim Soldner, Bob Wylie, Tom Homan, Bob Alexander, Chuck Bolton, Jay Kennerly, Ken Rice, Bob Maurer, and Gary Kreypert.

A ceramic sculpture by Southern Illinois Art director Nicholas Vergette, has been bought by the Wichita (Kan.) Art Association Gallery. The amount of purchase was not made public.

The sculpture, titled "Elemental Times," has judged the best work in the 17th annual National Decorative Arts-Ceramic Exhibition recently held in Wichita.

It was the second time in the past three years the SIU artist has won the award. Vergette, assistant professor of art, is also one of 36 U.S. artists invited to show work in the exhibit, "Artscapes Architect," currently on display at the Museum of Contemporary Crafts in New York.

Application Required For Teacher Certificate

Students completing certification requirements for teaching in Illinois in an approved teacher education program should fill in application for certificate entitlement, according to Sue Eberhart, Recorder.

The applications are available in the Registrar's office. Failure to fill them out promptly could result in a delay in issuing teaching certificates, Miss Eberhart said.
Kennedy Promises To Keep Out Of Price Setting

WASHINGTON -- President Kennedy told the nation's businessmen that his administration seeks to preserve a stable economic climate that will keep the government out of price-setting.

"We have many burdens in Washington -- we do not want the added burden of determining individual prices for individual products," he said.

The President addressed the 50th annual meeting of the U.S. Chamber of Commerce in Constitution Hall. It was Kennedy's first appearance before a business organization since his epic battle with the steel industry.

Kennedy was greeted with a rising ovation as he entered the hall, although many of the 4,000 delegates and guests did not join in the applause. At the end of his 20-minute speech the President received heavy applause. "This administration, I assure you, shares your concern about the cost-profit squeeze on American business," Kennedy said. "We want prosperity, and in a free enterprise system there can be no prosperity without profit."

WASHINGTON -- Senator Paul H. Douglas, D-Ill., made a last-ditch attempt to keep already-present bulldozers from removing sand from the Indiana Dunes.

Douglas, sponsor of a bill to establish a 9,000-acre national lakeshore in the dunes, is in a battle with the Indiana administration, which wants to install a harbor and steel complex at Burns water-way in the dunes.

CALIFORNIA -- X15 pilot Joe Walker shot a record 48 miles into space today.

Climbing at 3,600 miles an hour, he achieved the steepest angle the plane has yet tackled -- 38 degrees. Thirty-three degrees was the previous steepest.

"The success of today's flight means there is no chance that we can put a winged vehicle in orbit an land it as I did today," Walker told television.

BRAWLEY, Calif. -- balloon carrying three men a hoped-for world record distance flight to the East Coast took off Monday and promptly headed southward toward the Mexican border.

But the three balloonist expected to be blown eastward by other winds where they reached 10,000 feet.

ATHENS, Greece -- For equal and defense ministers of the North Atlantic Treaty Organization nations meet this week for another attempt to work out a control system for a supranational nuclear strike force.

OXFORD, England -- Oxford University got an invitation from California Monday to take part in an elephant race.

Everton Moore, who styles himself president of Orange County California State College's Elephant Racing Club, told Oxford officials by letter 18 other universities have been asked to compete.

"Many colleges are seriously considering dropping football because of the cost," he wrote. "We feel that old plant racing is the ideal substitute."

LONDON -- President Kwame Nkrumah of Ghana an Pablo Picasso, the artist, have been awarded Lenin Peace prizes for 1961, the Soviet news agency Tass announce today.

BERLIN -- Both Communist and Western authorities are taking precautions to prevent trouble along the wall during two rival May Day celebrations today.

In Red-rulled East Berlin tanks and guns of the East German army will rumble through Marx-Engels Platz. The Communist press has promised circus elephants and horses as an added attraction.

Little more than a mile away thousands of West Berliners will mass near the Red cement and wire barrier to hear speeches under a huge signboard reading, "Freedor knows no walls."

Officially, both sides war to avoid trouble.

SPRINGFIELD, Ill. -- Rescue workers Monday found the body of a student about four hours after the roof of an old section of McClernan grade school caved in during a severe windstorm.

The youngster was identified as 12-year-old Gary Kelleher, the only one reported missing after the storm struck.

"The only time we are called to account for all we do is when we want to complain." — Ralph Waldo Emerson

Recently, students were given $15,000 by SIU's security office and the International Association of Drinking Water Suppliers. The money was used to fund a new facility on campus.

Several students have complained about the lack of proper facilities on campus, especially the lack of dining options near the dorms.

One student said, "I'm tired of eating in the student center. It's always crowded and the food is too expensive." Another student added, "I wish there was a place on campus where I could get a good meal for under $10."
Are Conservatives Revolting Or Irrelevant?

Reviewer Questions Strength Of Campus Conservative Movement

Mr. Evans, twenty-seven years old at the time the book was published, was chief editorial writer for the Indianapolis News and later was managing editor of the paper. He seeks to establish the existence of a growing conservative movement among American college students. He holds that this conservative movement must be seen against the backdrop of monolithic liberal domination in economics, politics and, especially, educational institutions. Thus, he documents by statements from courageous young conservatives from such hotbeds of leftist sentiment as Marquette, Rosary, and Notre Dame (52-53). It has been responsible, for such recent books as khi ganitic (147), illegitimate pregnancies (205), defense of civil liberties (217), and historical study of the Bible (4). It is possible that some of us have not seen the interrelations of these phenomena, or have not placed them all on the same level of value. For many persons the book should prove instructive.

Mr. Evans's case is made somewhat easier, however, if he decides not to define conservatism or liberalism (11). Those he calls conservatives are given the rule of liberal on one count may find it hard to be damned on other counts as well, for position, consistency, or principled holding. But like others whose views he finds congenial, Mr. Evans is not bound by the facts. In fact, many liberals hold few of the views attributed to them by his logic, assuming that the other side is dishonest and irresponsible, and respects the intelligence and character of those with whom they must disagree. This kind of logic makes it possible for Mr. Evans to charge liberals with both per­missiveness (which he defines as mitting free speech (which Mr. Evans elsewhere defines as freedom)). With terms so loosely defined, it would be hard to deny that some so-called liberals have lacked moral discipline or that another so-called liberal has failed to uphold free speech. But surely some liberals are cons­ciously and honestly mistaken in their sensitivity demands it to seem. Conserva­tists, Mr. Evans says, are mistaken by dismissing such liberals as "do-gooders" and "bleeding hearts."

This unwillingness to enter into serious dialogue casts some light on the cases which Mr. Evans claims as failures by liberals to grant free speech. It must be noted that Father Hugh Halton (220-220) was not asked to leave Princeton because he exercised his right to free expression of his faith. He sought to deny this right to others. When he was successful he became so attached toward those who defended academic freedom that he alienated members of his own faith. His personal abuse of Jacques Maritain, considered by many to be the most distinguished Roman Catholic philosopher, scarcely makes Father Halton a martyr in the cause of free liberty.

Library can be criticized if they do not see that they have a duty to preserve and extend academic freedom, as well as a right to enjoy it. But at least they can be sold to the highest bidder is to confirm everything possible. His charges against capitalism and ideology. Many who disagree with Mr. Evans's views, share his concern for the spiritual and intellectual welfare of his students, but will not be converted like others whose views be finds congenial, those with whom they must disagree. SIU Trackmen Win Medley At Drake

SIU won the distance medley relay only four-tenths of a second off the Drake Relays record, a Saturday afternoon victory, after a wet, soggy track.

Coach Lew Hanzog felt second off the Illinois distance medley with a 9:50.8 victory in the four-mile relay for the season's second week.

Hanzog did not enter his team in the two-mile relay.

The Salukis took the distance medley with a 9:50.4 set by Kansas.

With British-bred Bill Cor nell and Brian Turner running the final legs, SIU won by 100 yards.

Jim Dupree, National AAU half-mile champion, built up an early 20-yard lead with a 1:51.1 half mile to start off the relay. John Saunders maintained the advantage with a 48.3 quarter of a mile leg.

While the track was damp and soggy, it didn't appear to bother Bill Cornell as he blew through three-quarters of a mile in 3 minutes flat. It is an outstanding time considering the event was run in the rain and that it had rained all day Friday and again Saturday morning.

Brian Turner, the other half of the British duo, turned the mile in 4:11.4 to complete the 9:50.8 victory in the distance medley. Turner needed a 6 second flat or better last quarter of a mile to break the record. With the crowd cheering him home on the backstretch, Turner, however, missed the record by a second, with the poor footing on the track.

In the four-mile relay Kansas won the event in 16:57 while Hanzog's runners finished thirty yards behind.

Alan Gelso led off the relay with a 4:27 mile and was followed by Jim Dupree with 4:13.9, Brian Turner 4:13.5 and Cornell's clocking of 4:08.9. It was the second time this season that Cornell has run a 4:08 mile and sets up an interesting battle for Saturday night when Kansas' outstanding miler Bill Donson comes to SIU for a dual track meet.

Gurley Pitches SIU To 5 - 2 Victory

Timely hitting and the strong pitching of Ken Gurley led SIU to an opening game 5-2 victory over Northern Illinois Friday at the Interstate Conference tournament. Rain washed out Saturday's scheduled twin bill, leaving SIU with a 2-1 record.

Coach Glenn Hartzog did not enter his team in the two-mile relay.

The Salukis took the distance medley with a 9:50.4 set by Kansas.

Revision of by-laws concerning campus publications were proposed by the Student Council following approval of a $36,000 appropriation from student activity fees for operation of The Egyptian last Thursday night.

The newspaper allocation had been delayed since April 5 while it was determined "whether The Egyptian was a student publication."

Changes in University Statutes to define more clearly the areas of concern to the Journalist Council are to be recommended to Southern's Board of Trustees. The Journalism Council said it has been ineffective in playing a constructive role in development of The Egyptian as a campus communications medium because its relationship to the newspaper was unclear.

In a report to the Council, the Journalism Council said it planned to increase its role as a policy making body for the newspaper, and that "gradual establishment of a policy structure would eventually insure the fullest protection of student interests relating to The Egyptian."

Recommendations for changes in by-laws included:

1. The Journalism Council's name be changed to Campus Communications Council.
2. The new body would be established to advise the Board of Trustees on all proposals concerning newspaper, yearbook and broadcasting media on the Carbondale campus.
3. The new body would establish policy for all SIU communications media as to general goals, content, personnel and fiscal affairs, would serve as a continuing board of review, and would make policy changes whenever it became apparent such changes were necessary.

Student Body President Dick Childers told the Council the proposed changes have a "good chance" of adoption by the Board of Trustees. He suggested that next year's student government establish closer relations with campus publications.

The Council tabled for the third week discussion of a student referendum on increased activity fees, approved allocation of this week's Campus Chest funds, and adopted procedures for campus elections May 7-8.

Changes Recommended
In Publications By-laws

Trustees Name 20 Halls
For Distinguished Faculty

Twenty residence halls have been named in honor of distinguished faculty members by the Board of Trustees.

Some of the buildings have been completed. The others are in various stages of construction.

Five new Thompson Point residence halls scheduled to be completed this fall will be named in honor of: T. W. Abbot, former chemistry professor and dean of the College of Liberal Arts and Sciences; Miss Mary Crawford, late member of the English faculty; Miss Hilda Stein, associate professor of zoology and Robert Fulkerson, secretary of the faculty. Fulkerson will retire this year.

Other designations for Small Group Housing were Leo Kaplan, associate professor of botany who died in 1960; Olivia Beimfoh, late professor of geography; Floyd Wakeland, late history department chairman; Miss Julia Minette Barber, retired assistant professor of English; Edward V. Miles, former business manager, and now an assistant to the president; and Mrs. A. Schon, retired professor of chemistry. Miss Mary Crawford, late member of the English faculty, Miss Helen Shuman, late dean of women; Frank Colyer, late head of the geography department; Wellington Thalman, retired director of the Child Guidance Clinic; Norman Caldwell, late professor of history; Miss Matilda Salter, the University's oldest emerita and first head of the art department, and Maurits Keslar, first Southern Illinois Symphony conductor, who died five years ago.

Frank talk about your hair: Vitalis with V-7 keeps your hair neat all day without grease.

Naturally V-7 is the greaseless grooming discovery Vitalis with V-7 fights embarrassing dandruff, prevents dryness, keeps your hair neat all day without grease. Try it!
