1932 OBEISL IS AWARDED RATING 'GOOD' BY N. S. P. A.
ANNUAL RECEIVES 800 POINTS OUT OF POSSIBLE 1000

Margaret Hill (3), editor of the Obeisl, has received word from the National Scholastic Press Association, Minneapolis, stating that the 1932 Obeisl, of which Donald Payne, former student, was editor and Richard Cooper (2), business manager, was awarded the Second Class Honor Rating—Good, receiving 897 points out of a possible 1000.

In order to acquaint the students with a summary of the Scholastic Press Association score book, the Egyptian publishes the following information.

Last Tuesday night the Y.M.C.A. and the Y.W.C.A. held a joint entertainment in the new gymnasium. Sixty-seven members from both societies were present in spite of the rainy weather. The evening was spent in games and stunts, in which the ladies won the majority of the prizes. The evening was such a success that it was decided to have more and a benefit dance for the near future. A Fellowship banquet for both organizations will be held on November 15 at the Presbyterian church. Dr. Willy C. Swartz will be the speaker of the evening. Anyone who is interested may purchase tickets from the members, either organization for 5 cents.

At the meeting of Y.M.C.A. the program will be in charge of the League of Women Voters. They are to present an interesting discussion of the political situation.

English 300 To Be Course in Writing Under Miss Power

Although the English department has been planning several new courses in the winter term, it has made an interesting revision of English 300. Previously the course had been primarily for those who had not done any course in English 4.

The course will be an advanced course in writing. It will cover only those senior college students who need it to fulfill their requirements, thus leaving the course open to those with wish guidance in the art of writing. Under the instructions of Miss功率, the following types of magazine and newspaper articles will be prepared: interviews and personal sketches, editorials, literary criticism, the familiar essay, and descriptive and narrative articles.

The Chemistry department is continuing its new series of courses in physiological chemistry. Mr. R. A. Scott will teach the course, Chemistry.

Between the Lines
By B. M. G.

The Sphinx Knows.

It's worth singing up to time to see the result of expression on Mr. Jacobson's face.

About the man with the gray hair. For he reminded it of the Peg.

"Peter, Peter, what's the matter." "Do you know that some things are hard to explain?"

Jim Stolar is ladies' helper in the room of Dr. Stone and Statements of Profit and Loss. Mr. Mills doesn't approve of it.

"I'm jealous of Margaret Mifflin. This plane's not more than three times.

A girl who thinks Eddie Anderson isn't hard to explain. I'm afraid she's going.

Regardless, I'll take over on her novel as the other day and give that speculative check of expected discussion questions.

Jim Stolar, Max Heinman, John L. Bill, Jane Shaw played cowboys and indians Wednesday night. For a week, more than the Delta Sigma with a dance war and faceless and it is true.

The Sphinx Wonders.

Can you feature Max Green as an "inadequate-looking" American? What a price for it, a good price for it.

In the column is this section of Dr. Swigt's Political Science text, the other.

What Bert Hamilton and Genevieve Snider have, if they got their minds punched.

"It would be great to see a square dance down there.

Can you swallow a stomach punch?" Political Science students can't.

Dear Sphinx:

Back again, you who went to the clump, had a 720 clump. You can get up on a table, you can hire someone, you can have your own place. When you're away from there, you have to set up a small, must be in the Delta Sigma. It gives you a chance.

"I guess I'm just not in it, but I do have to help them make a living?

What did you have in mind? It's time for the play to come in.

Kellie Randel."

The Brave Hunter

The other day we were crossing the campus in the blistering heat that we were wearing in the absolute safety which we have learned to think and care for the nearness of things. What a price for it, a good price for it.

I was sorry that our impulse was to commune verbally with this brave little visitor. His attitude was so receptive. Undoubtedly, within the next instant, we should have been passing the time of day. But our hopes were suddenly shattered by the sharp report of a object whizzing past us and striking the ground about three inches from the squirrel. The window; without hesitating for a reason, raced for the nearest shot and came in. Two fives towards us and stood at attention as though in silent salute to our recognition of its right to exist.

Girls Battle To

Semi-Finals in Tennis Contests

Although the girls' tennis tournament was expected to go into the semi-finals, and even the finals this week, the bad weather spoiled play and it will take longer than was expected to play off the remaining matches.

Comparatively few of the matches scheduled for last week could be played off. However, the results of those contests were as follows:

In the doubles:

Linden-Pullen defeated Schroeder-Slaupes in a 6-4, 7-5. Hauss-Stupowskie defeated Blount-Patterson, who will now play Werkmeister-Keller. The winner of this match will play with Taylor-Wilson to determine who shall go into the finals with Palma.

In the singles:

Brun defeated Hauss, 6-0, 6-1; Huston took Grant, 6-1, 6-2; John took Adams, 6-1, 6-4; and Toy defeated Keller, 6-0, 6-1.

A ping-pong ladder tournament is also being run in the girls' gymnasium under the supervision of the W. A. A. ping-pong, Manager Anderson (2). Thirty girls have entered this competition, which

Volley Ball And Hockey Tourneys To Start This Week

The annual volleyball and hockey tourneys for college girl's will start this week after clinics. There will be five volleyball and four hockey teams in competition in the two tournaments.

In volleyball, there will be three freshmen teams and two upperclassmen teams. Each team will play every other team once. The three freshmen teams will be named after the freshmen houses: Ross, Longwood and Laraby. The upperclassmen will be led by Maurice Taylor, the captain of the tennis team, who has shown best form in the doubles for weeks. The varsity team, which plays its matches in the gymnasium, will now play with runs.

The varsity tourney will be a series of games probably starting Wednesday. The upperclassmen will play with runs.

Seventy-two Girls
Are Reporting Each Week for Volley Ball

A large group of girls are responding to calls for after school practice for volleyball and basketball and the suspense of the W. A. A. each week. All girls who come out for these practices usually make one of the teams and by so doing earn between 70 and 100 points to apply on their W. A. A. sweepstakes. For volleyball practice, on Tuesday and Thursday, a group of 42 freshmen and 22 upperclassmen report to the volleyball coach, Miss Aileen Carpenter. For hockey, about 19 freshmen and 22 upperclassmen are reporting to Miss Frankie Steiger and Mrs. Dorothy Mussey on Monday and Wednesday afternoons. However, there is need of at least eight more girls to complete the teams, and Mrs. Mussey urges that all girls interested report work this week for practices. Later in this month captains will be elected and teams which will compete in tournaments in both sports only in November will be chosen.

The fall tennis tournament is now in its second round in both singles and doubles. This tournament should be finished within the next week.
