## MEET THE SQUAD

Whenever we see a pile-up on the field of battle, (that is, talking about football), we wonder who our fellows are that are mixed up in it. And often occurs that the vast majority of the students do not know the individual members of the team.

Now it is manifestly impossible to bring each and every one of our Mau­ness and White warriors around and give each of you a personal introduction to them. You'd forget half of them if we did, or at least you would assume that the ones from Carbondale make them, and fall right off the team, all tangled up. We can do this, however. We can tell you who they are, and what they come from, so you will at least feel better acquainted with them if they were names and nothing more. The vast majority of them are native Car­bondaleans. (Apologies to Mr. Shry­ock and Miss Hickman. Of course, the two most awe-inspiring are Tom Entsminger and Walker Schwartz. Two very illuminating examples of the beef trust. It doesn't feel very nice to have either of them run over you. Next in importance, perhaps, are the two Hoffmans, Nyle and Otis, otherwise, Skunk and Cut-out. We always mention them favorably because they frequently pick us up and ride home. Then little Monroe, with the deep bass voice, otherwise known as Busy Myers. Ed (Greaey) Carter, is our fair-complexioned little half­back. (He's going to mask as a girl Halloween), and some of the boys (craziest about him), are the Schircks, Young­blood. (called Joseph by his mother) are our sub-quarterback.

Denny Lee is a fast little Halfback in Schirck's class. Walko­boos is a long, drawn-out, good Boy, and Add to these the illustrious, (illus­trious-to-be) names of Neeler, Hamilton, Willoughby, Hendy, and others too numerous to mention, and you see that the people from Carbondale make up the major part of the team. Many of these boys are Junior High, Champs of previous years.

Next probably to the Carbondale group in number at least, are the Murphysboro boys. We have four of them, Clark, Quarterback, who answers to the name of Lewis, Leo Gard­ner, our clubby Center, John Winn, red-headed Halfback, and all the boys (please don't notice the spelling), I'm in a hurry), his hair, and Harold Fel­lix Miller. This is the Murphysboro High School's contribution. Thank you.

Ted Carson, Captain, comes to us from Staley, (that says it in Illinois; it isn't on the map), well recom­mended by the minister. He deserves a whole page, but lack of space forbids giving it to him. Lapham and Flisch­tel have not yet said where they were from, but Lapham's married, and it is our personal opinion that there is no place like home.

---

## FORMER ADV. MANAGER AT ANNAPOlis

George Wilson, who was Adv. Man­ager for the Egyptian last year, passed both the mental and physical exam­inations for the U. S. Naval Academy at Annapolis, and is now there in the academy.

William Ashley, Jr., who underwent a serious operation at the hospital several weeks ago, is improving nicely. Ashley enrolled the first of several but was taken suddenly ill with a severe attack of appendicitis a few days later.

---

## FORMER ADV. MANAGER AT ANNAPOlis (continued)

Ted Carson, Captain, comes to us from Staley, and plays Center position, when he isn't hurt.

Space forbids the introduction of any more of the members just now.

---

## THIRD GRADE WEINER ROAST

A Ninth Grade weiner roast was held about a mile south of town near the bluffs and was char­tered by Miss Entrsminger.

The class met at 4:30 on the evening of October 26 and was taken to the ground of cars. On arriving a fire was built and weiners and sausages were played suitable to the occasion. The weiners were then roasted and deli­vered in true picnic fashion.

After the weiners were devoured, stories were told and songs were sung. Everyone enjoyed himself immensely.

---

## MISS MYRTLE HILL FOUND GUILTY

Last Friday night in Surruic Orim­ers Court, Miss Myrtle Hill was found guilty of a serious charge. Ruth Norris brought out against Myrtle Hill for intimidating the affections of her husband, R. D. Warren.

The brief for the defense was read by L. C. McNally and London Hand­ford. The prosecuting lawyers were Marion Lanphier and Chris St. John.

The trial ended in a verdict of guilty. Myrtle Hill was immediately sent to jail, and the case was handed over to the Sheriff.

It is reported that the program committee is planning more treats that are different.

---

## EIGHTH GRADE PICNIC

The Eighth Grade enjoyed a picnic char­tered by Miss Sheridan, Thurs­day, Oct.

The picnic party started about four o'clock and went to the bluffs about 5 miles south of town. When the crowd arrived, a fire was built, over which weiners and marsh­mallows were roasted. Fine, school spirit was exhibited.

---

## NOW MRS. NORFLEET

Miss Gladys Winchester and Mr. James M. Norfleet were married in Los Angeles on September 6, 1921.

They now reside in Ruitersfield, Calif­ornia, where Mr. Norfleet is employed with the Woolworth Co.

Miss Winchester finished U. H. S. last spring and is well known here.
THE ILLINAE

Listen, girls! Do you know what the Illinace is? Yes, it's the girls debating club. You're not interested? That's just it, why aren't you? The purpose of the Illinace is to give practice in debating and parliamentary law. Also to cultivate a taste for good music and literature. Often you are called on to debate. To do so will take practice. There is just one place to learn the Illinace. Then something you are going to need to be familiar with parliamentary law. If you think we will win, but consider this. Don't you ever expect to have to get up and lead a meeting? It may be a good idea to get a little practice. We may be able to use this chance to get to know each other. And when you return, it will be a good thing to have your work done and before you. Any work done in the Illinace is worth the time. It will not be the last, by any means, for the Illinace is a lively one and expects much more during the year.

PEANUT PARTY

The Y.M. and Y.W.C.A. started early on their work to make this the best year in the history of the associations. They began their activities early by giving a peanut social in the gymnasium on Tuesday night following the opening day of the term. The program was carried out in all the games, and peanuts and apples were served as refreshments. There were more than three hundred present and they all seemed glad to do it for this year.

MAC

If you're feeling on the bum
Tell Mac.
He'll begin to make things hum.
Old Mac.
If the clouds come off your shoes,
If your shoulders pads you lose,
If you're down, and get the blues.
Tell Mac.
It's the proper thing to do
Tell Mac.
He will fix it up for you.
Will Mac.
If you're willing to confess,
All about your dire distress,
He will straighten up your mess.
Tell Mac.
The spirit, at least, if not the letter,
of the foregoing is true. Wm. McAndrews, although the bigger part of his name is quite superfluous, as far as the fellows are concerned. Coach.

CONDITIONS ON THE GRID

The football season has opened with a rush. So much of a rush, in fact, that many of the players have been injured at the outset. It is to be regretted deeply, but inesitably this is a part of the game, and although it seems as if the boys were getting a little more than their share, undoubtedly bad luck cannot hold. The team has been especially fortunate in the injuries to back-field men. Schwartz, who was injured early in the practice season, has sustained an extremely bad injury in the shoulder of a torn ligament in his ankle, and may be out for the remainder of the season. Wynn, Clark, and Carter have also sustained injuries which may or may be lessened sometime. Hamilton, as yet, has been pretty lucky, and escaped with nothing more serious than a strained elbow. Some of the linemen are also complaining of strained muscles and pain in various regions. Oliver, a new recruit, with only one day's practice on the field, was sent home with a broken collar bone. It is hoped to have him back in time that Fortune will smile more favorably upon us in this respect in the future. The squad has been settling down this week in an extensive effort to develop passing ability, as this is recognized to be one of the team's great needs. The members of the squad as a whole, are also rather bad on blocking and interference, and this is being worked upon more steadily than before.

It is needless to say, perhaps, that the football season is now in full swing. The students of this school are sufficiently alive to be aware of that fact, at least. Elsewhere is given an account of the Shorter zinc, which goes on next week previous to this, a practice game with Seneca Athletic Club's results of a tie in a tied score, etc.

In this line of thought, it seems to be No. 1. That students of of the Y. W. C. A. It was also suggested that in the name of Shorter only a little of the worst kinds, not more than six to seven or eight, and by that I mean, without having caused our goal line. Such a team deserves the honor of support that can be as is able to give it. Each of the men on the team are wailing, and I mean wailing, in the fullest sense of the worst kind, and it is, of course, those very men, who are the most truly representative of the game played on the Shorter field. The day has come as the day of the students sold season tickets, and great credit is due to them for their good work. But the big majority of the school is for, in the crowd that watches the games, and that is all. What should be their attitude toward this undertakings.

A correct, or even an estimated, percentage is not in hand of the students who are induced to attend school through its athletic life. But, undoubtedly, it would be no small one. The qualities of true sportsmanship, of fair play, of ambition, and the throwing oneself into a game with whole-hearted energy—of hitting the line hard—are all developed in athletes. Who shall say that these qualities are not necessary to the daily life of men, or women, as the case may be? The Great Game of Life requires these things.

As the season progresses, those students in the school who do not attend will have the right to support the S. L. U. T. along this line. We are all proud of our team, our school, and it even makes us proud of ourselves when we see a sturdy Masonic. White representative go over the line with the pickax on his chest. It makes you expand with a sense of pride, for being a part of a great organization that can produce and maintain a team like ours.

Let us really be proud of our team—and boost it. The support of the students is essential, and we believe it is forthcoming.

The conclusion is backing athletics to the limit. Are you?

THE FIRST MEETING OF THE Y. W. C. A.

The Y. W. C. A. was very fortunate in having at their first meeting, Miss. Jones, who was for ten years on the National Board of the Association. Her talk was "The Purpose of the Y. W. C. A." Many of the girls did not realize the ideals and far-reaching influence that the organization holds. This was especially encouraged in the organization could be done. She also showed the importance of joining other clubs, and following the following quotation:

"Impression without expression is illusion. Impression with expression is inspiration." This made her talk a real eye-opener for the girls. She also discussed the men's side of the Y. W. C. A.

1. To lead students of both sex in thought through Jesus Christ.
2. To spread their growth in Christian faith by word and action.
3. To lead their children to Christ by Example.
4. To lead them into minds and hearts in the Christian Church.
5. To lead them into the church and to Christ by Example.
6. To guide themselves in united effort with all the men and women, so to make the work of them effective in human culture, and to involve the religion of God into all the world.

"Whispering House" was sung as a duet by Misses Adele May Ross and Elizabeth Wier.

The first issue of The Egyptian has been issued this week under difficult circumstances. To make this paper a success, the cooperation of every student in school is needed. We feel confident that your attitude is going to be such as to make this paper one of the best to be looked for. In handing in items to be printed, please write legibly and only one side of the paper. Get your articles in early, placing them in the box provided for the Egyptian. You will find this box in the west end of the main building. All writers of these articles please sign their names if you do not want your name published.

A STUDENT ENTERPRISE

Your school paper, "The Egyptian", starts on the second year of its existence under favorable auspices. Last year's paper proved to be a very successful experiment, and the "Key Issue" has now become an institution.

A constitution and by-laws for the control of the paper were adopted last June and the Board of Directors was ratified by the Student Council. This constitution provides for the election of a Board of Directors, one from each class. Full control is vested in this representative board, which, with the cooperation of the student body in all matters pertaining to the paper, will work to the benefit of the entire student body. The Editor, the editor, the associate editor, the members of the executive board, and the business manager, have all been chosen carefully in order to carry on the work efficiently. The "Key Issue" is therefore the most popular and is one of the leaders of the student body.

The Egyptian is distributed every week at the main building and at the offices of the various organizations listed below.

AN EDITORIAL ASPIRATION

We hope to make a better "Egyptian" than we have had before. We hope to make it meet your expectations and satisfy your enthusiastic endorsement at all times. Our success must depend in larger measure, however, upon the cordial support of the students. The staff can do its best work for you only under the inspiration of your boasting. Be a Booster!

OLD FRIENDS

We are glad to hear from former students and alumni. Personal items of this character are of great interest to all our readers. Help us to keep the columns of the "Egyptian" a clearing house for alumni news.

Directory of Advertisers

Without the generous support of our local merchants and advertisers this paper would be financially impossible. Help your paper by giving them your trade. Tell them you appreciate their support.

THE AGORA

It is a foregone conclusion that those students who have attended this Normal and finished the course without having affiliated themselves with one or more of these literary societies, connected with the school, failed to take advantage of vast opportunities. The Agora Debating Club is one of these organizations. It was organized only a few years ago by a merchant of students; it has since grown to where it stands on a par with its kindred organizations.

No Normal student wishes to begin his life work without having some degree of skill as a debater, without a thorough training in public speaking, and without a knowledge of parliamentary tactics. Such students enter the professional world under a handicap. Begin now, and get this training. Those who are considering joining the debating club may get additional information concerning the Agora by asking a member of the organization or by attending the regular meetings, every Monday evening at 6:30 in Memorial Hall.

B.Y.P.U.

All Students Are Invited to Attend the Services Next Sunday at 6:30.

ON A SMALL SCALE

The baby had been through a siege of chicken pox, and when the minister's wife met the baby's sister Jane she asked as to his health. "He's some better," replied Jane non-committally. "Very much better, I hope," said the minister's wife cheerfully. "Well," answered Jane, "he couldn't be much worse; I'm afraid there isn't very much to him, you know."

TAXI and TRANSFER

Attention! Teachers and Students! I want to impress on your minds that I have always taken special interest in your patronage in the taxi service, and now I have added trucks to my service. I earnestly solicit your trunk flanking. Be sure to call me at the end of the term. Don't forget to hold your checks for me on coming back for new term.

EARL NOEL, Prop.
MISS BRADLEY RETURNS

Miss Ruth Bradley, formerly teacher of piano and acting head of the music department, has returned from Europe where she has been studying with the famous piano teachers for several months. Miss Bradley studied in Paris with Goltstein and Pellegrini, both internationally known.

Miss Bradley is regarded as one of the coming pianists of the day. Aside from her teaching in Rush Conservatory in Chicago, she has been doing quite a good deal of concert work.

Her first recital of this season will be at the Kimball hall in Chicago. Later Miss Bradley and Mrs. Sugrue, who is a concert singer, will tour Illinois filling a number of concert engagements.

The following are serving as reporters in the organization department. If you know of anything that belongs in their line hand it over to them.

S. I. N. U. HOMECOMING SET FOR ARMISTICE DAY

It is intended that Armistice Day November 11, shall be a red-letter day in the history of the school this year. The big feature of the day, of course, is the home-coming of former students of the institution. We are told that every student of this institution who can possibly do so, make it a point to be with us on this day.

Probably two classes will be held in the morning and two before Chapel Hour. Special Exercises will be held in the Auditorium, at that hour, and continuing probably until 11:00 o'clock. Then in the afternoon, it is hoped that everyone will turn out to witness the football game between the Normal and Cape Girardeau. It is certain to be a closely fought game, and it will again be another of the big features set for the day.

One of the special features scheduled tentatively, at least, in the appearance of all the secretaries in uniform, there will be 36 in the student body, according to the registration cards, and four faculty members.

More definite announcements will be made later. All the students who know of graduates with whom they can get in touch are especially urged to let them know of this, as it is manifestly impossible to notify all of them in the proper way. Those in charge express the hope that the members of the student body will cooperate with them in this manner.

FACULTY NOTES

Pres. Shryock lectured last week at division meetings of State Teachers' Associations at Galenburg and Moline.

Last Thursday and Friday Mr. Wham delivered addresses to County Teachers' Organizations at Decatur and Harrisburg.

Mr. Peet and Mr. Smith were in Murphysboro last week lecturing to Jackson County teachers.

Mr. Blackford is on a personal invitation to deliver a lecture at various Farmers' Institutes in southern Illinois.

Mr. Fey went to Nashville last week to give a series of lectures.

W. O. Brown was in Veedersville last week and on Thursday. Freeman lectured to the form of Pulaski County.

Miss Grace Jones of the Home Economics Department attended a meeting of the State Home Economics Department at Chicago.

Mr. Wilcox went to Harrisburg last Saturday before a football game.

William A. Andrew went to Olney last week to referee a football game. Of course everyone wished the boys to McKenzie this week.

S. I. N. U.

NORMAL-SHURTLEFF, 7-7

A large delegation of enthusiastic football fans was on hand Friday, Oct. 11, to see the S. I. N. U. open their football season for the first time ever. The first quarter of the game was played between the Normal and Cape Girardeau. It is certain to be a closely fought game, and it will again be another of the big features set for the day.

The half of the game was an indication of the excellence of the contesting teams. The Normal boys and the visitors in turn would get the ball, gain a few yards, and in turn would be forced to turn it over to their opponents. Either by a fumble, of which for some unknown reason, there were many, or by failure to make their distance in four downs. The half ended with the score the same as when the game started.

In the third quarter, however, the Normal boys hit their stride. Early in the period, after the kick-off, the Normal boys gained 30 yards on a punt and in turn held the ball for 5 minutes. The Normal boys then moved downfield and scored a touchdown. The Normal 7-7 was agitated by a short play from the Shurtleff line, and the Normal boys were unable to score again.

Shurtleff's defense was strong and they held the Normal boys to three yards. In the last quarter, the Normal boys held the Shurtleff line to a touchdown, but the Shurtleff boys held the Normal boys to three. The game ended with the score the same as when the game started.

The Normal boys were victorious in the game, with the score being 7-7. The game was played in an excellent manner, and the Normal boys were the victors in the game.
**THE EGYPTIAN**

**Y. M. C. A. TUESDAY, OCT. 25, 6:30**

The Y. M. C. A. will meet in the Association hall. All members and young students are urged to be present. The talk will be on "A Budget of Time," something all students should be interested in.

On Nov. 1st Mr. Wham will address a joint meeting of the Y. M. and Y. W. C. A.

**AG. CULB, WEDNESDAY OCT. 26, 7:00**

Music ................. Alice Telford
Why I am taking the Ag Course .............. Ardie Hagarst

The place of the hog upon the farm .......... Guy Weatherby
Optional ............... John Wright
Suggestion to beginners in hog-raising .......... Emmerson Hall
Necessity for Sanitation and Ventilation about the Hog ............ Dr. Kell McCullough

**ILLINAE TUES., OCT. 25, 4:15**

All girls are cordially invited to attend this meeting. The program will be posted on the Bulletin Board.

A letter from Don C. Moss '21 reports that the Royalton Schools are starting off in fine shape. Don is superintendent and George Wells '21 is principal of the high school.

---

**ANTHONY HALL**

Mr. and Mrs. Hanna took supper with their daughter, Miss Ruth, one day last-week.

Miss Violet Spiller and Miss Gladys Smith spent last week-end in St. Louis.

Dates ONLY on Friday, Saturday, and Sunday nights.

Miss Edith Griffin motored from Cobden last Tuesday afternoon and spent a few hours with Miss Ruth Keith.

Anthony Hall goes 100 per cent for the "Egyptian".

Miss Bessie Corgan spent the week-end in St. Louis visiting relatives.

Miss Sue attended the shower which was given for Miss Holmes on Tuesday evening.

In Anthony Hall on Saturday morning—Every girl dressed as a real working girl with a broom in one hand and a mop and bucket in the other.

The occupants of Room 45, Arline Chappie, Norma Keen, and Velma Harrison, were very excited on last Thursday evening when they discovered that they were locked in like prisoners. Early in the evening they had placed the key in the lock and turned it, so that no one would enter while they were talking over a secret. Soon they became aware of what had happened. The key refused to turn, and the door refused to open. On climbing up to the truss they called for help, and with the aid of every girl on the third floor they were safely rescued.

**ILLINAE**

The first meeting of the Illinane during the new term was held Tuesday afternoon. The platform for Gladys Broyles was much enjoyed. A lively debate on the popular subject, "Should girls wear Knickers?" was borne triumphantly away by the affirmative.

The Y. W. C. A. Cabinet met a week-end conference, Oct. 1 and 2, at Thompson's Lake with Alice Barrow as hostess. The cabinet felt very fortunate in having Miss Florence Pierce, Student Secretary of the Central Field Division of the Y. W. C. A., with them at this conference. Plans for the year's work were made, and all the girls came back to town with a broader view of their work and a more vital interest in the association work all over the U. S.

**ZETETIC NEWS**

The Zetets are back on the job. Many of the old members are back, and also many, new ones including a large number from Anthony Hall. There is every reason to believe that the society will this year surpass any attainment reached in the past.

The opening program was given October 7th and the hall was filled to capacity. Friday, Oct. 14th, the play "Ouip" was featured. A regular feature of the program is an orchestra composed of several veterans from the regular school orchestra and other less talented and experienced. Come early and be entertained by music before the program begins.

Every one is cordially invited to attend the meetings on Friday nights. A special invitation is extended to the new students who are busy as to the noise and music society. We try to produce the best programs found among the organizations. All programs are planned with the aim both to entertain and instruct the audience.

Pay the society a visit. If you like the work have your name placed on the Zetetic roll, you will find it a pleasure and an advantage.

**SOPHOMORES HAVE WEINER ROAST**

October 18—Over one hundred-fifty sophomores gathered at the Normal gate at 6:30 P. M. Tuesday for a hike out to the "Bluff," where a fire was made and everybody husled himself with roasting weiners and marshmallows. After the eats, all joined in a grand goose march with our chaperon as leader, and paraded over the hill. After the march, games were played until they started for home at 9:45.

The Sophomore class has been well organized and all officers have been elected. The following were elected for the ensuing term: President, Edward Devor, Vice-President, Homer Layne; Secretary and Treasurer, Frank Kenbo. Our representatives for the Student Council and "Egyptian" Board are Velma Turner and Melvin Lockhard.

**RINGS AND SWEATERS**

The ring committee of the H. S. S. class, consisting of Max McCormack, Alice Barrow, and Warwick Jones, have selected a very attractive class "hat. It has the shield effect and the raised lettering, with "H. S. S. '23 on it. The ring may be had in either the plain or the white gold. All measurements should be left at Weller's at once, as the order will be sent off in a few days.

The class color scheme will be followed for the sweaters. They will be white with black numbers. See one of the following about your sweater: Mary Youngblood, Vaylon Patterson, or Emile Kerstein.

**AGORA**

The meeting will not be held next Monday on account of the Halloween Celebration.

---
