FACULTY OFFERS REVISED FRONT FOR FALL TERM OF SCHOOL YEAR

Drs. Cramer and Tenney Added to 1931 Teaching Force

Important changes have been made in the personnel of the college faculty for the coming school year. Two new additions to the faculty have been made: Dr. Margaret F.星光, chairman of the Placement Committee. The percentages of placements obtained for graduates of both the three-year and four-year programs are strikingly high, considering the results advertised by other Normal schools of the state.

As in previous years, a greater percentage of graduates with degrees have been placed than those who finished the three-year course in the last three years. Outstanding teaching and other activities have been secured by a limited number of graduates in the departments of education, history, and art, because of the requirement for experience expressed in the by-laws of the larger schools.

Dean Wham has given much of his time to the placement of graduates of S. I. N. U. and he, with the remainder of the committee, is due the thanks given him by those who received his suggestions.

Administration Announces New Majors

The administration has announced the fact that majors may now be got in the departments of commerce and art. The completion of a year's graduate work on the part of Miss Lu Bernet, an educational administration major, and in the departments of history and art, is significant for the college.

Eighteen Years Have Wrought Changes in Appearance of S. I. N. U. Campus

The progress of S. I. T. C. within the last eighteen years is best shown by considering the marked developments of the faculty, courses, and physical equipment. Eighteen years ago there were only five major buildings and a permanent electric plant. The cost of these buildings was as follows: Main Building, $132,000; Library, $42,000; Auditorium, $18,600; Gymnasium, $17,000; Chemical Building, $24,000; Heat and Power Plant, $5,000. All are located in Jackson County.

The schools are located in Pleasant Hill, Buckles, Pleasant Grove, Wagner, and Rock Rapids. All are located in Jackson County.

Delta Sigma Starts Social Season

The Alpha Delta Chapter of Delta Sigma Epsilon held a house party last Friday and Saturday, September 20 and 21. The activities opened Friday with a Rose bursied through the front yard of the house. The next day the girls entertained at a bridge breakfast at the house from nine to eleven. An artist tea from fourteen to four o'clock was held Saturday afternoon, and the formal dinner Saturday night marked the close of a very successful house party. About twenty girls attended the house party, including the two pledges, Rhoda Map Baked and Mabel Wink, who were pledged last spring.

BULLETIN

Enrollment for the fall term promises to eclipse any previous number entering college for the same period in the history of the school. The Bulletin promises to be of interest to all alumni.

Principles Governing Extra Curricular Student Activities

1. Extra-Curricular Activities Defined.
Extra-curricular activities are those offered in course and for which no credit is given, such as are involved in membership in the following organizations: Athletic Teams and Squads; Dramatic and Debating Clubs; Commercial and Agricultural Clubs; Egyptian and Hebrew Societies; The Student Council; and any other school enterprise which through the consumption of time would result in class work below the minimum scholastic standard.

2. Standards of Eligibility.
The standards for membership in any organization or class work of at least 2.15 average; class work of at least 3.25 average.

I. An Eligibility Committee consisting of three members of the Faculty appointed by the President.
II. The faculty advisor of the respective organizations are required to file with this committee lists of members of the organization, corrected at least every four weeks.
III. Reports of class standing of members are to be furnished by teachers; at the end of four weeks and eight weeks respectively each term, such reports to be made to class advisers who will in turn transmit them to the Eligibility Committee.

The Social Committee of the University comprised of the leaders in student activities--

Miss Mary Entsminger (Chairman),
Dean George D. Wham, Miss Gladys P. Williams, Mr. R. A. Scott, Captain William McAndrews, Miss Frances Etheridge, and Miss Mary Crawford.

The Social Committee is composed of the leaders in student activities; the leaders in student activities are comprised of the leaders in student activities, and the leaders in student activities are comprised of the leaders in student activities.

The Social Committee is composed of the leaders in student activities; the leaders in student activities are comprised of the leaders in student activities, and the leaders in student activities are comprised of the leaders in student activities.

These Rules and Regulations Must Be Observed by Students

No variations are to be made from these rules. Every student—Freshman, Sophomore, Junior, or Senior—must be governed by them:

Registration—Only advisers are allowed to write study cards. Study cards must be returned to the adviser not later than two days after the close of registration. A student wishing to change his program must proceed in the following manner:

(a) Get the study card from the adviser. Ask the teacher whose class he is in, to write classes on the card. Have the adviser write in the new subject. Have the new teacher sign the card. Return the card to the adviser.

(b) To carry only those subjects of more than four subjects, the student must obtain permission from the president.

Student to adviser: "I am dropping the course of my leaving."

C. The student will follow the rules of the faculty appointing for this work the one who was already teaching for the subject. The student may not be permitted to register for the next term for which he registers and, in case he fails to pass in two or four subjects, or either in the next two terms for which he enters, he can register again only upon special occasion from the president.

3. Social Functions—No evening social function, lasting more than ten per minute may be held by any student organization on other than Friday or Saturday night except the evening proceeding a social holiday or during vacations.

Parties given by sorority or fraternity student organizations must not last and in the case of his leaving. in the student was unable to do permission to continue it.

4. Absences—A student is allowed on a permanent leave of absence for the four weeks and he must take a Home Schooling Program or leave on any organized or over a half credit course.

5. Absences—A student is allowed on a permanent leave of absence for the four weeks and he must take a Home Schooling Program or leave on any organized or over a half credit course.

6. Permission to hold evening functions is permitted by any organized student group must be granted by the social committee. Notice of these must be given in writing to the chairman of the social committee at least three days before the date set.

Every organization failing to comply with the function is closed and the function long enough to fulfill the requirement. Procedure with the function without complying will subject those students responsible to discipline.

ANOTHER YEAR

Students, regardless of the year of their entry, are found to be alike in many of their habits. Too often these habits are bad and sometimes lead to the loss of esteem in the minds of others, when a word to the uninform was indeed been over adequate. Those in authority sometimes do not consider the vacuum-like, unfilled persons of whom they accept as having broken principles built up through the ages of school development—and rightly so. The so-called greenness of the freshman is not a trait peculiar to that certain species—it has been known to be present in the graduated student. Obviously, this has been done to protect the value of the letters. The student of the school not to wear high school sweaters or emblems. It is unnecessary to remind us of the principle, the law that cautions students on the campus, is forced to remind those just entering new students.

THE EGYPTIAN.

PRESERVE

BECaUSE

THE EGYPTIAN

LEAVE THEM AT HOME

Each year the "N" club organization of S. I. N. U. lettermen on the campus, is forced to remind those just entering college that there is a rule, a principle, a law that cautions students on the campus, is forced to remind those just entering new students.

PROGRESS—ELATION

Eighteen years have brought unbelievable changes to the campus of Southern Normal. Two decades ago the enrollment included fourteen high school graduates. Those fourteen, looking forward to registering in a two-year course which enabled them to be secondary school teachers. Today the administration offers a college degree from a recognized Liberal Arts college to the high school graduates of accredited high schools. From one building the college has grown to a Liberal Arts College of no mean size recognized by a great portion of the larger universities and colleges in the United States. Now we receive communication from Miss E. J. Smith, a former student, that on her recent visit to Yale University she recognized the letters S. I. N. U. on the placard showing the college's directory. Her elation encouraged us to believe that Southern Normal is a college with a future.

Y. M. C. A.

(Coordinated)

The meaning of "Y. M. C. A." is "Young Men's Christian Association," which we choose to interpret ourselves. For a long time, like the Holy Roman Empire—neither holy, nor Roman, nor an empire—the Y. M. C. A. had been a misnomer. It has been neither great, nor of men, nor of Christian. Now, we kindly advise the powers that be and anyone else interested, that this Association shall be a Youth Movement, that it will not include "women" of either sex, that it will be Christian. The last, "Christian," is to define tentatively in the opinion of modern youth: "The Christian is the person, who honestly tries to live out the spirit and the teachings of Jesus. Nothing more. Nothing less." (J. F. Holliday.) This Y. M. C. A. homes to no one of the ordinary religious formula. Its respect is greater for an honest person than for a "good" person. It is conservative of the good that is in institutions of the past and preserved of the present habits and directions of the youth. It demands a chance for youth to think, unhampered of fear. It advocates the development of the record, to liberalize those youth's ability to work out its religious and live, and trust the spiritual guidance and moral wisdom of the Man of Galilee.

For the last six weeks of the fall term, regular Tuesday night meetings will be open to seven o'clock, in the Chemistry building, third floor. Watch the frost bulletin board for announcements. In these preliminary sessions a series of personal characters will be introduced by the president, R. Watson. Any young man who has the courage and ability to look closely on these matters is invited to come up and become one of us.

The movement will not be tied to any particular time or meeting, however. We are working out a plan for sounding the musculature of the newspaper. We shall be happy to hear the expression that opinion if it is wanted. Success in this will depend upon the whole-hearted cooperation of all the students, with the reporters and the newspaper's supervision of the faculty. More about this later. Problem notices are currently being exploited for those so inclined will be the "free"["rent"]" at scenic places.

The special character of the organization will follow naturally from the fellowship of the men engaged in any or all activities. It is the responsibility of every student to become familiar with the joint meetings and parties of the Y. M. C. A. and the Y. W. C. A. Moreover, it encourages the cooperation of all athletic, literary, debating, and other clubs. The aim of which is the broadening of character and wholesome recreation.

Tell us you the evening of September 15. Are you game?

Yours in a helpful spirit,
THE SPHINX.

Between the Lines
By R. M. G.

A casper fence
Was all that kept
Two wagging tongues
From getting their heads
Together

But nevertheless
It was witness to
The fact that Jim
Who lived next door
Was short for James
And tall for his age
That the family's crop
Of feminineancies
Testified to the fact
That for fewer moths
Than men are starving
In this country of ours.
And this clapboard fence
Was seen to shake
With mortal fear
At the astounding news
That the day of the land
Drinks wood alcohol
But the climax came
When one of the tongues
Said she'd sent her son
Away to school
To keep him out
Of mischief.

But the clapboard fence
Neither gave applause
Nor cranked with laughter
And it seemed quite strange
That even a fence
Could still be bored.

COMMERCIAL CLUB

The Commercial Club during the last school year was one of the most active clubs on the campus. Their programs, given for those interested in commercial work as well as commercial students, were held on Friday afternoons on the campus. The organization meets every two weeks on Thursday evening throughout the school year. Added features on the programs include talks by successful business men and musical renditions by recognized bands.

A paramount feature of each term's meetings is a trip to St. Louis to see the commercial activities at the sisters where business houses and interests are conducted. Commercial centers are inspected, and the club are requested to watch later editions of the Egyptian for news concerning the initial meeting of the club.
EIGHTEEN YEARS HAVE WROUGHT CHANGES IN APPEARANCE OF CAMPUS

(Continued from Page One.)

degree, five. Of those holding the Masters degree, six are within less than a year of the doctorate. Of those holding the Bachelor's degree, five lack only six weeks of the Master's.

Prior to 1913-14 only three persons had received the degree B.Ed. Since that time degrees have been conferred upon 487 candidates. Before the present administration began its work, 470 people had been given diplomas, but the records show no distinction between high school graduation and graduation from the two-year normal course. During this administration 3069 people have received the junior college two-year diploma. Within the first year of the present administration, only fourteen graduates of high schools were registered as college students. All of the other students came directly from the eighth grade. At present, only high school graduates are admitted to college classes, and for the past year, the school has had registered an average of more than 1100 high school graduates against the fourteen students of college rank eighteen years ago.

Clubs - Organizations - Societies

Strut and Fret

The Strut and Fret Dramatic Club is considered one of the most popular organizations on the campus, and last year, a membership of over a hundred students who did excellent dramatic work on the college stage at different times throughout the year.

Its first activity as a club is the annual Homecoming Entertainments. Strut and Fret has entire charge of the Big-Friday-Night-Before. The performances, consisting of original vaudeville skits, song and dance acts, and other forms of dramatic art, represent the best talent on the campus. The club meets every two weeks on Thursday evenings. The dues are twenty-five cents a year, and all who are interested in acting or in teaching dramatic art are invited to join.

Practice in coaching plays is one of the attractive features of the club. "How to overcome stage-fright" is one of the themes to be worked out this year. Parts in plays are invented for those who want to get their acting knees used to footlights. They can stand (or lean) as dumb waiters for their first play, in preparation for the later role of the intriguing little French maid. The English butler serves his apprenticeship as a Victorian hitching post—and so on. In other words the dramatic club is a place for robots to limber up.

Strut and Fret has moved into its new home in the Chemistry Building. There on the northeast corner on the first floor, the members can strut and fret as much as they please, as long as they please, and as loud as they please.

“N” Club

The “N” Club is an organization of long standing. It is made up of Southern Illinois Normal University athletes who have won N’s in football, basketball, or track. Its purpose is to put athletic activities at S.I.N.U., on the highest possible plane and to serve as a standard for other schools. It is also endeavoring to give the members of the teams more recognition for their efforts.

In this view, the members have secured the free ticket rule for the sport he participated in the preceding season. All members who have won four letters in each sport are given gold emblems.

There is an initiation of one dollar, and dues are twenty-five cents a term.

W. A. A.

For the girls who are interested in athletics the Woman’s Athletic Association promises much. It was organized in 1921. Briefly stated, the object of this association is to promote the health interests of the girls of the S. I. N. U. by means of:

(a) Encouragement of health habits.

(b) Promotion of interest and participation in all forms of physical activities which make for health and sportsmanship.

This is not an association just for those already interested in athletics, but rather for everyone. The requirements for membership are slight for this reason. Attendance at the S. I. N. U. for one term, with an average of “C” and dues of 25 cents a term are requirements which are easily met.

Science Club

As its name indicates, the Science Club is an organization of the school for the promotion of science. It was organized several years ago through the efforts of Mr. Colyer, who has since been one of its most ardent supporters. It is affiliated with the Illinois Academy of Science and profits much from such an affiliation.

The Science Club is planning great things for the coming school year. This year it will be under the direction of Dr. Beagall, whose long record of public service is a splendid recommendation for the position.

The meetings of the Club are held in the Science Building once each month—usually Wednesday at chapel period. However, the program and place of meeting are always announced several days before. Membership is open to everyone. There are no fees, and the programs are always interesting and instructive.

When faith is lost, when honor dies, the man is dead.—Whittier.

Agriculture Club

This club was organized in the fall of 1915 with six charter members. It was organized to increase interest in agriculture problems of Southern Illinois, to awaken a desire for knowledge of scientific agriculture, and to provide training in public speaking and parliamentary usage.

Ordinarily among the social activities of the club are a watermelon social during the fall term, a banquet during the winter term, and a strawberry social during the spring term. The Cane and Poultry Show is held during the fall term in the old gymnasium. It is a big event of the year. Any one interested in this form of work may become a member by paying the term dues of 25 cents.

Y.W.C.A. Plans Drive for New Members

The Young Women’s Christian Association is an active women’s organization on the campus and invites all women students to attend their meetings. These meetings are held every Tuesday night at 7:30 in the Y. W. C. A. rooms on the third floor of the new Chemistry building. One of the purposes of the Y. W. C. A. is to present a broadened view of subjects not included in the regular program to its members. This is accomplished through various programs such as book reviews of the latest books and plays, talks on art, religion, music and poetry. Y. W. C. A. members companionship and friendship gained by the individual through meetings in the organization.

The first Y. W. C. A. meeting will be held September 10 and will be mainly devoted to “getting acquainted” by means of a “tongue dance.”

According to a psychologist, people are most efficient at the age of fourteen. Before they go to college.
SOUTHERN TEACHERS START CAMPAIGN TO PROTECT THEIR 1931 LAURELS

TWELVE VETERANS ARE BASIS, FOR NEW SEASON'S ELEVEN

Coach McAndrew and the Southern Teachers squad have begun practice in their attempt to protect the laurels gained last season's work. Undefeated in nine games, champions of the Little Nineteen Conference, twice winners over Cape Girardeau, last year's pigskin tigers have erected something for the new team to shoot at. Twelve lettermen are returning to build the nucleus for the season's squad.

Little is known of the probable reserve power of this season's squad and therein lies the secret of Coach McAndrew's worry. Every year in which the Southern Teachers have developed a successful, winning combination the reserve strength, the power of the "B" team, has been the principle factor in victory. Little is known and little is expected of the reserves this season. That is, unless unexpected candidates for the squad appear from the new enrollment.

The Wildcats completed football practice Monday. The Maroons were one of the eight undefeated teams of the season last season, and their success this season will largely be determined by newcomers to the squad. Only five from last season will report.

Frank Zevald, all-conference fullback, has finished his allotted competition. Robert Duzy, all-conference end, suffered a broken leg in an automobile accident last spring and will not be able to compete. Clarence Harvis and George Storweiler, both guards, have graduated. Robert Fox, tackle, is to enter a medical school. Don Foley and Paul McKinnis will not compete. Foley is to have an operation on his nose, and McKinnis has not yet recovered from typhoid fever.

Harry Canada, center, Albert Patton, full, co-captains will be back to direct the team. Glenn Martin, half, and ex-captain, will be back as well.

CAPT. WILLIAM MCANDREW
Coach William McAndrew enters his eighteenth year as coach of athletics at Southern Normal. That he has lost none of his old grip is shown by the fact that last year he developed his most spectacular if not his best team. Through his efforts the new gymnasium was added to the buildings of the campus. He now has visions of a new athletic plant which will probably be included within the next five years. Although his recent business is expected to take some of the time he spent with his boys on the playing field there is in store one of his greatest years as the leader of Southern's athletics.

"Jim" Lamar. center, partner, and Elizabeth Robertson, tackle, Paul Swoford, who was one of the regular ends last season will also be here to compete. Substitute who saw a lot of "service" last season and who will return are Richard Watson, center; Clarence Heige, quarter; Paul Jean Brown and Clarence Sauerwein, tackle; and Lymial Rockwell and Cannon Stormont, guards.

The Maroons are facing one of the hardest schedules they have ever attempted, if not the hardest. Mount Moriah football team is one of the undefeated teams of the country last year is likely to have another great team, and we meet them on the 2nd of October. We won out on Charleston last season by a margin of two points, and they will be out after our scalp this time.

Lettermen from last year who are returning, and their place of residence:
Paul Jean Brown, Carbondale, tackle. Harry Canada, Marion, center (Captain). Clarence Heige, Carbondale, quarter.
Paul Swoford, Benton, end. The complete football schedule is as follows: Sept. 21—Beloit College, here.

ALBERT PATTON
Albert Patton, the Pacabasahs kid, attended Carlyle high school before entering Southern. Coming from a two-year high school to Carlyle Pat established a rather enviable reputation. In two years he earned six let ters divided evenly between the three sports. He was captain of the basketball team in his last year, and received signals on the eleven.

Pat is approaching his third year as a member of Mac's squad. As a member the two previous seasons he has gained for himself a rather starting record as a line player of no mean ability. He passes, kicks, and directs play with equal abandon.

When the squad saw fit to select Patton captain of the backfield they without a doubt selected the man most capable to fill the position.

MAROONS FACE STIFFEST FOOTBALL SCHEDULE IN MANY SEASONS

FIVE GAMES TO BE PLAYED AT HOME, FOUR AT NIGHT

The Maroons have scheduled one of the hardest football programs in the history of the game at S. I. N. U. With the exception of the Homecoming game all these contests will take place at night, according to present plans. The popularity of night football is unmanned in Southern Illinois and it is for this reason the games will be night affairs.

In the season opener the Maroons are slated to face the strong Bethel College eleven on the Normal field. The wide-open nature of the contest will make Mount Morris, also one of the undefeated teams of the season past. Mount Morris was the only other legitimate claimant to the Little Nine crown but her victories were too few in the conference to make her a successful team. On October 9th, the Southern aggregation will play their first game away when they meet their greatest rivals, the Cape Girardeau Indians at Cape Girardeau. Following this opening game on foreign soil the Teachers will be found away on three successive weeks. On October 16th, the Southern will play the University of Illinois at Pocahontas. TheTeachers will try to make the trip to the Southland without a loss and the game will be the autobiography of the teachers, the most scheduled and the most interesting game of the season.

Alligator Bait" plays its last year not Southern with the season of '31. He has but to continue the flashy, excellent form of game he has displayed heretofore to insure the team placed in him by the "30' men.

Canada is well known in public as a plenty pretty bay. The insatiable football which he displays in the ring has been successfully transplanted to the gridiron.

head of History at S. I. N. U. has

Worship of God. The program of

continue to serve and satisfy

Dr. Richard L. Beyer has

and to make the program

been selected for the position

made an attractive addition

to the faculty for the past

through the absence of Dr.

two years.

Bolt. Dr. Beyer has been a member

of the college faculty for the past

AND THEN—

Making the return sneak from the

Pretzel-Benders Annual Masquerade,

Josh Higgins stepped on the cat, as

he entered the doorway. A moment

later the light switched on, and he

found himself facing his mother-in-

law. That nemesis, who in her best
days had never won any beauty prizes

waited an explanation.

Sam stared into her face with eyes

dulled by the "stuff that blears." Presently

his mind seemed to grasp the

situation.

"Lever o'clock, m'dear," he mumbled.

"Time to unmask!"
