High School Seniors Invited For 'Southern Hospitality Week-end' April 25-26

"Hospitality Week-end," for high school seniors from Southern Illinois, will be held April 25-26. The program is a weekend of interesting high school activities, workshops, and tours of the various colleges, and methods of the college.

This year, for the first time, high school principals will be asked to select the two top ranking students in their schools for Southern Hospitality Week-end. It is expected that these students will represent their high schools and the students who are interested in attending Southern Illinois University. Each of the two selected students will be accompanied by their guests, derived from neighboring high schools, and the groups will be guided through the various activities.

Inadequate Space Subject of Speech by Dr. Alexander

"Southern has not had a new residence hall for the senior students for the past five years," Dr. Alexander announced. "This is a very serious problem for the department of residence life, and it has been a constant source of concern for the administration of the university.

"I hope that this year we can make some progress in the construction of a new residence hall. We are already working on the plans and specifications, and we expect to start construction early next year. The new hall will be located on the north side of the campus, and it will have a capacity of 200 students.

"I am confident that this new hall will provide adequate space for the senior students, and I hope that it will be ready for occupancy by the end of the school year."
Letters to the Editor

Through this column we invite students, faculty, and friends of Southern to express their ideas. We must know the source of each letter, and we will not publish the name of any group unless we receive permission from the person who wrote it.

Dear Editor,

I am a member of the Southern faculty and I am writing to you because I am concerned about the lack of attention and support for the arts on our campus.

The fine arts program at Southern is in serious trouble. The department is struggling to attract students, and the faculty members are working long hours for little pay.

I believe that the arts are an integral part of a well-rounded education and that they should receive more attention from the administration.

Sincerely,

[Signature]

P.S. Please publish my name.

---

Dear Editor,

I am writing to express my concern about the recent events that have taken place on our campus.

The recent protests and demonstrations have caused a great deal of disruption and have threatened the safety and well-being of many members of our community.

I believe that the administration should take immediate action to address these issues and work towards finding a peaceful resolution to the ongoing conflicts.

Sincerely,

[Signature]

So the Story Goes...

Curtis Mise and Cletis Mise

Lucas for Governor: As the Republican candidate for Governor, Lucas has been a force to be reckoned with in the race. He has been a strong advocate for education and has promised to increase funding for schools across the state.

If the Republicans stick to their guns in 1984, they may well be in the running for a state position. If they decide to switch to the Republican side and win, it will be a significant victory for the party.

For governor in 1984, many people are looking to the Senate for a strong candidate. Steven I. C. has been a strong advocate for education and has promised to increase funding for schools across the state.

If Lucas were to run for governor in 1984, he would face a tough battle against both candidates. The race would be too close to call, and it would be a significant victory for the party.

Spring at Last

By Joe McGreevy

As the winter days turn to spring, the campus becomes a bustling hub of activity. Students can be seen strolling on the greens, holding hands, and enjoying the pleasant weather.

The university has also been working hard to ensure that the spring semester runs smoothly. The administration has put in place a number of measures to address any potential issues that may arise.

Finally, the spring semester is almost here, and we can all look forward to a new beginning.

Sincerely,

Joe McGreevy

Step Right This Why, Folks

Sylvia Mise and Cletis Mise

Inadequate Space

The Green Mill Ice Cream Parlour is now open for business. The Green Mill is a cozy little place with a great menu and a friendly staff.

The Green Mill is located on the corner of Main and Market Streets, just a short walk from the university campus.

The Green Mill offers a variety of delicious ice creams, shakes, and other treats. You can also enjoy some of the best coffee in town.

Visit the Green Mill for a great meal and a fun time with friends.

Sincerely,

Sylvia Mise and Cletis Mise

Maroon Baseball Team Tackles Arkansas State At Jonesboro Saturday

Tomorrow afternoon the Maroons play the first game of their season in baseball against the Arkansas State Teacher College and Agricultural and Mechanical College. The game will be held at Sportman's Park on Route 10 just west of Jonesboro.

Inclement weather has continued to hamper Coach Glenn "Al" Martin, with a total of only four days of outside practice available thus far. However indoor drills have continued when the weather was too bad for outside activities. Lack of outside practice has especially hurt batting drills, as well as fielding practice.

Several new men have reported for practice and several others have made some progress with the additional indoor practice.

Being a rookie, who had previously thought himself invincible because of the many times in college, discovered on a recent that he was wrong, and he has turned out to gain some valuable experience in the batting practice. Daily's experience and knowledge of batting should be a great help.
