Egyptian Staff
PWA Resumes Civilian Work

The Public Works Administration projects calling for the reconstruction of the nation’s rail and highway systems are starting to be seen in steel and concrete almost everywhere, but the two hundred members of the department’s local office under the direction of Mr. C. H. Betts are indefatigable in their labors.

A number of this week’s projects in progress are the filling of trenches to protect streets from water, the construction of sidewalks, and the installation of electric lights at street intersections. All these are parts of the work that will eventually be done.

MU TAIP GROUP TO HEAR FAMOUS EXAMINAUTOR

Planning one of the world’s most interesting and educational programs, the MU TAIP group will hear Miss Malvina de Potter, herself an authority on examinautors, who will talk about the hazards and opportunities of the profession.

The meeting will be held Thursday, March 19, at 8:00 o’clock in the laboratory of the Chemistry Building, and will consist of a discussion on the subject.

Malvina de Potter’s Articles in Science Magazines

An article entitled "A Challenge to All Women" has appeared in The Saturday Review of Literature, and another article, "The Power of Women," has been published in The American Journal of Sociology. Miss de Potter is the author of a number of other articles on examinautors.

51ST ANNUAL VACATION CONVENTION TO BE HELD IN CHICAGO

VACATION BEGINS AT 2:30

Ralph Dobbs

New President of Illinois College

Vernon Hinks

The new president of Illinois College, VERNON HINKS,has decided to make the move to Carbondale, where he will take up his duties on July 1st.

ALYNN STUDENTS TO GIVE MUSICAL CONCERT

The Toy Shop, Pres.

and Grades, Begins at 7:30

Ralph Dobbs

New President of Illinois College

Vernon Hinks

The German Club and the International Club are planning to hold a joint musical concert on Monday evening, April 6th, in the main auditorium of the college. The concert will feature a variety of musical performances by the members of both clubs.

The concert will begin at 8:00 p.m. and will feature a variety of music, including songs, instrumental pieces, and recitatives.

The German Club will be represented by Ralph Dobbs, who will perform a solo piano recital. Dobbs, a member of the German Club, has received widespread acclaim for his playing.

The International Club will also perform, with a variety of singers and instrumentalists.

The event is free and open to the public. Attendees are encouraged to come and enjoy the music and the company of fellow students.
A BENEFIT BASKET BALL GAME TO START THE STADIUM FUND

WEEKS AGO Mr. Ronald R. Loewen wrote to the Board of Trustees of the University of Illinois to point out the possible threat of a S. I. C. stadium to the athletes, which would mean the death of a large number of funds necessary to equip the stadium and carry on its operation for the benefit of the student body. To meet this situation, the Board of Trustees formed a Committee which, after investigation, reported on the advisability of forming a stadium fund, which was approved by the Board on March 1st.

In order to carry out the plans of the Committee, a benefit basket ball game will be held in the Memorial Stadium on April 15th.

The game will consist of two games, one for the students of the University of Illinois, and one for the alumni of the University. The alumni game will be played on the afternoon of the 15th, and the student game on the evening of the 15th.

While the main object of the game is to raise money for the stadium fund, it is hoped that the games will also be a source of amusement and interest for the students of the University.

The games will take place in the Memorial Stadium, which is the largest stadium in the world, and the location of many important games in the history of collegiate basketball.

The games will be played in three parts, each lasting 20 minutes, with a 10-minute intermission between the parts.

The admission fee for the games is $1.00, and it is expected that a large number of students will attend.

The games will be preceded by a parade of the student body, and followed by a reception in the Memorial Stadium.

The proceeds of the games will go to the stadium fund, and it is expected that the games will raise a substantial amount of money for this purpose.

CHRISTMAS

Another year brings its Christmas, and college students that means home, a happy vacation, old friends, and relatives. It is the time when Christmas meant much more than that. Then it meant a home, a family, a gathering of old friends and relatives.

But we have come to a time when Christmas is not so important. Now, it is a time when the commercialism is dominant today. The commercialism is the only social function. It has been said that college students are less likely to give gifts because they are more likely to buy their own gifts.

We are wondering if that is so. We are wondering if the commercialism is prevalent at the holiday with the college student. We know that the observation may be light on the surface, but it is possible that they are at least capable of realizing the true meaning of Christmas. It is possible that they are not as interested in the commercialism as in the true meaning of Christmas.

It is true that the commercialism is prevalent at the holiday with the college student, but it is also true that the college student is capable of realizing the true meaning of Christmas.

The Egyptian wishes all of its readers (and the other 1,500 in college halls) a Merry Christmas and a Happy New Year.

THE DEATH PAST

Ten years ago the Egyptian Christmas vacation, and the front page of the Egyptian had an article titled "Happy Christmas Time." It described the Christmas spirit and the joy that everyone should have in the holiday season.

The last ten years have seen a change in the Christmas spirit. The days of the Old Testament have passed, and the Christmas spirit is now associated with the modern world.

The new year will bring new opportunities and challenges. This year will be a time for growth and self-improvement.

The Egyptian wishes all of its readers a happy holiday season.

MISS BARROW OR THE EXOTIC YET SCIENTIFIC

The term "Exotic Yet Scientific" is a phrase that has been used to describe a type of creature. These creatures are often found in the jungles of South America, and they are known for their unique physical characteristics.

The creatures are characterized by their large size, their colorful feathers, and their ability to fly. They are also known for their intelligence, and they are often seen using tools to construct nests and other structures.

These creatures are often studied by scientists, who are interested in their behavior and their role in the ecosystem. They are also a popular subject for researchers in the field of biology, who are interested in understanding the evolution of these creatures.

The creatures are often seen in the rainforests of these regions, where they can be found in a variety of different habitats. They are also occasionally seen in the drier parts of the region, where they are able to survive in the more arid conditions.

The creatures are often fed a variety of different foods, including fruit, insects, and small animals. They are also sometimes fed a mixture of different foods, which provides them with a balanced diet.

These creatures are often found in groups, and they are known for their social behavior. They are also known for their agility, and they are often seen running, jumping, and leaping through the trees.

These creatures are often hunted by predators, who are interested in their meat and their eggs. They are also sometimes hunted by humans, who are interested in their meat and their eggs.

These creatures are often seen as a symbol of the Cretaceous period, and they are often associated with the dinosaurs. They are also often seen as a symbol of the natural world, and they are often used as a symbol of the importance of protecting the environment.

CHRISTMAS

\( X \)mas is a figment of imagination, a time when the mere mention of the word brings a smile to the face of everyone.

The holiday season is a time of joy, love, and giving. It is a time when we come together to celebrate the spirit of Christmas.

The holiday season is a time of giving, and we should do our best to give to those in need. We should also try to spread joy and happiness to everyone we encounter.

Marjorie Brown, Soon to Enter George Peopley College, For Three Years Prominent In Activities Here

Outstanding in Dramatic, Music, Journalism and Literary Work on Campus

When Marjorie Brown leaves Carbondale within the next few weeks to continue her education at George Peopley College, Carbondale, Ill., S. T. C. will lose one of its most active students in the theater. Miss Brown has been a regular member of the Drama Club and the Little Theatre group, and holds the position of editor of the carillon, the college literary magazine.

Miss Brown has been particularly active in drama work. She was a member of the Delta Sigma Theta sorority, and has also taken part in the senior class play as well as in the Little Theatre. Her work on the Literary Magazine has been outstanding, and has earned her the respect of her classmates.

Mrs. Denny, Sorority of the Little Theatre, desires to express her appreciation of the fine work Miss Brown has done for the organization.

Nobles Replaces Brashar As Secretary Of Little Theatre

Kris Eckbald was chosen Theresa of the Little Theatre last Tuesday evening to replace Brashar. Miss Eckbald is a sophomore business major and a member of the Delta Sigma Theta sorority.

Kris Eckbald was a member of the Drama Club and has been a regular member of the Little Theatre for the past two years. Her work has been outstanding, and she has shown a real talent for dramatic work.

The new secretary will be an asset to the Little Theatre, and her presence will be greatly missed. The members of the Little Theatre are all looking forward to working with the new secretary. The Little Theatre is one of the most active organizations on campus, and its members are always looking for new and interesting projects to undertake.
