Vanishing Volumes

An instructor at Southern was recently heard to remark that the university library is the life center of the school, and we would be inclined to agree with that statement. The library, meeting the needs of students and faculty, must have a large book and magazine collection with a wide variety of material included, both for reference and home use.

The reference shelves are open, and students are allowed 90 days and select books available at the Carbondale post office for March 3, 1979.

New Photos Added
To Faculty Files

by Willard Davis

Faculty personnel files are receiving an up-date look with the addition of new portions being taken by the photographic service.

The project scheduled, which began on Oct. 27, was completed on Dec. 15, for 25 portraits a day at the rate of five per hour.

Mrs. Minnie Pickin, assistant to the registrar, said that the photos are being taken because the process file is complete and many of the pictures of the faculty and the university have on file are getting old. She also said that this is the first time the photographic service has taken faculty pictures in the 11 years it has been at Southern.

Prior to this time, the university obtained faculty pictures from the Obelisk. It is hoped that this will be a continuous project with new pictures taken possibly every two years, the added.

In order to keep the files up to date, new faculty members will be required to go to the photo service and have their picture taken when they join the staff.

Besides keeping the personal files up to date, the photos will be used for public relations and by SIU alumni service.

In general, the faculty have been quite cooperative in the project. Group will sponsor a Christmas party for the Housewifery organization at the Student Center on Thursday, Dec. 13, 3:30 to 4 p.m. All university women and housewives are invited to attend.

Bremner Teaches Courses in Philosophy This Term

John Bremner, graduate of Cambridge University, England, is teaching two philosophy courses at Southern during this term. Bremner is teaching "Approaches to Knowledge," an elementary introduction to the history of ideas, and "History of Philosophy," a survey of philosophy.

Note Selective Service Registration Deadline

Young men becoming eighteen years old must register with Selective Service within five days of their birthday, and failure to do so makes the delinquent liable to penalty. It was pointed out today by Colonel Paul G. Armstrong, Illinois State Director of Selective Service.

However, if a man happens to be away from home at the time, it is not necessary for him to return, Colonel Armstrong explained. He may register at the nearest local board and the record will be sent to the local board having jurisdiction over his place of permanent residence, whether in another state.

After he registers, it is mandatory that he maintain his local board informed of any new address or other change in his status, and his applies after he becomes 26 years of age as well as before.

The maximum penalty for violation of any of the provisions of the Selective Service law, Colonel Armstrong said, is $500 a year or a fine of $100, or both.

Plan Internships for Accounting Students

In cooperation with the newly organized Southern Illinois chapter of the National Society of Certified Public Accountants, a movement here at Southern has been started to set up an internship program for students in accounting.

The organization has authorized the chapter chairman, Harry C. Curtis, Carbondale certified public accountant, to work with three members of the SIU faculty in developing plans for such a work-study plan. Representing SIU will be Henry J. Rehn, dean of the college of vocations and professional studies, and two members of the business administration faculty, Dr. John W. Scott and Miss Mary Noel Barron.

Such a plan, says Dean Rehn, could provide part-time work experience in an accounting firm in the area as a part of a student’s study program, giving him actual work experience.

Maxine, featured vocalist with the J. E. Jackson orchestra, will play for the SIU Christmas dance Friday, Dec. 14, from 9:15 p.m. to 12:15 a.m. A concert at 7:30 p.m. will precede the dance, which will be sponsored by the Student Senate.

Conduct Child Guidance Clinics in Area Towns

Dr. W. A. Thalman, director of the Child Guidance Clinic, in cooperation with the Washington County Nursing Service and the Mt. Carmel high school, held a clinic at Mt. Carmel, Dec. 6-7.

A similar clinic was held in connection with the schools at Mt. Vernon several weeks ago. On Dec. 14, the staff will hold a clinic at Carmi. A number of requests have already come in for clinics to be conducted in other communities.

Graduate assistants Fay Sick and Wanda Mitchell, from the Child Guidance clinic, and Kathryn Davis, graduate assistant in the Department of Guidance and special education, assisted in the testing of the children and in the interpretation of the parents.

Although the larger number of cases are brought directly to the University campus for study, the services of the clinic are also made available to the public schools, in the various communities throughout the southern part of the state with respect to the conducting of off-campus clinics. The cases for study are referred to the clinic by school administrators, teachers, parents, school nurses, social workers, physicians, and county judges.

Following the dinner and social hour, Dr. Elizabeth Michael of the foreign language department, Eastern Illinois State Teachers College, Charleston, gave a talk on her two-year’s experience in France as a research scholar of Delta Kappa Gamma.

Briggs writes article on floating circuses

Floating circuses, plying the Mississippi, Ohio and Missouri rivers for the past hundred years, are found today by the barrel in the busy river town of Cairo a favorite vacation spot, says Harold E. Briggs, chairman of the university history department, in an article in the current issue of Egyptian Key, magazine devoted to Southern Illinois.

Cairo newspapers of the period of study, 1848-1850, recount the visits of the circuses in a consistent pattern, says Briggs.

The 21 volumes sent from SIU were selected by the International Relations club from books withdrawn from the university libraries. They will be placed in the Free University library now under construction, a grant from the Ford Foundation.

Salukis Beat Huskies
In IIAC Opener 63-58

by Don Duffy

Coach Lynn Holder's basketball squad made its 1951 IIAC debut a success by turning back the Northern Huskies in the last five minutes of play, 63-58. Trailing by three points with only five and one-half minutes of playing time remaining, the Salukis parted it on to score 12 points while tight defensive play held the Huskies to only two points for the remainder of the game.

This hard fought victory in a game in which the score was tied at seven different times gave the Salukis a record of two wins and one defeat for the current season. The defeat was the second in a row for the Huskies, who were beaten 63-60 by Whitewater State last Monday night in a last quarter battle of free throws.

Southern's offense, aided by Chuck Thate's star play on the bounds, held a 12-27 half-time lead. The Huskies, led by "Poopy" Hoest, seemed to be in the best form shown thus far in the three games played to date.

Norm Kays, leading scorer for the Huskies in their first game, was held to two baskets and five free throws, a total of nine points. Leading scorer for Northern was returning veteran Jim McKinnon, with seven field goals and three free throws, adding up to 17 points.

Forward Harvey Welsh, freshman from Centralia, led the Saluki offense with 14 points consisting of six baskets and two free throws. Chuck Thate, a 6-5 junior from Chicago, was close behind him with six field goals and one free throw totaling 13 points. Tom Millikan, all-IIAC forward, turned in four baskets and two free throws for 10 points.

Thursday night the Salukis met the Greyhounds from Eastern New Mexico here in Carbondale. From here, they travel to Decatur Saturday to match with Millikin University's Big Blue.

Chi Delts Retain Lead in League, Sigma Pi Second

Chi Delta Chi kept their lead in the Pan-Hellenic Bowling league by rolling a record 2,456 series to gain a triple victory over Sigma Tau Gamma. The Chi Delta Chi's initial game of 911 is the season's high single game thus far. Jim Throgmorton was high man for the victors with a 54 series, backed by Bob Wangerin's 505, Doug Garber's 494, and Bill Nichols' 491.

Sigma Pi broke a second place tie in the men's division by clipping the TKE's of the three games. The TKE quintet had held the last game of the series by a scant margin of two pins. Gene Graves and Bill Hunt were high for Sigma Pi with 474 and 457. Bob Lopolla's 457 was high series for the losing TKE's.

The upset of the afternoon came in the match between the Pi Kappa Sigma andSigma Sigma Sororities. The Pi Kaps, leaders in the women's division, received a Pan-Hellenic whopping from the Tau Sig's who had spent much of the season in the cellar. The match was the closest of the afternoon. The Tau Sigs won the middle game by 15 pins, and the last match by just four pins. Leading bowler Jo Rushing sparked the winners with a 428 total, backed by Connie Conaster's 391. Mary Ann Klingenberg's 435 was the biggest threat the Pi Kaps had to offer.

Theta Xi remained in last place in the men's division despite their two game victory over Delta Sig. Epsilon sorority. Carroll Cox's effort of 472 was the high score for Theta Xi. Louise Taylor's total of 375 was chalked up as high series for the Delta Sigs.
