Miss Talbert Prefers 'Em Married

Much talk has been circulating about the campus concerning frequent conversations between Miss Mildred Talbert and Mr. Oliver McIlrath. Miss Talbert is a prominent Anthony Hall girl and takes part in many campus activities. She entered this school a year ago last September as a Freshman. Mr. McIlrath is a prominent senior, president of the Socratic society and a member of the Forum. Mr. McIlrath is a married man and has a daughter.

The Egyptian has refrained from mentioning these gossip stories up to this time, but Tuesday, January 6th, gave absolve proof of this gossip. About noon Mr. Leland Lingle, Miss Melba Davidson and Mr. Frank Rich, who were starting to drive toward Cobden were asked by Mr. McIlrath if he and Miss Talbert might ride out as far as the barbecue stand, a quarter of a mile south of the Normal. Mr. McIlrath said that they were transacting society business. Two other cars drove up about the time Miss Talbert and Mr. McIlrath got out of Mr. Lingle's car.

U. H. GIVEN TWO COLUMNS IN EGYPTIAN

Lack of interest in the school paper on the part of the University High School has been noticed by the Egyptian staff and after some inquiry on the part of the staff, it was found that this disillusionment was due to the fact that no news has been published concerning the high school students, either personally or as classes. Since this is a college paper, high school news would be entirely out of place. The news which we are going to publish each week, however, will not bring down our standard, since the news is about our University High School and is used as a training school.

Miss Frances Barbour, head of the high school English department, is taking over this matter and is beginning training in the high school English classes so that the pupils contributing the high school news will have had sufficient training in

Vote For Change in S.I.N.U. Degree

At a meeting of the Student Council, held near the close of the Fall term the following resolutions were unanimously adopted:

To President, Faculty and Board of Trustees of the S. I. N. U.:

Whereas, the Baccalaureate degree granted by colleges of education generally, is Bachelor of Science in Education, or Bachelor of Arts, Philosophy, or Science, according to the course taken; and

Whereas, we believe that the present of our college and its graduates will be increased, and the growth of our Senior college promoted, by the granting of one of the better known degrees;

Therefore, we respectfully ask that you consider the advisability of granting to those completing the four-year course in our college the degree, Bachelor of Science in Education (or Bachelor of Arts or Bachelor of Science, according to the course taken), instead of the degree of Bachelor of Education.

By action of the Council the above resolutions are to be carried before the various classes of the school at meetings to be held in the near future.

It should be noted that the degree Bachelor of Education is as good as any other baccalaureate degree so far as teaching in any high school or doing graduate work in any university may be concerned. The only advantage in changing to such a degree as Bachelor of Science in Education comes from the fact that this degree is more commonly granted and thus may be better understood as an important degree.

If these resolutions are adopted by the various classes, they will be placed at once in the hands of the President of the school.

The Egyptian believes that a real student will support us in receiving the desired change.

CHORUS PLANS INTERESTING EVENTS

The chorus is planning some very interesting events for this year, among which is a concert to be given during the Spring term. There is also the possibility of its broadcasting from a St. Louis station. Those who remember The Mikado and The Pirates of Penzance will be glad that the chorus will offer a concert. Several socials have been planned for the year.

Each Wednesday afternoon at the eight hour the chorus meets. The leaders are appointed for the different groups into which the members are divided. Thus by good natured rivalry, interest is stimulated.

Invitation is extended to the students, especially to the boys, to join. Besides, men have not responded in as large numbers as the girls. The campus organisations are asked to show their loyalty by supporting the chorus in every possible manner.

The following officers have been elected:

President, Warner Dixon
Vice president, Myrtle Lingle
Secretary, Wendall Margave
Librarian, Vivian Springer.
ZETETIC SOCIETY

The Zetetics are rejoicing in the fact that the society is to be piloted through the next six weeks by Mr. Fred Miller, who has been chosen president. This is Mr. Miller's second term as president. This shows the society's confidence in his ability.

Those who have attended the society the past term know that each program has been a surprise in its excellence. Those who have never come out should avail themselves of the opportunity of coming out and taking part in these programs.

The Literary Society means much to all. It means most to those who get the benefits of its training. The new students will feel at home in and will be a part of the school life if they avail themselves of the opportunity to join the Zetetic Literary Society. The program last Friday was:

1. Selection—Orchestra.
2. Reading—Jessie Prosser.
3. Vocal solo—Lillian Reidelberger.
4. Piano solo—Anna Bous.
5. Talk—Fred Miller.
6. Vocal solo—Helen Duncan.

Mrs. Dodd: (in Adv. Rhetoric) Mr. Will, can you define a metaphor? Mr. Will (struggling for the right words) Well, if I say, "You are a goose"—that would be one.

WHAT YOU DON'T SEE

A tale as full of thrilling events as the hair-raising, breath-taking episodes of the famous Sherlock Holmes centers around the unusual appearance of a Laundry Case.

One dark and stormy evening, grabbing his way homeward amid the flashes of lightning and peals of thunder, a young man staggered up the walk to the porch and stumbled over an object of considerable size. Entering the house, he inquired of the pledges the circumstances surrounding the arrival of this mystical package. No one seemed to know anything concerning it.

They examined it carefully and cautiously to see if a clue could be found. For several minutes their search was fruitless, but suddenly a name and address were discovered:

"Mr. and Mrs. Weatherwax, 616 South Normal Avenue." Opening the case they found a white dress upon which was a note saying, "Wash and return to the Stumble Inn tomorrow night."

The Plot Thickens!

The plot fell to one of the mean and humble pledges to perform this service duty.

After a period of expectant waiting and thinking that the poor Mrs. Weatherwax might need the afore-said Laundry Case, the older brother of the Fraternity sent another of the newly pledges to the address given, 616 South Normal.

The peculiarity of this dark narrative lies in the fact that nothing more was ever heard of this weird escapade.

SOCRATIC SOCIETY PROGRAM

The Socratic Literary Society met at the usual time and the following program was rendered in the peppy 1927 spirit and form:

Music—Orchestra.

Vo-al Solo—Jessie Prosser.
Saxo, home Solo—Loren Spies.
Musical reading—Kathryn Dann.
Talk—Lester Buford.

Vocal Solo—Carl Williams.

Piano Duet—Irene Sullivan, Ruth Sullivan.

Music—Orchestra.

The Socrates extend a hearty welcome to all students, and especially to the new students to attend our society as visitors and if you like us we shall be glad to have you join. Start the new year right by becoming a Socrat. They make the best husbands and wives. Aha!

Q. E. D.

Doc Brims: Can you draw?
Mary Sutton: A little, why?
Doc: Well, then, draw a little closer.

FORUM

A number of "tuxedo" collars were noticed at the basketball game January 3. The Fons has decided to again wear them as they are a part of the old Forum tradition.

The Forum elected Clarence Kirchhofer captain of its basketball team. There are several promising athletes in the organization and they will make their opponents hustle to win the interscholastic championship.

G. A. A. NEWS

Girls' basketball season has begun! The G. A. A. is sponsoring the coming girls' tournament. Crystal Boynton has been elected general manager. Come out and join your class team. Practice hours are posted on the second floor bulletin board.

Members of the G. A. A. who have not paid their dues for this term are urged to do so at the meeting tomorrow to avoid losing points.

Guy Roberts (at Woolworth's, Dec. 22): I want a Xmas greeting card with some appropriate verse on it.
Clerk: Here's one that says, "You are the only girl in this world that I have ever loved."

Robert: That's all right—give me about ten more like it.

THE FLAPPER’S COLUMN

Ah! At last Tuesday has arrived, the day for THE letter. Our heroine arises with more alacrity than usual and prepares to make the early morning visit to the University Cafe. After partaking of her meal she goes to her first hour class in high spirits. She can not keep her mind on the lecture. What will the letter contain? The minutes drag slowly by. It MUST be time for the bell. No! Only thirty minutes have passed. If only she didn’t have a second hour class so she could dash home for her mail. Perhaps Louise will bring it to her. If she only would.

At last—the bell rings. She meets Louise and feverishly asks if she brought the mail. The roommate replies in the negative. Torture!

Now the second hour class convenes. Ten minutes have passed. She answers questions absently. Will the time never pass? Finally the agony is over and she rushes madly home.

She picks up the mail and glances hurriedly through the letters. No—it can’t be true! But—yes, no letter appears. Has she forsaken her? It must be a fact. There is no check from dad for Miss De Lee Chambers.

ILLINI

It is said “A lady always likes to have the last word.” Whether or not this is true the Illini Debating club believes that a girl who is to be a successful teacher should be able to so organize her ideas as to be able to express them clearly and with force whether in the last words or not. There has been an unusual num-

The younger generation is suffering from an overdose of advice. Writers, speakers, preachers, parents—in fact everyone, is telling the world what is wrong with the young people of today. Each has a pet idea which will make life happy and successful for the boy and girl who will live according to directions. We have never heard of anyone who has followed directions. Rather, all directions have been cast to the four winds. "I am going to live my own life," each youth declares. In a way he is right. Everyone must work out his own problem. At best life seems to be somewhat of a trial and error process, at least until one "finds himself." From a very tender age we have been warned against drifting. So often have we been cautioned against "following the line of least resistance," so commonplace has it become, that we are likely to ignore a real danger.

Are you drifting into a profession just because it is the easiest thing to do? Are you taking up work which is not objectionable but for which you have no enthusiasm? If you are stop while you can. You are face to face with one of the greatest tragedies of life. It is time to stop and take stock. Ask yourself "What work do I regard as the most important in the world; what work do I respect most; what have I the most enthusiasm for; what will make me happiest?" There may be obstacles; the struggle may be long and difficult but

"Though a battle's to fight ere the guerdon be gained, The reward of it all."

INGRAM-LEACH

Since the beginning of time, women have been declared incapable of keeping secrets. This theory, however, has proved false when it was learned that a member of the Sophomore class had been married for one month and two days before even her parents suspected it.

Miss Ethel Ingram, of the same city, November 21, by Dr. Morris, the Methodist minister of Murphysboro.

Miss Leach entered S. I. N. U. this fall as a Sophomore from Lindenwood college. She is a member of the Epsilon Beta Sorority, the Strut and Fret Society and the Y. W. C. A.

Mr. Ingram has been married for several years connected with the Egyptian Transportation System, being now the director and manager of their well-known orchestra. He is also the manager of the Diamond Oil Service Station of Marion.

The happy couple plan to make their home with the groom’s parents for the present while Mrs. Ingram will finish this year’s work under her former name.

Baldwin-Seibert

The nuptials of Miss Ethel Seibert, graduate of this college last year, and Russell S. Baldwin of Springfield, Mo., were solemnized Saturday, December 4, in St. Paul’s Methodist church, Springfield, Mo.

Miss Seibert is a Murphysboro girl and is a graduate of S. I. N. U. She was, at the time of her marriage, employed as a teacher at East High School, but resigned her position before Christmas, saving kept her marriage a secret until then.

Mr. Baldwin is a traveling salesman for the Robert, Johnson & Rand Shoe Co., with headquarters in Springfield, where the newlyweds will make their home.

PROMINENT MEMBER OF S. I. N. U. DISAPPEARS

Mr. Pep was not present at the two home games last week. For why?

There was no such animal (If you'll pardon our French). To get down to brass tacks, there have been no pep meetings this year for the basketball boys. Where is the pep of S. I. N. U that Charleston talked so much about when the boys went back home? And where, may we ask, were the cheer leaders those two games?

We have the best team we have had for many years, but there's much we can say for the rest of us.

**ALUMNI NOTES**

Mr. and Mrs. Lewis Ed. Williams have moved to carbondale from West Frankfort. Mr. Williams was editor in chief of the Obelisk '26. He is now selling insurance. Mrs. Williams was one of the prominent songsters while in school last year.

J. Cary Davis is teaching Latin and English in the Cypress High School. J. Cary was editor of the Obelisk '25.

Ellis H. Crandle is teaching science in the Mascoutah High school. The latest wise crack pulled by Ellis was made while he was watching a house burn on Normal avenue. He said: "That's the first decent fire I've seen in a while!"

Roscoe Pulliam is attending the University of Illinois this year.

Herman Sparr is superintendent of schools at Staunton, Ill. He took Roscoe Pulliam's place.

Howard Shapard is teaching Mathematics in the Herrin H. S.

Wildred Bone, associate editor of the Egyptian '26, is teaching fourth grade in East St. Louis.

**EXCHANGE COLUMN**

"The Bradley Tech" says that Bradley, too, has a Frosty Peters. The Frosty Peters of Bradley does not sleep at a firehouse as the Illinois Frosty does. Recently Bradley's Frosty very efficiently helped the Peoria firemen at a fire. No one has ever heard of Illinois' Frosty going to a fire.

A Shakespearean program was given in chapel at Lincoln college. Scenes were taken from Twelfth Night, Much Ado About Nothing and Midsummer's Night Dream. Hamlet's soliloquy was also given.

Eureka college was recently admitted to the accredited list of colleges of the Association of American Universities.

The three touchstones of a person's character given by Dr. Sherwood Eddy at Augustana college are:

- Am I straight? Am I in and playing the game? Am I clean or am I rotten?

**LINES TO BULA**

One autumn eve two years ago
For the first time we met
In that quaint room, your eyes aglow,
I never can forget!

For, Bula, dearer unto me
Than gold and rubies rare,
In just an hour alone with thee,
Bula, with raven hair;
Oh, just to dream of eyes that plead,
My dear, they talk to me—
In them I find the thing I need,
Would you could always be
So near to me that I could feel
Soft pressure on my brow,
Your magic touch could always heal—
I cannot tell you how.

But this I know, if you were near
Nothing could me dismay,
I'd love and you would grow more dear,
Bula, to me each day.
And tell me now, may I not hope
That some glad day my dreams
Will all come true, my eyes will open
In that blest land where themes
Are all of love, and you, my dear,
And we can never tire,
But live and love year after year
Contented by my lyre?
These years together we have missed
Shall then all be repaid,
Forever kissed and loved and kissed
Shall be my Bula maid.
This am all!

**A COLLEGE CASE**

Meeting on the campus
Wandering down the hill
Studying in the library
They're together still.
From early in the morning
Till ten o'clock at night
Each one looks forsaken.
When the other's out of sight.
Always telephoning
Always making dates.
Taking long, long rambles
Which neither one quite hates.
Gazing all enraptured
Into each other's face—
Is it very serious?
(Ask Isabelle R. and Freddie H.)

**Y. W. C. A.**

Very few girls came out to the meeting Tuesday evening.

Those who did not come, missed a very interesting and educational talk on art and its relation to religion in the Old World, as presented by Miss Williams.

You are invited to come tonight to the Bible Study at 8:30, after which we shall adjourn to the gymnasium for the joint social of the Y. M. C. A. and W. W. C. A.

Everybody come for a good time.

AGGIES, UNION, CHARLES- TON BOW TO MAROONS

(Continued from page 1)

The regular period ended 18-18. During the first overtime period Ford man, crack Charleston sharp shooter, sank one from back of center and Towles added a free throw. "Cons" Wilson then came to the front and dropped in a beautiful long shot. Stanley then tied the score with a free throw. During the second over- time period Lutz put the Maroons ahead with two free throws and Fry flipped in a goal for two more points. Towles sank one for the Blues and Stone dropped in a free throw with 15 seconds to go and the game ended with the Southerners leading 35-24.

Fry and Munger played their usual steady game. The Easterners were all dead shots but the Maroons de- fense and offense both were functioning perfectly. Gross of Indiana Normal refereed the game.

The Maroons met again at the hands of Sparks college at Shelbyville on Saturday night in a fairly good game of Indoor football. The Sparks team is composed of former Notre Dame, Millikin and Illinois Wesleyan players. Archey, Sparks forward, dropped in seven field goals while his running mate, Parks, looped five. Fry made three and Crawshaw two for the Maroons. About the middle of the last half Mac sent in the reserves to replace the regulars. Brimm, Hop- endoller, Willis, Alexander and Bundy finished the game. The game ended with the Southerners trailing to the tune of 35-15. Rotz of Decatur refereed the game.

Evansville College Here Thursday

The Maroons have a real treat in store this week due to the fact that the Evansville college aggregation of Evansville, Ind., appears on the local floor. The Hoosier quintet is unquestionably one of the best college teams in Indiana. This fact is easily proven by their consistent winning streak of the last few years over some of the leading teams of the middle west. The record of the Evansvillians this season easily goes to show that they are big guns and heavily charged at that. They have this year defeated Wabash college twice by scores of 29-24 and 36-24 and Wabash was last year the champion college quintet of Indiana and this season have conquered the powerful teams of three Big Ten univer-
sities, Iowa, Northwestern and Indiana. This record easily permits us to say that the Hoosier lads will undoubtedly be one of the best teams that ever appeared on the local floor and it appears that Captain Munger's men have a mountainous task upon their hands, and the Maroon followers should consider it quite a privilege to see a team of this caliber swing into action.

The Evansville scores this season are:

Evansville 61. McKendree 38.
Evansville 28, Wabash 24.
Evansville 30, Wabash 24.
Evansville 30, Georgia Tech., 28.
Evansville 38, Vanderbilt 22.
Evansville 21, Franklin 45.
Evansville 24, Franklin 29.
Evansville 25, Butler 23.
Western Kentucky Normal, St. Louis U. and Hanover appear on the Hoosier schedule this year also. Let's be out to the new gym Thursday night at 8 o'clock and give the Maroons a real sendoff.

Pep is that go, get and, gone still, but which in itself is constructive and as powerful as the roar of a lion when assimilated and put together with a purpose.

In short Pep is an international electrical stimulus within our indi-

Pep, when centralized, always cre-

ates that unending effort and self is terest for the best there is in life.

Pep is sometimes physiological. It

works like some unknown and hid-

The ultimate success of an indi-
