BESS HALLAGAN
SAILS FOR SOUTH AMERICA SOON

FORMER S. I. T. C. STUDENT WILL TEACH IN URUGUAY

Bess Hallagan, for several years a student at the South-Iowa Technical College, will leave today for New York City where she will sail for South America. She plans to return to the United States in September. She has been designated to teach English in the Uruguayan schools.

School Three Stories

The new school building at the corner of Eighth of October and Grant Street will have three stories. The school is under construction and will be completed within the next few weeks.

College Receives
Daily Weather Maps From Chicago

Every day the Geography department, and Mr. O. B. Yeung of the Physics department receives weather forecasts from Chicago. The maps are posted on the bulletin boards on the first floor of the Administration Building.

Women Try Out
For Debate With
Cape Girardeau

The task of defending Southern Illinois Teachers' College in the coming debate with Cape Girardeau, Illinois, will be undertaken by Miss C. L. E. Miller and Miss E. J. Thompson. The debate will be held at the local school. The topic is: "Resolved, That women's rights are superior to men's rights in the light of today's world conditions." The debate will be open to the public.

MARIOTETTES IN
PERFORMANCES HERE YESTERDAY

Under the direction of William Duncan and Edward Malby, the Marionettes appeared in a novelty performance here yesterday in performances.

OSSAGE FARMERS' CLUB
PRESIDENT'S ADDRESS

Mr. W. R. Paton, President of the Agriculture Club, delivered his annual address at the opening meeting of the club. He spoke of the progress made by the club during the past year and emphasized the importance of continued cooperation in agricultural work.

Obelisk Printing
Contract Given To Hartman Company

Edward Curtis, business manager of the 1932 Obelisk, has announced that the contract for printing the annual will be let to the Hartman Printing company of Springfield, Ill. Curtis said that the contract was awarded after careful consideration of the bids submitted.

FRESHMEN TO
PUBLISH PAPER
NEXT WEDNESDAY

MARY ELLEN WOODS

Mary Ellen Woods will act as editor of the freshman edition of the Signal, which will be published weekly. She is a member of the class of 1936. The Signal is the student newspaper of the college.

Borger and Boomer
Address Initial Meet of Physicists

Talks by Raymond Borger and Mr. S. E. Boomer were featured at the first meeting of the Physics Club on January 10. Mr. Boomer described some of the problems which his school physics teacher faces when he begins teaching.

Y. M. C. A. Draws Record Attendance at January 17 Meet

An address by Mr. C. W. Blakely, acting student secretary of the Y. M. C. A. for Illinois, on the purposes and outlooks of the organization, was the feature of the program at the last meeting of Y. M. C. A. on January 17. The Carter orchestra played a violin solo, accompanied by Miss Blakely Smith, and Paul McKey, on the piano accompaniment. A quartette composed of William Adams, Vernon Anderson, William Randle, and Bobo Westmeyer, all members of the Methodist Glee Club, sang an old song of Somewhere in the "Heaven." Thirty-six young men were present at this meeting, which is attended by regulars in the entire history of the organization. Mr. Pardee, who was present, welcomed the new members into the club. Refreshments were served to the second cown.

Changes Made In Cast of "Pals First"

Two changes have been made in "Pals First," the three-act play which will be presented by the Y. M. C. A. on February 16. Harry Carter, since he has been student manager of the play, will be unable to take part in "Pals First," and the role will be filled by Charles Wright. Miss Irving has taken the part of "Gondol," which was formerly played by Charles Wright. At present the cast, which is under the direction of Miss Yore, is preparing for the play. The dramatic club, which was new name given by the president of the college for the Y. W. C. A., will hold its meeting the last Wednesday afternoon and will meet next Saturday morning. The meeting will be held in the Y. W. C. A. room at the new fraternity. The name and sponsors of the group have not yet been decided. The aim of the club is to give assistance to new students who are taking a pre-medical course. It is hoped that the organization will in time become national.

Delta Sigma Epsilon

The recently organized Mother's Club, the first organization of its kind in the Science Building, held an informal meeting and tea at the sorority house last Friday afternoon. The club's purpose is to form a national organization of Mothers' Clubs on Mother's day.

This afternoon from 4 until 6 o'clock, the Delta Sigma are staging a dance at the Ames Hall. The orchestra and his orchestra will furnish the music. The price of admission will be twenty-five cents.

Virginia Chapman spent the week end at Lebanon, Miss Estelle Halpenny was in Burton; Julia Jackson in Vienna; Betty McGahehan in DuQuonis; Cathy Spence spent the week-end at her home in Finneyville.

The Delta Sig winter formal dance will follow the Shirlteild game on February 4. Final arrangements for this dance are being completed by the committee.

Helen Dunnes was the guest of Dorothy Sinnott, Carbondale, last week-end.

A number of Normal baseball games were played at the clubhouse Saturday evening.

Mr. L. C. Pehrson of the Industrial Arts department addressed the Community High School P. T. A. meeting January 16. The subject of Mr. Pehrson's talk was "Effective Education for Life." The meeting was well attended.

Mrs. Barnes Suggests Additional Menus

This week, Mrs. E. D. Barnes of the Household Arts department suggests the following changes in the stances of the girls.

Mrs. Barnes suggests an apple crisp or salad with the gruit.

Breakfast: Blue flakas, cinnamon toast, orange juice.
Lunch: Corn soup, crackers, cheese, pineapple.
Dinner: Creamed salmon and peas, corn bread, pineapple.
Breakfast: Orange juice, salad dressing, orange juice.
Lunch: Vegetable soup, corn bread, cheese, pineapple.
Dinner: Pork stewed, mashed potatoes, corn bread, chocolate pudding.

Lunch: Wheat bread, oranges, cheese, pineapple.
Dinner: Pork stewed, mashed potatoes, corn bread, chocolate pudding.
Sharpes and Flats

You've heard of that good old trombone smear. Well, somewhere along in the finale of Zappers—you've heard the trombone smear, blasting, overcoming trombone part which the engineers of laughter have called a trombone smear, a magnet. A trombone smear is a wave that makes you want to stand up in your seat and shout something... but never mind.

Some thousands of years ago a wise guy said "There is a time and place for everything." Or Greek to say "Don't cry over your break-up, jacket, or two that he wanted to take to Extremingers on a busy Tuesday night. He wanted to get a seat in the balcony at the St. Barth when an extra good picture was running."

"What are these things we say that he would have to prove his provok a little to say the situation."

"No doubt we would read about like this: 'There is a triumphant mood for the war, and only about 10 per cent have to stand up while others do."

"But how could one know?"

"When we first came to Carbondale, it was a kind of backwoods, the first thing we noticed was that they had a train right through the middle of town."

"But there we stood on a train which we knew was going to take us to a seat in the balcony at the St. Barth when an extra good picture was running."

"We didn't know. But we are sure that the trains disturbed us enough to stop our social enjoyment."

"Shall we hear to some of their fads?"

"There's another one, and it is the fact that the student..."

"As a matter of fact, there are too many..."

"I don't know."

"No, there are hardly too many societies," Victor Gorges declared with a gesture of his left hand. "There is some balance and support, but that is periodic."

"I can remember similar stunts, and..."

"Then they say that the membership is almost as good as it has ever been."

"Pratements!" he lifted his eyebrows.

"There's another one, and it is the fact that the student..."

"As a matter of fact, there are too many..."

"I don't know."

"No, there are hardly too many societies," Victor Gorges declared with a gesture of his left hand. "There is some balance and support, but that is periodic."

THERE MUST BE QUIET!

"This place drives me crazy," remarked an S. I. C. student as she stumbled out of the library. She had come here with all good intentions of studying, but the general restlessness of the room, and some students who had disturbed her.

Perhaps that is the matter with so many students on this campus today. Collectively we are restless, and individually we are too easily disturbed. Each of us lacks the ability to concentrate when it is time to study, with the result that in this library there is a perpetual under-current of turmoil.

The library is the place to read or study, or at least to keep quiet so others won't be disturbed. Tranquility must prevail until every student who goes there makes up his mind to work as long as he needs to and then either keeps still or goes somewhere else to talk. When that time comes, our students will have no fear of being "driven crazy" in the library.

THE NEW ORGANIZATIONS

During the past two or three years, there have been regular additions of new clubs and societies to the number of existing organizations on the campus. Many students view this with a dubious eye and wonder just where this flaire for organization is coming from. Others encourage the activities enthusiastically; they see them in an opportunity to acquire further knowledge and experience in their special interests. Ultimately, that is the result of the new clubs that have recently organized. They are abolishing the old idea of a club as a social gathering that meets for the sake of seeing friends and listening to a piano solo— introducing reading of poetry. The new clubs are fostering programs that will be educational, enlightening, and practical to its members.

Inevitably these newer societies are taking precedence over the older type, and eventually the societies that will dominate on our campus are those that afford the students broadening in one special field.

THE FRESHMAN EGYPTIAN

Next week the freshmen class will write and publish the traditional Freshman Egyptian. A study of the personnel of the freshman staff will assure the reader that the paper appearing February 1 will be exceptionally good. Many of the members have had experience in writing for some high school paper, some have written for town papers, and a few are working on the college weekly at the present time.

Although the paper will carry news stories of current events, articles about freshmen will dominate.

Aside from the occasional freshman chapal program, this annual Egyptian is the sole distinction the class as a whole receives during their first year at college.

Between the Lines

By B. M. G.

When basketball
Is being played
The game is not
The entire show.

For those who

Who comes in late.

While the bands play.
Some martial tune
He shits his gait
So be we throw
His fine physique
In brave rhythm.
A la musique.
Täalk he, All eyes
Are turned on me.

If he furls his chest,
His face becomes
A pallid sheet
Of by-gone cares.

A path, he walks
Full well he knows
As he tries by
His man of
Of high degree.

The young man
Chose of destiny
Must bear throughout
His every day
This work from the
The common clay
His gray ovals
As he throws
Himself into
His fine crowds
And considers
Oh his own parade.
And if his "pal'
Along, pray go'et
The words come forth
In great profusion
To cover up
His pink confusion
Thus the tale
Of all the great,
So fast do they
Accelerate.

Provocative struts
And stalks proudly
And sees, across
His hoisted chin.

His longed-for ship
Y-cum-in.

Sphinx

The Sphinx Knows:

Mr. Kent, English teacher at Carville, is very popular with his practice classes.

Jimmie Love makes a good fellow at basketball games. He can find a seat when no seat is there. Trouble, he had to be given a seat last Tuesday, Dec. 23. George D. of Uriad is not prominent in class.

The "D" Darlings had a reunion last week. Everybody present except President, Flannery.

Some students are conscientious. Dr. Flannery didn't meet the French class last Tuesday, but about two-thirds of the members stayed in the recitation room and recited French to each other. Such virtue should be rewarded—in the next world.

"Spot" Bracwell informed Mr. Boomer that a certain student should be seen because it was invisible.

Three girls went to Strat and celui Thursday expecting to giggle and were very much put out to find that they were the only ones not prepared to take notes.

Inter-mural basketball fans and friends were pretty much perturbed last Thursday night over Raymond's failure to show; he turned out to find that they were the only one not prepared to take notes.

Inter-mural basketball fans and friends were pretty much perturbed last Thursday night over Raymond's failure to show; he turned out to find that they were the only one not prepared to take notes.

Facility, Goobers Lead Leagues in B.B. Intramurals

Several teams took a tumble from the top last week and left the facility holding the upset lead in the American league, and the Goobers at the top of the ladder in the National. Due to eligibility rules, several teams had to forfeit games played this term. A player must have served 12 hours of work preceding the term to continue playing with the team.

The facility led in scoring by Dr. Craner, pivot man, who has a well balanced outfit and will fight to stay at the top. Holdovers from last year, the Goobers, seem to have strengthened their hold on a possible title this year. Last year the Goobers won their league, but were beaten out by Two Ten Will's crew of 810 Southern Normal's last year.

Complete standings of the leagues cannot be given, due to forfeits, but will be published once the tournament is over. Going are the game schedules for the ensuing week.

Intramural Basketball League
American League
1. Big Benots
2. Bobbers
3. Kansas Black Hawks
4. Hope State
5. Kenton Goobers
6. Dunhams
7. Southern Normal girls

Large Number of Girls Reporting for Basketball

Basketball practices for both Freshmen and upperclassmen girls are now underway, and the facility is fairly well attended. The freshmen under the coaching of Alice Bishop, are being taught for practice Monday and Wednesday afternoons. Miss Allene Thomas coaches the upperclassmen teams on Tuesday and Thursday. Scrimmage games are being played between the girls' teams, and will be held on Friday afternoons for those girls who care to come out.

It appears now, there will probably be six teams entered in the annual girls' basketball tournament which is to be held about the middle of February. There will be three freshman teams, and three upperclassmen teams entered if no changes are made in present plans.

About forty girls have been reporting for freshman practices, while the upperclassmen attendance averages about thirty, a smaller number than was expected as managers for the freshman teams, and Lonnie Cox saves in that capacity on the upperclassmen. However, captains for the Tournament teams have not yet been chosen.

Bob Reeves

Reeves played last year on Mar's "Pony" team and has been doing excellent work in the guard position. He does a sophomore threat constantly keeps the opponents on the lookout. Reeves is fast, and can handle the ball with any of them.

Northern Teachers
Still Lead Little 19

DeKalb, Northern Illinois Teachers' College, is still setting the pace in the Little Nineteen Conference with five victories and no losses as the circuit swings into the sixth week of season. Northern conference probably has the smoothest team in the conference. North Central another up-to-date college, and Southern Teachers are close behind the pace-setters. Three of these colleges are at the top of the percentage column by virtue of them not having lost a game to Little Nineteen competitors.

Ralph Davison

Davison, Junior of Johnston City, and Reeves, a sophomore of Carbonate, are both playing their second year as members of the Maroon team. Dave, due to techniqueness, was ineligible his freshman year, but has proved his metal as a basketball player. His resourcefulness has carried him the captaincy in several games of the games. A captain is appointed before each game.

Students at the University of Illinois want more co-eds in classes. None at all. The university now has but 77 women out of an enrollment of 3,925.

The New Trench Hide

They're new. They're one of the season's smartest "Hits." The style and the price will please the College Girl.

The LEADING CAFE IN THE CITY
Wiswell Appointed To Manage Girls' Tumbling Team

The regular meeting of the Newaza Athletics Association last Wednesday afternoon, Peg Wiswell was appointed manager of a prominent tumbling team to be organized as soon as possible. This development in the field of women's athletics here follows a demand that has been made for sometime for coaching in tumbling and stunts for girls. Although it has not yet been decided where or when these practices will be held, a meet will be held yesterday of all girls who will be interested. The group will be coached by Mrs. Dorothy Myser of the Physical Education department, and it is probable that practice will start in the very near future.

"Ability uncontrollable by character is apt to do more harm than good. Without it, nothing but disaster can follow. With it, the future is as bright as the promise of the dawn." Address: "Education in the Musical Arts," President Robert C. Clothier, Rutgers University.
