Girls’ Rally Committee Sponsors Affair To Raise Funds For New Band Uniforms

SINU DEBATE PLANS SECOND PLACE IN TOURNAMENT

The committee for parity plans, under the direction of W. E. Reed, is planning to publish a news letter each term for the benefit of the alumni. Charles Wepner is the chairman of the committee in charge of this project.

Sue Cranin or Carbondale, an outstanding student of the class of 1938, has recently been admitted to Herrin High School. Miss Cranin, a Commerce major, was a member of the Little Theatre, W. A. A., National Honor Society, and the Delta Sigma Theta sorority.

PLACEMENTS OFFICE AT WORK

A great number of vacancies in business firms and industries in Southern Illinois have been reported recently as a result of the economic depression. In many cases, these positions are not only temporary but also permanent.

MOVE TO FORM PROFESSIONAL INTER-FRATERNITY COUNCIL

Beginning next fall for some kind of centralized action among the fraternal organizations, the Illinois Delta Epsilon, national honorary legal fraternity, has been asked to consider a plan to form a Professional Inter-Fraternity Council. This would provide a means for the cooperation of the various fraternal organizations in the promotion of the professional education of the men.
LEND-LEASE BILL IS FINAL LEAP OVER WAR PRECIPICE

In the minds of many persons who can remember the step by step growth of the United States into the war, the proposal of the "leap" bill is the final leap over the precipice from which the United States will not retreat. It is estimated that the United States will make a final leap over the precipice from which it will not retreat.

Sports Section

The Sports Section covers the latest developments in college sports, featuring in-depth analysis and predictions for upcoming games.

The Southern team will continue to showcase their skills and compete against other teams in the conference. Fans of the Southern team can expect another exciting season.
TEACHING IS AN ART, SAYS PRESIDENT IN ADDRESS TO P.E.A. STUDY CONFERENCE

Dr. John H. Groves, President of the University of Illinois, delivered the keynote address at the first meeting of the President's Educational Advisory Committee's P.E.A. Study Conference, on the campus of the University of Illinois, Urbana-Champaign, on March 12.

"A faculty is not a collection of professors, but a community of scholars working together to fulfill the mission of higher education," Groves said. "In our quest for excellence, we must always remember that education is not a commodity, but a service to society. It is our duty to provide an educational experience that is not only intellectually challenging, but also personally enriching for our students."

The meeting was attended by faculty members from across the University of Illinois system, including representatives from the College of Liberal Arts, College of Engineering, College of Medicine, and College of Law.

WOMEN'S WINTER BANQUET

U of I Alumni Hold Banquet at Home

About 100 men and women attended the University of Illinois Alumni Association's annual winter banquet, which was held at the home of Professor William E. Strong, Dean of the College of Commerce, on January 10.

"Our goal is to bring alumni together to celebrate the legacy of the University of Illinois and to strengthen our connections to the alma mater," Strong said. "We are grateful for the support of our alumni and look forward to continuing to build on this tradition in the years to come."

The evening included a keynote address by Chancellor Robert Jones, who spoke about the importance of diversity and inclusion in higher education.

Awards were presented to members of the alumni association for their contributions to the university, including the Distinguished Alumnus Award, the President's Award, and the Outstanding Alumnus Award.

Southern Should Also Be Allowed to Educate Youth of So. Illinois Who Do Not Wish to Teach.

By OLIVE WALLACE

President W. W. FalrebUjj; states "Perhaps the most important aspect of the problem is the need for a balanced talent in schools. For the unique talent of the student must be the guiding principle of the course. In the past, there has been a tendency to overlook the primary concern of education which is to provide an opportunity to learn the marks in the world and to live or die, or to go, to college or stay at home, to become a teacher or to pursue another career."

It should be a goal of every school to provide an opportunity for the student to pursue his career goals. The student must be free to choose his path and to pursue his dreams. It is not for us to deny them "the chance to learn the art of living in the world."

At Southern Illinois Normal University, the students are free to choose their careers. For the unique talent of the student must be the guiding principle of the course. In the past, there has been a tendency to overlook the primary concern of education which is to provide an opportunity to learn the marks in the world and to live or die, or to go, to college or stay at home, to become a teacher or to pursue another career."

It should be a goal of every school to provide an opportunity for the student to pursue his career goals. The student must be free to choose his path and to pursue his dreams. It is not for us to deny them "the chance to learn the art of living in the world."
