SIU to Dedicate Wham Building
In Day-Long Events June 12

16 to Be Awarded
Doctoral Degrees

The Graduate School has announced that 16 doctoral degrees will be awarded at the June graduation. The recipients are:

- William Amara, educational administration and supervision
- Wyman E. Fischer, educational administration and supervision
- Hal B. Merritt, speech correction
- William B. Mofield, speech
- Albert B. Palmar, psychology
- Carl J. Pfeiffer, physiology
- Fang-Quel Cao, government
- Dharmil Prasad Sinha, anthropology
- William D. Smith, speech
- Nicholas E. Vanderborgh, chemistry
- Willur Venable, secondary education
- Frederick M. Vogt, speech
- William F. Wakeland, secondary education
- Alden H. Warner, psychology
- Germa Amare, educational administration and supervision
- Hawley Kao, educational administration and supervision
- Kein H. Warner, psychology

Ferster Will Give
Last Design Talk

Charles R. Ferster, adjunct professor of design, will present the final lecture today in the Design Department's spring series. He will discuss "Symposium on the Application of the Behavioral Psychology to the Design of Education" at 8 p.m. in Morris Library Auditorium.

Ferster is the assistant director of the Institute of Behavioral Research in Silver Spring, Md., now teaching at SIU.

He is coauthor of "Schedules of Reinforcement" with B.F. Skinner, who also spoke here.

SIU Summer Hours
To Begin June 15

Summer hours for administration and department offices will begin June 15, according to John F. Grinnell, vice president for operations.

All administrative and departmental offices of the University will be open from 7:30 a.m. until 4:30 p.m. Monday through Friday and from 8:30 a.m. until noon on Saturday.

Tests Start Today
For Civil Defense

Today marks the start of the first monthly testing of Civil Defense public warning devices in Illinois. At 10:30 a.m., warning equipment will be sounded for tests.

The tests are scheduled on the first Tuesday of each month.
Graduating Seniors Vote $500 For All-Faith Campus Chapel

Graduating seniors will contribute $500 to the All-Faith Chapel scheduled to be built on the SIU campus.

They voted the contribution during the annual Senior Class banquet of the SIU Alumni Association in the University Center. Five hundred seniors attended.

The money will go into the Campus Chapel Fund held by the Southern Illinois University Foundation. The non-denominational chapel will be built when enough non-state funds are available.

In another action the seniors elected Gary How of Carbondale to serve as class representative to the legislative council of the alumni association.

The association gave a complimentary life membership to Caryl Klingberg Lyons of Carbondale, top graduating senior with a four-year scholastic average of 4.97.

A program was inaugurated last year to present a life membership to all graduates who complete their work with an average of 4.90 or better. Mrs. Lyons was unable to be present because of her teaching duties at Cahokia. She finished her work at SIU at the end of the fall term.

Obelisk Editor Gets Marketing Award

Steve Wilson, editor of the 1964 Obelisk, has been named the Outstanding Marketing Student of 1964 by the marketing faculty.

He was awarded a certificate and a medal from the American Marketing Association of St. Louis at a luncheon.

He also received the Alpha Kappa Psi Scholarship Key which is given each year to the male student with the highest grade average in the School of Business.

Price Cut Offered For Hutton Show

Students who will be in the Carbondale area between June 8 to June 11 and who plan to attend "Conferences for Blondes," starring Betty Hutton, can obtain discount coupons at the Activities Office in the University Center.

A savings of as much as $1.75 per ticket can be had for the play which will be presented at the Melody Top in Hillside, Ill.

Employers Offer Higher Salaries To Southern Seniors This Year

June graduates are being offered salaries that are two to three percent higher than the 1963 graduates, the SIU Placement Service reports.

"But the supply and demand for college graduates in coming in balance, every year," Roye Bryant, director of the Placement Service, says.

"The fallacy of top companies beginning for college graduates in becoming evident. In addition to good grades, a student must show a good personality during interviews and begin early to find the job most suited for him.

"Merely selling yourself is not enough," he added. "The quality of college is second to the rank in class.

"Bryant acknowledged that each year more companies show an interest in Southern graduates. Last year, for example, 5,080 jobs were offered to SIU students and the number is expected to jump this year.

"However, the student can't sit back and wait for the companies to come to court him. "We must take the initiative to find a job," Bryant added.

"The demand for teachers has been one of the biggest at the SIU Placement Service. However, "teaching jobs are not so easy to obtain anymore," Bryant said.

"Superintendents are coming to Southern and picking the best students, not just any student with a teaching-degree. And for the first time large school systems west of the Mississippi have come to Southern for teachers, Bryant stressed the point that students must apply for jobs because the best jobs are offered early. Using March as an example, he recalled that 4,088 applications were received for first-year teaching positions, of which 97 percent were filled.

"This month 40 companies sent 54 interviewees to SIU to interview some 668 seniors.

"This year some 445 firms have sought employees through the placement service. They now have seen the need for a larger number of students to come to work for them. "It's a new trend," Bryant said.

"Our purpose is to help," Bryant said. "We have sought to find jobs for all qualified students who apply, and we provide a similar service for those who have only a limited number of interviews. If they have been out of school for a few years, they must decide to change jobs after he has been out of Southern a few years.

8 Seniors Made Grad Assistants

Eight graduating seniors at SIU-Chicago who are majoring in chemistry have been granted graduate assistantships in graduate schools next year.

They are Earle E. Allen, Jr., research assistantship in biochemistry at SIU; Dennis R. Anderson, teaching assistantship at the University of Minnesota in physical chemistry; Thomas E. Hanson, teaching assistantship in bio and physical chemistry; Gordon L. Hug, teaching assistantship in organic chemistry; Elmer H. Meier, research assistantship in biochemistry at the University of Chicago; Charles E. Joan, and assistantship at the University of Minnesota in inorganic chemistry; Robert F. Mayol, research assistantship in biochemistry at SIU, and Michael H. Meier, research assistantship in organic chemistry at the University of Chicago.
Marjorie Lawrence to Direct Opera Workshop at Home

Marjorie Lawrence has announced a summer session of the SIU Opera Workshop at her Harmony Hills Ranch near Hot Springs, Ark., to begin June 15 to July 27.

The Summer Opera Workshop will feature six weeks of intensive vocal and opera training under the direction of Miss Lawrence, famous for ten years for her dramatic soprano roles with the Paris and Metropolitan Opera companies.

At the end of the week, singers will appear in a concert of sacred music. At the end of the week, they will appear in a concert of operatic excerpts.

Registration for the seventh annual Opera Workshop may be made by June 1, Miss Lawrence said. Six to eight days of tuition credit may be earned.

Tickets Available For Oxford Flight

One-way flights, either from SIU or to SIU, are June 17 to 26, 1964, or return from Paris, Aug. 3, while being offered by the SIU Oxford Summer Program.

It is possible to fly to Europe, and travel independently or with the suggested tour. The tour includes Holland, Germany, Belgium, France, Switzerland, and the cost is $477.

Anyone interested in one-way or round-trip seats should contact the SIU Oxford Summer Program between 10 a.m. and noon on June 3-19th at noon as soon as possible.

Waterfowl Habitat Set As Zoologist's Topic

William R. Allen will discuss waterfowl habitat at a zoology seminar at 4 p.m. Tuesday in Room 133 of the Life Science Building.

Fraternity Donates Blood to Patient

Eight pints of blood have been donated to a patient in Holdem Hospital by members of Phi Kappa Tau social fraternity.

Tom M. Wescott, a retired physician, was in need of blood after undergoing surgery and the fraternity members responded to a request by Wescott's family. More blood than was needed was donated.

Wescott was reportedly in good condition Saturday.

Prof. Gass Gets $21,720 Grant

George H. Gass, associate professor of physiology, has received a $21,720 grant from the National Cancer Institute for research on the effects of female sex hormone on the production of mammary cancer.

The grant is for continuation of a research project designed to determine whether it is the normal cyclical occurrence in the female that produces breast cancer, or whether the level of the hormone is the deciding factor. The project was undertaken with previous research grants from the National Institutes of Health, of which the Cancer Institute is an agency.

Gass, who came to Southern Illinois University last year as an assistant branch chief in the U.S. Food and Drug Administration, Much of his early cancer research at SIU was lost when his converted frame residence laboratory was destroyed by fire in 1962.

Journalism Group Elects Roland Gill

Roland Gill is the newly elected president of the Journalism Students Association. Gill has a 4.5 grade point average in journalism and a 3.4 overall. He is majoring in advertising.

Sally Murphy is the new vice president and Shirley Hollinger, the secretary-treasurer.
Shastri Is Expected To Succeed Nehru

NEW DELHI, India -- The ruling Congress party's powerful man ran out all opposition on Monday night allowing Lal Bahadur Shastri virtually unchallenged to be the candidate to succeed the late Prime Minister Nehru.

Shastri's main opponent, Morarji Desai, told The Associated Press that he would abide by the high command's decision that Shastri should take over the burden of leading troubled India through the perilous times ahead.

"Being a high soldier of the Congress party, I will abide by it," Desai said.

Desai said he agreed to a request by the party president, Kumaraswami Kamaraj, that he join the party in backing Shastri, 59, minister without portfolio, who seemed closest to Nehru in the last days of the man who led India since independence in 1947.

Desai said Acting Prime Minister G.N. Sanadi would propose Shastri and the matter would be formally met on the party's parli­amentary group Tuesday morning.

Loyalty Oaths Hit By Supreme Court

WASHINGTON -- The Supreme Court has ruled against two Washington state teachers who had challenged validity of the state laws. The court's 7-2 decision, which was unanimous in all respects, will oust those teachers from conducting religious instruction in schools.

The main issue is whether the new loyalty oath laws that were passed require teachers to (1) religious tests as a qualification for continued employment, (2) to take all steps necessary to qualify it to do business in Alabama, (3) to abide by the high command's decision that Shastri should take over the burden of leading troubled India through the perilous times ahead. (4) to abide by the high command's decision that Shastri should take over the burden of leading troubled India through the perilous times ahead. (5) to abide by the high command's decision that Shastri should take over the burden of leading troubled India through the perilous times ahead.

The tribunal cited its 1963 decision in a similar case from Abington Township in Pennsylvania.

In the Abington case and also in a case from Maryland, the Supreme Court last year had ousted teachers for religious, non­sectarian considerations, and was intended to require moral training and instruction of good citizenship.

Justice Harlan said that the high tribunal's justices were sending the case back to the Alaba­ma Supreme Court for entry of a prompt decree.

Justice John M. Harlan delivered the unanimous decision.

In a dissenting opinion, in which Justice Justice John M. Harlan joined, the court's vote was 7-2.

Lindsay-Schaub Company Buys Edwardsville Intelligencer

EDWARDSVILLE, Ill.--The 3-year-old Lindsay-Schaub Company is being sold to Lindsay-Schaub Newspapers Inc., it was announced Monday.

Subject to completion of due diligence, the date of ownership transfer will be June 15.

Lindsay-Schaub publishes daily and Sunday newspapers in Illinois at East St. Louis, Decatur, Champaign-Urbana and Carbondale.

The Intelligencer, winner of 17 awards and citations for journalistic achievement, was founded since 1961, was purchased from the late Gilbert Gilson in August 1961 by the Hearst Transcript-Telegram Inc. of Holyoke, Mass.

F.W. Schaub of Decatur, vice president of the Lindsay-Schaub organization, said Clarence A. Anderson, Intelligencer general manager, would continue to be as the paper's top local official.

Supreme Court Strikes Down Alabama's Barring of NAACP

WASHINGTON -- The Su­preme Court struck down Monday an Alabama court order barring the National As­sociation for the Advancement of Colored People from operating in that state.

The tribunal cited its 1963 decision in a similar case from Abington Township in Pennsylvania.

Democrats and GOP Start Job of Picking Slate of 118

Illinois Democrats and Republicans took the first steps Monday into the political unknown.

They gathered in separate conventions in Springfield, where they would nominate candidates who will run for the House of Representatives in November.

The procedure is without precedent in the state's political history, and is rougher still to nominating candidates for governor. Instead of forming a committee of one or two representatives of districts, the candidates will be nominated as though the entire state were one legislative district.

The convention was set in motion last year. The General Assembly and Gov. Otto Kerner were unable to agree on the reapportionment of the House of Representatives. There is a formula for establishing House districts.

The Republicans adopted a procedure to a bipartisan committee. Its members also failed to agree on the reapportionment, and the result is that all candidates running at-large in November. A by-product of the deadlock over apportionment was the method of nomination of each party's candidates for the House. Had the parties reached agreement on the reapportionment, and the result is that all candidates running at-large in November.

A by-product of the deadlock over apportionment was the method of nomination of each party's candidates for the House. Had the parties reached agreement on the reapportionment, and the result is that all candidates running at-large in November.

With all candidates running at-large, their nomination was left to party conventions. These opened Monday in Springfield, with the Democratic meeting in a hotel and the Republicans in the Elks Club ballroom.

The nominating conventions had 118 delegates, each of the former 59 legislative districts in the state. Each delegate was given a "weighed" vote equal to one-half the votes cast in his district for his party in the 1962 general election.

About similar an area of agreement between the two parties is that neither would nominate a full slate of 117 candidates for the House of Representatives. Had this been the procedure, the possibility existed that "straight-ticket voting" in November could make the membership of the House unanimous for the victorious party.

The Republicans' preconvention maneuvering was focused on a "purge" of six incumbent members of the House on "disloyalty" charges. They were widely identified with membership of the so-called West Side Bloc, a reference to the Chicago political element.

In an effort to achieve this purge, the Republicans came up with a committee recommendation of nominees. In addition to 71 GOP incumbents, the committee proposed names of 47 new candidates. On the Democratic side, 68 incumbents have signified a desire for renomination; this would leave only openings for new candidates to fill the slate of 118.

The Republicans attempted to tie a blue-ribbon around their pack of candidates, and this led to speculation that the Democratic might also attempt to match this with some blue-ribbon stock of their own. Their convention is in process.

Meanwhile, a slate of independent candidates being drafted by the Third Slate Citizens Committee waited in the wings. This is an organization of the Independent Voters of Illinois and the Better Government Association.

The regular Democratic state convention is also scheduled for today. Its purpose is to select 65 delegates-at-large for the national convention, and to nominate the three candidates for the Board of Trustees of the University of Illinois.

Cheers and Boos Greet Percy

As He Calls for GOP Purge

SPRINGFIELD, Ill. (AP)--Mingled applause and boos greeted Charles H. Percy and other party leaders at the opening of the Republican convention to nominate candidates for the Illinois House.

Percy, GOP nominee for governor, urged convention delegates to clean house by refusing to nominate incumbent legislators. When he arose to speak, Percy drew cheers from a majority of the delegates but there were some boos.

Similar receptions were given to Cook County Sheriff Richard Ogilvie and Treasurer William J. Scott when they were introduced. Outside the convention hall, 70 persons paraded with placards denouncing Percy. The pickets were supporters of Rep. Peter P. Miller of Chicago, one of the six men purging from the list of nominees.

Rep. W. J. Murphy of Antioch, also slated for ouster, charged the convention was rigged by Percy and other party leaders. Murphy's comment was made to newsmen before the convention began.

In his speech, Percy attacked what he called an alliance between the White House and Democratic in years of big cities.

He said they are trying to "freeze" their power before the balance swings to rapidly growing suburbs.

Too Many Chiefs

Third in a Series

Five little governments operate along the boundaries of Carbondale today. Each of these units is handled by a city councilman or the mayor.

As a Carbondale resident, you need each of these departments, the manner in which business is conducted and, using an overall picture of the corporation’s buildings and actions, suggests courses of action for eventual improvement and expansion.

The beauty of this well-known system of business operation is that the board of directors can make the major decisions without having to worry about the mechanics of carrying out orders and policies.

The same principle could easily apply to the form of city government in Carbondale. Instead of dividing the supervision of the city’s affairs among five men or into five separate units, why aren’t the city’s operations handled in such a manner?

Under the present city commissioner system, each member of the city council supervises the operations in one municipal department. Then, at the council session, the group considers major actions.

Should a city manager system be installed, the council will still retain the right to make major policy and operating decisions but each member would be free of the detailed problems involved in administration of the average city department.

Councilmen must hold down paying jobs to support themselves and families, yet are expected to devote equal time to supervising a department. The city manager solution would, besides relieving councilmen of unnecessary burdens, aid efficiency in the conduct of Carbondale’s affairs.

With one man in charge of all city departments, he wouldn’t be treading on some other department head’s territory. He would also have the advantage, gained through detailed work in all departments, of an overall picture and would be able, therefore, to more accurately recommend suggestions with the city’s total future needs in mind.

Carbondale could be run with an eye to the future instead of being run on a day-to-day basis. Carbondale has a future and it must prepare for it.

Somebody Should’ve Told the Non-Republicans

Re the Kellens letter on the mock political convention (May 23).

The only requirement for participation in the Mock Political Convention was that a person be a student at SIU. There was no political test. Some of us were under the impression that the event was to provide an enjoyable and educational experience.

Someone should have told the non-Republicans if the convention’s purpose was to provide a rubber-stamp for the reactionary and politically insane mutterings of Barry Goldwater (atomic bombs to wipe out the world), then, what is the extent that every person who wants to sell the non-Republicans clear Vietnamese foliage, crying out loud!"

There is not much sense in trying to impose upon other people a personal set of values as to just what is right or wrong. These values are specific and must be enforced by the individuals, but there are national social standards and values of which all members of a society should be aware. If socially accepted values are broken, society will ensure that they are enforced. Society will not allow its values to be crucified.

I now ask: What values justified the individual who recently stole the wheelchair belonging to a physically handicapped individual? Was it this same set of values that told him to take advantage of someone less fortunate than himself—someone who cannot walk, who depends upon wheels to sub-

Woods Predicts NCAA Title After Record Throw Friday

Without hesitation George Woods, 20, Kansas City, Mo., will win the NCAA shot put championship, according to the confident prediction moments after he threw 62 feet 6 inches in the first Illinois Track and Field Federation meet at Memorial Stadium Friday night.

This is the longest distance of his career on his first toss and it placed him further ahead of the field of NCAA shot put eligibles.

Danny Roberts of Texas A&M figures to give Woods his stiffest competition at Edmonton this weekend. However, Woods seems to think he can beat the Aggie.

For the Federation meet, Southern and Greenwood threw 26 feet and a few high school and un­attacked throwers. Woods and lady Roberts—a half back on SIU’s football team—were the only double winners.

Woods also won the discus event and Phillips won the 100-yard dash and the broad jump.

Carello Seeks 3rd Jackson Golf Title

Veteran Saluki golfer Gene Carello will be seeking his third consecutive Jackson Invitational Golf Tournament title this weekend in the annual event.

Carello, a senior from West Frankfort who led Southern in 1963 with a 75 average for 17 matches this season, will attempt to take the trophy away with a third win. Carello is the only player to capture more than one vic­tory in the tournament’s six-year history.

The tournament will open with the annual pro-am competition Friday at the Jackson Country golf course and will feature some of the best pro­fessional and amateur golfers in the Southern Illinois area.

Tennis Team Wins in Colorado

Southern's tennis team won all four singles matches and one of two doubles contests to take first place in a weekend invitational meet at Fort Collins, Colo.

The Salukis, who were unbeaten in the regular season with a record of 16-0, wound up with 17 points in the meet to finish ahead of second­place Wichita, who had 13.

The championship results against Wichita:

Lance Lumens (S) beat Ben Amolani, 10-8, 8-6.

Pancho Castillo (S) beat Van Thompson, 8-4, 6-4.

Chet Anderson, 4-0, 6-4.

Roy Sprengelmeyer (S) beat Linn Harris, 6-4, 6-4.

Amos Antinoff (S) beat Lumens B, Sprengelmeyer (S), 6-3, 6-3, 1-6.

Castillo-R, Sprengelmeyer (S), 6-3, 6-3, 7-5.

Another SIU record was set when Koury Smoller won in a 48.2 time for the 440.

Dany Libagha was the only high school entry to win an event, The Chester youth took the pole vault with a jump of 12 feet, 6 inches.

The results:

Shot put-Woods 61 feet, 2 inches.

Trelawny-See, 48.2.

100-Phillips, unattached, 10.1

Broad Jump--Phillips, un­

attached, 22 feet, 9 1/2 inches.

Pole Vault-Limbaugh, Ches­

ter, 8 feet, 6 inches.

High Jump--Tom Ashman, SIU, 7 feet, 6 inches.

3000 meter run-Mike Smith, High Hurdles-Herb Walker, SIU, 15:53.

220-Bill Cornell, SIU, 15:55.

Intermediate Hurdles (440 yards) -- Bob Wheelwright, 58.4.

4-Mile-See, 8:46.

Model Plane Meet Scheduled Sunday

The first Radio Control Model Airplane meet will be held Sunday at the Harrisburg-Raleigh Modelport, located five miles north of Harris­

burg on Illinois 34.

SUCCESS BROODS CONFIDENCE

It's Vincent and Hotz Again

Salukis Finish Regular Season By Taking Two From Billikens

What can you say? Vincent and Hotz pitched again--Vincent and Hotz won again.

That was the story Saturday afternoon when Gene Vin­

cent and Johnny Hotz pitched Southern's baseball team to two more victories. Thatimeine St. Louis University was the victor as the Billikens fell twice in a Memorial Day double­header, 3-1 and 8-7, at St. Louis' Magnolia Field.

The Salukis finished out their regular season play with a 19-1 record and go into Thursday's opening NCAA round with a 22-7 overall record.

In Saturday's first game, Vincent went all the way to chalk up his 18th win of the season on the strength of eight strike outs. He was a bit wild, as he gave up seven walks to the Bills but allowed only one run on four hits.

The Bills and Salukis were all tied up at 1-1 going into the Saluki ninth, when Bob Bernstein led off the inning with a double and was sent home by Mike Prater's triple. Danny Waller then singled Prater home with the insurance run. Vincent blanked the Bills in the ninth to get the win.

Hetz scattered five hits in the nightcap as he finished the regular season with a 9-0 slate. The Salukis scored in every inning except the seventh (the last), with the Billikens getting their lone run in the second inning, Hotz struck out six St. Louis batters and walked three.

Siebel, Prater and Walker carried the big bats for the Salukis. Siebel smashed three hits in the twi­

nright in the times to the place and drove in three Saluki runs.

Walker got two RBI's as he went 3-3-for-3 on the day. Prater showed signs of coming out of his slump as the Saluki catcher got two hits--including the first game winning triple--in five trips.

InSaturday's second game, Chery Qualls' hit mark of 39 hits with one hit of the day. Collins went 1-5-for-5 but still leads the Salukis in the bat­

ting department with a .375 average and leads Bernstein by 30 points.

Joe Armstrong and John Marcum, two of the Bill­

kens' best sluggers, were held to zero runs.

The Salukis got 15 hits while the Billikens got eight hits. The game was in play in Missouri U., for the District Five NCAA championship tomorrow.

Ansonia, 10-8, 8-6.

Pancho Castillo (S) beat Van Thompson, 8-4, 6-4.

Chet Anderson, 4-0, 6-4.

Roy Sprengelmeyer (S) beat Linn Harris, 6-4, 6-4.

Amos Antinoff (S) beat Lumens B, Sprengelmeyer (S), 6-3, 6-3, 1-6.

Castillo-R, Sprengelmeyer (S), 6-3, 6-3, 7-5.
Art Students Capture Cash

Four students have won prize totals $275 in an art contest sponsored by "Brewery Digest," a national brewing industry trade magazine.

A colored chalk drawing by Duncan Mitchell, 22, of Chicago, won first prize in the contest. Mitchell is a junior at SIU. Another design student, Dan Carlson, 20, of River Forest, sought expression in a different medium, winning second place with his black and white photographs. Carlson, sophomore, received a $75 prize.

Randall B. Richmond, 21, a junior from Murphyboro, won third prize for his pen and ink drawings. Richmond is an art major.

Bob Hunter of Alton is a junior at SIU.

Marilyn Robinson, 20, a junior from Cape Girardeau, Mo., won a junior from Murphysboro, was runner-up. Another design student, Dale Lusse, 19, of Carbondale, was runner-up in the contest.

13 Pledges Fined, SIU Office

To Study Phi Kappa Tau Role

The Office of Student Affairs will conduct a meeting today to discuss whether Phi Kappa Tau social fraternity is involved in law breaking activities of its pledges.

Invited to the meeting were the fraternity's faculty sponsors, its resident adviser and the supervisor of Small Group Housing.

Thirteen pledges were fined $25 plus $5 costs Monday in Circuit Court on charges of trespassing. This was a lesser charge than was originally filed — for taking 24 watermelon slices from Puck's Food Mart Friday night. All 13 pleaded guilty to trespassing.

The Office of Student Affairs talked to the 13 Monday, but no action was taken, pending further investigation. The office said the pledges were from Alpha Xi Delta; George McCreyer and Arthur Lucas reported they took the melons. The 10 other pledges fined in court said they were aware the melons had been taken.

Twenty-six Phi Kappa Tau pledges were arrested by Carbondale Police at Crab Orchard Lake. Thirty of them were not fined because they neither touched the melons, nor knew they were stolen.

The charge was lessened at the request of Puck's, to whom the court ordered the fraternity to pay $51 in restitution and to send a formal apology.

The Office of Student Affairs said that the automobile driven by Nappi was unregistered. Those fined, according to court records, were Nappi, McCreyer, Lucas, James Ginnis, Everett Kelly, James Hays, Richard Goodman, Rodney Edelson, Oliver Dorr, Richard Bening, Leonard Speanvogel, Gary Wilson and Ralph Senetoney.

Math Fraternity Chooses Officers

Victor Gummeresheimer has been elected president of Pi Mu Epsilon, national honorary mathematics fraternity.

Other officers are Mary Frange, vice president; Charles Weber, program chairman; John McNiel, treasurer; and Carol Mills, secretary.

Initiates in Pi Mu Epsilon are George Brit, John Cook, Donna Dungan, Judith Harbison, James Harris, John Holt, Stephen McGrath, Earl McNiel, Mary Middleton, Kathleen Neumeier, Robert Roehrer, Karen Schrader, Robert Taeke, Barbara Weeks, David Wisbey and William Wright.
