Southern’s Diamond Jubilee Celebration October 20-22

Plans are shaping up for celebration of Southern Illinois University's Diamond Jubilee to be observed in two phases. The celebration will begin Friday, July 2, 1949, at the other at Homecoming Day Saturday, July 3.

Thence of the 75th anniversary, according to E. R. Johnson, chairman of the committee in charge of arrangements, will be "looking forward," even though much of the early work will consist of reviewing fragments of the past through pictures, exhibits and addresses.

\[...

Student Wages Will Be Adjusted

\[...

The Diamond Jubilee committee is collecting relics and memorabilia in the form of photographs, prints, and other such material that will be used in the celebration activities. The committee is asking for donations of such material from the public, and any contributions will be gratefully acknowledged.

\[...

Students will be given a break during the celebration, and the University will be closed to the public. The breaks will be scheduled for specific times, and all students and faculty members are urged to attend.

\[...

The University Operating Budget will Receive $2,485,000 Final Cut

The University Operating Budget will receive a $2,485,000 final cut, according to a statement released by University President J. W. Roper.

\[...

Three Southern 'Scientists' Make Balloon Experiment

Three Southern scientists, the Virginia police, a small Aerodrome and a Carbondale group, are expected to have made a balloon experiment in a strange way that took several days to unravel.

\[...

 Universidad Will Hold Open House

Southern Illinois University officials will open its doors to an estimated 5,000 visitors from the state and neighboring states for a two-day open house, March 22-23.

\[...

Special Assembly

Each member who speaks in the assembly will in memory of the persons who lost their lives in the tragic event that occurred on campus last month. The assembly will be held in South Hall, and all members of the university community are invited to attend.

\[...

Plans For New Student Center Get Under Way

Tentative plans were announced for a new student center to be built on the campus. The center will be constructed on a site vacated by the old student center, which was razed last month.

Candid Opinions
By Ed Carey

What Improvements Are Most Necessary on the Campus?

SHIRLEY JESTER—Benton: There should be more class rooms, a new library, and other improvements to make the campus more attractive. There's only one dormitory and it's not big enough to accommodate all the students.

BARTON HUNGER—Benton: A bigger gymnasium would be necessary. The present one is too small. A good light on the tennis courts would also be helpful.

LLOYD COX—Benton: The most necessary improvement would be for the campus to open up. There should be a gym in which to include a larger seating capacity, and a swimming pool.

DOROTHY HANAN—Benton: There should be more space for music majors to practice. Also new music rooms and lounges, and dormitories like Anthony Hall. We should have a gym large enough for the entire campus to use at one time when the weather isn't favorable. The present weather language building is also uncomfortably small in the morning.

OBIREN FREDERICK, West Frankfort: I think the most necessary improvement is a new, larger gymnasium. The present one is small and can't accommodate all the students.

DOROTHY MILLER, Vincennes: Of course the first and foremost of our needs is a new building. We want to be able to take full advantage of all the opportunities for education. We can't do this without proper facilities. It's important for the school to have these things in order to compete with other institutions.

ALMA Marshall, Vincennes: The dormitory should be much larger. As it is now, it's impossible for all the students to live comfortably.

BENNY BRADSHAW, Orange: There should be more opportunities for off-campus living. The dormitories are too crowded and it's unhealthy for the students.

ELSIE PERKINS, Alexandria: The library should be much better equipped. It's not adequate for the number of students who use it.

KATHRYN BROWN, Washington: The cafeteria should be improved. The food isn't good enough and the facilities are overcrowded.

ROBERT HIRSH, Southern Exposure: Thomas Fuller.

WANTED—One weatherman who knows what he's talking about. After saying for seven months that there was no spring, the several waves and unseasonable snows of the past week or so can no longer be ignored. We're not talking about snow, either. To paraphrase the above question, are there any men who have kept track of the weather since the beginning of the century?

No matter what other indicators might be, last Monday was officially the first day of spring. They say that in spring you have to be careful, but that the sun is shining, it feels like spring, and the weather is the discourse of fools.

Along with their spring cleaning, the art department has hung some new works in the gallery on the second floor of Old Main. We can't honestly say that there was any noticeable improvement.

The other day we heard a baseball player get feverish and wanted to take a cold bath. By the time he came back, the water didn't even go to the waist for a while.

A fanfare this week goes to Southern's corncob choir, Madrigal and woodwind quintet, which presented a fine performance of their spring program in Carbondale last Sunday. The concert was well attended, and the group displayed an impressive technical level.

After a week's vacation resting up from final exams, Southern's students emerged rather refreshed on Monday morning. However, the weather was not so encouraging. It was too bad that the weather wasn't sunny, as that would have been a much better start.

Famous last words: "enough of the weather..."

'Your Friend Lucy' is a part of the program for the Diamond Jubilee celebration. Miss Max Franklin Smith, a member of the class of 1940, has been chosen as the person to appear in the role of Lucy. After graduating from Mount Holyoke College and teaching in Illinois, Miss Smith returned to Carbondale, where she is a well-known figure on the campus. Her performance in this role is sure to be a highlight of the evening.

(Note: We shall pass over the years between June 1866 and the fall of 1869 except one, and I'll try to make a senior at S.I.U. She ranks high in her class and is quite popular, although the few letters I've heard about her activities refer to her studies. Her family lives in Carbondale, and she is apparently the only girl in the family. The last straw, as far as Lucy was concerned, was the fact that he was one to think that he was a better one. Although he was a constant to make a difference in the world because she didn't care, she was apparently everybody by everybody else. God help the world, and the Lucy's new surroundings. Lucy was not the Mund Miller, type of woman, for Lucy's sake, and the "titanian friend" now owned high academic attainments match here. Let's not speak further, but Lucy tells you about her, all right. That's all—enough of the weather again.

Dear Nae,
Well, there we are back in school after our summer vacation. The old building and the old campus look much the same, but there has been a lot of change. The library is much larger now. The gymnasium has been expanded and the new science building is being constructed. The old science building has been torn down.

There's a new student newspaper called the "Carbondale Daily" that is published every day. It is very interesting and well written. There is also a new student magazine called the "Carthage Review." Both publications seem to have a lot of good material.

The weather has been very pleasant and it seems to be an excellent climate for outdoor activities. The lake and the river are both beautiful and there are many attractive trails in the woods.

I trust this message finds you well and that you are enjoying your summer vacation. Please write and let me know how you are doing.

Yours sincerely,
[Signature]

The Alienist Department here in the University of Illinois is becoming more and more popular. The students have a lot of fun playing the game, and it seems to be a good way to get people involved in the extracurricular activities.

I did not sign up for Astronomy, but I went to a few lectures and they seem to be very interesting. There is a lot of information that is not known to the public, and it seems to be an exciting field of study.

I am going to take some courses in Economics next semester. I think it will be interesting and helpful for my future career.

Yours sincerely,

Will Be On Campus
For 1950 I.R.C. Meet

Southern was selected as the site of the 1950 Mid-West International Relations Club Conference by the delegates to the 1949 conference which was held at Ball State Teachers College in Muncie, Indiana on March 18-19. Eighty-six colleges and universities represented by 313 delegates from four states took part in the 1949 conference. A similar number can be expected here next March.

Six delegates including those officers of the local club represented the International Relations Club of Southern at the Mid-West meeting. The three officers were Thomas Hoke, Mackenzie, Robert P. Quisenberry, Jacksonville State, and Robert Dinkham. 2, Muncie Teachers, and the other members of the delegation included Priscilla Hamilton, Malcolm Oak, Donald Balcher, Spring生成, and Herbert McAndie.

Eighth Grade Bow

The conference held at Ball State Teachers College attracted the attention of the International Relations Club of Southern at the Mid-West meeting. The delegates brought new members from President J. E. Bowman of Ball State Teachers College, William J. Greve, president of the Mid-West I.R.C. convention and tentative reports were made by Malcolm W. Davis of the Canine Endowment for International Peace, Russell J. Brown, radio commentator, delivered his talk on "The Road Before Us."

Keenan Meets Guests

Dr. Keenan, chairman of the southern main department, kindly invited Mr. and Mrs. Robert H. Keenan to participate in the conference which was held at the University of Kentucky. The delegation was composed of Mr. and Mrs. Robert H. Keenan, and the other members of the delegation included Priscilla Hamilton, Malcolm Oak, Donald Balcher, Spring生成, and Herbert McAndie.

A Cappella Choir

In Concert Tour

Following a performance in Cambridge, members of the University's cappella choir and Administrative officers, under the direction of Mr. F. W. Watanabe, and Southern's principal tourist, made the journey to Muncie Teachers, a visit through the University of Indiana, and to the University of Illinois.

The program presented in Cambridge at the First Christian Church was the same as that which was given in the same church in Cambridge. The performance was given before the students of the university, members of the group include Betty Beavers, Eliza Fay, John Allen, William Watanabe, Watanabe, William H. Day, Elna Hargett, Faste, Lusby, Williams, Janie and their bandmates.

SOUTHERN SOCIETY

Southern's election

ELABORATION OF THE SOUTHERN SOCIETY

The SOUTHERN SOCIETY is an organization of students at Northwestern University. It is composed of four fraternities: Alpha Phi Omega, Alpha Epsilon Phi, Delta Chi, and Epsilon Sigma. The society meets weekly to discuss topics of interest to its members and to elect new members. The SOUTHERN SOCIETY has a long history at Northwestern University, dating back to the early 1900s. It is one of the oldest and most prestigious social organizations on campus, with a strong tradition of leadership and service.

Men can be admitted to the SOUTHERN SOCIETY after completing their freshman year. The application process involves submitting a formal application, completing an interview, and being voted in by the existing members. The SOUTHERN SOCIETY provides a range of social and philanthropic activities for its members, including formal events, community service projects, and fundraising initiatives.

The SOUTHERN SOCIETY also has a strict dress code and conduct expectations, which are enforced by the existing members. The society is known for its high standards and strong community, and it is a highly sought-after organization for Northwestern University students.

YOW! You've never owned such a pet! It's the famous "Pouch" that made new and wonderful friends in the midwest.

The new Pouch-Fill filter, for example, makes filling the New "Pouch" extra fun and a new experience for all who enjoy smoking cigarettes. The Pouch-Fill filter is a simple, yet effective system that allows users to fill their own cigarettes with their favorite tobacco. This feature not only adds a new dimension to the smoking experience, but also offers convenience and customization.

The Pouch-Fill filter system includes a variety of features that enhance the overall experience. For instance, the filter is designed to be easy to use and comes with a convenient dispenser box for easy filling. Additionally, the system is compatible with a wide range of cigarette brands and sizes, making it suitable for most smokers.

The new Pouch-Fill system is expected to revolutionize the cigarette market, offering a fresh and exciting alternative to traditional cigarette filters. With its unique features and innovative design, the Pouch-Fill filter is sure to become a favorite among smokers looking for a more enjoyable and customizable smoking experience.
**Russian Violinist Will Play Here**

Tracy Silverstein, Russian violinist, who is believed to have been imprisoned for 15 years in a Soviet labor camp, will present a concert in Derby, Connecticut, at 8 p.m. on Thursday, March 5, sponsored by the Derby Community Concerts Association.

New to Southport, Russia, in 1941, he studied violin at the age of 12 and eventually toured throughout Europe. In the 1930s, he played regularly in Moscow, Leningrad, and other Soviet cities. During World War II, he was interned in a labor camp for four years. After his release, he began performing again, and his concerts were attended by a wide range of audiences. In recent years, he has performed in Europe and the United States, and his music has been recognized for its technical skill and emotional depth.

Baseball Team Returns From South With Two Wins In Five; Pitching and Fielding Weak

THE SOUTHERN BASEBALL team's trip into the deep South during spring training proved to be very successful when they returned home just before registration time. The team played a few games and then went on the road. Before the last game, the Mackenzie Aprons were greeted with warmest and most hearty welcome. For the five games played, Southern had bet 166 with 24 base hits out of 110 official at bats; the offense. The 42 hits included double blanks, four triples, and four home runs. The four blanks were produced by the Shreveport and the Mississippi college of Okla- hans. South's success was the result of a 1-3-8. The record was the best for the previously scheduled schedule. Southern suffered 13 runs on 15 hits and one error, while Clin

W. E. DEPARTMENT HEADS ELABORATE INTRAMURAL LIST

Two new physical educators in Southern Illinois University's Physical Education Department, Francis and J. J. McCully, both Indiana University graduates, have created a new interest and enthusiasm in the intramural program on the Southern campus. Previously the intramural program was largely neglected and the interest of the students was very low. The new interest has increased the attendance at the games and has made the program more popular at the same time.

There were 100 points assigned during the monthly meetings and the points were awarded for the best performance in the various events. The points were calculated and the best performers were awarded certificates. The team that won the most points was awarded a white hat. The team that lost the most points was awarded a black hat. This system has increased the interest of the students in the intramural program.

At the monthly meetings, the team captains and the coaches were present. The coaches were instructed to encourage the students to participate in the intramural program. The team captains were instructed to encourage the students to participate in the intramural program. The team captains were also instructed to encourage the students to participate in the intramural program. The team captains were also instructed to encourage the students to participate in the intramural program. The team captains were also instructed to encourage the students to participate in the intramural program.

The games were scheduled for 3 p.m. and 5 p.m. each Tuesday. The games were scheduled for 3 p.m. and 5 p.m. each Tuesday. The games were scheduled for 3 p.m. and 5 p.m. each Tuesday.
