It Says Here...

By Dodd

"It seems that the Mill-er-More organization is getting
big news publicity these days. In nearly every metro-
politan of the world, we can find a newspaper that
prints something like this, "The Mill-er-More orga-
nization is getting big news publicity these days."
We can't believe that Wheaties is responsible for all of
that. You don't suppose that the fact that Mothers' Day
is coming soon has anything to do with it, do you?

DODD"

It is indeed fortunate for our own Carbonide theatre
that the playgoers are practically unoccupied by the
commercialized screen. And still survive without fear of competition
sentiment among the theatre-going public. This year's screen advertising
is a downgrading of the theatre's prestige. The advertisements under
cite that it really pays off.

College students make up a third of the theatre's
audience. It is estimated that about three hundred
students pay the admission price. With the fee reduced to 50 cents,
many more students are able to afford the entertainment. The
fees are used to support the theatre and provide a means of
income to the theatre. Without the student support, the theatre
would not be able to continue.

Please, Say Please

"Please, a much used word, is often taken for
granted. Yet when using the word, "please," one
should always be mindful of the importance of
gratitude. The word "please" is used to express
politeness and to show consideration for others. It
is important to remember that politeness is a
fundamental aspect of good manners."

Southern's Track Team Defeats Eastern 84-47; Remain Undefeated

Southern's second straight conference win was chalked up by Coach Leland's track and field team Saturday as they rolled by Eastern Illinois State Teachers College 84 to 47 at charming Carbondale.

Included in the ten firsts pulled up by the Maroons was a new half-mile track record of 2:01.8 set by John Marklee of Du Quoin.
