Council Okays Mobile Booth

A mobile polling booth will be used on the campus next Wednesday’s all-campus election.

The Student Council approved the use of the booth after considerable discussion at its Thursday night meeting.

This is not the first time a mobile booth has been used. Elizabeth Lamb, coordinator of student activities, pointed out that earlier attempts to use the booth have not been successful because the driver couldn’t find a good time to catch off-campus students.

However, it was used with considerable success last Wednesday’s Off-Campus Presidents’ Council election, Roger Hanson, newly elected president of the Off-Campus Council, told the Student Council.

Several senators argued unsuccessfully that a “campus election and should be kept on the campus.

In other action, the council voted to study a proposal to charge a student admission fee for SIU athletic events. The proposal came as an amendment to the council’s approval of the university athletic program for 1964-65.

The council also gave approval to an invitation for the new Associated Student Government of the United States of America. SIU students were instrumental in starting the organization last month in St. Louis. It also appropriated $350 for use by Ken Roden, SIU student, elected vice president of the new group.

Student Bus in Red More Than $1,000

The Student Bus Service went $13,221.30, in the red this quarter, according to Dick Moore, student body president.

In a quarter report, covering the period January 31 through March 17, Moore said the bus service earned only $1,572.05. It costs $3,524.55 to operate during that period.

About 1577 people used the mobile booth during the winter quarter.

Actually the picture isn’t as bleak as the figures might indicate. During the fall quarter, the bus service lost $2,045.07.

The bus service has operated at a loss since it began in the fall quarter of the 1960-61 school year. Total loss over the period is $13,221.30, according to the report.

The bus service’s best month has been the winter term of 1961-62, when it lost only $375.74.

WASHINGTON - U.S. officials are intrigued by evidence that the Soviet Union now would like this country to give her a hand in Moscow's struggle with Red China. This seems to be what the Russians are aiming at when they lecture to the American press Thursday about printing Red Chinese claims against Soviet communism. Beneath the surface, however, the Soviets actually appear to be trying to use their dispute with the Red Chinese in a effort to wring concessions from the United States in fields of disarmament, nuclear arms for NATO, or the future of Germany and Berlin.

**Khrushchev Warns U.S. on Cuba Flights**

**MOSCOW** — Premier Khrushchev said Friday continued U.S. violations of Cuban air space “can have disastrous consequences.”

“This will be a disaster, first and foremost, for those who carry through a policy of provocations and aggressions against Cuba,” he told a Kremlin reception for guests at Moscow’s Big May Day rally.

Khrushchev launched into the touchy subject of Cuba at the Kremlin reception by describing as a “wicked fabrication” reports he said U.S. to Continue Air Surveillance.

WASHINGTON—The United States has restated, in the face of warnings from Moscow, its policy of continuing reconnaissance flights over Cuba.

State Department press officer Richard S. Phillips declared at a Friday news conference he could repeat what he had said on April 20. At that time he declared the overflights were a substitute for the firsthand “on-site” inspection of the removal of Soviet nuclear rockets from Cuba in October 1962.

At the Pentagon, Arthur J. Vester, assistant defense secretary, said aerial surveillance of Cuba “continues exactly as in the past.”

In effect, the church’s all-Negro Central Jurisdiction will be abolished.

**WASHINGTON** — A former aide of Gen. Dwight D. Eisenhower has joined the inner circle of Henry Cabot Lodge supporters and is whipping up support for the race for the Senate in New Hampshire.

When will Lodge be available?

“Let’s see how we need him we’ll have him, right now we don’t need him,” said a Lodge campaigner. “He’s doing fine without campaigning.”
