WOMEN'S CLUBS DISCUSS CURRENT PROBLEMS

Pulliam Gies, Address Of Welcome To Group

OTHER FACULTY-MEMBERS SPEAK

Barton, Bagnold, Beyer And McNiel Talk

Current problems and societal issues are a topic of discussion among faculty members, as they gather to address and reflect on the pressing concerns of the day.

ANNOUNCEMENT

All students who have not registered in the social science division are being given an additional week to do so. This late registration period ends on Thursday, January 12th. The purpose of this late registration period is to accommodate students who may be unable to register during the regular registration period.

Several new courses are being offered this term in the social science division. These courses explore various social issues and provide students with a deeper understanding of the complexities of contemporary society.

WARREN GLADIS BECOMES CHAIRMAN OF GROUP

ANNOUNCEMENT

The purpose of this late registration period is to accommodate students who may be unable to register during the regular registration period.

First, S. I. N. Student Council is Elected

WOMEN'S CLUBS ARE SELECTED BY STUDENT VOTE

Vicki Steadman, Graves And Patterson Are Named

AMERICA HAS OPPORTUNITY SAYS HOLMES

Religion Responsible For Solving Industrial Chaos

We have the love and appreciation of our guests at the annual Student Council. The Student Council has been established to serve the needs of our students and to provide a forum for discussing current problems. President John Holmes presents a welcoming address, emphasizing the importance of unity and cooperation.

MUTI PULIBID EIGHT PLEDGES FOR FALL TERM

The first, S. I. N. Student Council is elected, consisting of Warren Gladis, chairman; and Vicki Steadman, grave, and patterson. The new council will be responsible for organizing and conducting the annual Student Council, which will be held on October 21st. The council will work towards solving industrial chaos by promoting the values of unity and cooperation.

Leo Bahar, Senior President, To Speak Today

Class Schedule For Friday Changed

In order to accommodate the needs of our students, the class schedule for Friday has been changed. The new schedule will be as follows:

Exam Schedule For Fall Term Announced

The schedule of exams for the fall term is now available. All students are encouraged to review their schedules and make any necessary adjustments. The exam schedule is as follows:

MUSIC STUDENTS TO ST. LOUIS FOR SYMPHONY CONCERT

Students have an opportunity to participate in a special concert. This event is open to all music students and will be held at the symphony hall. Students are encouraged to sign up for the concert as soon as possible to ensure their participation.

---

Anjel Davis, Charles Hackett, Will Sing

Student Tickets to Be Honored

Presented By Carbondale Co-op Concert Group

[Diagram of concert schedule]

In order to provide a smooth and enjoyable experience for all attendees, a diagram of the concert schedule is provided. The schedule includes all events and performances, allowing students to plan their day accordingly.

[Diagram of music students]

In recognition of their hard work and dedication, music students have been selected to represent Carbondale in a special concert. This event will be held at the symphony hall, and students are encouraged to attend and enjoy the music.

A GOOD JOB

With the election of the S. I. N. L. student council and the adoption of the new student government plans comes what may be a new era of student life on this campus.

Students would find it difficult to believe that we have or will have was and is a matter of being questioned. Whether it would be only a body of students holding nightly meetings deciding whether or not there would be any student council officers, or whatever it would actually be a group of students running the college and expressing their own views in a careful and logical way was another doubtful subject.

A great part of this question was settled by the committee and they decided to go ahead. Thus, the student council was formed.

The second step of the council election process rested entirely on the students. They were asked to vote for the people they thought would be the best candidates for the positions. Indications of the correctness of this was shown by the fact that of the two hundred pilots elected, nearly all of them were students.

With such careful nominations made, the final task of selecting council members from the two candidates was relatively simple. Almost every student member elected from the two parties would have formed an excellent council. Thus, the entire election was a success, and congratulations. Having passed through the rough adventures, they proved their worth and ability by reserving elections in a ten of perfect candidates.

The first question-What is a student council?—is still unanswered. However, the student body of this college may be of one thing, and the student body may be of another. Without the support of the student body, and with the quantity and desire to carry on the will of the student body.

MATH TEST RESULTS POSTED — NO CREDIT

The MATH TEST RESULTS have been posted and will be available for the student body. The test was given on Monday, November 16th.

The test consists of 50 multiple-choice questions, covering topics such as algebra, geometry, and trigonometry. The test is designed to assess the student's understanding of fundamental mathematical concepts and their ability to apply these concepts to solve problems.

The results will be posted in the Student Center, and students are encouraged to review their scores and work on any areas where they may need improvement. The test results will be used to help determine the placement of students in advanced math courses.

Those students who need additional support are encouraged to contact their Math Department advisors for further assistance. The Math Department is committed to providing the necessary resources and support to help students succeed in their math courses.

S. I. U. STUDENT COUNCIL

Welcome New Ideas

Young people today should find much to their liking in the policies of management adopted by our modern railroads. Nothing is too sacred merely because it is old. Policies are based solidly upon the test tube findings of current public usefulness and favor. Consider these evidences of railway experimentation:

- Reduced fares and more convenient schedules, streamline trains, added comfort and beauty in passenger equipment, lower meal prices, air conditioning, free pillows for each passenger, free pickup and delivery of less-than-carload freight, innovations bringing nearer to the long held railway advantages of safety, economy and dependability.

The Illinois Central System is especially prominent in this regard, and is a popular part of our railway system. It is a railroad of progress, and its business like that of the national system, is modern and progressive.

Our system is a railroad of ideas, a railroad of progress. Ours is a railroad of new ideas. It is a railroad of forward looking ideas. It is a railroad of new ideas. It is a railroad of new ideas.
