PEARSON LECTURE IS FEATURED BY QUARTER ADMISSION

Contract with author of famous book signed.

In arranging that tickets of admission to the Dues Pearson lecture scheduled for November 9 in the Shryock Auditorium, tickets are being sold for twenty-five cents. Mu Tau Pi is continuing its policy of service. Even though the charging of such a low rate means that many hundred tickets must be sold, the society is offering the twenty-five-cent rate so that every student will be enabled to attend the lecture.

Mary Ellen Wendt, president of Mu Tau Pi, signed the contract with Mr. Pearson and his bureau during the past week. In all probability Mr. Pearson will speak on his new subject, "Behind the Scenes of the National Geographic of the University," in his address amnestes amnesties and personalities similar to those that have made his book, "Washing- ton Merry-Go-Round," so popular.

Mr. Pearson's reputation as a lecturer is an asset to his career as a writer. He has the position of Instructor in Industrial Education at the University of Pennsylvania and of lecturer in Commercial Geography at the University of Illinois. He has lectured extensively in America, Australia, and New Zealand, especially on chaquetas platforms in those countries. A few newspaper correspondents have travelled in more than fifty countries.

President Shryock Addresses Meeting Of Business Clubs

In an address at the joint meeting of the Carbondale Business Men's Association and the Business and Professional Women's Club, President H. W. Shryock told the assembly that the short labor week is last, but it is not over yet. The meeting, which was continued, everyone must prepare to use leisure time to advantage, for the minutes of the day are the measure of national moodly and physically and destroy it.

Developing his point further, Mr. Shryock urged that in the future, men can come closer to art, especially to music and literature. The added leisure, he suggested, should make appreciation of art and artistic achievement more attainable than ever before.

He followed this talk with an illustrative group of folk songs. After his concluding number, he introduced Mike Makou who sang three Slavic folk songs in Russian. As ad encore he sang a dancing song.

Veda Taylor read a folk story of Southern Illinois and Marian Richards outlined a few of the legends of the section.

During the business meeting that followed the program, it was reported that curtains for the stage in Socratic Hall have been secured and that other improvements have been arranged in order to put the stage in readiness for the short plays which will be produced soon.

Record Crowd at Y.M.C.A. Meeting

Seventy-seven men constituted a record crowd at the meeting of the Y. M. C. A. on Tuesday evening, Oct. 3. Approximately twenty of this number signed their intention of joining the association.

The main feature of the talk was by Dean George D. Wham on "The Power of Suggestion." Stating that suggestion was an impor- tant phase of one's personality, he showed by specific cases the necessity of developing a firmness of resistance to bad suggestions and of associating with those things which give rise to good suggestions. He spoke of will power as being made up of several factors, such as ideals and habits, and influenced by an extent by one's environment. Going further, Dean Wham illustrated the possibilities of suggestion as an influence in direct- ing the activities of others.

The second number was a vocal solo by Charlotte Frayley. "Athletics" was announced as a general topic of the next meeting.

AID FOR THE CRIPPLED STUDENTS

For the benefit of those people who are crippled and wish to attend school but need financial aid, the state of Illinois has set aside a fund contributed by the taxpayers of Illinois for the purpose of providing free tuition and supplies. Anyone who is crippled or disabled is eligible for this aid.

Application for this aid is made through Mr. W. L. Smith, Metropolis, Illinois. After receiving the application Mr. Smith will make a survey of the applicants' condition. The survey will be sent to the Illinois Industrial School for Ex-Servicemen, Springfield, Illinois, along with Mr. Smith's recommendation if he gives it. The Vocational Board will take up the case and if it passes the case calling for college free tuition and supplies will be sent directly to Mr. Edward V. Miles, business agent of the college.

NEW UNIFORMS FOR THE BAND

With the band coming more and more to the front as a music organization, its uniforms are strikingly85b/arm. Particularly in autumn, when football and bands are as much a part of the season as the brilliant colors of the trees, these outfits are jarring out of place. The fact is that the uniforms show eight pairs of week as conclusively as any other suit of clothes does.

As apparent as the designer of the suits is the truth that no money for new uniforms can be reconditioned this year. We would suggest that the band itself try to establish a fund for the purpose. The annual spring band concerts have proved amazingly popular. An indoor concert winter team to which a small admission could be charged would equally well attend. If such a project is undertaken, the band may expect complete cooperation from the Egyptian in the line of publicity.

MONDAY NIGHT FOR FRATERNITY NIGHT

Until the last year or so Monday has been unclaimed by any organization. It was any man's night. Students going home for week-ends recuperated on Monday evening. Perhaps those were halcyon days.

Fraternities are scattered on the campus, and campus existence has assumed a collegiate aspect. Whether we have realized it or not, fraternities must meet—the evening of the meeting is inmaterial. Tuesdays and Wednesdays are for them, as they have been taken since time immemorial for the "Y" organizations and literary societies. And since Monday is the traditional day on most campuses for fraternity night, there seem to be very good reasons for its following suit.

To avoid inconvenience then, college activities that would likely include fraternity men and women should leave Monday free.

WILLIAM MORAWSKI

William "Bill" Morawski, another of the Christpherites, is playing tackle on the 1933 football squad of the school, his position left vacant by "Hippo" Sinner after the first contest of last season, and he has played regularly since.

"Bill" earned six letters in High School, four in football and two in baseball. He was elected line-captain of the Christopher eleven in 1929, having played tackle at the outset, and fullback the following year, at S. I. T. C. He has earned one major football award during his college athletic career.

School, four in football and two in baseball. He was elected line-captain of the Christopher eleven in 1929, having played tackle at the outset, and fullback the following year, at S. I. T. C. He has earned one major football award during his college athletic career.

In his high school athletic days, he was captain of the high school track team and has also played in the football, two letters in track, and one basketball award.

Robert Smith

Robert "Paul" Smith, who has spent his 24 years in Carbondale, is one of the outstanding backs at S. I. T. C. This fall he is the team's head coach, William MacAndrew's last year, and now is playing his second year on the Maroon banner. Robert Smith earned six letters in football, 1925-1928.

THE SPOTLIGHT

by BILLY GANGLER

About 50 Carbondale fans held their hearts touch bottom when Louis "Louie" Brown was out of the game from the field at the beginning of the second quarter of the Carbondale game. Louie pulled a muscle in his leg and is out of the game for a while.

That big boy ripped the Maroon forward well to pieces. (Almost) The only time he could not go where he wanted to was when he was near the Carbondale goal line.

Some 2000 fans pulled their hair, exalted, and stamped their feet as Davison passed one just a wee bit over "Peeck" Holders hold into the Carbondale third-quarter territory. Well, Carbondale would have won the game.

Everyone has hours on the brain after seeing their play last Friday. The team played with enthusiasm and spirit, with those passes. Right into Fitchett's and Hubbard's arms.

If you want to see someone who has plenty of power in his legs, look at Franks. It took three men to stop him. He'll pull down all of his legs from under him during the Carbondale third-quarter play. What power!

Howard "Polly" Morawan stole the spotlight from the other R. T. C. The World October 2, at Woof's Field. Dr. J. W. Neckers and Mr. Russell Nelson, both of the Faculty for the Carbondale and Pres. C. D. L. Cocke, took the game for the Chi Delta. Dr. T. W. Abbott, playing his first game in the city for the Chi Delta, got his first pass, a touchdown pass, and blew it.

The Cape people are on their own. They have a lot of talent, but cannot keep the ball in the Carbondale's only game. And to think I had to sit in the press box.

FACTORY TEAM IN BASEBALL TUESDAY

Playing a postponed baseball game the Faculty trampled over the Chi Delta nine and posted an 18 to 16 victory, the final game of the season October 2, at Woof's Field. Dr. J. W. Neckers and Mr. Russell Nelson, both of the Faculty for the Carbondale and Pres. C. D. L. Cocke, took the game for the Chi Delta. Dr. T. W. Abbott, playing his first game in the city for the Chi Delta, got his first pass, a touchdown pass, and blew it.

FACTORY TEAM IN GOLF MATCH SATURDAY

The Faculty golf team defeated the Student team, 2-1, in a match at the Midland Hills Country Club last Saturday afternoon. Playing three foursomes, the Faculty emerged victor in two of the three matches.

Dr. E. Scott, Mr. E. V. Hillebrand, Mr. Abbott, Dr. J. W. Neckers, Mr. Kenneth Van Lente, Mr. John Mason, Dr. E. S. Abbott, and Mr. Archibald Morris constituted the Carbondale team. The only student team in the City League last year had the following roster: Wayne Biddle, Pat Cunningham, Dr. E. S. Abbott, Dr. J. W. Neckers, Mr. Kenneth Van Lente, Mr. John Mason, Mr. Campbell.

The only player in the Carbondale team who played last year was Dr. E. Scott, Mr. E. V. Hillebrand, Mr. Abbott, Dr. J. W. Neckers, Mr. Kenneth Van Lente, Mr. John Mason, Dr. E. S. Abbott, and Mr. Archibald Morris. The team was held in the final year for the purpose of organizing the league and for the selecting of any necessary officials.

S.I. T. C. HOLDS CAPE TO 0-0 SCORE IN MATCH LAST FRIDAY

TWO THOUSAND FANS ATTEND GAME AT HEOCK FOOTBALL STADIUM

Before 2,000 fans in the Hock Football Stadium at the Cape, the Carbondale Teeths and the Cape Girardeau Indians battled to a 0-0 tie last Friday evening. Cape worked the ball down close scoring distance twice but failed to push the pigskin over the third kick. Cape opened the game by kicking off to Smith who returned the ball to his 20 yard line. Again the ball was near the 20 yard line before the pass the ball over the goal line.

Again, the ball was played off the Cape 45 yard line to Ison, and from there the ball was moved to the 1 yard line. The ball was on the 1 yard line. The ball was again moved back to the 20 yard line. The ball was again moved back to the 20 yard line before the pass the ball over the goal line.

The second quarter saw Carbondale punting the ball from the 1 yard line. The ball was on the 1 yard line. The ball was on the 1 yard line. The ball was again moved back to the 20 yard line. The ball was again moved back to the 20 yard line.

Howard Morawski was probably the most outstanding player while the backfield failed to get started on the offense. Tango Companion continuing the delegation of Carbondale to Pritchard was the outstanding factor in their defense.
