PAGING MR. COURTNEY!

Thomas J. Courteney; Democratic nominee for Governor, made several revealing remarks toward campus students and faculty during his two-day stay at Maryville College last week. The new Mr. Courtney during the period of his stay was particularly active in promoting his candidacy, and in so doing, he received a warm welcome from the student body and faculty. The candidate appeared to be very much at ease with the people he met and spent a considerable amount of time discussing various issues with them.

CONGRATULATIONS, STUDENTS!

Politics is again a live issue on the campus of Southern Illinois. With the recent formation of a vigorous Independent Movement, the student body has been swept up in the current enthusiasm. They are now using their opinions more actively to participate in student elections more strenuously than they have done for some time past.

We welcome this sign of renewed interest in the student body as an indication of the shift in the interest of the student body from the political to the social. We shall make every effort to attend to the students' interests and to make a real effort to bring about a change in the administration of the campus.

We recall the instance of the past few months when only 14 students out of a total population of 300 participated in a poll of their opinions. This week's student poll of the campus shows a marked increase in the number of students participating.

Progressive action on the part of the whole student body should be encouraged. It is only through the efforts of the student body that the real spirit of the student body can be maintained.

MUSIC FOR SOUTHERN

The 25th Cossack Chorus will appear in Shedy Auditorium on Monday evening, October 14th. The chorus will be given a full report of the activities of the student body since the last report. The appearance of the chorus will be a real treat for the students and will be enjoyed by all.

WASTE OF TIME?

"In other words, the result of the election was that the students were not able to elect the student body as the members of the student body. It is therefore necessary to elect the students as the members of the student board."

"The real spirit of the student body is not to be found in the student body. It is found in the student body as a whole."

"We cannot make the same mistake again. We must do something to ensure that the student body is not dependent on the student body."

Powerful Indiana team downs Southern 55-6, Saturday

Playing its first out of town game of the season, Southerns fell before a powerful Indiana State team last Saturday at Memorial Stadium in Terre Haute. Although Southern played a much better brand of ball that they did against Chicago last week, showing all around team improvement, they were definitely not a match for the champ Indiana team.

The Hoosiers were on the attack from the very beginning, the visitors ceasing every opening of the first two periods. In the first half period, the visitors outscored the Hoosiers by a score of 35-0.

In the second half period, the Hoosiers took the lead, scoring 20 points to 15 for the visitors. Southern managed to score again in the third period, but Indiana's defense was too strong for any further attempts. The final score was 55-6 in favor of Indiana State.

The Hoosiers' defense was their greatest asset, as they held Southern to only 6 points.
