Delay Seen In Building at Edwardsville

Rising construction costs and unexpected expenses may delay completion of the initial structures on SIU's Edwardsville campus.

Charles M. Pulley, University architect, told the Daily Egyptian that while much of the construction work is going well, the first-classroom building on the new campus site is expected to be completed in late February or early March, the $15 million project has been delayed due to unexpected expenses. The project was originally budgeted at $25 million.

Pulley said that the unexpected expenses have added to the $25 million cost. The project is now expected to cost $30 million. The project is expected to be completed in late February or early March.

In addition to the classroom building, Pulley said, the library building, now under roof, and the science building are expected to be completed in the spring. The science building is expected to be completed in the fall. The library building is expected to be completed in the spring.

Pulley said that the unexpected expenses have added to the $25 million cost. The project is now expected to cost $30 million. The project is expected to be completed in late February or early March.

FORD TRI - MOTOR WILL BE AT AIRSHOW
Precision Flying
Airshow Sunday to Feature Absent-Minded Professor Act

The "Flying Professor" precision flight demonstration will be a feature attraction at an air show Sunday at the Southern Illinois Airport near Carbondale. The aeronautic act will begin at 2 p.m. The show runs from 10 a.m. to 6 p.m. A comedy ballet in the air, the Flying Professor act depicts the problems of an absent-minded professor who has learned all his flying from a book, and suddenly finds himself in the air--without the book.

After taking off on one wheel with one wing dragging on the ground, the professor, Naval Reserve Capt. Dick Schram, pulls the plane straight up into a hammerhead stall at 200 feet. This is followed by a number of wild spins, loops and dives at altitudes below 300 feet as the professor tries to fly the Piper Cub without his instruction book.

After a number of flight stunts the professor manages to recover from a spin, bounce on one wheel, scrape another wingtip and bring the plane to a halt in front of the spectator area.

A drag chute is then attached to the plane and Schram demonstrates an arrested landing in which the plane is dragged to a stop in less than 75 feet.

Schram has appeared at the National Air Races, Pacific Northwest Air Fair, Midwest Cotton Carnival, the World's Fair and a number of other military and civilian aviation events.

Another feature attraction will be a Ford Tri-motor. This plane, retired from active airline service in America in the early 1930's is famous as the first multi-engine airliner. The plane is still used in some foreign countries in airline operation, and it is used in the United States for forestry work and some freight hauling. Rides will be given from 10 a.m. to 1 p.m. and from 3 to 6 p.m.

Other attractions will include a parachuting demonstration by SIU Parachute Club at 2:20, a fly-by of F-100 jets, and a number of displays by the military and by aircraft dealers.

Free buses will leave the University Center on every half hour from 9:30 a.m. to 5:30 p.m. to take students to the show, and buses will make return trips to the university on every hour. Stops will be made at Thompson Point and Small Group Housing.

The Sky Room restaurant at the airport will serve meals.

The show is sponsored by the Air Institute and Service.

SIU Security Men Assigned to Barry
Ten representatives of the SIU Police will be on hand this morning when Sen. Barry Goldwater's campaign train arrives in Carbondale.

They will be on duty, at the request of Carbondale police, to help control crowds.

Young Republicans estimated about 10,000 persons would greet Goldwater. However, a Security Office spokesman said the size of the crowd probably would be much smaller.

October 8 a.m. of the Home Library Auditorium at 7:30 p.m. in McKeiroy Auditorium. Shawnee Amateur Radio Association meets in Morris Library Auditorium at 7:30 p.m. Frank J. Bell lectures on “Petroleum” and will be held in Room F of the University Center at 8 p.m.

Radio to Feature Bard’s Tragedies

“The Living Shakespeare” is the highlight of Shakespeare Festival tonight at 7:30 from WSIU Radio. This program features Donald Wolfitt in scenes from the tragedies. Other highlights are:

6 p.m. Music in the Air.
7 p.m. Special of the Week.

Ballet ‘Carmina’ Will Reopen Arts Festival on WSIU-TV

WSIU-TV will feature John Butler’s complete ballet version of Carl Orff’s “Carmina Burana,” at 8:30 p.m. today. This opening program of the 1964-65 Festival of the Arts was filmed on location at a medieval castle in Doornenburg, Holland. Other highlights are:

5 p.m. What’s New.
7 p.m. Local Issue—A description of the crisis resulting from the increase in beef importation and the continued domestic increase in beef production.
7:30 p.m. Lyrics and Legends—A look at the origin of hillbilly music and a special film taken through the hill country of Kentucky.

8 p.m. Pace of Sweden—Follows four men through a working day to show the structure of Sweden’s economy and modern industry.

WSIU-TV Seeks Volunteer Helpers

WSIU-TV is seeking volunteer student helpers on its production crews. According to Jack Gill, WSIU-TV director, “Most of our production crews are made up of student members for love only. The volunteers work three to four hours per week and learn by gaining experience in the field of TV.” The current work crew is chosen from the FLO group on the basis of their interest and ability, Gill said.

Any interested student should see Jack Gill in Room 7 of the Home Economics Building.

Management Group To Meet Monday

The Society for the Advancement of Management will hold its first meeting of the year at 8 p.m. Monday in Room C of the University Center. All persons interested in management are invited.

Today’s Weather

Cloudy

Increasing cloudiness and mild. High 70s to low 80s.
NEW YORK -- Six thousand longshoremen struck ports from Maine to Texas Thursday, tying up the nation's Atlantic and Gulf of Mexico shipping in what their leaders described as a 100 per cent effective walkout.

As a presidential board prepared to open a fact-finding inquiry preparatory to obtaining a Taft-Hartley Act "cooling off" order, Thomas W. Gleeson, president of the striking AFL-CIO International Longshoremen's Association, said:

However, two transatlantic liners docked in New York early this morning-the Sylvania and the Leonardo da Vinci. White collar workers helped the 1,800 passengers on the two vessels unload their baggage.

President Johnson named the three-man board of inquiry late Wednesday, too late to head off the midnight strike.

Conferees Deadlock

On Medicare Issue

WASHINGTON -- A Senate-House conference on health care for the aged broke up Thursday in deadlock.

The conference committee adjourned "subject to call" after the Senate members voted to stand firm on their chamber's inclusion of the administration-backed health care plan in a Social Security bill and the House members voted an equally uncompromising rejection.

Rep. William D. Mille, D-Minn., chairman of the conference and of the House Ways and Means Committee, told newsmen of the outcome. He said no alternative proposals were discussed and he could not predict when the conference might reconvene.

Navy Locates Thresher Tail Section

WASHINGTON -- The Navy said Thursday that underwater search operations this summer located the tail section of the sunken submarine Thresher and the sub's skipper bearing his number, 593.

The Thresher was lost in 1963 with 129 crewmen on board. The ship said a truck on its deck was washed overboard and the tail section of the sub was located at a depth of about 4,000 feet of water, some 220 miles east of Boston.

End Dispute Over Pay

SCHENECTADY, N.Y. -- The General Electric Co. and a local of the International Union of Electrical Workers reached agreement Thursday in a dispute over a pay plan to avert a possible nationwide strike against GE by the union.

Hilda Growing, Winds Clocked At 125 m.p.h.

NEW ORLEANS, La.--Hilda became a severe hurricane packing winds of 135 miles an hour as she plowed through the Gulf of Mexico Thursday.

All alone low-lying coastal areas, residents went inland to the safety of higher ground.

The Weather Bureau upgraded Hilda to a "4" status.

There was still no indication when or where Hilda would push her howling winds inland. But Louisiana or possibly Texas appeared the prime targets.

The Weather Bureau continued to say that Hilda would move from her present north-northwesterly course toward the north.

The Weather Bureau said portions of low-lying coastal roads in Louisiana would probably be flooded early today.

Hilda doesn't veer to the north—as predicted—her present course would take her to the densely populated Texas coast.

A turn to the north would send the hurricane toward the marshy Louisiana coast.

The threat of Hilda caused the Atomic Energy Commission to postpone for the fifth time its scheduled underground nuclear detonation in the Tatum salt dome near Hattiesburg, Miss.

The New Orleans Coast Guard said it had radio reports from the motorship Cornelia B III that it was being buffeted by winds and high waves north of Hilda's eye. The ship said a truck on its deck was washed overboard, but it reported no difficulty.

ROTC Expansion Approved by House

WASHINGTON -- Congress has passed and sent to President Johnson a bill expanding the Reserve Officer Training Corps program in high schools and colleges.

The action amounted to a victory for Rep. F. Edward Hebert, Louisiana Democrat, who is a strong booster of the program, and a defeat for Secretary of Defense Robert S. McNamara, who proposed eliminating the high school program while expanding the college program.

College ROTC students will be eligible for $850 a year scholarships and $500 a year monthly retainer pay and all monthly retainer pay and all upper class ROTC students will be monthly retainer pay of at least $40 instead of the current $27 a month.

Mansfield Proposes Recess of Congress

WASHINGTON -- Senate Democratic Leader Mike Mansfield is sounding out his fellow senators on a recess until after the November election, a plan that he said is under serious consideration in the House.

"I had hoped that we could end the session by Saturday night," Mansfield said, "but it appears the prospects are we will be in session all of next week."
President Urges 'Bridges of Ideas' To Weaken the Iron Curtain

Baltimore, Md. -- President Johnson told a university audience Thursday the times demand the building of bridges of aid and ideas to Iron Curtain countries looking toward freedom.

The President spoke in Keyser Quadrangle at Johns Hopkins University.

After a tour to the North Atlantic alliance, linking the United States and Western European countries, Johnson said:

"We must mobilize the vast strength of our communities to defend freedom, not only in Europe but wherever it might be attacked."

The President made no mention of military strength in this connection, He went on to urge that the world's great arsenals of industry and ideas strive to bring Eastern European countries closer to the Western nations.

"This we can do," he said, "by building bridges to these people - bridges of trade, of ideas, of visitors and of humanitarian aid.

Adopting the words of the late George C. Marshall, founder of the Marshall Plan to aid Europe, Johnson said that, "permanent peace requires European civilization to develop within its historic boundaries."

"This," he said, "is the road to freedom for those behind the Iron Curtain."

The President's speech was part of a lecture series, one of a string of special events for which the university had earlier invited as speakers prominent politicians including Johnson's vice-presidential running mate, Sen. Hubert H. Humphrey, and Republicans Richard M. Nixon and Gov. Nelson A. Rockefeller of New York. Republican presidential candidate Barry Goldwater has tentatively accepted an invitation for a later appearance.

About 2,000 students, faculty members and university neighbors had gathered under a sunny sky nearly an hour before the President's scheduled 11 a.m. appearance.

FIVE BOSTON FIREFIGHTERS KILLED AS WALL COLLAPSES

BOSTON -- Five firefighters were killed early Thursday when they were buried under tons of brick and mortar from a wall that collapsed as they fought a blaze in a vacant building.

The fire in which once was a four-story toy factory claimed the greatest number of Boston fire fighters since 1942 when six were killed. Among today's dead was Pvt. John Cougherry, 31, son of acting Fire Chief John Cougherry who was in charge of 200 fire fighters at the scene.

When Chief Cougherry learned his son was among the victims he said: "My boy, my boy, O my God."

The other victims were Pvt. Frank Murphy, 44; Lt. John Cooper, 40; Lt. John McCorkle, 53, and Pvt. James B. Sheedy, 38.

A dozen other fire fighters and one civilian were taken to Boston Hospital, where several were listed in serious condition.

Ailing Fire Chief William Terrenzi, for whom the elder Cougherry was acting, appeared at the fire despite his illness. He said the behavior of the wall which collapsed was contrary to what normally would be expected.

Two walls collapsed 10 minutes after the fire fighters were killed, raining bricks on the men digging for their fallen colleagues.

The second wall partly buried a fire truck and ambulance. It caused no serious injuries.

Indian Army rescues 30,000 marooned

NEW DELHI, India -- The Indian army rushed food by helicopter and rescuers by road and boat Thursday to the aid of an estimated 30,000 persons marooned for two days by a dam burst that killed 1,000.

A second wall collapsed just after Dam collapsed and killed 1,000.

The Indian army rushed food by helicopter and rescuers by road and boat Thursday to the aid of an estimated 30,000 persons marooned for two days by a dam burst that killed 1,000.

A second wall collapsed just after Dam collapsed and killed 1,000.

For the stadium and testified that the opening of sealed bids on June 10, 1960, showed Mc­Closkey & Co. of Philadelphia had submitted a low bid of $35,000.

Sen. John J. Williams, R-Del., charged in a Senate speech a month ago that Mat­thew H. McCloskey, heir of the Philadelphia firm, that won the contract, made a $35,000 overpayment on the performance bond for the stadium to Don B. Reynolds, down following the disaster, believed the worst of its kind in India.

Irrigation Ministry sources said that according to unof­icial estimates reaching the, more than 1,000 persons perished when the wall of water surged through the town of Macherla, in south­east India.

Estimates of the dead fluctuated widely in the confusion and communications broke down.

Three SIU Students Are Fined On Beer Transportation Count

Three SIU students were convicted of illegal transport of alcoholic beverages Thursday morning by Carbondale Magistrate Robert Schwartz. They were identified as Stephen C. Schumacher, 21, a junior from Elmhurst; Ronald Fiske, 21, a sophomore from Elmhurst; and Roy Gomer, 21, a senior from Fullerton, Calif.

They were arrested early Thursday by Carbondale police, who said each of the three had an open beer can in his hand. Police also said Schumacher told them the car, which was not registered with the University, had been left here by a former student, Thomas Magis of Chicago. Schwartz fined the three $25 and $5 in costs and referred the case to the Office of Student Affairs. A spokesman said the office will make an investigation before deciding on whether to take disciplinary measures.

Peace Corps Trainees To Learn Barbecuing

Peace Corps trainees will receive instruction in pig butchering and barbecuing from 1-6 p.m. Saturday in the Agriculture Building. The volunteers, being trained on the SIU campus, are awaiting assignments to Honduras.

Stop Sign Theft Worries Officials

Carbondale City officials are concerned with the disappearance of stop signs from some intersections in the city and will impose stiff penalties on anyone caught stealing them, according to Thomas L. Leffler, University security officer.

Leffler said Carbondale Magistrate Robert Schwartz has indicated offenders could receive 30 days in jail and a fine.

The seriousness of the offense was pointed up last week when a woman drove into an intersection where a new stop sign had been removed and had an accident.

Leffler emphasized that there is no indication students are involved, although there have been cases in the past when students have been at fault.

He said, however, he is merely "enlightening them should they be immature enough to become involved."

Saluki Cross Country Team Meets U. of Kansas Saturday

SIU will field its first full cross country team in two years Saturday when the Salukis meet the University of Kansas here at 10:30 a.m. Kansas, led by captain Harold Hadley and Bill Silverberg, who finished in this years Olympic trials in the steeplechase, will once again field a strong team. For Southern this will be a rebuilding year. Lew Hartzog's squad will include members headed by two-time track All-American Bill Cornell from Chelmsford, England. The key to Southern's chances lies in Herb Walker, a converted hurdler from Springfield. Walker will be running the 4 mile course for the first time.

Other members expected to run are John Leydig, junior from San Manzo, Calif.; Jay Beasakow, junior from Villa Park; John Trowbridge, sophomore from Alton and Alan Ackman, sophomore from Mount Vernon, Ind.

SIU's freshman cross country team will run individually before the varsity meet. According to Hartzog this is one of the best looking freshman cross country teams Southern has had.

Freshmen expected to make a strong showing include Danny Shangnessy from Alliston, Canada; Jerry Kurfman from Freeburg and Tom Curry from Chicago.

Southern will hold one more home dual meet Oct. 10, when the Salukis face De Paul of Chicago.

Southern is also slated to compete in the Notre Dame Invitational meet Oct. 16, the Central Collegiate Championship in East Lansing, Michigan, Nov. 23.

Rusty Mitchell

Mitchell Modeling
For Olympic Team

SIU's Rusty Mitchell has taken time out from preparing for the Olympics in Tokyo to become a fashion model.

Mitchell was one of the U.S. Olympic team members picked to model the clothes the men on the team will wear when not competing in the games.

His picture, in the casual outfit designed for the U.S. men, has been circulated across the nation by one of the major wire services.

Mitchell, a Saluki star and NCAA tumbling champion, is one of the seven men on the U.S. gymnastics team. He is in Los Angeles now going through the final stages of training.

Audubon Society Film Series on Wildlife
Will Begin Tuesday at Furr Auditorium

A series of five living-color films of life in the raw will be presented to the students and residents of Carbondale this year.

These films, compiled by the Audubon Society, will include vivid pictures of the natural wilderness and its creatures taken from the west coast of Canada to the Orinoco Basin of Venezuela.

The showing dates and their producers are:

Red Car Drivers

See ‘Red’ at Wham

Students with red and silver car stickers who have been parking in the lot on the west side of the Wham Education Building were surprised to find tickets on the car windshield Thursday.

According to the Parking Section of the Student Affairs Office, the sign at the parking area was changed Monday to announce that only cars with blue stickers could park there.

Illegal parkers across campus have been issued warning tickets since the beginning of the week, but Thursday marked the start of issuance of valid tickets, the Security Office said.
