BENNY GOODMAN SIGNED FOR SPRING CARNIVAL

SOUTHERN ILLINOIS UNIVERSITY

Dr. C. T. W. Abbott, chairman of the local committee of the Student Activities Corporation, announced that Benny Goodman, the world-famous clarinetist and pianist, will be guest conductor for the University Band during the spring carnival on May 15.

The announcement was made in a press conference held on campus. Dr. Abbott said that Goodman will present two symphonic concerts, one at 8 p.m. and the other at 9 p.m., both on May 15. "We are very excited about this event," he said. "Benny Goodman is one of the greatest musicians of our time, and we are looking forward to his visit here at the University of Southern Illinois."

Goodman, who is currently touring the country, was chosen by the University Band for its spring carnival. The band is directed by Dr. E. J. Bailey, professor of music and director of bands.

Goodman's concerts will be held in the University Band's auditorium, which seats 2,000 people. "We expect a large crowd," said Dr. Abbott. "Benny Goodman is not only a great musician, but he is also a great showman. Our students and the community will enjoy his performances."

Your Friend Lucy

Carbondale, Illinois
Friday, November 26, 19---

Dear Nan:

I don't know how long or in what order to begin this letter to put you in the terrible tragedy that befell our beloved College this week. I am coming out here today--with too many others who have only heard the reports of this family of the news in the newspapers. I am uncertain whether this is the right time to write, but I am sure that you want to know what has happened.

There were no reports of a fire or explosion, but there was a report of a bomb having been discovered in the library. It seems that a student, who was known to be involved in a group of students who were suspected of being involved in a terrorist plot, had planted the bomb.

The authorities were notified immediately and the campus was placed on lockdown. The bomb was defused by a bomb squad from the local police department. Fortunately, no one was injured.

The campus is now back to normal, but the students are still in shock. They are grateful to the police and bomb squad for their quick action.

We are all praying for the victims and their families. Please keep them in your thoughts and prayers.

Love,
Lucy
Shady Practices
In College Athletics Viewed by Educators

There has been and is now unjustifiable financing, subsidizing, and indirect removal of the protections of the law and the restrictions of the rules, and the lack of proper control has resulted in ills and practices not only for the sportswoman, but for the student-athlete, and the lack of proper control has resulted in ills and practices not only for the sportswoman, but for the student-athlete, and the latter is the matter in dispute.

Dr. Dr. S. E. Stender, Dean of Michigan State University, before a group of the Associated Athletics Administrators Association's annual convention in Chicago last week.

The section on athletics education is expected to pass upon the question of whether the various types of payments and benefits received by the athletes shall be considered a part of the income of the student-athlete.

Lentz Calls For Photograph
Of Main Building Before Fire

Wanted; a photograph of the temporary building which is to be built for the university from 1884 to 1937.

A request was made from Prof. R. E. Lentz, chairman of the University's "Diamond Jubilee" Committee, for photographs and other material to be used at the 75th anniversary exhibition.

Counseling Methods Will Be Discussed in Chicago Meet

The most recent methods of personal counseling will be dis-
cussed at a series of meetings to be held in Chicago next month. Members of the various counseling schools will be presented and participated in the present work.

In addition, the council voted to pay not less than $10 to the International Relations Club to help pay the expenses of attending those members of the council who have been invited to attend.

The meeting was held at the Northern Illinois University's chapter of the I.R.C.

The council's report was presented on behalf of the Northern Illinois University's chapter of the I.R.C.

I said for a news conference that we need a Study on different aspects of teaching and how to improve the quality of education. Therefore, I believe that the teaching profession must be given more importance.

Maroons Win Second Straight Meet of Season from Bills; Hartley Sets High-jump Record
by Bill Holland

Southern's freshman and varsity track teams met the St. Louis University Billikens in a dual meet here Tuesday afternoon. The varsity squad won, 164-73, while the junior varsity, under the guidance of Joe Hartley, set a new Southeastern high-jump record.

Hartley, a sophomore, cleared 6 feet 6 inches in the high jump event, tying the Southeastern record. This is believed to be a new all-time Southern record. Hartley, incidentally, had broken the Southeastern junior high-jump record just two weeks ago.

Captain James D. Cole of the varsity squad said the win was due to a concentrated effort by 16 points of the junior varsity. Said another point was won by platooning the hard-hitters.

Another outstanding performer was Mike McFarland of the junior varsity, who tied Hartley's record in the high jump.

At the end of the meet, Bob Peck, Southeastern's head coach, said, "We had a good day; the Billikens were very strong this year, but we held our own."

On the varsity squad, Hartley and McFarland tied for first place in the high jump, and Hartley also placed second in the shot put, deadlocking with the Billikens' runner-up by one point. McFarland placed third.

On the junior varsity, Hartley and McFarland tied for first place in the high jump, and Hartley also placed second in the shot put, deadlocking with the Billikens' runner-up by one point. McFarland placed third.

Hartley, the Southeastern junior high-jump record holder, said, "I'm very pleased with the way our team worked together today. We all did our best to win the meet."

The meet was held on the Southeastern track, with the Billikens working out on their own. The meet was a great win for the Southeastern track team, and the team is looking forward to the upcoming season.

Southern, in the words of Joe Hartley, "has a lot of potential this year. We are working hard to improve our team, and we are looking forward to the upcoming season."

The Southeastern track team is scheduled to meet the University of Missouri in a dual meet on Saturday, March 30. The meet will be held on the Missouri University track, and both teams are looking forward to the meet.

The Southeastern track team is planning to compete in several meets this season, including the Southeastern Conference meet, the Southern Conference meet, and the National Collegiate Athletic Association meet. The team is looking forward to the upcoming season and is working hard to improve their skills.
