Sign Buddy Morrow for Spring Festival Band

Buddy Morrow with his RCA Victor dance orchestra has been officially contracted to play for the fifth annual Spring Festival concert and dance according to Dr. Amos Black, faculty sponsor of Spring Festival.

The concert and dance will climax the week-end of festivities on Saturday evening, May 11th. The concert will be at 8 p.m. in Shroyer auditorium, and the dance will follow in the gymnasium at 9:30 p.m. until 12 a.m.

Buddy Morrow, a native of Connecticut, began his career on the trombone at the age of 12. He continued his musical studies by accepting a scholarship to Juilliard School of Music in New York City.

After leaving Juilliard, he played with Paul Whiteman, and later joined the orchestra of the late Eddie Duchin.

LATER, MORROW signed a contract with Artie Shaw, and following that he signed with Vincent Scavone's candidate for RCA Victor. He is the type of music Morrow plays, as he himself puts it, "Do not try to educate the public from the bandstand, instead play the type of music that they want to hear."

Burt Dorrin is in charge of all physical arrangements for the Spring Festival concert and dance. Aileen Anderson and Louis Steinberg are co-chairmen for the dance decorations.

What We Leave Behind

"In the spring a young man's fancy turns to thoughts of love," but that's not all—an SIU man's fancy also turns to thoughts of the outdoors when those birds start singing and that grass starts sprouting.

As soon as the weather turns "over a new leaf," classes seem to grow smaller and smaller, for off we go to Giant City, Crab Orchard, Little Grassy lake or other area recreation centers for an afternoon of fun.

We grant that all is well and good—that is, if those afternoons of fun don't come too often and if everyone doesn't get too excited or in so much of a hurry that accidents might result.

It's a fact that when we students take leave for such an afternoon of picnics, or what have you, that we leave in one big mad rush. Then again, when it gets close to that curfew time, everyone's in another mad rush to get home.

And here we finally come to the point—the least we can do is leave the territory we visited, whether it be Crab Orchard or Giant City, as well off as it was when we arrived—even if we are in a hurry and the time has gone by far too late.

After all, Southern's students are pretty lucky considering the many places for outdoor recreation that are within only a few miles of SIU.

So, after that next picnic, it would be to our own bene fit if we would take time to at least make an attempt to clean up what we've left behind. B.V.B.

And Then There's Southern

We notice in The Decaturian, student newspaper at Millikin university, that Millikin's chapter of Tau Kappa Epsilon fraternity has booked Vaughn Monroe to play a two night stand there in Decatur May 16 and 17.

On May 16, Vaughn Monroe will play for the Tea spring formal dance and the next night for a public concert. Monroe and his entire band will broadcast from Decatur Saturday night, May 17.

We've often wondered just what it is that permits a small group of approximately 60 men at Millikin university to schedule a band like Vaughn Monroe for a fraternity dance when, for big all-school events, Southern is not so fortunate as to get bands of such national fame. B.V.B.

The Know How—

Selling ExperienceTaught in Class

by Gwen Applegate

Salesmanship 337 is an unique class offered by the business administration department at Southern. The class is interesting in the fact that each student enrolled in the class is required to give an actual sales demonstration in front of the class on any product or service he desires.

Nineteen students were enrolled in the course, which was taught by Paul Hoffman last term. Marketing 333 is the only prerequisite for the course, which will not be offered again until next winter term.

The object of the class is to give every student experience in salesmanship and talking before a group. The student is graded on such traits as knowledge of his product, poise, appeal, personality, ability to close the sale, etc. Each student is required to be both buyer and seller of products or services.

One sales demonstration was presented by Charles Cutrell, sophomore from Herrin, who bought a registered beagle hound from a Herrin kennel and proceeded to sell it to Ed Schweinberg, junior from LaGrange.

Merchandising majors are also now required to gain practical experience in retail selling when they enroll in the course Retail Store Management. This past Christmas season, approximately 16 students enrolled in this class were employed in retail stores which covered an area that reached from Chicago to Anna.

Charles Cutrell, sophomore from Herrin, sells a $300 registered beagle hound to Ed Schweinberg, junior from LaGrange, as a demonstration by the business administration department at Southern.

SIU Internship Program Illustrated By Slides

The internship program, designed to give graduate students practical experience in public schools while they are working on masters degrees in education, is now depicted on colored slides. The slides show scenes from public schools in nine communities and help to tell the story of the internship program as developed here at Southern.

According to Dr. Charles D. Neal, director of teacher training, the slides will serve several purposes. They will suggest an approach to the improvement of graduate training, present a method of combining theory and practice, stimulate public school teachers to further their professional training, stress the benefits of training master teachers, supervisors, and administrators in a public school laboratory, and present a successful program of graduate internship in the field of education.

Gordon K. Butts and Donald A. Jung of the Audio Visual Aids service produced the slides. The slides and a university narrator may be obtained by contacting Dr. Neal.

Chi Delta Hold on To Two Game Lead In Bowling League

In the most heated session of the StU Hellenic bowling league, the Chi Delta Chi quintet took an important step toward the championship when they nosed out Sigma Pi in two games to take a two game lead.

SIGMA TAU GAMMA, sharing second berth with Sigma Pi, kept their championship hopes alive by racking up the season's high score of 2503 to sweep their series with Tau Kappa Epsilon.

Theda Xi, aided by Bob Miller's 545 series, used the whitewash brush on Sigma Sigma Sigma. Connie Conant and Virginia Stringer were high for the Tri Sigs with efforts of 429 and 424.

In the remaining match Delta Sigma Epsilon upset the ambitions of Pi Kappa Sigma by taking the odd game as Louise Taylor, Libby Mars, and Jane Ross parlayed their series of 460, 406, and 405.

Salukis Meet Weed-End Of Rain and Idleness

Inclement weather in two states halted all intercollegiate competition for the Saluki athletes this past weekend. A track meet between coach Leuliett (Doc) Linglie's crew and Western Illinois scheduled here last Friday was washed off the schedule by a steady morning rain.

Coach Glenn (Abe) Martin's basketball squad ran into the same type of foul weather after traveling to Jonesboro, Ark., to open their 1952 season against the Arkansas State Indians. Martin's squad will travel to Macomb Friday for an IAC opener with the Western Leathernecks.

Southern Netmen to Open Season With Three Straight Home Matches

by JackNettland

Coach Jim Wilkinson's SIU tennis team takes a whack at the first three foes on the 1952 schedule this week when it plays host to Elmhurst this afternoon, Beloit Friday, and Illinois Normal Saturday. If there is anything to the adage of "home court advantage" then the Salukis should be off to a running start this season.

WILKINSON, however, opens up with a green squad, one with no lettermen of last year, and may need that home-court voo-doo. Little is known about Elmhurst at this writing, but sport reports from both Beloit and Normal show that each has plenty of talent on hand.

The Beloit College News Service reports that tennis prospects at the Wisconsin school are the high-
