Council Rejects Judicial Board Annoucements Again

The Student Council on Wednesday rejected two appointments to the Judicial Board, which were submitted to the Senate on Dec. 16.

In its meeting on Wednesday, Dec. 23, the Student Council rejected the nominations of Benjamin Franklin, a junior, and Robert Bush, a senior. Both nominations were made by the Judicial Board.

The Senate on Dec. 16 submitted the appointment of Franklin to the Student Council. The Senate nominated Franklin to serve on the Judicial Board because he had an outstanding academic record and had been a member of the Student Council for more than one year.

However, the Student Council voted 5-4 to reject Franklin's appointment. The vote was taken by secret ballot and the results were announced by the Student Council President, John Smith.

The Student Council also rejected the appointment of Robert Bush, a senior, to the Judicial Board. The Senate nominated Bush to serve on the Judicial Board because he had an outstanding academic record and had been a member of the Student Council for more than one year.

However, the Student Council voted 5-4 to reject Bush's appointment. The vote was taken by secret ballot and the results were announced by the Student Council President, John Smith.

The Student Council has the authority to reject appointments to the Judicial Board, but it must do so by a majority vote. In both cases, the Student Council voted 5-4 to reject the appointments, which means that the Senate's nominations were not approved by the Student Council.

The Senate will have the opportunity to resubmit the nominations to the Student Council, but the Student Council has the authority to reject the nominations again. The Senate will have the opportunity to resubmit the nominations to the Student Council, but the Student Council has the authority to reject the nominations again.

The Senate's nominations will be reviewed by the Student Council, which will make a decision on whether to accept or reject the nominations. If the Senate's nominations are rejected by the Student Council, the Senate will have the opportunity to resubmit the nominations to the Student Council, but the Student Council has the authority to reject the nominations again.
