S. I. T. C. Debaters Schedule Dual Contests

The S. I. T. C. Debate club will host the Cape Girardeau team tonight, under the direction of Lawrence Stewart, as a part of the ongoing dual debate program. There will be two debates totaling half an hour each. The first debate will deal with the question of whether the American government has a right to suspending the writ of habeas corpus in times of war. The speaker for the affirmative will be Miss Frances Phillips, of the junior class, and the speaker for the negative will be W. C. Parke, of the senior class. The second debate will be on the question of whether there is a right to privacy of the home. The speaker for the affirmative will be Miss Ruth Taylor, of the junior class, and the speaker for the negative will be Miss Joan Allen, of the senior class. The debate will be sponsored by the debate club and the students of the junior and senior classes.

Very soon the senior class may be asked in special meetings to consider the proposal of organizing an Alumni Association at S. I. T.

In addition to the social advantages accruing from an alumni organization, the proposal of establishing such a group would be a fitting gesture of appreciation to the faculty for the years of service and to perpetuate interest in S. I. T. as an Alma Mater, an efficient organization could be in place at the beginning of the next academic year.

A small membership fee of perhaps 50 cents a year for each member of the senior class would assist in financing the activities of the Alumni Association.

But there is need for any one and all to do the operators of rooming houses a favor. For in leaving their homes.

A year ago Pauline and I wrote into our gym courses and participating in intramural and alumni organization which holds regular meetings to discuss advantages.

Come out you Grapplers and Fun-chers that is to say, any one who is interested in athletics and enjoys it. The club will be meeting Wednesday nights in the old gym.

Blogging and wrestling as college sports are increasing in status, both on varsity and intramural schedules.

S. I. T. boxing and wrestling tournament will be conducted. Interest in these sports has not quite measured up to what it was in former years. Perhaps this is because of the small numbers enrolled in boxing and wrestling classes, due to credit anomalies. Perhaps it is due to fear of too strenuous competition. It may be a case of a time for training, simply be the result of a careless oversight. The men just don't seem to take the sport seriously enough for tournament entry. Whatever the cause, too many athletes are included in the cases of non-participation. Let us consider the possible radical changes in our college if we are to avoid the fate of those basketball teams.

the other for women, and the
reserawing pool surface. On the
lower floor are a L90 yard swimming
racing pool and several call
rooms and starsrooms. The
unify gunna would provide additional
rooms for physical education classes
for basketball competition, and
for gymnastic equipment.

In addition to the gym and pool,
there would be showers and dry-n
and smock facilities for men and
women. There is also the possibility
of class room space under the
administration. The pool itself
would have a maximum depth of
ten feet, and would be uniformly
graded to a four-foot depth.

State Aid Needed

If the proposition is to be
accepted in the future, funds
must come from state allotment under
the Federal Works Appropriations
Bill, now before the Senate. Herein
the whole project is uncertain at
present. In any event, however,
the step taken marks a definite
beginning toward including a re
organization in the athletic facilities
of the college.
