Land of Lincoln--America

Abraham Lincoln was—and is—America personified. His rise from a country bumpkin to the most exalted position in the country is in itself a symbol of American freedom and democracy. For a man to rise to the political heights in this country at any time in history, Abraham Lincoln represented practically every social class. He began life as a poor, uneducated youth and ended it at the highest pinnacle of American politics.

By hard work he became a scholar. He knew the power of the written word and the knowledge and wisdom stored in it. He was an athlete and excelled in wrestling and feats of strength.

In later life Lincoln became a statesman and speaker. He was the voice of the common man. He proved that it is not the course, grade, or preparation of a boy that makes him what he is, but the words and thoughts inside.

Lincoln was a president facing the problems of a growing country, carrying its troubles on his broad shoulders, and doing what he thought was right—even during those trying times he was a father, a man who could listen to a little girl and converse with her.

Lincoln, whose 150th birthday is Sunday, was a man's man, strong and brave, straightforward, self-assured. He had a calm and gentle, soft-spoken, polite. In Lincoln's life can be found the story of America from its crude beginnings to the violence and final hope for peace.

A Retort To UIU's Charge

Athletics play an important role in human relations and understanding the world over. Countless men, women and children from two to 92 enjoy watching and participating in sports. It is part of our way of life. Human relations, understanding and good sportsmanship are the basic principles behind the Olympic Games in which virtually every country in the world competes.

Athletics have taken enormous strides in popularity during the past three or four decades. During this expansion of popularity, however, have we abandoned the basic principle behind athletic competition? Sports pages over our vast country brim with daily accounts of law suits, charges, counter-charges and exhibes. This cancer of unsportsmanship has again hit home.

For this week a protest was lodged with the Interscholastic Intercollegiate Athletic Conference against Southern by Eastern Illinois University. Eastern protested the use of Charlie Vaughn, Southern's outstanding basketball player, during Christmas holiday basketball games.

Why did Eastern protest? The reason seems obvious. Renunciation and abnegation of a school which has been so steadfastly beating them in every athletic contest.

Dr. John Masley, Eastern's hard-hitting athletic director, said the protest rests on the ground that Vaughn's presence in a basketball game is another incident in the endless record of Southern's flagrant disregard of this conference's rules and regulations.

Athletically, Southern was "down" for many years. Suddenly in the past three years, it has rocketed to the top of the conference. Immediately such schools as Eastern have taken pot shots in an apparent attempt to "get even."

Frustrated with defeat on the playing fields and floor they have abandoned good sportsmanship to look for flaws and loop holes. They have looked for ways other than winning to "get even."

For instance, Northern Illinois University recently began a campaign in an apparent attempt to create enough sentiment to have SIU expelled from the conference.

Two years ago, when Southern's basketball team played at Eastern Illinois, the lights were turned out in the gym when Charlie Vaughn took his first shot.

Southern is apparently paying the price of being a winner. Nothing can be done but to turn the other cheek.

Even during those trying times he was a father, a man who could "get even."

The protest by Eastern seems completely out of reason. All the football officials, law officials, officials of the conference and law officials of the state had found that there was no reason to believe Vaughn's presence in basketball was anything but a gesture of goodwill.

The protest, as Dr. Masley sees it, is an attempt to implant this conference with an animosity that will spread throughout the membership of the conference. The protest is an attempt to make this conference come to a definite decision in this matter.

The protest is an attempt to defame the Southern basketball team and its coach. It is an attempt to create friction between Southern's basketball program and the rest of the conference. It is an attempt to make the Southern basketball team look bad, to make it appear that Southern is making a move to become "the" basketball team of the conference.

All this protest accomplished is to turn the other cheek.

The protest is an attempt to punish Southern for the apparent "strength" of its basketball program.

As World War II drew to a close during the spring of 1945, the eyes of a world weary of international conflict turned hopefully toward San Francisco. There, men of 51 nationalities were gathered around conference tables establishing the structure of the United Nations.

Dr. Clarence Berdahl, visiting professor of government at SIU and formerly chairman of the political science department at the University of Illinois, was an assistant to that conference in his position as assistant executive officer under Prof. W. W. Davis in the Secretariat of the UN Commission.

Commission I was entrusted with the task of drafting the principles and aims of the United Nations, embodied in the Preamble and Chapters 1 and 11 of the UN Charter.

Frisco Conference
The San Francisco conference met to act upon the specific proposals for the charter of the UN issued by China, the USSR, the United States and Great Britain following the Dumbarton Oaks Conference held during the fall of 1944.

Dr. Berdahl had been a State Department consultant since 1942 and served on the London staff of the Office of Strategic Services until 1944, when he returned to the U. of I.

The O.S.S. was a secret agency established to obtain information about enemy nations and organize the sabotage of their war potential, but most valuable work was done by the research and analysis section.

In an interview this week, Berdahl talked about some of the past and present problems facing the UN. He cited an important mission as the writing of the principles, saying, “It is always difficult to write principles, if they are to mean anything.”

Three-Man Board
Premier N. S. Khrushchev’s proposal that a three-man board replace the post of Secretary-General, made last fall in a speech to the General Assembly, is not a novel idea,” Berdahl said. In 1945, the Soviet delegation sought a weaker Secretariat.

Seating Mistake?
It was a “mistake” to fix the number of permanent seats in the Security Council at five, Berdahl said. Although the League of Nations had a more flexible policy, allowing membership in its Council to swell to 16 nations, permanent membership in the UN Security Council can be expanded only through amendment of the Charter.

The Security Council seeks to prevent expansion of the Council until the Chinese People’s Democratic Republic is granted admission to the UN.

Southern Moves To Withdraw From NAIA

Eastern Questions Vaughn's Eligibility

Eastern Illinois University's athletic director, Dr. John Masl ey, has asked Hort on for a return to hardwood earlier than conference rules permit.

In Non-Loop Play

HAC rules state that a player remains ineligible until the beginning of the new term. Eastern's Masl ey said the protest was filed because the school felt Vaughn was ineligible to play in four games, all non-conference. Masl ey pointed out that the early start prepared Vaughn for league competition.

Southern's fall quarter ended Dec. 17 with last day of examinations. Vaughn joined the Salukis for the Dec. 22 game with Kirkville and then played three games in the Quincy Holiday Tournament. SIU's winter quarter did not begin until Jan. 3. November Inquiry Made

However Dr. Donald N. Boydston, Southern's athletic director, wrote Commissioner Clifford H. E., December 28th, requesting this information. The following is the letter from

Horton, dated Nov. 28, 1960, to Boydston in answer to the inquiry into Vaughn's status:

"If your quarter ends on December 17 and if Mr. Vaughn carries sufficient work to be eligible, he would be eligible at the end of your fall quarter.

"Any student is eligible upon completion of the required number of hours by the quarter in which he is taking work. In looking at the calender, I assume that your Christmas holidays extend from December 17 to January 3.

"Vaughn would be eligible to play the same as other eligible athletes during the Christmas holidays. I am going on the assumption that your fall quarter officially ends December 17.

Sincerely yours,
Clifford H. Horton
Commissioner, I.A.A.C.

Jamaco Saints Cancel

Tomorrow Night's Game

Tomorrow night's freshman game with the heralded AAU Jamalco Saints has been cancelled. The game was originally scheduled as the preliminary contest to the Northern Illinois-SU varsity tilt.

George Fullo, Southern's freshman coach, was notified Tuesday from Chicago that the Saints would not be able to make the trip. Chicago is where the fabulously AAU aggregation makes its headquarters.

Gymnasts Host

Triangular Meet

Southern's nationally prominent gymnastics team faces Eastern Illinois Illinois State Normal University tomorrow in a triangular affair while at the same time added to a return match with the University of Illinois in Evanston.

Coach Bill Meade's Salukis, who bowed Down State by a one-sided margin in their most recent outing are anxiously awaiting the Illinois invasion, first time gone to win a return triangular meets. Southern is 3-1 for the season.

Following this week's meets with Eastern Illinois and the Salukis will return Michigan State Monday and the Spartans of Michigan State Tuesday, with both meets on the road. Meade hopes to build strength for the first time this season.

AAU Track Club

In Los Angeles

The Southern Illinois AAU Saluki Track Club returns to Los Angeles this weekend for another indoor track contest.

Saluki Coach Hew Martin has entered Saluki Jim Duppere and Bonnie Shorter and Dan Styrson in the Los Angeles Times, newspaper-sponsored AAU Indoor Classic meet. The meet will run in the mile relay. Beverly, a former AAU Freshman Bowl track standout, enrolled at SIU in January. Huntington will run Duppre in the 1,000 yard dash, Dave in the 60-yard dash and brother Don in the hurdles.

The Styrsons and Huntington recently returned from New York's Million Dollar Games, held in Madison Square Garden, where Dave finished fourth in the 60-yard dash.

Ray Padovan Eyes Freestyle Mark

Ray Padovan, sensational SIU sophomore swimmer, is expected to go all-out for a new national collegiate mark in the 100-yard freestyle event tomorrow when the Saluki host Illinois State Normal University.

Padovan, a 19-year-old North Illinois native, has lowered the existing NCAA mark in both the century and 50-yard freestyle events earlier this season while competing against Indiana. His 21.8 time in the 50-yard dash was one-hundredth of a second lower than the present accepted mark and his 44.1 time in the 100-yard dash was two-tenths of a second better than that posted by Harvard Olympian R. Bruce Hunter last spring.

Free Throw Journey Announced

The Intramural Department has announced the dates for the intramural free throw contest.

The tournament will consist of three rounds with all finalists shooting a total of 100 throws. The student with the highest number of free throws made out of 100 attempts will be declared the winner. Last year's winner was Bill Vincent from the heights.

No entry blank is necessary. Students should report to the Intramural Office for the first round on February 27 or 28.

The Saluki overall mark to 18-3. Southern currently owns a 9-0 record in league play with three conference titles remaining on the schedule.

**NIU Youth Movement**

The Salukis will be facing a different club than the one that enticed them in January. Coach Henley has placed the accent on youth because of the first SIU-NIU encounter.

Northwestern has lost the services of its pivot man, Abe Bookor, 6-5, 221-pound Chicago Wigs product was declared scholastically ineligible for the remainder of the cagc lineup. Booker was leading the IAC in rebounds with a 13.3 average and ranked fifth in scoring with a 17.1 average before his departure.

Healy has also played a key role with a strengthening of point production on the court by the Husky vietamen. Grant Pritchett, 6-3, forward, has averaged only 14.5 points a game in six last outings, after hitting at a 22.5 clip in his first nine starts.

Alphas Tighten League Lead

The Alphas strengthened their hold on first place in the SIU Index Bowling League Monday night with a three-point victory over Bailey Hall. Led by Wilson Crim's 446 series and John Holmes high streak that pushed him 71 pins over his average, the Alphas took the team series, 2581-2489. Jerry Siemers was high for Bailey with 487.

In another action the Jollis rogues enjoyed a 12-10 victory with a draw with the Newman Club keglers. Jim Mathis' 474 was high for the Rogues. Val Halls ran its winning streak to eight straight points with a resounding 2505-2397 win over the faltering Chemistry Department.

Val Halls's three-game team total of 2032 was the season's third high series. The Jollis rogues' season's second best game of 949. Andersonist's high for the season's top five with 501.

Hillbills for the night went to Doyle Dorm's Howard Simpson with a 540 series at his squad took three points from Brandon Dorm.

John J. Pershing was the only person in the U.S. Army to hold the rank of General of the Army.

**NIU Seeks Undisputed Cage Crown**

It's the rubber game between two of the nation's top small college quintets Monday night when Tennessee State A. F. I. hosts Southern in Nashville.

In two previous engagements the two powerhousees have split. Both of the games were played on neutral courts. State dropped the Salukis, 95-83, in the championship game of the Quincy Holiday Tournament in December. NIU turned the tables on the Tigers in late January, 91-89, in Carbondale Community High School's Bowen Gymnasium.

Saluki Coach Harry Gallatton is expected to go with the same lineup that was the last encounter. That lineup places Capt. Don Hepler and reserve Ed Spila at the forward positions, Tom McGreal at high post, Charlie Vaughn and Harold Bardo in the round slots.

The squad leaves Sunday noon for Nashville. The game will be broadcast over WSIU, Southern's FM radio station, starting at 7:30 p.m.

Phil Kinyon, OSU's national AAU champ.

Oklahoma State's Cowboy Grapplers Here Monday

Oklahoma State's two NCAA runners-up, left to right, Massaki Hatta and Ronnie Clinton.

The Cowboys roster is a wrestler's who's who. At 145 pounds, Masaki Hatta compiled a 15-0-1 dual meet record and finished second in the NCAA. He bridged for nearly two and a half minutes in the national finals against champion Dave Davis and then rallied to score Aueel close, 9-5.

One-handed thirty-pounder Ted Pierce had a 5-2-2 mark before being voted into grade trouble last season. His sophomore year, 1956, he posted a 10-2 record and placed fourth in the NCAA.

FOURTEEN LOVERS (or 14 LOVERS; Author of "I Was a Teen-age Fowler," "The Merry Lives of Boba Gillet," etc.)
Illustrated below is the membership pin of a brand-new national fraternity called Sigma Phi Nothing. To join Sigma Phi Nothing and be a member of this ridiculous paradox, you simply take a pair of scissors and cut out the illustration and paste it to your T-shirt. Let us hasten to state that we do not recommend your joining Sigma Phi Nothing. The only thing I recommend in this column is Mappy Porker's brand of 'No' filtered cigarette with an unfiltered taste, who yams to settle back and enjoy a full-flavored smoke, whose heart is quickened by a choice of soft pack or flip-top box and who gets paid every week in the production of this column.

It is difficult to think of any reason why you should join Sigma Phi Nothing. Some people, of course, are joiners by nature, so you are one such. Don't tell me there are any number of better organizations than Sigma Phi Nothing for you to join—a Mappy Porker, for example. But if you should join Sigma Phi Nothing, let me give you several warnings. First off, it is the only fraternity that admits girls. Second, there's no pledge period; each new member immediately goes active. Perhaps "inactive" is a more accurate term; there are no meetings, no drives, no campaigns, no sports, no games, no dance, no grip, and no house. The only thing Sigma Phi Nothing has that other fraternities have is a fraternity hymn. In fact, two hymns were submitted to a recent meeting of the national board of directors (none of whom attended). The first hymn goes:

Cdul, keep-up-a-deep, Mother's making shubber soup.

The second hymn is considerably longer:
A Gurman's a one, it's a road to a lane, When you're eating cheese, Remember the moose

Pending the next meeting of the national board of directors, which will never be held, members are authorised to sing either hymn, or, for that matter, both. Perhaps you are asking why there should be such a fraternity as Sigma Phi Nothing. I will give you an answer—an answer which you cannot possibly disagree: Sigma Phi Nothing fills a well-needed gap.

Are you suffering from mental health? Is logic disturbing your thinking? Is ambition encroaching on your native sloth? Are your long-cherished misapprehensions retreating before a sea of facts? In short, has education taught you up to your knees?

If so, congratulations. But tell the truth—you wouldn't like to make an occasional visit back to the good old days when you were up to your no who and composed and industrious when you were, in fact, nuttier than a fruitcake?

If you pine for those old familiar miseries, those dear, dull vapors, join Sigma Phi Nothing and renew, for a fleeting moment, your acquaintance with futility. We promise nothing, and, by George, we deliver it both! © 1945 Shiiklanran

Bids Let For Stadium Remodeling

The Architect's Office has issued a bid call for a remodeling program at 22-year old McAndrew Stadium. Working plans call for converting storage rooms and rundown showers under the stadium's main grandstand into locker and shower rooms for football, three classrooms and two physical education faculty offices for head football and track coaches. Work also will include heating and ventilating, waterproofing the grandstand deck and rebuilding expansion joints. Architects estimate the total cost of the project at around $140,000. Bids are due Feb. 28.

Completion of the project will permit the addition of more locker space in the Men's Gymnasium, which now houses the entire men's and women's physical education staffs.
