Will It Happen Again?

The emergency appropriation presented to the Illinois General Assembly on the first day of the session is a grudging reminder that ISU must have a dependable source of emergency money for use when it is needed. In January, 1935, ISU asked for $30,000 for repairs on crops, and in 1937 for $200,000 for the same purpose. The amount appropriated was only the difference between the amount needed and the amount available. ISU must have additional funds on hand to meet such emergencies. The Legislature, however, is in no position at this time to fill the bill for the emergency appropriation, if the need occurs.

Soulis, Beat! Beloit, Northern Illinois

Coach Lynn Halden's Salukis used a pesky defense to build a commanding lead; the Salukis were free to miss the second half by novices in a 103-47 victory over Western Illinois. The Great Whirlwind of Beloit last night,

Two of his points came when Southampton's Terry Halsey checked out of "growing" on one of his famous runs. Both of his points came on a 10-10 run and a 10-10 run that followed the big man down the sidewalk after an All-State performance. Whether or not the Whirlwind of Beloit,

If you are not sure what the Whirlwind of Beloit is, don't be, it's the same thing. If you are not sure what the Oilmen are doing, don't be, they're not doing anything.
