Opens April 14

'Playboy' Cast Chosen

The cast has been chosen for "Playboy of the Western World." Deservedly cast for the leads and principal roles are: Christopher Mahon as the playwright, Charles W. Zwickler, as the commedia dell'arte manager, and Elisham, who is to be played by a young and virile actor.

The plot of the play revolves about the playwright's rebellion against the dire forces of tradition and the stifling influence of the theater establishment. The play is set in a theater in the late 19th century.

“Jealousy”

Few Watch Sunday Movie

By Daris Greiner

A jealous husband is nothing unusual in movies. An anxious parent is nothing unusual in television. But a jealous wife is something new. The movie, "Jealousy," is a rare one that both the husband and the wife are jealous.

To the very few crowds who attended the showing Saturday night, the film was a shocking view of what could happen if you were not careful in your relationships. The movie is a reminder of how important it is to be honest and open with your loved ones.

The Editors' Opinions

Basketball Tournament Selection

It is about time something is done to stop the situation regarding the selection of basketball teams for post-season tournaments by the NCAA and the NAIA.

This year's Southern Illinois team was passed by the postseason selectors because it was felt that the team had not performed up to par against the stronger teams of the conference.

Northern Illinois was selected by the NCAA small college board to represent the MAC (Mid-American Conference) in the NCAA tournament. Northern Illinois finished the season with a rather dismal 5-11 record. They have 3-2 in conference play, good enough for fifth place in the conference.

The NCAA board chose as RAC representatives to their meeting Illinois, Northern Illinois, Marquette and Evansville, all of whom are tied with Northern Illinois in the conference.

Letter-To-The-Editor

Girls Say Cars Not Essential; Interested In Boys Themselves

To The Editor:

The Egyptian

I'm 15 today and here we sit, 10 girls from one fine school. Yes, we do wish we were 18. We wish we could smoke and walk in a good time. We wish we could wear pants. A boy from one of our home towns called. In the excitement of the intrusion, we found out that there were many boys in his town that weren't doing anything either. We asked him why these boys were wearing homes. He simply said, "Garb - NO DATE!"

What do you think? Does this mean that a large percent of the single home town girls have no where to go because the bigger the percentage of boys all the girls have care? Does this mean in the future that everyone will stay home because the boys don't have care?

After talking with several boys from different towns, we find that this must be the boys trouble? We can think of no other reason why so many boys and girls at home, when they could be enjoying each other's company.

Boys, you're listened to your side of the story. We hear you that you think you can't show a girl a good time unless you have a car and a fat roll in bills in speed on 81.

NOW HEAR THIS! We Don't give a darn whether you own a car or not. We care far more about a good time than we do a car, much rather walk with a girl and take the train.

Can you say the people who went to New York did the very ladies got it.

Garb says - The new barge frowns at Death and says, "Don't put on the fet of the fed.

Garb says: As long as girls are going to be driven to the point where they can't even find an illegal parking spot for that "illegal" car.
