Week of Vacation to Precede the Single Summer Session

Since there is to be only one summer session a year, a week's vacation will precede the resuming of work on June 12. The schedule is held as full as usual and includes the continuance of a new course in Latin American literature, one of the highlights of the beginning of the mid-term spring by Mrs. Lucy Stearns.

While there will be no additions to the teaching force, several faculty members will temporarily drop their work during the summer months. Miss Louise Peacock and Miss Alice Carpenter will spend the summer in Europe, Mrs. J. Carey Davis, Mr. John L. Wright, and Mr. Charles Parsons will do work toward their doctorates at the University of Chicago, while Miss Gladys Smith will complete work on her master's degree at the same school. Dr. Thomas Robinson will leave at the close of the spring term for Ann Arbor, where Mrs. R. Louise King will likewise spend the summer at her home in Minneapolis. Superintendents of the schools not located on the campus will also be absent.

Although no definite predictions can be made as to the probable enrollment, it is believed that many students will be discouraged from attending because they cannot afford a full summer's work.

Records Maintained in Little Nineeteen are Unusually High

Only two conference records fell last Saturday before the onslaught of the best athletes in the Little Nineteen Conference.

Hilton of Old Normal set both of the new records. He lowered his own record in the half mile and cracked Hess' mile record by four seconds. The trophy for the outstanding performer in the track and field rightfully fell to him last Saturday.

SUMMARY OF LITTLE NINETEEN MEET

Pole vault: Sweeney, Illinois College, 1st; Rome, Carthage, 2nd; Henley, Carbondale, and Kelly, Knox, tied for 3rd; Stanley, Carbondale; Fajer, Normal; on 5th. Time: 10.0.

High hurdles: Dresler, Bradley, 1st; Coldington, Eureka, 2nd; Purcell, Carbondale, 3rd; Bolen, Wesleyan, 4th; Goettsch, Normal, 5th. Time: 15.7.

High jump: Johnson, Normal, 1st; Baker, Carbondale, 2nd; Henley, Normal, 3rd; Hutton, Normal, 4th; Hatta, Eastern, 5th. Time: 0.6.

LAVERN TRIPP

Lavern Tripp, freshman from West Frankfort, has been one of Little Nineeteen's most consistent point getters in the quarter-mile event. Because of rain this season he has not been able to get in condition and therefore has not been able to come up to his high school record of 20.6.

Standing in Little Nineteen Conference

Coaches of Little Nineteen Conference—Discuss Eligibility

The annual spring meeting of the coaches of the Little Nineteen Conference was held last Friday evening at Old Normal. The eligibility rules were discussed by the executive committee and Commissioner Hume of Jacksonville. This was marked by Dr. Harris of Knox College in his opening remarks to the meeting since his election in Chicago last December.

The new committee will be for the purpose of defining the powers of the commissioners.

Intramural Track Meet Takes Place May 25 and 26

The annual intramural track and field meet was held Thursday and Friday of this week at Old Normal. The meet was decided in a three-day period from Monday to Wednesday. The Central third place in both the mile and two mile events.

Band Concert Will Feature Selections by Richard Wagner

Second in the calendar of events for the new academic year will be the Lantern Night band concert to be presented on the evening of May 18 at the college. This will be the second concert of the season, with the first being held on November 11.

The concert will be held at 8 p.m. and will feature the regular concert and guest artist. The concert will be held at 8 p.m. and will feature the regular concert and guest artist. The concert will be held at 8 p.m. and will feature the regular concert and guest artist.
Bill Rushing Elected President, Chi Delta Chi for Easing Year

At a special meeting of the Chi Delta Chi fraternity last Thursday evening, Bill Rushing of Carbondale was elected president for the ensuing year. The other offices include Harold Brown, vice president; Henry Katt, corresponding secretary; Melvin Jones, recording secretary; and James Tannary, treasurer.

Mr. Rushing, who will be a senior next year, has the essential qualifications that entitle him to the position, having been an active member of the fraternity for the past year. He also belongs to the pre-medical fraternity, and a member of the Kappa Sigmas' organisation during the school term, and is newly elected business manager of the Egyptian.

Informal initiation for the following weeks will be held Friday evening, following the usual probation week: Bob Berry, Carbondale; Stanley Layman, Centralla; Norris Hanley, Carbondale; Fred Comstock, Benton; Donald Mapes, Centralla, and Al Homan, Granite City.

A Pennsylvania state highway patrol recently confiscated twenty-five cars owned by students at Lehigh University and classified them as "taxicabs" to operate on the public streets.

AWAY FROM THE BRICKBATS

"I'm going to keep on sendin' my boy John to college," said Farmville Corsette.

"No. Confidentially, I don't think he has any real desire to go to college. I'm going to put him in the way of learning a lot of long words so he may have something to talk about when he comes to the city."
THE IDEAL COLLEGE NEWSPAPER

Elsewhere in this paper is a letter which states that the *Egyptian* falls short of an ideal college newspaper in that it is printed in its entirety by every student and that an ideal newspaper is the correct one, then its attainment has never been realized by any college publication. If a newspaper represents well written editorials, news and feature articles, essays, and poetry, leaves out all "purely personal stuff" then all those whose taste are less intellectual immediately throw the paper aside in disgust and say that it's gone "high-brow." We wager an editorial which our letter writer might submit would have no appeal to all but many of the freshmen.

On the other hand, if the paper contains nothing but personalized stories, then those who prefer higher literary material to make it all deep perspective, of martynich, he gestured toward the awful hum and wearily, he said, "Those is bees." how is it one looks when he said, "of bee line from Spots Garnett's did it?" How is it one looks when he said, "of bee line from Spots Garnett's did it?"

THE SPHINX KNOWS:

Speaking of taste in clothes, I like that plain gingham Dorothy, Sunday's been wearing. The Ch. Delta Chi are hard-hearted making their pledges wear overcoats and trousers during the first winter we've had this year. Every time Jimmie Tanquary breaks a date he was always dressy, that was the first date I ever broke in my life. The love she gave us on balmy nights this spring look strangely foreign to the place. Must be they're high school couples.

But the prise for the week is in the couple who had an early Sunday morning date to study botany. Way Helen Kunz has forgotten her science conference for the last two weeks straight. Two track boys who want swimming in Lake Ridgeway—track suits and all—last week. This year, as all others, the Obelisks were not here at the promised date. The St. Cecilia choir drew quite a crowd. Miss Krause said to Mr. Garrett who was a cause of Walter Spinks' success in his library is "out." Who was the girl in that Floyd Smith calls Sweetheart? Who was the cause of Walter Spinks' success in his library is "out." Who was the girl in that Floyd Smith calls Sweetheart? Who was the girl in that Floyd Smith calls Sweetheart?

THE SPHINX WONDERS:

Why Bettie May prefers to promenade on Cemetery Ridge? Is it because she was taught that Spots Garnett went for a Wednesday night date on Tuesday night. How can a place have the best climate in the world and the worst weather, Mr. Cox? How many things did Ralph Thompson do in his college life? He said, "of bee line from Spots Garnett's did it?"

Just why Pat Randle said that it was approved for Dr. Cramer to get a compact of one of his presents. I've enjoyed that, Dr. Cramer. If you ever could find a use for hedge talleys in deep rain and bears, if not, call the newspaper office and accept same. To the owners they are a "white elephant." If the Junior-Senior prom will be as crowded as it was last year and if so, will it rain. Was Audrey Land ever on time? What do you think of Mr. Shirley's new fedora? If Mr. Bryant was buying with an elephant sale. He sold one of his pone to Mr. McIntosh. Why do you think that Jim McKinney placed on the fence for safe-keeping while he was in the library?

Dear Sphinx:

I would like to have a rare bit of advice along a certain line. When I first came to school, an overgrown country "cut-up," I fell in love with one whom I thought would comfort me in my hours of loneliness. She was a lovely "Sweedish" girl. After several months of bliss, she dropped out by the wayside—a loneliness, for

DESPERATION CAUSE?

That we are "labeling vinegar as sugar, confusing superiority with mediocrity and placing figments in the seats of the understanding" summarizes the evils in our educational system according to Dr. Francis M. Crowley, Dean of the School of Education of St. Louis University.

The teaching profession has suffered the results of such a system in seeing its members migrate to the ranks of magazine salesmen, odd jobbers, and higher type loafers. It is easy to lay all these lowered standards to the door of depression and to continue lauding the merits of a democratic scholastic standard. It is not so easy to face the realization that even though the depression lifts and even though we continue to modify requirements for the sake of a profit page story on the increasing number of college graduates, it will remain that a college degree disguises mediocrity only superficially.

For the present it is somewhat satisfying to lay all the troubles of our teaching profession to a world wide economic depression. How will we rationalize our troubles when we find that economic conditions have nothing to do with the fact that a college degree coupled with all the ballyhoo in the world can't make anything but a magazine salesman out of a person educated under magazine salesman standards?

Paul Pry's Ponderings

You cannot crib Paul Pry. Last week you offered a chance for Paul Pry to check up on your work. He didn't bite. On Tuesday he finished his work. He sat up all night and expunged the errors that you offered. He is a very careful man. These errors were not in his work, but in his writing. He is a very keen man. He is a very keen man.

Athletic Trophies Now Transferred to Case in Gymnasium

The trophy case donated by the "XX" club last year is rapidly being filled with the material evidence of success won by the athletes of the present and previous years. These trophies that have herefore adorned the walls of the President's office and were now resting in the attractive case just inside the entrance to the gymnasium.

The first trophy case was proposed by Paul "Ginger" Slaney, and steps were immediately taken by the lettered "XX". The original sum of twenty dollars was appropriated by the contract which was worth fifteen dollars to the purchase of a certain prize. For the last trophy case was held in a certain prize.

Quiet.

The scene is held in London in a certain place. In the last scene the two people's necks are crossed. One man is crying and the other is talking. The scene is held in London in a certain place.

The, other evening and his soul was cross-eyed! It's hard enough to walk and think as one eye is open and the other is closed.

If I were Eleanor I would not drag the rumble seat of my car. I would not drag the rumble seat of any car. I would not drag the rumble seat of any car.

One eye had crashed through the window and the other had blown out of bed the other night, and his soul was cross-eyed! It's hard enough to walk and think as one eye is open and the other is closed.

Eleanor Stefanoff can't stand it. She is cross-eyed! She is cross-eyed! She is cross-eyed!

Do you want to see her? Do you want to see her? Do you want to see her?

I-'AGESIX

In upstairs to his room. The scene was held in London in a certain place. In the last scene the two people's necks are crossed. One man is crying and the other is talking. The scene is held in London in a certain place.

Delta Sigma Epsilon

Mary Eleanor Helm spent the week end as the Y. W. C. A. President at the Midland Hills Country Club.

The Delta Sigma Epsilon members held their annual Spring formal Saturday night. The ceremony was marked with crepe paper and flower decorations. The chaperones were Dr. and Mrs. T. W. Abbott, Miss Ruth Husbard, Dr. R. A. Root, Mrs. Julia Chastain, and Miss Harries Meash.

The Alpha Delta Mothers’ Club met last Friday afternoon at the chapter house.

Margaret Hueslel spent the week end at her home in Belleville.

Julia Jackson visited her parents in Vienna over the weekend.

Bronze Tablet Will Be Dedicated in Assembly June 1

The senior class dedication of the bronze tablet has been changed from one o'clock Thursday, June 1 to the class of 1897. President Shyrook will give the dedication address. This tablet is the gift of the class of 1897 to commemorate the memory of the first speaker made by William Howard Tatt in the Shyrook Auditorium.

Plans for the Junior-Junior prom have been completed. It will be held Friday, May 27, joint chapter of Sigma Sigma, Franklin, and the Illinois chapter of the Y. W. C. A. The programs will include: Choral recital: 8:00-11:30; Grade school play: 8:00-11:30; and Sigma Sigma Coffee sports: 7:30-11:30.

Chemistry Majors Visit Steel Mills and Chemical Plant

Twenty-five students of the Chemistry department, supervised by the Chemistry instructors, Dr. R. H. Man, Dr. E. A. B. Betz, and Mr. R. S. Stout, visited last Friday morning the Steel Plant, and one of the leading chemical works of the state when they went to the Granite City Steel plant. Here they observed the processes for the manufacture of zinc from the pyrometallurgical treatment of zinc oxide, and saw the conversion of the crude metal into the finished product. They then proceeded to the Standard Oil Refinery, where they studied the processes of distillation and fractionation of the crude oil. They also spent an hour in the laboratory, under the guidance of Dr. R. B. Young, where they learned the processes of chemical analysis and the preparation of various chemical reagents.

Mr. L. C. Petersen Is Guest Speaker at Lions Club

Apparent before the Lions Club at their meeting last Friday, Mr. L. C. Petersen, superintendent of the Department of Manual Arts, spoke on the correlation between knowledge and art. He emphasized the point that without art and skill in execution, mere knowledge is inadequate, and that there is no such thing as the perfect performance of every function.
