**CONGRATULATIONS, SENIORS.**

The graduating class of Southern well deserves to be praised exemplary and progressive, as college and university and their graduates have grown in importance and have regularly maintained a high standing. We are proud of their accomplishments.

The projects referred to are the Alumni Association and the Shroyer Memorial plaque. The senior class, in the revival of an existing, but rusty, alumni organization. A Senior com- ing a plan and made plans for a banquet to be held commence- ment week this spring. At that banquet, further orga- nization, will be discussed, and a cohesive alumni group will probably be assured for the future.

The Senior Class is doing much to support the Senior Gift to the Class of 1935. It is the last time I'll ever give a speech, but I'll do the best I can, and it is definitely on the subject.

Our Senior Class is at the present writing Indian a nation. He and Jerry are always getting into the most amazing scrapes, and I have a feeling that if they can't talk their way out of a scrape, they'll give the game away with all of their skill.

And, speaking of the Senior Class, Carl, a member of the Senior Class, mentioned a few things that Jerry and I thought were interesting. He talked about the Senior Class, what it is, what it stands for, and why it is important. He also mentioned a few things that he thought were interesting.

Palsy and Baldo, the two Senior Class officers, are both hard working and busy people, and it is a pleasure to see them at work.

Flood, the Senior Class historian, is a talented writer and an excellent speaker. He is the one who wrote all the speeches for the Senior Class and is one of the most popular members of the class.

**QUIET.**

A college library is a place where a student may be found, and no student may be found in a quiet library. It is a place where a student can hide from the world and think about what he is doing.

**HEAR ME! HEAR ME!**

We've heard a lot about this idea of providing the student with a quiet library, but we think it is an excellent one. The only trouble is that it is still too noisy.

The idea of a quiet library is an excellent one, but we think it is an even better idea to have a quiet library. It is a place where a student can think about what he is doing, and it is a place where he can read and study.

In conclusion, we think that a quiet library is an excellent idea, and we urge the administration to consider it.

FIVE LITTLE MINORS Given Gym Team; McRea Called "Rey Following the close of the biggest year in S. I. C. gymnastics, five members of the varsity gym team were selected minor letter award, Coach Vincent DiGiovanni announced. This is the first year that gymnasts have been recognized as a varsity sport at Southern.

The members of the receiving letter are Captain Robert McColl, Don Berg, Robert Vincent, John J. Joerger, and Marvin Waldon. Honorary letters will go to Clyde Madison, coach, and Harry C. Francis, assistant. The letter will be the regular "S" with a gymnastics emblem. Conditions governing the awards state the letters are "outstanding ability as performers in one or more events, regular attendance at practice, and participation in a majority of exhibitions."

Robert McRea was re-elected captain by vote of the team members. Only two of the lettermen will be last by production from the 1934-35 squad. Next season is expected to be even better than the one just closing, with a large number of equal members affiliated with the interscholastic gymnastics higher at S. I. C. than ever before.

Coach DiGiovanni said concerning the gym team, "I've enjoyed working with the boys more than any other group I've ever had. Not only because of their ability, but because they are such a fine group of boys. This is the best team I've ever had, everything considered."

Speech of Thanks from Coach DiGiovanni went on to say, "With such a team as we have, we must not lose the qualities of the game to get the better of our opponents."

Recently the team gave a thrilling and expert exhibition in chapel, and they had entertained at various basketball games and had given several exhibitions at various social affairs throughout the year.
