Fenwick Vetoes Council Action On Egyptian

**Activities**

**Honor Day Set May 23**

The 10th Annual Activities Recognition Day is scheduled for 10 a.m., May 23 in McAndrew Stadium, according to Ted Hunton, student body vice president.

Hunton said all recognized campus organizations have been sent letters asking them to submit a schedule of events they have contributed most to the group through leadership and service.

These names are to be turned in at the Activities Development Center by May 13, he said. Letters of recognition will be given to the persons during the assembly in McAndrew.

The annual event is sponsored by Student Government, Student Body President Bill Fenwick will give a short talk and the traditional program is also planned.

**Electronic Music**

**Symposium Topic**

Electronic music—a recent development in 20th century music—will be the subject of a two-day symposium on the campus Sunday and Monday. Arrangements were made by Paul Mueller, director of music and fine arts at Southern Illinois University, and the fore­most American composer of electronic music, and Mauricio Kagel, West Germany’s leading exponent of the field. In the field, both will be on campus for the symposium.

On Sunday, Kagel will give a lecture and demonstration on electronic music at Shyrrok Auditorium. Kagel also will be on campus Saturday as guest conductor of the SIU music staff, Arthur Hunke, Phillip Olson, and Robert Mueller.

Monday at 10 a.m., Babbit and Kagel will give a joint lecture and demonstration at Altgeld Hall, especially for music majors and other interested students.

**Crush Communist Snakes, Speaker Advises**

"It is high time we learned that we should treat the Communists as snakes...when they are down, crush them," said a speaker at a recent midweek meeting of the SIU audiences yesterday.

Constantin Boldyreff said that we have three methods of fighting communism—military strength, economic strength and social strength.

"None of these has proved satisfactory," Boldyreff told students at the 10 a.m. and 1 p.m. gatherings in Shyr­ock Auditorium.

"Nuclear weapons may have prevented war, but they have failed to stop Communism from expanding," he said.

"And economic assistance to non-Communist countries is helpful and needed, but alone it is not good."

"Therefore, we have sent assistance to Communist countries as well, but they have never supported anyone but Russia when faced with a decision such as in the United Nations."

Boldyreff suggested that the United States demand that Americans held prisoner in Cuba be sent back immediately and that we stop negotiat­ing with Communists just for the sake of negotiating.

He pointed out that the in­ternal situation in Russia is worse since the time of Stalin.

"Rebellions, such as the one in Hungary, which the Com­munists have put down, have only aroused the Communist people," he said.

"They have had strikes which are a very serious thing in Russia and their newspapers have been much freer than ours...Communism more than Stalin would have ever allowed," he added.

Boldyreff has been a tar­get for both Nazi and Com­munist secret police.

**SPRING RETURNS**

**Galaxy Of Talent In Music Under The Stars**

A galaxy of area talent will be featured in the 1963 Spring Festival to be held in McAndrew Stadium Saturday at 7:30 p.m.

The southern Illinois area will provide the master of ceremonies, the four guest conductors, the piano and vocal contest winners for the festival, and the guest artist, according to Robert King­bury, managing director of the festival.

"Director of the elementary chorus will be Marille Mc­Haney, a graduate of SIU from West Frankfort. Mrs. Mc­Haney is the vocal music teacher in West Frankfort ele­mentary schools, and has served as music chairman for Delta Kappa Gamma."

"The massed chorus from high schools in the area will be directed by J.T. Alexander, director of Centralia, Alexander received his B.S., from Mis­so­ri State Teachers College. He is currently teaching music at Centralia Township High School and Junior College."

"Warren van Brookhurst of the SIU music faculty will conduct the orchestra at the festival, Van Brookhurst studied at Eastman School of Music and has taught at the University of Hawaii and Chi­co (Calif.) State College before joining the SIU staff the fall of 1962."

"The fourth guest conductor for "Music Under the Stars," F.C. Kreider, a resident of Collinsville with a long musical background. He attended the St. Louis Institute of Music, Washington Universit­y, and DePaul. Kreider will conduct the massed band at the Festival."

"The guest artist selected for the 1963 festival is Lorna Jane Dallas of Carrier Mills, a lyric soprano who has appeared on national television, in night clubs and in tours overseas with the Belles of Indiana, a singing group from the University of Indiana."

"Master of ceremonies for the outdoors affair will be William Tudor, director of Area Services for SWI. Win­ners of the southern Illinois piano and vocal contests will also appear at the festival."

**Brought Off Critical List**

William Broughton, injured in an accident in which two other SIU students were killed, has been taken off the critical list. The other two were considered serious and will be submitted to the Student Health Council for a major or minor decision.

"If there is something that would justify its destruction, then let us be informed," said a statement from the Student Council.

Fenwick's veto message was sent to the Student Council. Chairman Ted Hunton, Fenwick was absent from the campus at the time.

"I feel that the resolution passed was not a positive step for the problem," stated the statement. "If one disagrees with a resolution or practice, one should at­tempt to change (it)."

The Council was provided an alter­native in the veto statement.

"It seems that those voting on the prevailing side felt we were treating the student body. I doubt this. Perhaps the issue does not belong to the student body because the exec­utive council does not believe the student body wishes to discontinue the Egyptian."

"The Council's move last week means that they recommend to the SU Board of Trustees that they receive $45,000 in student fee allocations."

"Fenwick authorized a statement point­ing out, "The Egyptian does have a function...it is the only medium on campus that can be used to communicate to a majority of students."

"Whether it is fulfilling that function in the best man­ner, we cannot determine, but one will not determine this by destroying the Egyptian," Fenwick said.

**Politically Incorrect?**

Fenwick's statement con­cluded: "I have no reason to believe the Egyptian will not improve in the future."

"He said he was not totally satisfied with the news cover­age, but the Student Govern­ment's responsibility is "to suggest improvements and use all of its influence and energy to get them accepted and ac­tivated."

**ROTC Band To Play For Kaskaskia Dam Project**

The Air Force ROTC band, directed by Capt. Robert B. Tubbs, will play in Kaskaskia River Village Saturday during ground breaking ceremonies for the dam on the Kaskaskia River. Gov. Otto Kerner is scheduled to dedicate the dam for the ceremonies.

**Constantin Boldyreff**

"Therefore, we have sent assistance to Communist countries as well, but they have never supported anyone but Russia when faced with a decision such as in the United Nations."

Boldyreff suggested that the United States demand that Americans held prisoner in Cuba be sent back immediately and that we stop negoti­ating with Communists just for the sake of negotiating.

He pointed out that the in­ternal situation in Russia is worse since the time of Stalin.

"Rebellions, such as the one in Hungary, which the Com­munists have put down, have only aroused the Communist people," he said.

"They have had strikes which are a very serious thing in Russia and their newspapers have been much freer than ours...Communism more than Stalin would have ever allowed," he added.

Boldyreff has been a tar­get for both Nazi and Com­munist secret police.

"If there is something that would justify its destruction, then let us be informed," when I review the resolution it will be included in the new constitu­tion."

**LEGISLATURE RELEASES SOME MONEY FOR MAY-JUNE RELIEF CHECKS**

**SPRINGFIELD, ILL.**

More than a third of the May and June public relief funds which had been tied up in a legislative deadlock were made available yesterday.

The deadlock was over a proposed ceiling on allotments to recipients.

A House bill, amended in the Senate yesterday morning to appropriate $18,900,000 for all categories of relief for the next two months except Aid to Dependent Children and general assistance, was passed by the Senate and the House voted to accept the amendment.

A ceiling fight continues late Thursday evening while the legislature awaited a report by the Conference Committee on ADC and relief payments.

**WASHINGTON**

Gov. George Romney of Michigan was put forward here yesterday as a potential Republican presidential candidate.

Romney had denied any intention of seeking the nomination in 1964. Informed Republican sources said, however, that he was cooperating with the plans of close associates of Gen. Dwight D. Eisenhower and Richard M. Nixon.

**TRENTO,** Ga.

A group of "Freedom Marchers" set out Thursday on the second leg of a walk through the Deep South as a protest to segregation.

The marchers drew jeers and insults their first day out.

They are retracing the steps of Baltimore postman William Moore who was shot to death near Attalla, Ala., April 24.

The group faces probable arrest in Alabama.

**BIRMINGHAM,** Ala.

Police arrested more than 1,500 Negroes including a group of elementary school children as new demonstrations were launched in this Deep South city yesterday.

**WASHINGTON**

The House Ways and Means Committee voted Thursday to raise the national debt ceiling to a high of $309 billion, July 1.

During the interim the limit now $305 billion would be set at $307 billion. And sometime before Aug. 31 Congress would be asked to set a new, and presumably higher, figure for the coming year.

**WASHINGTON**

Sen. Thomas H. Kuchel of California denounced Thursday "self-styled extremist groups" who he said are terrifying thousands of Americans with unadulterated venom, hoaxes and lies.

Kuchel, assistant Senate Republican leader, blasted at what he termed fright peddlers in a Senate speech.

He said those responsible for spreading groundless fears, range from the militant conservative John Birch Society to the "anti-Semitic hate sheet of Gerald L. K. Smith."

**Disciplinary Action:**

**Two Suspended For Stealing Money From Drink Machines**

Two SIU students have been suspended from the University for theft of money from two soft drink machines.

Campus authorities said the thefts occurred at the end of last quarter and officers conducted a follow-up investigation which implicated the students.

Frank Cosentino, 18, a freshman from Mt. Prospect, who also was involved in a recent fight with another student, was suspended until the winter quarter of 1964. He was also ordered to pay hospital and doctor bills of the student who was injured in the fight.

John Tinsley, 19, a sophomore from Springfield, was suspended until next fall quarter.

The two students are to split the cost of repairing damages to the two machines.

Another two students were fined $105 each this week for theft of six cases of empty soda bottles in town. They were fined by Police Magistrate Robert Schwartz.

One of the students, James Westerhoff, 20, a freshman from Kankakee, who was already on disciplinary probation, was suspended from the University until fall quarter.

The other student fined $105 was Gregg Chalk, 18, a freshman from St. Louis. Campus officials said Chalk had borrowed a car from a friend and the car was not registered with the University. Chalkcraft and the owner of the car were ordered to each pay half of the $50 fine for the illegal car.
Medieval Historians Meet Here Saturday

Approximately 75 medieval historians from Illinois, Indiana, Kentucky, Ohio, Michigan, Wisconsin, Minnesota, Nebraska, and Missouri are expected to attend the first Midwest Medieval Conference here Saturday.

The conference has been organized by L. R. Shelby, lecturer in the SIU Department of History, and James M. Powell of the University of Illinois.

The three sessions of the conference will be held in Morris Library Auditorium. The morning session, which will begin at 10 a.m., will be devoted to "Monasticism and Church Reform in the Early Middle Ages." Richard E. Sullivan, Michigan State University, will discuss "New Views on the Origins of Christian Monasticism"; Carl Morris, University of Minnesota, will lecture on "Church, Reform, and Renaissance in the Early Middle Ages."

The topic for the afternoon session at 2 p.m. will be "The Impact of Research on the Teaching of Medieval History."

Speakers during this session will include James Brundage, University of Wisconsin at Milwaukee; "New Directions in the History of the Crusades," Lowell Daly, St Louis University; "Teaching in the Medieval University"; and Arthur B. Hogue, Indiana University, "A New Emphasis in Medieval English History."

Following the afternoon lecture series will be a social hour at 4:30 at the Faculty Club, hosted by the Department of History. A dinner will be served at 6:15 in the River Rooms of the University Center.

Winding up the program for the day in a 7:30 p.m. lecture by Paul Alexander, University of Michigan, on "The Donation of Constantine at Byzantium."

Ten Persons Filed For Senator Positions On Student Council

Ten persons have filed petitions for senator positions on the Student Council but election officials expect several more petitions to be filed before the deadline at 5 p.m. Monday.

Thirteen senatorial posts are to be filled in the Campus next Wednesday. Contests have already developed in the races for Woody Hall senator, commuter senator, and out-in-town senator. Carolyn Tanton, Freshman from Waukegan, and Janice Stephens, sophomore from Homewood, have filed for Woody Hall senator.

Roger Karis, senior from Pecatonica, and Carol Felich, junior from Carbondale, have filed for commuter senator. David Davis IV, junior from Bloomington, and Edward E. Blythe, junior from Carbondale, have filed for out-in-town senator.

Penni Donahue, junior from Elwood Park, is a candidate for chairman of next fall's homcoming. Voting will also be conducted for most popular faculty member with the winner to be announced during Spring Festival.

Elmo Zalatino, senior from Carbondale, has announced that all ballot boxes would be located in the Olypic Room of the University Center. However, residents of Southern Acres have circulated a petition and were to attempt to have the rules changed during the Student Council meeting last night to provide for balloting to be conducted at Southern Acres.

This change is sought to allow students living there and taking classes there to vote without having to come to the Carbondale campus.

Betty Friedman's New Book Puts Nora Back in Doll House

The Feminine Mystique by Betty Friedman (W. W. Norton and Co., New York, p. 404, $5.95)

Many authors write of people, of style, with "housewives know, Betty Friedman is no exception as she describes with such a light touch and sweeping generalizations the "American housewife.

"The women who 'adjut' as housewives are actually in peril, she says, to the American suburban housewife who leads such a "closed" life in realty a comfortable life. They haven't women who live in the image of the feminine mystique were traps themselves"

The Feminine Mystique will serve to challenge the intellectual capability of the Mrs. Friedman seems to write for the layman who has published in such a magazines as Readers' Digest, Good Housekeeping, McCall's and so forth.

Credit should be given in that Mrs. Friedman attempts to deal constructively with problems of women, that the "keep to the trap" is education. There is merit in her book and education program, similar to the one she was studying in England, to seriously want to continue to or resume their education -- and she is willing to sell itself to its use in a profession. We would agree that it is impossible to succeed women. Dietz, Good Housekeeping, McCoula's and so forth.

The essence of Betty Friedman's thesis is that Nora, back in Isean's "Doll's House," Today it is a colonial or semi-colonial subruban sanctuary, but the Nora plays both her role and her housekeeping? What they do generally does not require the GI Bill, for women who seriously want to continue or "race" matters. What they do generally does not require the GI Bill, for women who seriously want to continue or resume their education -- and she is willing to sell itself to its use in a profession. We would agree that it is impossible to succeed women. Dietz, Good Housekeeping, McCoula's and so forth.

Students Will Get Sneak Preview Of 1963 Salukis At Intrasquad Football Game May 10

SIU students will get a sneak preview of the 1963 Saluki football team on May 10 when Carmen Piccone holds an intra-squad drill which will mark the end of spring practice.

Even though Piccone has been sidelined for one week with an arm injury, he has managed to keep up with developments at practice by nightly study sessions.

He calls the current practice sessions the "most profitable ever held here.

The Salukis are planning to open the season with a new look next fall.

"Most likely we will be employing somewhat of a pro-type offense next fall," Piccone commented, "and since it looks like we will have more speed, we decided to install a more wide-open offense.

The intra-squad will be held under the lights at Carbondale Consolidated High School Bleyer Field because of the heat wave, which is hitting the Mc-Andrew Stadium gridiron.

How successful the transition to the new offense may determine to a large extent just what degree of a championship the SIU staff will put into effect next fall.

The only problems when the Salukis launched drills more than two weeks ago were the quarterback, center, and end positions with the coaches also hoping to uncover at least a pair of promising ball carriers.

The work of five quarterback candidates has been most promising this spring with Doug Edwards and Rich Bickle at the position, sharing the spotlight with Jim Hart, Norm Meyers and newcomer Doug Mougey.

Mike McGinnis was also impressive this spring prior to suffering a broken jaw in a practice session last week.

Only three ends, Bonnie Shelton, Don Ventetoulu and Bill Lepa are among the returning veterans, but the Salukis hope to make up for possible weaknesses there with exceptional strength inside.

An abundance of guards has caused Piccone to shift Benny Hill and Gene Miller to center and Paul DeIa Vecchia also, he has put Jack Langi to tackle, Bob Lang and Langi saw some action a year ago while Miller and DeIa Vecchia are looking forward to their first season of varsity competition.

Veterans Carl Kimbrel and Charles Warren are being relied upon to furnish a major portion of Southern's offensive attack from Piccone's running back position while lettermen Harry Bobbitt and Pete Winton and sophomore Gerry Sla who are top candidates at the flanking back's position.

Saluki Golfers Challenge University Of Wisconsin

Seeking its eighth dual meet victory of the year against three setbacks, Southern's golfers invade Madison, Wis., this afternoon to take on Big Ten member, University of Wisconsin.

Coach Lynn Holder's Salukis are fresh from a 10-5 victory over the St. Louis Billikens and will be meeting the Badgers for the first time this year.

The victory over the Billi­kens assured the Salukis of at least a .500 season with only three matches left to play. After this afternoon's match with the Badgers, SIU meets the Billikens again at St. Louis on Tuesday.

After 10 matches, Bob Payne and Jim Place lead almost all of the season statistics. The individual worst record finds Payne on top with an 8-2 mark and a 73.8 average. Place follows with a 7-3 slate and a slightly better 73.3 average.

John Kirbys' 7-2 junior record but posts a 74 average. Boyd Gish is 4-4 for the season with a 77.2 listing. Bob Muehlman, who has won three individual matches he has competed in, is a shade behind with a 77.3 average.

Len McNair, who has only played in four contests, but turned in a brilliant 72 against Memphis State his last time out, has a 3-1 won-lost record with with a 77.3 average.

Al Kruse, who has had his troubles this year, is 2-7 in the season and shows a 78.2 mark. Jerry Kirby hasn't had too much luck in the won­lost column as he has virtually come up against the strongest man on the opposing squad at the number three position. Kirby has only won 2 of these matches and has dropped 8. Kirby has been nipped in three of those losses as his average indicates a good 75 for the trio.

Holder hasn't indicated who he'll use up at Madison, but the balding coach will most likely work Payne, Kru<;ger, Kruse, Kirby and McNair.

Police Interrupt Showing Of Pornographic Movies

A 20-year-old freshman from New Jersey has been charged with showing pornographic films after campus security officers interrupted a planned showing of lewd films at a fraternity house Wednesday night.

The student appeared in Jackson County Court yesterday and was released on $2,000 bond. He is expected to appear again for a hearing Monday.

Charges against a second student, a 22-year-old junior from Evergreen Park, were dropped after investigation yesterday. Campus officials said a further investigation of the matter is being conducted.

Authorities said the youth who was charged had eight rolls of film in his possession, and had planned to show part of them for a fee. They said a showing had been held at another dormitory earlier.

Campus police were notified that a showing of films was expected at the fraternity and officers arrived to find several persons assembled in the basement in preparation for a viewing.

People planning to enter creative works in the Gallery of Creativity exhibit, opening Saturday, are advised of a change in the categories.

Category two, will be changed to “Applied Art and Design,” “Handicraft,” formerly the title of the number two category, will become a sub-category as will interior design.
