HOW FAR SHOULD WE GO WITH DIPLOMACY? STUDENTS ASK

Whatever else has been accomplished by the recent disturbances, the question remains, whether the Student Council should or should not settle a dispute that has arisen between the two factions. The dispute has been going on for some time, and it is feared that it may lead to a larger conflict. The two factions have been arguing over the question of whether or not to settle the dispute.

"Should we always consent to majority rule?" นายโจจี, a member of the Student Council, asked. **Student Council Adopts WANTS MORE THAN CRIME.**

Rebuffing the necessity for the extension of democracy at the University, the Student Council has adopted the motions of Mr. Heinz's resolutions. It has also been mentioned in last week's EGYPTIAN, that in their meeting last Monday, they discussed their future plans for the coming year. The meeting was attended by all members of the council and was held in the usual manner. The resolution in question states:

> The Student Council adopts the resolutions of Mr. Heinz, which were presented at the last meeting of the council.

Since this is so, we should be glad that our resolution has been adopted, as we have been trying to get it adopted for some time. We hope that it will be successful in the future.

The adoption of the resolutions is a great step for democracy at the University. We hope that other colleges and universities will follow our example and adopt similar resolutions. We believe that democracy is necessary for the progress of any society.

**HEINZ DEFENDS STAND OF COUNCIL.**

In explaining the decision of the Student Council not to publish a certain resolution, Mr. Heinz states that it is an important factor in the development of the university. He goes on to say that the resolutions were presented in a way that did not seem to be in the best interest of the university. He further states that the resolutions were not well thought out and that they were not consistent with the views of the council.

Mr. Heinz believes that the resolutions should be reviewed and that they should be rewritten in order to make them more meaningful. He also suggests that the council should hold a meeting to discuss the resolutions and to decide whether they should be adopted or rejected.

The Student Council, in other words, is willing to make any correction to its resolutions, but it does not seem to be willing to change its decision. We believe that the resolutions should be published as they were presented, as they were in the best interest of the university.

**WHAT THE STUDENTS ARE THINKING.**

During a recent meeting of the Student Council, Mr. Heinz stated that the adoption of the resolutions was a great step for democracy at the University. He further stated that the resolutions would be reviewed and rewritten if necessary.

It is important for the university to adopt a policy that is consistent with the views of the council. We believe that the resolutions should be published as they were presented, as they were in the best interest of the university.

The lounge will be a place where students can meet and discuss important issues. It will also be a place where they can study and work on their assignments. The lounge will be a great asset to the university and will be well received by the students.

**One council member has been constant and level-headed.**

**What About Our American Traditions?**

Since Irving Berlin's 'God Bless America' became popular, many folk memories are being reawakened that has happened to the national anthem. 

Oh! say can you see by the dawn's early light what so proudly we hailed at the twilight's last gleaming of the union bond?

The words of the national anthem were written by Francis Scott Key and set to music by John Philip Sousa. It has been adopted as the national anthem of the United States.
