Freshmen Show Set For Friday

One of the highlights of New Student Week, the annual Freshmen Show will be held at 8 p.m. Friday in Shryock Auditorium.

There will be a $1 admission charge.

Students and faculty members will present a serious reading, singing, solos, folk dancing, and a serious reading by William K. Moore and Al Gilday.

All participants, including Mods, are students at SIU.

The chairman for the show will be Kathy Neumeyer and Sheldon Chesky.

An estimated 50 students showed up for tryouts Monday, Tuesday, and Thursday with 17 acts surviving.

Participants and their talents include the following:
- Cheryl Wisseart, vocalist; Elritza Wright, modern and jazz dancer; John Henry, folk singer; Barbara Trent, who will present a serious reading and Sidney Ludwig, vocalist.
- Also Jan Sirles, acoustic dancer; Brett Champlin, folk singer; Zacha Smith, vocalist; The Pebbles, a folk singing group composed of Brent Chalm, Nancy Jo Zacha, Alan Dillard and Paul Enslowetz.

Others include Ronald Ame, vocal/mandolin; and Suzanne Oliver, can dancers; Theresa Steingrub, vocalist; Ward Miller, vocal and dancer; and Gordon Callon, folk/mandolin.

Also Ronald Stout, vocalist; Peggy Ann McKenzie and Dave Zeigler, folk dancers; Byron Treece, folk and blues singer, and Carolyn Workman, who will present an act of gags and stunts, and Kathryn Kreines and Marta Harpurttie will be accompanists for the group.

The talent will wind up activities of New Student Week and will attract a number of dances and other activities slated for the first week of classes for all students.

Drennan Named Cadet Commander

Jerry D. Drennan of Carbondale has been named cadet division commander of the Air Force ROTC programs.

Announcement of Drennan's appointment was made by Lt. Col. James F. Van Ausdal, professor of air science.

The new commander is a chemistry major and has expressed the hope of making a career in the Air Force.

Saturday Is Deadline to Report

Address Changes to Registrar

Students who have changed home or campus addresses since the beginning of the fall term are urged to submit their address cards to the Registrar during the hours of Monday to Saturday.

They must receive the cards with the new data by that time, the listings in the University Student Directory will be incorrect," Lonon Young, assistant registrar, said. Students who have not changed their home or Carbondale addresses need not return the cards.

The cards were mailed to the home addresses of all students who preregistered for the fall semester during the summer term, Young said.

"We have received less than 20 cards listing changes of address either in the students' home or in Carbondale," Young added.

He said the new telephone system in Thompson Point and Woody Hall will require students living in those areas who preregistered to submit their cards also.

"If they don't, their new telephone numbers will not be listed in the directory," Young explained.

Stamina Is 'Must' for Students With Cross-Country Schedule

By Robert Smith

Classes are new underway and for some students, particularly freshmen, stamina is going to hold the key to their future.

Students, for example, who have a physical fitness course in the SIU Arena at 8 a.m., English course at 8:30 a.m., and Physical Education Building will find that they must have endurance to make these classes officially allotted.

Short of running it is impossible to do the 12 miles in Oquir Canyons in an afternoon.

Oquir Gets Grant For Cancer Study

Maurice Oquir, chairman of SIU's Department of Microbiology, has been awarded a grant of $17,820 by the American Cancer Society for a study of leukemia and leukemia. The grant is to be awarded 1963.

Grant represents the first year of support for this study.

Oquir presented some of the results of his study to the Sixth International Congress of Biochemistry in July.

Freshmen Find New Way of Life

By Ed Pluzynski

Beany - wearing freshmen who are about to undertake a major transition in life not only are entering the community of new thoughts and ideas but also must recognize a completely new set of rules that specifically regulate their way of life at SIU.

Some of the "SIU laws" seem like a "real pain in the neck" as one freshman put it. But, Joseph F. Zaleski, assistant dean in the Office of Student Affairs, said, "These rules are intended for the best interest of all students combined."

"And, it is important that each student realize his role in the development of SIU or which he is an integral part," he added.

Some of the unfamiliar rules that will confront incoming freshmen are at first difficult, but soon become a natural way of life.

Freshmen, both boys and girls, must find a place to live during their way at SIU. But, this is not as easy as it sounds. Certain regulations must be abided by when finding a place to reside.

The SIU rule specifically states, "No single undergraduate may live in unsupervised housing without the permission of the housing office."

Special permission is granted only to those students who are 21 years of age and have an over-all 3.0 grade point average. Or, to those students who are classified as juniors or seniors with a 3.25 grade point average.

Failure to comply with these and other rules results in disciplinary action which sometimes leads to suspension of the students from the University.

Freshmen girls may find SIU dorm life more strictly supervised than their lives at home. Women's hours are 9 p.m. to 9 a.m. on Sunday through Thursday and 10 p.m. to 10 a.m. on Friday and Saturday.

Published Thursday, Friday and Sunday during the summer session. Published on Tuesday and Thursday of each week for the first five weeks of the nine-week semester session. Second class postage paid at the Carbondale Post Office.

Published by the Mornin. News, Inc., Carbondale.

Published on the regualar days of the week. Discussions published here do not necessarily reflect the opinion of the administration or any department of the University.

Under the direction of the editor, authorized. Not reprinted at will.

By Ed Pluzynski which he is an integral part of the student's education and is therefore excluded from the campus community.

Our biggest problem is with illegal drinking and illegal use of automobiles, Zaleski explained, "And drinking leads to intoxication, which often leads to the student's becoming involved in a fight or committing minor offenses."

Students often break these rules without thinking of the consequences, which sometimes results in suspension from the University. Last year, added, Students may obtain a copy of the rules at the Central Publications Office, 113 E.\n
A few more rules that will affect the traditional freshman life here at SIU are: Bicycles and motorcycles owned by students and faculty should be registered at the Security Office.

Students may not have firearms or lethal weapons in their possession while in attendance at the University. Gambling to not permitted in the buildings or on the premises of Southern Illinois University.

Students are expected to abide by the rules of the State Fire Marshal and not smoke in places which are designated as No Smoking areas. Bermudas, slacks, and peacoats are not appropriate for the classroom. And bathing suits are not worn in public areas other than swimming areas and sunbathing areas.
Newcomers Club Planning Picnic

The women's division of the SIU Newcomers Club will entertain first and second-year newcomers to Southern at a noon picnic at Giant City Park, October 3.

Mrs. Mary Skaret, publicity chairman, and invitations are being sent out this month along with detailed information and a road map to aid the newcomers in finding the picnic area.

All-University Unit To Have Retreat

The role of student government in conjunction with the revised University statutes will be the topic of an All-University Student Council (AUSC) retreat Friday and Saturday.

Student government leaders from both the Carbondale and Edwardsville campuses will participate in the retreat to be held at Little Grassy Camp IL.

President and Mrs. Morris, Vice President Ralph Ruffner, Dean L. Clark Davis and Dean Ernest V. Davis will represent the administration.

Representing the Carbondale campus will be Pat Murphy, student body president; Donald Graf, student body vice president; Bill Murph, AUSC president; and Pam Newberry, Fran Langston, Leslie Bloom and Jean Woolsey, AUSC members.

Thomas Casydy will serve as AUSC faculty sponsor.

Stravinsky Featured On Afternoon FM

Stravinsky's "Concerto for Two Pianos" will be featured on today's Concert Hall on WSIU Radio. The program runs from 3:30 to 5:30 p.m.

Other programs include:

2:45 p.m. World of Folk Music, featuring Sonja Savig

8:30 p.m. Concert, which includes imagery in French music, CBC Concert and Netherlands Composers

10:30 p.m. News Report.

Kipling's Story to Be Featured On WSIU-TV Film Classics

"Captains Courageous," starring Spencer Tracy, Freddo Bartholomew, Leo Barry, Mickey Rooney and Melvin Douglas, will be presented at 3:30 tonight on WSIU-TV's "Film Classics."

The film is an adaptation of Kipling's story about a spoiled youth on a tough fishing boat. Spencer won the Academy Award for this film.

Other program highlights:

5 p.m. What's New--A film of exciting log drives to the saw mills

5:30 p.m. The Big Picture

6:30 p.m. What's New--An account of an Eskimo's life from infancy to maturity

$7.681 for Carbondale

Carbondale has received $7.681 as its share of the motor fuel tax paid into the state treasury during August, the Illinois Department of Finance has reported.

Activities

Ice Cream Social Set; TP Residents to Meet

The Department of Theater and Southern Players holds an open house in the Southern Playhouse starting at 7 p.m.

President Delvey W. Morris addresses Freshman Convocation at 10 a.m. and 1 p.m. in Shryock Auditorium.

Orientation meeting set for Thompson Point residents from 9 to 10 p.m. in Lentz Hall.

University School's annual ice cream social will be from 6:30 to 9:30 p.m. on the school patio.

Christian Science Organization holds a regular meeting at 6:30 p.m. in Room C of the University Center.

Pre-Student Teaching Day will be held from 9 a.m. to 2 p.m. in Muckelroy Auditorium at the Agriculture Building.

Men's Group Plans Music and Dancing

University City, a men's off-campus housing unit at College and Wall streets, will sponsor a "Sing and Do-Thing" starting at 8 p.m. Sunday.

Entertainments will include folk music and community singing, followed by a dance starting at 9 p.m. The Blaziers will provide music for the dance.

Southern Cheerleaders Turn to Red Join Band, Mascots Already Red

SIU sports fans will be seeing red more this year than ever before. In the past the Marching Salukis have been dressed in red dinner jackets or red plaid jackets, and the SIU mascots, Burydown and Orash, wear red blazers with white "SIU Salukis" lettered across the side. And now the cheerleaders have turned to red as their predominant color. They have shed their old white sweaters with the big white letter and their maroon and white skirts for their new red uniforms. The new uniform consists of a short white bodice with a turtle neck and long sleeves. Over this one piece is a fitted red wool jumper with a deep V neckline and invertd giant white plaits. The lettering "SIU" runs down the side of the red jumper.

The girls wearing the new uniforms are Trudy Kulemsa and Sue Amberg, co-captains, and Marianne Wiley, Dianne Angelini, Susan Owen and Kathy Wolsk. This year the cheerleaders will be under an advisory board which will select the cheers to be used at the football games.

YEAS, RAH, TEAM - Leading the cheers for the Saluki teams this year will be vastly cheerleaders (left to right) Kathy Wolsk, Dianne Angelini, Sue Owen, Sue Amberg and Trudy Kulemsa. They will be joined by Marianne Wiley who was not present when the picture was taken.

Chinese Coed Visits SIU; Father Is Author, Professor

Nelson L. Bossing, professor of secondary education at SIU, recently played host to a Chinese student whose father has made his book known to thousands of Chinese in Taiwan. Dianna Dyi Meei Sun, who visited SIU on her way to the University of Oklahoma where she is a graduate business major, is the daughter of Sun Pan Cheng, a professor of the Chinese Normal University. Cheng translated one of Bossing's book, "Teaching in Secondary Schools" into Chinese, in 1950, and it has since been used as a college textbook in Taiwan. The reception took place at the Bossings' residence in Carbondale with 18 Chinese students attending. Bossing, who has taught for 42 years, has written and been co-author of 28 books, which have been used internationally.

Alumni Chapters Send Club Officers To Workshop Here

SIU alumni officers from four states will attend the annual Alumni Club Officers' Workshop here Saturday, Jay King, alumni field representative, said officers from Indiana, Kentucky, Missouri and Illinois would be brought up to date on University affairs and on what other chapters are doing.

Walter B. Young of Carmi, president of the Alumni Association, is program chair- man and E.E. Miller of Chicago is chairman of the workshop committee. Sixteen University faculty and staff members will discuss various aspects of the University. Sessions will be held in the University Center Ballroom starting at 9:30 a.m. Most of the group is expected to attend the football game between the Salukis and the University of Louisville here that evening.
Goldwater Lashes Spending Policies

WASHINGTON -- A Senate- House conference committee has voted to extend for five years the Food Aid Plan, which is expected to cost $17 billion.

The measure authorizes exportation of U.S. farm surpluses overseas. The bill was shipped abroad at a cost of $7 billion worth of agricultural products, and the program for disposing of U.S. farm surpluses overseas.

Goldwater also said in Fort Worth that he is investigating a letter in which he said two Texas men charged Johnson with campaign pressure on them through the Internal Revenue Service aimed at causing them to help Johnson in his campaign.

The senator did not say who wrote the letter, nor did he name the men he said received it.

In his Dallas speech, the GOP presidential candidate said Johnson wants to cut defense spending in favor of overseas aid, subsidies here, and handouts to other countries.

"That way Henry's suicide," Goldwater declared.

Sen. Barry Goldwater, Golden, said Wednesday before a cheering crowd in Fort Worth, Goldwater charged anew that the TFX warplane contract was "a politically oriented piece of business."

But he told an estimated 5,000 people that as president he would not seek to shift the contract, which may amount to $6 billion eventually, away from the General Dynamics Corp. in Fort Worth.

"We're too far along with it," Goldwater said.

4 Men Rescued After 3 Days In Shaft at Nevada Test Site

MERCURY, Nev.—The last of four men trapped Saturday night in an 1,800-foot-deep test hole was hoisted to the surface Wednesday.

All were in good condition. They had been lowered fresh food and other supplies throughout the three and one-half day ordeal at the Nevada test site.

Late to come up was George R. Cooper of Yucca, Ariz. The others, rescued earlier in the morning, were Floyd Shaw of Santa Barbara, Calif., Leland Roeder of Pioche, Nev., and Art Luhnow of North Las Vegas, Nev.

They were strangled when a stuck cable, being installed to link instruments in the underground nuclear blast chamber with the surface, snapped and fell into a splice.

Fire Levels Homes In Santa Barbara

SANTA BARBARA, Calif.—A brush fire whipped by erratic winds raged through the eastern part of Santa Barbara and the exclusive Montecito suburb. Evacuation centers were established in the Municipal Recreation Hall and Santa Barbara High School.

An army of 1,000 men fought the fire included bearded Bohemian-type men from an artists colony working alongside county and U.S. Forest Service men and Mexican agricultural workers brought from nearby farm labor camps.

Officials said at least 2,000 acres had been scorched.

The number of houses destroyed varied widely in official estimates because of the absence of a comprehensive official inventory. A good many homes were spared, and the girls were evacuated at Westmont College, a private coeducational school, but the dormitory was spared and the girls were evacuated Wednesday evening.

Russian Ships Tagging Along In NATO Show

LONDON—Three Soviet warships appeared as unofficial escorts Wednesday for the screen of four U.S. destroyers operating around the U.S. aircraft carrier Indep­endence in maneuvers in the Norwegian Sea.

Observers on the carrier reported to London that the Russians were now practically taking part in the North At­lantic Treaty Organization exercise.

There also was a flush of Soviet air activity. Three contacts from the carrier—all at a distance of more than 100 miles—led to interceptions by Crusader and Phantom jets from on board.

One Russian aircraft was reported to have flown over the carrier. This plane, identified as a Badger, circled four miles from the carrier until, escorted by U.S. fighters, it made off over the horizon.

Adm. Kleber S. Masterson, commanding the NATO striking fleet, said from his flagship that he welcomed the presence of the U.S. fighters and the close attention of the Soviet aircraft to get a close look at the fleet.

Hurricane Gladys Moves Out to Sea

NEW YORK—The Weather Bureau discontinued the hurricane watch for the populous Northeast Wednesday except for the eastern tip of Long Island, as hurricane Gladys followed a course toward open sea.

Coastal dwellers from Eastport, Maine, to Cape May, N.J., were warned however, for possible gale-force winds.

Carbondale NATIONAL BANK

Corner Illinois and Main—Member FDIC
Fraternities

At SIU Total 13

"Important as classrooms and laboratories are in the educational program, it has long been recognized that learning to live with others and adjusting to new environments are among the most important lessons in life," President Debelo W. Morris has said on various occasions.

For this and other reasons, eight fraternities and five sororities have formed and are presently the Greek life on the SIU campus.

Greek life at SIU is somewhat rich in history. Let us go back a number of years and follow the organization of SIU's fraternities and sororities.

Alpha Gamma Delta, the first Greek organization on Southern's campus, was founded in 1922 under the local sorority name, Epillon Beta. National affiliation in 1928 changed the name to Delta Sigma Epsilon.

In 1934, a merger-the group again became a local under its new name, Nu Delta Sigma. How­ever, on Sept. 21, 1957, the local became the national sorority it is today, Alpha Gamma Delta.

Sigma Kappa, Sigma Sigma, and Sigma Sigma were among the Greek life at SIU's first Greek organization on the basis of it as a local fraternity. The Delta Chi chapter, founded in 1933, was originally a local, Kappa Alpha Chi, which stemmed from an earlier local organization. In September, 1940, a local fraternity, Delta Delta Tau, was organized at SIU. Shortly thereafter, World War II took most of its members. The local group was reorganized in the spring of 1946.

For this and other reasons, eight fraternities and five sororities have formed and are presently the Greek life on the SIU campus.

Fraternal Groups

In Greek life at SIU, one of the chief advantages of fraternities and sororities is that out of close association during school years comes some of the friendships most treasured in later life," President Morris commented.

H. J. Rath Named To Librarian Post

Harold J. Rath, assistant professor and library staff member at SIU, has been appointed special services librarian.

Rath, a native of Davenport, Iowa, joined the library staff here in the fall of 1963. He had previously served on the faculty of the Maplewood-Richmond Heights High School, St. Louis County, Mo., and as a regional librarian and assistant director of education and training for the Illinois State Library.

He holds a master's degree in library science from the University of Illinois.

Opening This Week

First Art Exhibition of Year
Includes a Variety of Styles

This week marks the opening of the first of a number of art exhibitions which will be shown throughout the year at the John Russell Mitchell Gallery in the Home Economics Building.

The fall season opens with a selection of approximately 45 paintings, prints and drawings by such well-known artists as Balcombe Green, Patrick Heron, Morris Kantor, Kenneth Armitage, Elizabeth Frink, Will Barnett and John von Wicht. The work to be shown ranges from the traditional representational style of Kantor to the non-objective and abstract compositions of Armitage and Barnet, Watkins said. The Bertha Schaefer Gallery, New York, assisted in the organization of the exhibit.

Next week will be an exhibition of prints by distinguished artists of the 1950s, entitled "The Fabulous Decade."

The American artist Fairfield Porter's paintings will be shown in a large-scale retrospective exhibit during the month of November. About 30 paintings will be borrowed from private collections and from the Tiber de Nagy Gallery in New York.

An invitational exhibition of ceramic pieces is planned for three weeks in December, to which potter, mostly in the Midwest, will be invited to contribute. Emphasis will be put on high-quality, small-scale work that can be modestly priced, Watkins said.

Tentative plans have been made for an exhibition in January or February centering around the design and production of fine books. The University Press will cooperate with the University Galleries in making selections and arrangements.

Notable among other shows in the planning stages is "The Spirit of New Berlin in Painting and Sculpture," sponsored by the City of Berlin and the German Arts Council and circulated by the American Federation of Arts.

Adlai Stevenson III To Speak Saturday

Adlai E. Stevenson III, son of the former Illinois governor and the present ambassador to the United Nations, will be guest speaker at a political dinner meeting at 6 p.m. Saturday in the University Center Ballroom.

Stevenson, a Chicago attorney and a candidate for the Illinois House of Representatives, will urge the election of Richard E. Richman, Democratic candidate for state's attorney of Jackson County.

Tickets for the dinner can be obtained at 608 West Main St., Carbondale, or at 1114 Walnut St., Murphysboro. Reservations can be made by calling 549-1377, 549-2435, or 526-3707.

5 changes
for fall term

Personnel changes in the
Air Force staff assigned to the
AFROTC program at SIU
have been announced by Lt.
Col. James F. Van Ausdale,
commander of the 3,000-
member detachment.

New members who will be
on hand for the fall term are
Maj. Edward I. Williams, Maj.
Joseph L. Horvath, T-Sgt.
Vincent Santora, and A-1C
Moises E. Lee. Sgt. Donald F.
Harmering will leave Sept.
24 and will be replaced in
November by S-Sgt. Joseph H.
Hensley from Malstrom AFB
in Montana.

Maj. Williams comes to
Southern from service with the
Strategic Air Command in
Spain. He fills a vacancy
created when Col. George H.
Blase, commander, was
transferred to Maxwell AFB
in Alabama in August and Lt.
Col. Van Ausdale moved up
to commander. Horvath, pro-
moted from captain in July,
replaces Capt. Harold L. Max-
well, transferred to Maxwell.
He comes here from Ramoys
APB in Puerto Rico.

Vincent replaces M-Sgt.
Jerry S. Witt, transferred to
Wright-Patterson AFB in
Ohio, and Lee replaces A-Ic
Walter G. Waggoner, trans-
ferred to Forbes AFB in
Kansas.

Commander Van Ausdale
also announced that Philip
Florio Jr. of his staff was
promoted from captain to ma-
jor in July.

Is Growing Fast

ROTc orientation program
for freshmen is next week

A special orientation for all
freshman students enrolled in
AFROTC Leadership Lab 100A
will be at 10 a.m., Sept. 27,
in Shryock Auditorium.

The purpose of the meeting
is to familiarize the new stu-
dents with the leadership lab
program as it will be con-
ducted this fall.

Sophomores enrolled in
Leadership Lab 200A will
attend their first meeting at
10 a.m., Oct. 6 in Shryock
Auditorium.

Cader uniforms are being
issued daily from 8 a.m. un-
til noon and from 1 to 4:30 p.m.,
at the AFROTC supply room
located behind Wheeler Hall.
Summer and winter uniforms
will be issued, except for
shoes, which will be issued
at a later date. All students,
both freshmen and sopho-
more, will be required to wear
the uniform to all leadership
lab classes.

Southern can claim "the
fastest growing Cadet Corps in
the United States." AFROTC
officials have said. Total en-
rollment in the Advanced
Corps of the AFROTC pro-
gram will exceed 200 students
this fall, and may go as high
as 250 by the end of the school
year, officials said.

'Collegiate Kivarians' Accept
SIU Delegate's Theme for 1965

An idea of a SIU student,
John Paul Davis, will be the focal
point of thinking by some
14,000 service-minded cam-
pus men during the coming
school year.

"Build Personal Under-
standing" is the 1965 theme
of service adopted by Circle
K International at its ninth
annual convention, in Chicago
Aug 31-Sept. 4.

Davis is president of the SIU
chapter of Circle K Interna-
tional, a campus service club
affiliated with Kiwanis Interna-
tional.

A past international trustee
of Key Club International and
a Kiwanis affiliate on the high
school level, Davis was ap-
pointed to the convention's
resolution committee, whose
responsibility it was to de-
velop the 1965 theme.

He had gone to the con-
vention hoping to win con-
sideration for his idea of
"Widen Personal Under-
standing."

In its second meeting, the
resolutions committee tabled
two other proposals and
agreed to devote an additional
meeting to discuss Davis' sug-
gestion, which was accepted
with only one word changed.
The new theme was "Build
Personal Understanding."

The new theme was accom-
paied by a preamble. It stated
that the men of campus
Kiwanis "realize that an un-
derstanding of the individual's
heritage, beliefs, and ideals
is all important to hastening
the attainment of a fa r sighted
and progressive North Ameri-
can society."
Elmer Clark Appointed
New Education Dean Is Michigan Native

Elmer J. Clark, a 44-year-old Air Force veteran of World War II who received his bachelor's, master's and doctor's degrees from the University of Michigan, was named dean of the SIU College of Education Sept. 1.

The new dean is an outdoorsman whose hobbies are fishing, gardening and guns, but he also enjoys reading novels, military and naval histories and biographies.

His greatest interest, however, is in the field of education, in which he obtained all three of his degrees. One of his major concerns will be placing more emphasis on research in education at Southern.

"I have nothing particularly in mind in regard to possible changes in the college," Clark said, "My job primarily is working with the personnel to continue to build a college of national reputation. With an impressive number of distinguished professors and young, capable research professors, we have a running start.

Clark succeeds Troy W. Edwards, who left to become dean of Toledo State University School of Education. The new dean is an outgrowth of his former post of assistant dean.

Clark heads a college with an estimated 3,700 students.

Departments under him in the College of Education are administration and supervision, higher education, secondary education, elementary education, teacher training, special education, recreation and outdoor education, men's physical education, women's physical education, health education, athletics, guidance and University school.

Born and raised in the state of Michigan, Clark taught in a Pontiac, Mich., junior high school from 1941 to 1943 before enrolling the Air Force for three years" service. After receiving his doctorate, he taught at Central Missouri State College, Warrensburg, for a year before going to Indiana State University, Terre Haute, in 1949. He was named dean of the Graduate School there in 1952, and held that post until coming to SIU.

Clark's wife, Charlotte, is a librarian with degrees from the University of Toledo and the University of Michigan, and they have a 16-year-old daughter, Janet, and a son, Tom, 12.

One of Clark's hobbies, growing dahlias, hybrid tea and floribunda roses, had to be halted when he came here, but he hopes to resume his gardening when he gets established in his home here.

A spin-casting fisherman, Clark likes to go after the walleyes in Minnesota and the bass anywhere.

Community Group

Adds Consultant

William C. Miller of Springfield has joined the staff of SIU's Community Development Service as a community consultant.

Miller, 34, has a background in instrumentation education. He came to SIU from St. Louis, where he was a program representative for the American Cancer Society.

At SIU he will work with special committees in communities being assisted through the Community Development Program and will be available to assist health committees.

Hunters Must Leave

Feathers on Bird's Wing

Federal regulations now require that huncras who field season migratory game birds must leave one fully feathered wing on the bird until the hunter arrives at home. The Illinois Department of Conservation has announced. The purpose of the law is to permit identification of migratory game birds in transit.

Southern is General Science 10-11, Art 2-3, Social Studies 8, and Social Studies 3 (the figure is bought from distributors of educational films).

Planinc said that 115 school districts containing more than 25,000 elementary and high school students have subscribed to this year's program.

Newman Group
Given $10,437

The Newman Foundation at SIU is the recipient of a contribution of $10,437 made by the Knights of Columbus early this month.

John T. Murphy of East St. Louis, chairman of the fund-raising drive, presented the check to Bishop Albert R. Zuzoweste of Belleville at a recent meeting.

The donation to the loco foundation was one of several made throughout the state totaling some $66,000.

160 Returning Students Guide Newcomers to SIU's Campus

Some 160 upperclassmen and campus leaders are serving this fall as New Student Week leaders for the incoming 3,500 freshmen and transfer students.

Those serving as section leaders are Bill Miller, Joan Sivicki, Terry Cook, Ann Philips, John Rush, Kathy Stewart, Bob Drinan and Judy Delap.

No Manual Urges Sense of Humor For Campus Police

A manual for the guidance of University police officers has been written by a staff committee at SIU.

Thomas L. Leffler, chief of the University's security force, said it stresses tact, diplomacy, evenness of temper and a sense of humor.

"A sense of humor is important when you are dealing with 18,000 normal young human beings," Leffler said, "many of them away from the restraining influences of home environment for the first time.

"Fair, impartial treatment is an absolute necessity, whether the officer is directing traffic, protecting property, investigating thefts or searching for illicit liquor. Probably no segment of society is quicker to outrage over special privilege than the young intellectuals." No Manual Urges Sense of Humor For Campus Police

The manual is an adaptation of numerous handbooks on police work to emphasize the special problems involved on a college campus.

Security officers at Southern are state civil service employees,

Dean Bauernfeind Joins Commission On Cosmetology

Harry B. Bauernfeind, assistant dean of the Division of Technical and Adult Education, has been appointed to the National Hairdressers and Cosmetologists Association accrediting commission.

Bauernfeind will make inspections of schools desiring to be accredited on a national basis.

On the SIU faculty of SIU since 1951, Bauernfeind also is professor in Southern's School of Business.

SIU Educators To Visit Mali

A team of SIU educators is to be sent to the Republic of Mali in West Africa as educational consultants.

Eric A. Sturley, assistant dean of the Graduate School for the Edwardsville campus, will head the project under terms of a three-year agreement with the Agency for International Development.

The U.S. educators, who will be based in the capital of Bamako, population 120,000, will study the Mali school system and a newly formed teachers' college. They will make recommendations to the minister of education on the schools and on the organization of a proposed pedagogic institute.

Sturley said the eight or nine consultants on the team will have to be fluent in French, the predominant language of this West African country which became independent of French rule in 1960. Those selected will probably include specialists in textbook writing, curriculum, library science, audio-visual aids, and vocational guidance.

An anthropologist has already been invited to conduct research in cultural changes brought about by development of the education program in Mali. Jerome Hendler, lecturer in anthropology on SIU's Carbondale campus, will join Sturley in Mali and will return with him next month.

Most team members will sign two-year contracts to work in Mali, but some short term consultants may be needed, according to Sturley. At the end of the first two years, it is hoped that 10 or so students from Mali can be brought to SIU to study so that they can eventually carry on the work of the U.S. educators in their home country.

Other teams of SIU specialists are currently working under government contracts in Nigeria and Viet Nam, and SIU has also been active in training volunteers for the Peace Corps.

former SIU Golferthird in Tourney

Former SIU golf captain and standout, Gene Carello, placed third in last Sunday's Tankin Country Club golf tournament at West Frankfort.

Carello, who led Coach Lynn Pack's Salukis to a 4-4 record last spring, fired a two-over-par 146 for the 72 holes.

Bob Davis won the annual tournament with an impressive 2-under-par 139.

Plans Reported Moving Ahead For Army Research Unit Here

Plans for establishing an Army Research and Development Unit at the University are moving on schedule, according to Maj. Thomas E. Dennis, Marion Subsector commander for Army Reserve affairs.

Activation of the unit is tentatively scheduled for early this term, with Leslie D. Gaito, professor of mathematics, as the commanding officer.

Individuals interested in receiving direct commissions in the proposed Army Research and Development Unit are invited to an application processing meeting on Thursday in the first floor conference room of Anthony Hall.

Regular Army advisory personnel will be on duty from 9 a.m. to 4 p.m. to assist SIU faculty and staff personnel in completing the necessary forms.

The unit will concern itself with research projects directed by the Office of Army Research and Development, Washington, D.C.

Welcome back from "Irene"

Campus Florist
607 S. Ill. 457-6660

STAMINA IS 'MUST' FOR STUDENTS ON SCHEDULE OF 14-MINUTE ARENA-TO-WHAM QUICKSTEP

(Continued from Page 1)

seconds could have been cut from this time.

A bike didn't help so much on the Wham to Arena run because of the time spent walking in each of the large buildings. It took me just under nine minutes, and adding that minute for the Wham Jam would just about eat up the remaining time.

Fortunately, most professors are understanding to the student's problem and will make allowances for these impossible situations. Some others feel that their class is important enough that the student should make it on time, no matter the circumstances.

An example of this "all important" type of class many freshmen will run up against is Freshman Convocation, at which he will find himself refused attendance credit if he is in but a few seconds late.

SIU is a large campus, the largest in Illinois. Its 600 acres are criss-crossed with paths, but the student will still find there are many treks, such as the one between the Arena and Wham, where there is no short-cut.

Many students meet the distance problem by bringing bicycles to school. Others will be seen running wildly across campus in an attempt to beat the bell. At present there is a bus service between Small Group Housing and the University Center that student may utilize for a dime. Perhaps this service will be expanded to those who must make it between other distant parts of the campus in the short time allowed them.

Sym pathetic student workers at the Sectioning Center, many of whom probably have been stuck with classes across campus from each other, will usually do their best to avoid giving the student a schedule that requires marathon running. But, there are only so many sections of each class, and sometimes the schedule makers have no other choice.

Until all students own bicycles or become track stars, or until the University seeks to implement a campus-wide bus service, the problem of distance will be one that simply will have to be accepted by the students and by the faculty.

VTEH BOLSTERS JOB TRAINING

Two additional courses under a massive multi-occupational manpower training program are scheduled by SIU.

The university's Vocational Technical Institute will begin training 25 psychiatric aides at Anna State Hospital Sept. 28. Sixteen men will form a class in auto body and fender repair at the VTI-campus near Carbondale on Oct. 5, according to William Nagel, project supervisor.

A welding class of 15 men is now in its seventh week at the VTI campus. Vocational training for an estimated 1,000 unemployed persons in southern Illinois will be provided under the $1,044,000 manpower training project.

VTEH under SIU's Division of Technical and Adult Education, has been named the training agency by the Illinois director of vocational education for 44 occupational categories. These include such occupations as beauty operators, bakery helpers, electrical appliance repairmen, loggers, carpenters and lumber graders, mechanics, upholsterers, vending machine servicemen and waitresses.
COCAPTAINS — Don Shroyer (right), Saluki coach, has appointed Jim Hart (left) and Gene Miller cocaptains of this year's football team. Both Hart and Miller were most valuable athlete honors for participation in three sports during high school athletic careers and are now juniors at SIU. Hart will lead the offensive team and Miller the defensive Saturday night when SIU opens its home season against Louisville.

Readying for Louisville

Hart, Miller Named SIU Grid Co-Captains; Shroyer Working on Secondary Defense

Jim Hart and Gene Miller, both juniors, have been appointed co-captains of this year's football team. Hart is from Morton Grove. Miller comes from Benton, Hart, who earned two letters in football, three in basketball and track at Benton, will head the nation's seventh-ranking passer a year ago. Last week he completed 28 of 45 attempts for 332 yards while the Cardinals were losing to Western Michigan, 10-7.

LaFramboise, who is built about the same at SIU's 6-3, 195-pound quarterback, has established his new school records in all three categories, every mark held at one time by Johnny Unitas.

While Southern's secondary defense drew criticism from Shroyer and others following the Saluki's 35-12 loss to Bowling Green last Saturday, extensive work in this area is being carried out in practice sessions this week. Southern's front-line defense may be the same as a moment ago. Shroyer was somewhat pleased with the line play, particularly that of Isaac Brigham.

Game time in McAndrew Stadium Saturday is 6 p.m.
