TRI-CLUB DEBATES
Forum, Agora and Illinae to Meet In Annual Clash Next Monday

On Monday evening May 5, at 7:00 o'clock in the social hall will occur the long delayed tri-club debates. They come, however, all too soon for the people who must debate; the debaters have heard the Bok Peace Plan until they wish that mankind might settle their wars without any plan whatsoever. Despite this weariness, there are people on the teams who have convictions on the subject as strong as Eberly Reed or Mr. B. K.

The Illinae's affirmative team consists of Ethel Mark and Dorothy Canaday, their negative team Mina B. Janet and Adelia, Felmlee. The girls have always had a strong team and these teams are as red hot for the exception to the rule. The Forum will be represented by E. V. Melton and Harry Ponselli on the affirmative, Jesse Harris and Letterkun on the negative; the Agora by Elmer Schaeffer and Marion Taylor on the affirmative; John Hunsaker and Charles Neely on the negative.

At present it is thought that the Illinae affirmative team will debate the Forum negative; the Agora affirmative, the Illinae negative and the Forum affirmative, the Agora negative.

There is some speculation among the members of these clubs as to who will win the cup. We express opinion except that, perhaps, "it will be a great victory for..." some one. However, there are some real debaters in these teams and the debates must be hard fought battles. We have always thought that "devolved" debaters in this school who were able to contend successfully with those of the Southern Illinois Debaters League.

Since the three debates are going on at the same time one must make a choice. This year we believe that one debate will be as interesting as the others; merely follow your own inclination and you will hear a good debate.

These contests started three years ago. The first year there were three debates held at three different times and three different questions were debated. However, this plan was not entirely satisfactory so we adopted the scheme followed by inter-collegiate debates. The first series was won by the Illinae and the cup was awarded to the girls for that year. Last year the debates resulted in a tie and the boys chivalrously allowed the girls to keep the cup for next year although it was awarded to the For Agorill which is an honorary organization composed of those who have participated in the tri-club debates.

It has become clear that the rules under which the previous series of debates were held are now inadequate. The committee has made certain changes which it believes will remove some of the defects of the original rules. Below are given the rules which govern the Tri-club debates.

JUNIOR SOCIAL
Members of Junior Class Hold Social With Spirit of Spring

One of the most interesting events of the week was the senior roast given by the Junior Class. Mr. and Mrs. Malti and Mr. and Mrs. Jeff had their families and friends met at the Normal gate at 6:30 and ridden to the bluff. Some of the better looking girls were offered a ride which they gladly accepted. Lack was with us and we succeeded in crossing the creek without serious accidents.

The earliest part of the evening was spent in playing games. The first part of the program was carrying out the directions for further actions. Labels with pretty phrases like "Pull my ears" etc., were placed on everyone's back. Schuyette was the only one permitted to get farther than the reading of Miss Bowyer's label which said, "Kiss me." For more specific information go to Miss Bowyer. "McAndrew was extremely popular with the girls when they discovered the placecard on his back.

"Fats" came next and were as usual about the most popular thing on the program.

After everyone had devoured his share of wieners, pickles and marshmallows, games which required the least physical exertion were played until everyone broke out in a singing mood which ended with "Home Sweet Home."

On the homeward journey everyone gave evidence of having had a good time. In fact the spirit of all era so elevated that the girls forgot their sweethearts back home and entered into the new romances that the evening offered with no sign of guilty conscience.

We wonder whether pickles and marshmallows agree or in other words how many Juniors said their prayers.

What might have been I know, is not; What is must be borne.

A HISTORY HINT

Although she was a liltte rebel, she wore a Union suit.

Miss Trovillion: "What is the longest word in the dictionary, Clare?"

Clare Burt: "Rubber, you can stretch it."

Martha Brown: I had the funniest dream last night.

Helene Hornefield: "What was it?"

M. B.: I dreamed I was eating shredded wheat and when I woke up, part of the mattress was gone.

Auntie (forty and a bit): Going down that dark street I saw a man. Oh, how I ran!

Uffe Bobbie: Did you catch him, Auntie?

A red Seal dealer in leather goods, doing business in Baltimore, wrote to a firm in Southern Massachusetts ordering a cartload of merchandise.

The firm wired him:

"Can't ship your order until 'act warrant is paid for."

"Tell him to wait a week; I'lldash the merchant. Cancel the order."

"Who?" Mickey replied, "It's the stuff that makes potatoes taste bad when you boil 'em and don't put any in."

MENTHOL

Let me out but do my work from day to day.

In field or forest, at the desk or loom.

In rearing market-place or tranquil room.

Let me but find in my heart to say, When warrant wishes broke me astray—

ENTHUSIASM

In one of his reflective and serious essays, Emerson, great American philosopher, says, "Nothing great was ever achieved without enthusiasm." Enthusiasm, a word that combines ambition, courage, determination and a hundred other words, is to the human being what steam is to an engine. When enthusiasm dies power is gone.

Enthusiasm is one of the prime factors in success. Unfortunately, it is a quality that seems difficult to cultivate. It is a part of a man's own self, like the color of his hair or the width of his shoulders, yet it can and should be cultivated. If the mind can be rid of critical, complaining dissatisfied feeling, like a field is cleared of weeds, if the brain can be cleared of mortified vanity, there will be a chance for enthusiasm to grow.

Chauncey M. Depew, former Senator and associate of Lincoln and at present one of the directors of the New York Central Railroad celebrated his ninetieth birthday a few days ago. He attributes his longevity to a 'philosophy' which emphasized the following advice:

"Cultivate your sense of humor, and laugh heartily.

Get a mental hobby. A mental hobby is more necessary than a physical hobby.

Don't worry. Things that make you unhappy very seldom happen."

SCHOOL SPIRIT

"I am school spirit. I was never born. I grew, I am something than all my elements—something more than a palpitating, conquering, living, growing thing. No one has ever seen my form, but I am always present if any school activity is led on to victory. No one has ever heard my voice, but I am the life of the school ground and class room. I am always present if any students fall in your path to make your school worth while unless I'm in your midst. If you live for your school, fight for your school, use your time for the good of your school, and believe that your school is the best in the world, I shall always be with you. I am school spirit."

"Thinking was invented by Socrates, whom Sir Francis Galton calls the greatest genius in history. Before Socrates, the head of man was very largely a resting place for hair. Now it is a perfect hotbed of ideas, and the blank look of a man who isn't thinking of a thing is so rare that one almost never sees it. Loose thinking, which prevailed for centuries before Socrates, was getting man nowhere. Socrates saw that, and substituted for it hard thinking, which may be said to have done the business. Like everything else new, thinking was regarded with alarm, and So- crates was put to death for it. Nevertheless, there were men who liked it, and thought it was a good thing. They kept on thinking and twenty-four hundred years after Socrates first put two and two together we find ourselves enjoying the fruit of human thought to such an extent that men get rid of the hair on their heads as quickly as they can and devote them exclusively to thought. If there were hair restorers we wouldn't use them. Heads are much too valuable for waste products."

UNIVERSITY ATTENDANCE  

FALLS TO PRE-WAR LEVEL

Chicago, Ill.—Increase in attendance at American colleges and universities has moderated to about the prewar rate, in contrast with the increases of 1919 to 1921, according to detailed reports from thirty typical colleges and general reports from a total of 161 leading colleges and universities received by Dean Raymond Walters of Swarthmore College and made public here.

The 1923 advance in full-time regular students in 134 of these institutions was 3 per cent, according to the report. The increase the previous year in 123 institutions was 2 per cent, as compared with 14 per cent increase in 1922 over 1921. Other features discussed were:

The increase in full time student enrollment at twenty-five of the larger institutions was 3 per cent for 1923 over 1922, while the gain in twenty-five of the smallest institutions for the same period was 7 per cent.

The University of California, including the southern branch, stood at the top in enrollment, with 13,767 students; Columbia University was next with 11,530 and the University of Illinois third with 9,932.

The College of Forestry at Syracuse University was the largest of its kind, with 3,341 students. Missouri led numerically in journalism with 797 students, and in music North Western University was first with 347.

An enrollment of 236 made Columbia University's pharmacy school the largest in the country.

SONNET ON HIS BLINDNESS
(Milton)

When I consider how my light is spent
Ere half my days, in this dark world and wide,
And that one talent, which is death to hide,
Lodged with me useless, though my soul more bent
To serve th'erewith by Maker, and present
My true account, lost He, returning child:
"Tis God exact day labor, light denied?"
I fondly ask; but Patience, to prevent
That murmur, soon replies, "God doth not need
Either man's work, or His own gifts; who best
Reap His mild yoke, they serve Him best."

His state
Is kingly. Thousands at His bidding speed,
And post o'er land and ocean without rest;
They also serve who only stand and wait.

ABOU BEN ADHEM
James Henry Leigh Hunt

Abu Ben Adam (may his tribe increase!)
Awoke one night from a deep dream of peace,
And saw, within the moonlight in his room,
Making it rich, and I a lily in bloom,
An angel writing in a book of gold;
Exceeding peace had made Ben Adhem bold,
And to the Presence in the room he said,
"What writest thou?" The Vision raised his head,
And with a look made of all sweet accord
Answered, "The names of those who love the Lord,
And is mine one?" said Abu. "Nay, not so,"
Replied the Angel. Abu spake more low,
But cheerily still; and said, "I pray thee, then,
Write me as one that loves his fellow-men."

The Angel wrote, and vanished. The next night
It came again with a wakening light,
And showed the names whom love of God had blessed,
And, lo! Ben Adhem's name led all the rest.

THE VALUE OF A SMILE

It costs nothing, but creates much:
It enriches those who receive, without impoverishing those who give. It happens in a flash and the memory of it sometimes lasts forever. None are so rich they can get along without it, and none so poor, but are richer for its benefits. It creates happiness in the home, fosters good will in business, and is the countersign of friends. It is rest to the weary, daylight to the disco-raged, sunshine to the sad, and Nature's best solace for trouble. Ye, it cannot be bought, begged, borrowed, or stolen for it is something that is no earthly good to anyone till it is given away! And if at some time you meet someone who fails to give you a smile, may we ask you to give him one of your own. For no one body needs a smile so much as those who have none left to give. - Exchange

SUMMER HAS NOT YET ARRIVED BUT HOT WEATHER HAS

Those who think summer has come have another guess coming, as this is most unseasonable weather and according to all precedents is "too good to last." The high temperature of 87 recorded yesterday has been reached only twice before this early in the year, the first time on April 12, 1887, and the second time March 24, 1910. The highest ever known in April was reached 12 days later in the season and was only two degrees above yesterday's record, when on April 25, 1872, the thermometer showed 89 degrees. The mean temperature of 73 yesterday was 20 degrees above normal.

JOHNSON, VANCIL, TAYLOR CO.
SOCRATIC SOCIETY

The Socratic Society met at sixty-three last Friday in order that they might get through with their program to go to the basketball games which started at eight o'clock.

The first number on the program was a vocal solo by Effie Lloyd, which was fine. She gave a catchy little encore about boy asking a girl to kiss him, and they would wear a girl in the garden tying apples on the lilac.

The second number was a debate:Resolved that one half the lights be turned on and off. The Zetetic team was: Berna Miller, Aline Neffzer (guards), Peetie White (jumping center), Virginia Lee Neffzer (running center), Mina Slippert and Gail Boynton (forwards), Lava Tucker and Aline Fairchild (substitutes).

Maroons Drop Second Game to Royalton, 10-9

Maroons Smack Out 15 Hits But Allow Foesmen to Win On Errors

The Maroons suffered another defeat at baseball Saturday afternoon at the hands of the Royalton town team but gave up only after a game effort to win out. The final count was ten to nine. The boys while loosing showed better than they did against Cambria the week before. The Miners made their bid for the game in the first inning, when they puffed up five runs, Goocher, first man up doubled past third, Muir hit to Hinkley who threw it too, Turner doubled fly to Hartley in right on which Goocher rode home, Rogers rolled to Dunn and was cut at first, Hinkley hit Sonn filling the bases, Clau'd then cracked one at Hight on second and amounted to Muir and Sonn score, Elliott hit for a single and third, scored scoring, Clarke McDowell then doubled, but Cochrane up the second time in the inning forced Shorty at third, Five runs.

Birchner first man up for the Normal struck out on a slow curve served up by Lefty, Hight lined to Hartley right for a single, Dunnie flied to right, Hight then stole second, but Purnell rolled to the pitcher a-d was thrown out at first, Staring the second for the Miners Muir doubled to centre, Hinkley then struck out toon cut, Muir was out trying to score on Rogers single and Hinkley struck out, Rogers then reached third and Muir led off in the third for the College by tripping to short and being thrown out at first. Birchner tripled to right field fence and scored on Hight's double, but Dunn and Purnell were thrown out at first, Clau'd hit to Dunn at short and was safe at first, Elliott flied out to right, Shviv went out on a fly to Hickley and McDowell double to first, Schviv then reached second. In the third the Maroons copped a little nearer the five runs spotted to Royalton in the first, Ashbury was out at first. Panky singled, Hartley flied out, Spangler dubbled scoring Panky, Hinkley slammed a double and Spangler rode over, Birchner strolled, Hight scored, then scored Hinkley with a single, Dunnie doubled scoring Birchner but tried to run over Hight on second and was out. Four doubles a single and a ground was netted four runs and a field score, Poor judgment led to the third out or no telling where the hitting would have stopped, Royalton went down in order in their half of the fourth, Pfunnel was safe on an error, Ashbury single to left, Panky singled and Pfunnel was thrown out at the plate on a close play, Ashbury scored on Hartley's single but Spangler was out at first on an effort by Hartley, Ashbury scored on Hartley's single and his sacrifice, The team went into the eighth inning...

BENTON AND HODGES WIN WASHER TOURNAMENT

Everett Benton and Harlan Hodges have emerged as the winners of the Sigma Alpha Pi washer tournament. Their victory in the championship game over, Clare Burt and Alfred Peralta, while not close was nevertheless well pitched. The hardest struggle came in the semi-finals when they were pitted against Ken, Blair and Harry Phemister. The latter led the scoring until the end when Benton saved the day with a ringer making the final score 25-20.

The all-star team, was picked by the officials and the average points per game are: Benton, 14; Phemister, 15; A. Peralta 10; Hines, 9; Honorable mention was given to K. Blair, 9, and Burt, 9.

At the close of the series a beaucoup loving cup was presented to the winners by Ransom Scherret, who was the leading official of the tournament.

ZETETIC GIRLS BASKETBALL TEAM DEFEATS SOCRATIC GIRLS IN CLOSE GAME

Gregory's Shooting in Fourth Quarter Rally Saves Games for Zetetic.

The Zetetic girls' basketball team scored a brilliant victory over the Socratic girls Friday night in the second game of the evening's program. The game was fast, bitterly fought, and so close as to arouse a high pitch of interest from the various backers of the two teams. After a close fight the Zetetics won out, 9 to 8.

The Zetetic Sextette gained possession of the lead and maintained a small advantage up until the final few minutes of play. When Slumfett of the Socrates was thrown out, a free goal, and for three points putting the Socratic in the lead. A last minute rally featuring Pauline Gregory diminutive but capable Zetetic forward, saw her evade the Socratic's defense and net two field goals to win the game by a scant margin of one point.

Gregory was the high scorer for the victors with six points derived from three field goals, Puliewider, the other Zetetic forward was credited with three points on a free toss and field goal.

Slumfritt, Socratic forward, tied with Gregory for individual scoring honors, possessing a total of six points, also, counted on two field goals and two free tosses. Bryant scored two points for the Socrates on free tosses.

Line up-Socrates-S'.impert and Bryant, forwards, V. Nettferg and White, centers, A. Neftzger and Mill guards, Tucker and Fairchild, subs.

Zetetic-Gregory and Puliewider, forwards, Krysher and Mc-Cracken centers, S. Sturm and T. Stum guards, Horn and Laughlin, subs.

The Agora basketball girls defeated the Forum five in their annual 18-19 Friday night in the University gym. The game was fast from start to finish, the Forum putting up a much stronger fight than they were thought capable of. After a tussle of the teams on nearly an equal footing in point of scores in the middle stages of the game the Agoramhen began a scoring spree that gave him a wide margin but a flurry of shots by their opponents in the final stages of the game saw the Forum girls pull up to within four points of the Agora's score before the whistle terminated the fray, with the Agoras winning 19 to 15.

Harper of the Agorans was the scoring star and the sensation of the contest. Harper was "basket hot" and at times would get the ball from any angle on the floor and in bunches of two and three rangers in quick succession. Harper with six field goals and two free tosses was the individual scoring star of the contest.

Hall and Coffee were the high point gatherers of the defeated quint. Hall caged three field goals and one free goal each.

After a session of fast play Harper began the scoring for the Agora with field goal, netted from in close and soon followed this with a long shot, Lawles worked under the basket to cage a pick shot and Dexter boosted the score to a 7 to 0 standing. Boford caged a free toss for the Forum's first score. Hall quickly caged two goals. Coffee's free toss brought the Forum up to within a point of the Agora's score. Three shots in quick succession by Harper from various angles put the Agora again in possession of a safe lead. Hall caged a field goal for the Forum and Harper caged the ball for another two points for the Agora. Coffee scored on a field goal and Harper netted a free throw before the termination of the third quarter which found the Agora leading 16 to 10.

Lawles added two more points to the Agora's score in the early stages of the final session. C'.feetered in a Forum rally and counted on two field goals. Harper added another point to the Agora's score on a free toss. Hall caged a point for the Forum in the last minute and the Forum concluded the scoring, with the score standing 19 to 15.

The Forum's good showing against the strong Agorans came as a surprise to the fans, who expected a walk away by the evidently stronger team.

Line up-Agora, Dexter and Harper, forwards, Lawles, center, Punch and Brush, guards.

Forum-Halterd and Hall, forwards, Findlay, center, Coffee and Taylor, guards.
