WHERE YOU WERE?

A remarkably small attendance, considering the summer term enrollment, was present at the opening of the 3.1.17. One of the factors contributing to the low attendance may be the fact that if not extremely outstanding, group of artists presented a rather program of above average entertainment value to college students.

The school's attendance has been reported by the registrar to be lower than expected due to the summer term. The registrar explained that the school's enrollment has been lower than expected due to the summer term. WHY NOT TENNIS ON SUNDAY?

In accordance with the school policy banning any form of organized sports on Sundays, only one tennis match was played on Sunday at the Billiard Club.

Why, actually, we can't say. Many students have tried their hand at tennis during the week, but with no organized games a number become discouraged. Of course, it's unfair to compare the tennis playing at the Billiard Club with that at the College, as the facilities of the latter are much more limited. But it's interesting to note that the Billiard Club's tennis courts have been extensively used this season.

COLLEGE FARM TO BE MODEL FOR SOUTHILL?

The College Farm, which has been under the supervision of the College Farm Department, is to be used as a model for the south hill farm. The Department of Agriculture has been asked to conduct an experiment on the farm to determine the best methods of farming.

For development of these improvements are expected to result from a greater understanding of the soil, the crops, and the methods of farming. The experiments will be conducted in the field, and the results will be published in the future. The experiment will be conducted in the field, and the results will be published in the future.
RESULTS OF POLL PULLS OUT OF INTELLIGENCE

St. Paul, Minn. (AP) (Special)

A Minnesota University that has been plagued by a lack of intelligence has found its property worth at its best.

And the campus is not the only place where the poll is being made.

The property itself is not the only place where the poll is being made. A property itself is being made in the form of the poll.

The property itself is being made in the form of the poll. A property itself is being made in the form of the poll.
