$1,000 Damage Done To 15 Private Autos

Two Students Being Held In Jackson County Jail

One SIU student was jailed early yesterday and a second student apprehended yesterday after driver's witness damage to 15 cars and thefts from the cars in a university parking lot yesterday morning.

Security Officer Thomas Leffler said estimated damage to the 15 cars exceeds $1,000. All the cars were parked in the Small Group Housing lot.

Leffler said the first student apprehended was taken to Jackson County Jail and warrants were issued for the student still at large. The second student was taken into custody yesterday afternoon.

Leffler asked that the names be withheld pending further investigation. The two live at Small Group Housing, authorities said.

The two students broke out windows on the cars and stole everything from the glove compartments of the vehicles, Leffler said.

In addition to breaking windows and windshields, the two also slashed several convertible tops to ribbons, security officers said.

About 4:30 a.m. yesterday a campus patrol car drove by the parking lot, Leffler said, and officers saw two persons running away. The officers pursued the fleeing pair and apprehended one. The other escaped through a field and was not located until yesterday afternoon.

A large number of items taken from the cars have not yet been claimed and owners can call for them at the Security Office, Leffler said. Authorities found the stolen goods left in a field near the lot, he said.

Winter Grades Being Averaged

Grade point averages for living areas for the winter quarter are now being computed in the Office of the Registrar. No target date for releasing the information could be given at this time according to Loren Young, assistant registrar.

The work has previously been done in the Housing Office. The sorority and fraternity winter quarter grade averages were totaled there last week.

A decision to again figure an average for all the groups has been made, according to Young, and the large size task is underway.

Students Beware! There's Evil Doin' In Them There Woods

It's an ill advised student who walks through Thompson Woods at night. The woods are on a notebook these days.

Whole trees and big limbs are cracked and as workmen clear out damage from storms and the attrition of time. Umbrellas are useful at some points where ripe mulberries are hanging. Even away from the limbs of the trees, the birds have been there carrying crops.

So for the student overcome with the pressures of finals, a walk through the woods might be the answer.
Franklin To Serve On NEA Committee

The director of SIU’s Community Development Institute, Richard C. Franklin, will serve on the advisory committee to a summer civic leadership training program given by the National Education Association.

The NEA’s fourth annual Laboratories in Community Leadership Training will be held July 7 through 21 at Gould Academy, Bethel, Maine, and from August 4 through 23 at College of Southern Utah, Cedar City.

Pi Delta Epsilon Elects Officers

Steve Wilson has been elected president of Pi Delta Epsilon, publications fraternity. Bette Katz was chosen vice president, Bobbi Sturm, secretary, and Charles Rebe, treasurer.

Preliminary plans were made for the fraternity’s next national convention which will be held at SIU, November 21-23. Linda Goss was appointed convention chairman.

Peace Corp Plans Test Saturday

Physical education majors, both men and women, are needed urgently for the Peace Corps and interested persons are requested to fill out questionnaires and take the examination Saturday.

Questionnaires can be picked up at the Carbondale post office or at the Student Government office at University Center. The questionnaires can be turned in at the time of the examination, which will be at 8:30 a.m. Saturday at the Carbondale post office.

Word of the need for physical education personnel has been received here by John Scott of the Department of Physical Education from R.A. Cissek, director of the Peace Corps project of the American Association for Health, Physical Education and Recreation in Washington, D.C.

Applicants must be American citizens over the age of 21 or older and for the physical education projects must have attained a bachelor’s degree and a physical education or recreation major or minor.

Twelve weeks of training is scheduled to begin in late June or early July. Volunteer applicants receive allowances for food, clothing, housing, incidental expenses and $1,800 at the end of a two-year tour of duty.

New Space Series Will Make Debut On WSIU-TV

The first program in a special monthly series which looks at the theories and practices of modern opera companies and the ways by which opera is being made more enjoyable for modern audiences.

7 p.m. SPOTLIGHT ON OPERA is a series which will examine the theories and practices of modern opera companies and the ways by which opera is being made more enjoyable for modern audiences.

7:30 p.m. BOLD JOURNEY explores the Florida swamps and wildlife by airboat.

8 p.m. SPACE SCIENCE 1963 demonstrates the use of satellites for exploration of space.

8:30 p.m. FI M CLASSICS relates "The Search." This is the story of a young refugee boy separated from his mother after World War II. Starring in the movie are Montgomery Clift, Aline MacMahon, Wendel Corey, Jarmila Novotna, and Ivan Land.

The 1963 Homecoming Committee is in action.

"Musical Fantasy," has been solicited for the theme of Homecoming and plans are being completed to get the 14 separate symphonies together by the end of the term.

Homecoming next fall will be October 19.

Penny Donahue and Al Kramer, chairman and vice-chairman of the Steering Committee, said groups planning separate events are urged to send a prospectus of the details to the Activities Office as soon as possible.

They said people who signed up to work on the various committees and have been selected, will be notified.

The Steering Committee is made up of the following students in addition to M iss Donahue and Kramer:
- Secretary, Jill Sliwicki; Al umni and Past Queens, Teresa Hamilton and Mary Kirby; Campus Decorations, Ann Short and Linda Rec.
- Finance, Bob Quall and Mary Ann Massavage; House Decorations, Joyce Pace and Jim Sipes; Kick Off, Pete Winstead, Walt DeWolfe, Parade, Lloyd Leboedd and Connie Reichert; Publicity, Bob Williams and Annette Battle.

Queens Committee, Ellen Gibbons and Gary Brezina; Queens Coronation, Louis Susich and Rev. Bradley; Queens Reception, Joanne Jaffe and Mike Weber; Stage Show, Mike Moore and Judy Wallace; Dance, Elaine Ochser and Chuck Klauser.

Hospitality, Judy Lloyd and Barb Click; and Symphony Concert, Pam Newberry and Jim Merrz.

Final Exams Rout
Student Activities
Fateful Days, Final exams start at 7:30 a.m. today.
Other student activities are beginning.

Sixth Annual Scholarship Program on the Carbondale and Southern Acres campuses will include three courses at each location, according to Har ry B. Bauernfeind, assistant dean of technical and adult education.

Interested persons may pre-register immediately at the Division offices, 403 West Mill, Carbondale, or complete registration at the first class meeting, Bauernfeind says.

Courses scheduled for the Carbondale campus are:
- Beginning shorthand Theory, Inter mediume Shorthand Theory, and Beginning Typing.
- The beginning shorthand class will meet from 7 to 9 p.m. and the other class from 7 to 10 p.m. on Wednesdays.
- The $7.50 course fee, $2.25 in typing and a supply fee of $5.00 in writing.
- Veterans qualifying under the Illinois Military Scholarship program may be exempt from tuition. At least 12 persons must attend the first class session to assure offering the course.

Delta Chi Initiates 4
Delta Chi fraternity initiated four new members in a recent ceremony at the chapter house. They are Bill King, Gary Balfe, Charles Andrews, and Mike Snodgrass.

Dane Schuetz, Thomas Fitzgerald, Fred Shaefer and Jerry Yaril are the new undergraduate members.

The new professional members are C. E. Schumacher and Tom Phillips, Pana News-Pulldown.

Forestry Club Meets
The monthly meeting of the Forestry Club wives will be held this evening at the home of Mrs. Gary Beach, 521 S. 1/2, Eighth St., Herrin. Agenda of the meeting will be to select the club name and discuss future plans for the year.

Sigma Delta Chi
Initiates Six
Sigma Delta Chi, professional journalism society, initiated four new undergraduate members and two professional members at a recent initiation ceremony in Morris Library Lounge.

A dinner followed the initiation ceremony at the LBJ Steakhouse, Clyde Miller, visiting professor in Education, was the speaker.

Dane Schuetz, Thomas Fitzgerald, Fred Shaefer and Jerry Yaril are the new undergraduate members.

The new professional members are C. E. Schumacher and Tom Phillips, Pana News-Pulldown.

Daniel Boza in charge.

The typing class, taught by Vaughn, will meet in the VTI classroom building from 7 to 9:30 p.m. on Wednesdays, beginning June 19. Clarence Christensen, typing instructor, will teach the typing class from 7 to 10 p.m. on Wednesdays.

Tuition will be $8.00 for the typing class, $34.40 for printing, and $96.00 in the other course. Textbook fee will be $2.25 in typing and a supply fee of $5.00 in writing.

Veterans qualifying under the Illinois Military Scholarship program may be exempt from tuition. At least 12 persons must attend the first class session to assure offering the course.

DENVER

The United States Space Agency announced here yesterday that it is planning a double-header space shot to Mars in the autumn of 1964. The Mars show will be a trail-blazer for a possible manned shot in about another decade, the Space Agency disclosed.

Nothing was said in the initial announcement of the Mars shot about additional Project Mercury shots which the U.S. astronauts called for after Gordon Cooper's successful 22-orbit flight last month.

SAIGON, South Viet Nam

Buddhist leaders claimed Wednesday that government troops have ringed the main Buddhist pagoda in the holy city of Hue and refuse to let the faithful enter or leave. They said the temple's water supply was cut off.

Reports said Hue, in central Viet Nam 400 miles north of here, was quiet but tense. The government reported 54 persons, treated at the hospital for blister gas burns after a demonstration Monday, had been released.

WASHINGTON

Secretary of Agriculture Orville L. Freeman and British historian Arnold J. Toynbee disagreed yesterday on whether science and technology could free the world from hunger and war.

In speeches prepared for the World Food Congress, Freeman said the world was at the door of abundance because of agricultural advances, but Toynbee declared science and technology could not do the job without worldwide birth control.

WASHINGTON

Republican senators discussed civil rights problems for two hours Wednesday in a closed party conference without reaching any decisions.

Sen. Leverett Saltonstall of Massachusetts, chairman of the conference, told newsmen another meeting had been scheduled.

Sen. Jacob K. Javits of New York, who requested the conference, had urged his GOP colleagues to "go down the line" for civil rights legislation in this session of Congress.

BIRMINGHAM, Ala.

A federal judge issued a sternly worded injunction Wednesday forbidding Gov. George C. Wallace from physically blocking the enrollment of Negroes at the University of Alabama, but Wallace's office said his stand has not changed.

WASHINGTON

The governor has vowed to stand in the doorway to prevent Negro students from registering next Monday.

The House, with little debate and on a voice vote passed Wednesday and sent to the Senate a bill to authorize the hiring of armed military construction projects.

WASHINGTON

The United States drafted a stiff protest yesterday against "special weapons" accused by Ecuador on two U.S. tuna boats charged with fishing illegally in Ecuadorian waters.

A State Department spokesman said that in view of the United States legal basis for Ecuador's action against the White Star and Ranger, operating out of San Diego, Calif., Ecuador has asserted control over waters extending 200 miles from its coast.

The United States recognizes only a three-mile limit.

VATICAN CITY

The Cardinals of the Roman Catholic Church will meet in conclave June 26 to elect their 262nd pope, the Vatican announced yesterday.

The starting hours will be 6 p.m.-12 noon EST.

By the time the vote is in, the conclave successor for Pope John XXIII will start the following day.

The Vatican press office said the decision was made by the cardinals at a 70-minute business meeting yesterday.

SPRINGFIELD, Ill.

The Illinois Senate yesterday authorized Gov. Otto Kerner a year of grace beyond the legal limit to pay back the 17 million borrowed from motor fuel tax funds.

The extension was passed to the House by a 35-12 vote with 30 votes recorded. One of the objectors, Sen. Egbert Groen, R-Pekin, said: "I don't like to have a $17 million penny cash fund sitting around on the secondary floor with Kerner.

Also sent to the House with Senate approval was a series of bills that would reduce the current state sales tax, including one earmarking a half cent for schools, and one for vocational education.

The Senate adopted a bill to increase the salary of the state health department director, Dr. Franklin Yoder, from $10,522 to $14,422. The bill goes to the House.

AIR FORCE ACADEMY

President Kennedy said yesterday that the government would go ahead in development of a supersonic commercial airplane that will travel to three times the speed of sound and during which any type that is being built is in a race with the world.

Senators chose an appropriate setting for this announcement -- the graduation ceremonies of the Air Force Academy.

The cost of the airplane is expected to cost at least a billion dollars. The President said the announcement. He said that if designers failed to come up with a plane they believe would be commercially feasible, on which fares would be low enough to attract customers and that the carriers would be unable to afford it, the project will be called off.

Olah To Report:

World Genetics To Hear
About SIU Tumor Research

Reports on tumor-producing plant tissue cultivated healthy human under laboratory conditions at SIU will be given before a group of world biologists at the 11th International Congress of Genetics at The Hague, Netherlands, this fall.

The Illinois Congress, held every five years, is scheduled Sept. 2-8.

Olah said the reports are on research that has been conducted at SIU for the past four years. Among other things, he has shown that plant tissue tumors may result from steroids precipitated by introduction of antigen to stimulate cell division.

His studies indicate that steroids, solid higher alcohols widely distributed in both plant and animal tissues, play an important role in regulating cell division systems. Olah said he plans to continue research in an effort to identify and isolate these substances.

In addition to the reports, Olah and Underbrink will prepare a special Congress exhibit hall, using light microscopy, electron micrographs, microscopical slides and other demonstration material. The Congress sessions that year, in scheduled Sept. 2-8.

View a display for the Congress exhibit hall, using light microscopy, electron microscopy, microscopical slides and other demonstration material. The Congress sessions that year, in scheduled Sept. 2-10. It traditionally draws some 2,000 delegates pm 100 delegations from to the world.

The Audio-Visual Aid Department is headed by Donald A. Ingli.
Sky's The Limit For High-Flying Cadets

16 Are Now Enrolled In Training Program

Cadets in the AFROTC Flight Instruction Program are exploring man's modern miracle of flying "into the wild blue yonder" on wings of metal birds.

Training is carried out both in an earth-bound Link flight simulator and in a Cessna 150 airplane, capable of delivering about 120 miles per hour with its 100 horsepower engine. Of the 16 advanced cadets in the program this year, four have mastered the various phases of training which includes flying about three hours weekly.

Hank Patchett, a supervisor of flight instruction gives his boys-in-the-air experience in basic orientation to the aircraft, takeoffs and landings, straight and level flights, turns, and stall. Solo and cross-country flights to area airports are next, followed by written and practical examinations.

After 36 hours of flying and several hundred dollars worth of instruction, the cadets are certified by the Federal Aeronautics Administration and receive private licenses to fly single-engine planes weighing less than 12,000 pounds gross.

The cost of the program is borne by the Air Force which has contracted the use of the university-owned and operated Southern Illinois Airport. Upon graduation, each cadet veteran of the program, directed by Major Joseph Goodman, is obligated to fly five years for the Air Force.

This Time It Is Tolkan On Stein

Reviewed By
Alban M. Cohn
Humanities librarian

What is Remembered, by Alice B. Tolkan, Holt, Rinehart and Winston, 186 pp. $4.

Alice B. Tolkan enjoys the same notoriety as a writer for having her "autobiography" written by Gertrude Stein. But the book of course, really about Gertrude Stein.

Now Miss Tolkan writes her chances that there aren't going to be any more about Gertrude Stein. Inevitably, for at the age of 78 this quiet, plain little spinster entered into what was to become one of the most prominent phases of herself under that (in every sense)...usual life. Miss Tolkan, account of their first meeting Steiner, Gertrude, her book is an entertaining record of all those years.

Not that this is factual, statistical or even geographic report. To find out, for example, that Miss Tolkan and Miss Stein were both from San Francisco, that they met in Paris, France, in 1924, and that Miss Stein died of cancer in 1946 -- to find out these facts we had to read Tolkan's book.

And even some of the facts we are given are wrong, e.g., Gertrude Stein's first husband and that David Garnett, not Edward. Now the author, who is sometimes something that surely would interest us greatly.

Mr. Tolkan, who was, in his grand manner, did two American women of Jewish persuasion who have to learn this fact elsewhere, too, manage to live in France during World War I.

United States Must Formulate Realistic International Policy

Reviewed By
Albert S. Wirtz, Director
Latin American Institute

El Gringo by D. H. Radler

"Internationally neutralist international unionist, communist opportunist, intellectually half-baked, and culturally alive. This is Latin America, the only place to make friends and influence people under the old political system of the future. "

Mr. Radler describes the situation which faces us in Latin America. He presents a clear, going summary of his personal and professional experiences in Latin America: his public and private image in Latin countries, chiefly honorary.

He is a linguist, sociologist and psychologist able to communicate with any group of people, the Spanish speaker, and sufficiently well versed in history and government to be able to forget most of the Cold War facts.

His final chapter proposes that the United States formulate its policy in recognition of the realities, i.e. that we depend on the neutralist and unionists tend to the leading nations of the Hispanic portion of the hemisphere to avoid Soviet hegemony. His thesis is not entirely new, but it seems to be a timely and significant one, it would be a threat to the world, and at home we see from our situation to freedom, there is a timely challenge in his reminder that the Bill of Rights clearly says what it means -- and means what it says.

One Man's Stand For Freedom

Major League Offers:

Scouts Flock To Qualls
Like Bees To Honey

By Tom McNamara

At this time of year most students had enough problems with final examinations but Jerry Qualls, SIU's leading hitter, has an odd problem which is bothering him. Major league professional baseball scouts have been swirling around the 19-year-old sophomore like bees around honey in an attempt to sell him on a professional baseball career.

He has listened patiently to their sales talk and now has a week to decide whether to sign a contract or finish school.

He can not sign a contract until after school, is officially not yet which includes the commencement exercises.

Most of the scouts have just been talking to Qualls about the possibilities of pro baseball but one in particular has been especially attentive to the accomplishments of Qualls this spring.

Qualls would not say who the team was because he wants the other teams to continue bidding for his services.

"I want to take a shot at professional baseball," Qualls said in a recent interview. "But at the same time the offer must be attractive enough for me to turn down the school offer."

"I believe every boy who plays baseball has that life dream of playing major league baseball someday," he sidestepped glancing up from the joke book in his drinking. "I try to play pro baseball and I think I will feel much better about it than I had if I didn't have a try at all. Then I would just wonder if I could play in the major leagues." 

Qualls has talked with his coach, Gene Harris and both agreed that he ought to give it a try if the right opportunity presented itself.

Martin is not overjoyed at the idea of Qualls signing because he has had two years of eligibility left. But the veteran coach also would not stand in the way of a boy who is trying to get farther ahead in a professional baseball career.

Qualls came to SIU from Jolom, Ill., which is a small town of approximately 400 people. In southern Illinois Jolom is noted for its ability to produce winning baseball teams.

"When I was in high school he was my favorite and each year and are still winning to this day."

Coed Catches Big Bluegill

Claudia Watkins, a freshman mental science student at St. Louis University, has heard of the kind of a record when she landed a 3-pound, three ounce bluegill in the Lake-on-the-Lampus early this week.

An official record of fish caught in the lake is kept but one fisherman reports that Claudia's record is quite large for a bluegill.

Claudia said she has frozen his fish and is "showing him around".

"I feel kind of bad about it but I'll probably eat it eventually," she said.

Baseball Statistics:

Qualls Out In Top Five Categories

Jerry Qualls ended the recent baseball season with a 420 batting average which was the best.

He also led the Salukis in hits, home runs, runs-batted-in and doubles. He batted 39 hits, six home runs, 21 runs-batted-in and eight doubles this spring.

John Siebel, SIU's sophomore catcher, led the team in runs scored and number of times at bat. He went to bat 102 times. He crossed the plate 25 times for the load in that category.

Jim Long, first baseman, led the team in triples with four.

SIU's final batting statistics follow:

Carbondale"
Golf Coach Has 7 Top Players in His 'Bag' For Next Year

After just completing a successful 13-5-1 season, SIU golf coach Lynn Holder is already looking for bigger and better things for his squad for the 1964 campaign.

Holder, who only loses one player from this year's team due to graduation, has a bumper crop of freshmen that is capable of forming "one of the finest teams in the nation next year."

The balding coach rates his yearlings as "Excellent and one of the best in 17 years -- not only in golf competency but academically." Holder is obviously proud of his seven freshmen, and not only for their superb golfing ability, but for their high academic average which is around the 4.0 mark.

Holder is especially high on four of his newcomers and heading the list is Tom Muehleman (brother of Bill Muehleman, 1962 state high school champion). Muehleman has a 4.3 scholastic average.

Mike Coale, Carmi, is also rated as a standout according to Holder. Coale, who lists the highest academic average on the freshman squad, is the 1962 Carmi County High champion.

The third prospect who stands a good chance of cracking next year's lineup is last year's Jackson County champ, John Phelps. The Carbondale freshman has little better than a 4.0 average.

Also high on Holder's list is Roger Abbott. Abbott was the 1963 Freeport County Club champ and finished 2nd in the 1962 state high school championships.

Rich Hum, who finished 5th in state high school play in 1961, is from Rockford and is expected to fight for a berth next year. Two more freshman prospects who figure in Holder's plans are John Salas, West Frankfurt, and Neil McQuarrie, Pocahontas.

"The boys naturally are inexperienced, which is their biggest weakness. They'll have to get used to playing on different courses next year." said Holder. The coach didn't have available the average of his freshman squad but in one intra-squad match with the varsity, the yearlings held their own.

Playing as an independent next year for the second time, Holder's squad should be able to match the top-notch competition with top-flight personnel.

Reading Workshop June 18

College-bound high school graduates, especially those planning to attend SIU next fall, will have a chance to learn the techniques of reading college-level textbooks and other materials in a Reading Improvement Workshop on campus June 18-20, August 9, Raymond H. Day, dean of the Division of University Extension, has announced.

Sections from actual textbooks used in the University's first-year courses, as well as selected newspapers and periodicals, will be used as laboratory tools.

Students will be shown how to develop reading-study skills such as retention of information, by making notes and outlines, writing summaries and improving their vocabularies.
