To Launch Greek Week Activities Here Tomorrow

The annual Greek Week activities on Southern's campus will be launched tomorrow with a Greek workshop to be held in the University School auditorium at 6:30 p.m.

The speaker for the first portion of the workshop will be Don Mal- lot, associate professor of English at Purdue University. Following his address, the participants will be divided into eight groups under the leadership of an appointed group chairman.

One group will meet at each sorority house and one at each fraternity house.

The highlight of Greek Week activities will be the Greek Sing to be held on the steps of Shropshire auditorium at 7 p.m. on Thursday, May 17. The Greek Sing will be judged and each participant will be awarded a gift certificate number for the contest.

The prizes will be selected by a combination of a singing, a song, and a lighter number.

The selection will be made by the Inter-Fraternity track fraternity. The prizes will be awarded to the outstanding sorority and fraternity chapters and the Greek Sing will be held at Crab Orchard Lake.

The Delta Sigma Epsilon sorority chapter house.

The fraternities of Greek organizations will meet at the flag pole Friday at 4 p.m. for the annual Greek Week award ceremony. The Greek Sing will be held at Crab Orchard Lake.

Saturday afternoon has been set aside for the Inter-Fraternity track fraternity. The Delta Sigma Epsilon sorority will hold a Greek Sing at the University School auditorium. All sports events have not been scheduled as yet.

The Greek Sing will begin at 8:30 p.m. in the women's gym Saturday evening. Two Psi Zeta will present the program and the band has been contracted to play for the dance.

The winner of the most valuable sorority girl and most valuable fraternity man awards will be made at the dance. The next step in the selection process is the presentation of the final award.

Two Psi Zeta will then present the award to the director of the Greek Sing.

The Greek Sing will be held at 8:30 p.m. in the women's gym Saturday night. Two Psi Zeta will present the program and the band has been contracted to play for the dance.

More Money?

To last Tuesday's Egyptian there appeared a letter from Joe Harding, a member of the Student Wage committee, explaining that a committee had been organized to investigate the student wage problem here on campus.

At that time, we of the Egyptian staff did not know much about this newly organized committee, but now we have talked with a committee member and other students concerning the work of the committee. It seems, at least, that a group of students have had the ambition to actually check into the student wage situation to see if it could possibly be improved instead of just standing around making complaints about it.

We certainly think that such a committee, as long as it works in an accepted manner, can certainly help the wage situation here at Southern—if they don't succeed in increasing student wages, they may find out why they can't be increased and thus satisfy student curiosity.

SO FAR, WE THINK that this group has acted along the right lines, for they have circulated statements to various organized houses informing them of the committee and asking for support. According to Joe Harding, the committee has no intention to cause any type of strikes or violence.

The committee plans to gather statistics from other schools and to compare Southern wage standards with them. The committee has prepared a formal request which is to be presented to the administration. This group does not plan to demand higher wages, but its main objective is to bring the problem to the attention of the administration.

The committee has received favorable opinions from several faculty members and it has the backing of labor unions and the editor of the Free Press newspaper.

This committee belongs to us, all students of SIU, and it is up to us to see that it gets the proper student backing. Who knows? Maybe someday, students will come to Southern because the wages are the best in the area. Anyway, we can dream, can't we?

Campus Corruption

Election campaigns, like many other things, are not good nor bad within themselves. If it is the persons connected with these campaigns that make them what they are, whether on national, state, city, or campus level.

The latter form of election, by far the worst of crimes, for to do this is to attempt the basic teachings of government in universities throughout the United States. If this type of corruption begins on such a small scale as a university campus, there is no wonder that it reaches such tremendous heights in the national political scene.

When such corruption does appear on campus, it undoubtedly arises from some individuals trying to limit and follow in the paths of their "Big Shot Idols" on the national level. Maybe these persons had better look around and see what happened to the big boys in the end.

The guidance and special education department, since it was set up at SIU in 1949, has administered different tests to some 7,000 students in about 55 southern Illinois towns, employing approximately 25,000 tests. These tests include intelligence tests, aptitude tests, hearing, etc.

The department's chief purpose is not to teach theory in special education, but as Dr. Marshall S. Hickey, chairman of the department says, "We give area service and at the same time we are preparing the students in the department practical experience on the job."

BESIDES ADMINISTERING these various tests, the department has given consultations to some 15 or 20 schools in the area who have problem children. It sponsors two career conferences and publishes quarterly a guidance newsletter, which reaches nearly 680 schools in the southern Illinois area.

Every full time faculty member of the department is, at the present time, working on some project. Dr. Maule A. Smith, in cooperation with Mrs. Alice Rector, is attempting to establish high school vocational and general education on the Differential Aptitude Test.

DR. EUGENE FITZPATRICK is writing a book on statistics. Dr. Hickey has a test which has been used for deaf and dumb and now he is setting up the test for hearing children. Dr. Ledford J. Bisch, of our educational psychology on the high school level.

Dr. William N. Phelps, another member of the department, is making a study of attitudes of college students. Dr. W. A. Thalman works chiefly with the child guidance clinic, and Dr. Brackett of the speech department devotes fourteen of his fourth time to the guidance and special education department.

MOTION PICTURE SERIES TO END HERE MAY 26

The series of motion pictures which have been shown over the past two weeks since last June will close May 26 until the first week of summer school.

The summer schedule of films will begin June 18 and continue every Wednesday night during the summer session.

Advise Week
New Undergraduates

Beginning yesterday and continuing through this Friday, May 16, is Advisement Week for the summer term for both undergraduate and graduate students. Tentative schedules of classes for the summer term may be obtained at the Registrar's office.

Undergraduate students should first, after obtaining class schedules, consult their advisers. Two work sheets should be completed by the student which should then be approved by the adviser.

One of the sheets will be retained by the adviser, and the other will be kept by the student to serve as his authorization to receive class cards from departments on Registration Day for summer term, which is to be held June 15.

Students who desire to change their majors should contact Mrs. Loretta Ott in the Office of Student Affairs during the Advisement Week to be assigned to the proper advisers.

Graduate students should first obtain their registration materials from the Graduate office. They should then go to advisory committee members for counsel and signatures, and then the materials should be returned to the Graduate office for the Dean's signature.

If a student does not participate in Advisement Week, he will be delayed in the registration process on Registration Day, according to the Office of Student Affairs.

Give New Name to Greek Governing Body

At the last meeting of the Pan-Hellenic Inter-Fraternity Council it was unanimously decided to call the organization the Inter-Greek Council. The simplified name was decided upon in order to replace the longer official title.

The Inter-Greek group is composed of representatives from all five fraternities and four sororities on campus.

10 Andre, Sigma Tau Gamma, is president of the Inter-Greek Council.

The Chimney of the old university heating plant as workers began tearing it down two weeks ago. Now, the chimney is almost completely razed.

The 100-foot chimney of the old heating plant located on Harwood avenue near the Illinois Central railroad tracks, is almost demolished to make way for a relocation of U. S. highway 51.

Three workers are using sledgehammers and crowbars and the earth is being hauled away in a tractor. The new heating plant which was completed last year has now replaced the 34 year old structure.

The old power plant was constructed in 1915 at a cost of $50,000.

The old plant was made necessary by a period of physical plant expansion during the SIU presidency of D. B. Parkinson from 1897 to 1913. Prior to the building of the old plant, students and faculty were heated by boilers which were located in the basement of Old Main.

With the addition of the Old Science building, Wheeler library, Aliywn building, and Anthony Hall, a need for the old power plant was established. The old plant was outmoded by a new period of growth that began in 1947.

The new power plant, designed to meet the needs of future campus development, went into operation last year.

U. S. highway 51 will be relocated on the former site of the old plant. In addition to eliminating two sharp turns, the relocation will relieve present pedestrian traffic hazards caused by campus developments along Thompson street.

Announce Bus Schedule For Southern Acres

Dean of Men I. Clark Davis announced today that arrangements have been completed with Ernest Wolfe, supervisor of veterans housing, for the Southern Acres bus to take students to and from the Carbondale business district.

Students will be allowed to ride the bus upon presentation of their student activity tickets plus five cents. This service will be for SIU students only, and the bus will go into operation tomorrow.

The bus will stop at the corners of Washington and Main streets, and Walnut and University streets to bring students to the campus, and will pick students up at the parking lot east of Anthony Hall to take them to town.

The bus will be at the corner of Washington and Main, going to the campus at approximately 7:45 a.m., 8:45 a.m., 9:45 a.m., 11:45 a.m., 1:45 p.m., 2:45 p.m., and 4:45 p.m. The bus will be at the corner of Walnut and University streets at approximately five minutes later.

The bus will leave the Anthony Hall parking lot, going to town, at 8 and 9 a.m., 1 p.m., 2 p.m., 3 p.m., 4 p.m., and 5 p.m. On Monday, Tuesday, Wednesday, and Thursday, the bus will leave the corner of Washington and Main at 6:15 p.m. and will leave the campus at 7:10 p.m.

Elect Bill Young Prexy of Pi Delta Epsilon

Pi Delta Epsilon, student journalism fraternity, met and elected officers Thursday night, May 5, at the Student Center.

The newly elected officers are: Bill Young, president; Barbara Von Behren, vice-president; Joyce Weece, secretary-treasurer; and Bill Hefner, historian.

These officers will serve for the coming year.

SIU and Normal Split, Win 7-0, Lose 4-3
by Don Duffy

Third baseman Tom Molloy's ninth inning single with one out and the bases loaded tied the first dual meet at IAC play.  The game played last Saturday at Bloomington was the tail-end of a double-header.  Southern won the first game, 7-0.

This two game split with the Normal Redbirds gave the first place Salukis a league record of five victories and one loss.  The victory was Southern's first in the shot, discus, javelin, pole vault and broad jump.  The Marquetteboro freshman now has a record of 4-2.

Southern had an easy time of it in the first game.  NBU's socks were thrown across the floor in the first inning.  Ems' single proved to be all they needed.  Vern Zapotocky's two-out double helped Ems rocket his fifth hit.  But the Salukis scored only out of two hits in the seventh.  Schmulbach's walk was the first in the inning.  Gustav Schmalbach's second hit brought Southern its only first win since early league record.

But before they could score, they came to bat in the seventh.  Southern's second hit brought the Northern for the Panthers to take the lead.  They scored on the next two batters, a .111 hitter.  Molloy then slapped his first hit of the inning to score Savage with the first run.

Southern battles the Northern Huskies in a double-header here on Friday.  Northern will be out and the bases loaded handed the Southern to a narrow first victory in the first game.  The Salukis lost came with the Southern win.  This loss was the first game.

First Dual Loss, Hoosier State, 6-3

Southern lost its first dual track meet in five starts last Friday at Eastern 68-63. The meet was tied until Eastern won the final event, the mile relay.

The Salukis were strong in the races but managed to win only one of the field events.  Harold White took the high jump with a six foot even leap but Eastern won first in the shot, discus, javelin, pole vault and broad jump.

Phil Coleman turned in his best time this season in winning the mile.  He also won the mile in 4:27.12 to remain undefeated in both events this year.

Bob West won both the 100 and 220 to gain Southern its first victories of the year in these events.  Dick Gregory won the 880 and Abe Cherry took the 440.  Southern lost both of the hurdle races.

What hurt most was Southern's failure to place a man in either the broad jump or shot put.  That gave Eastern 18 points and set the stage for the Panthers to break the 63-63 tie with the final relay event.  The results:

Mile: Coleman, Gregory, Sims (E), 4:27.2
440: Cherry, Detro (E), Bierman, 52.5
100: West, Lawler, Murphy 10.4

High hurdles: Young (E), Cavannaugh (E), Ringling 16.9
880: Gregory, Farris (E), Delia 2:05
220: West, Cherry, Soergal (E) 23.7

Two mile: Coleman, Wills (E), Askim (E), 9:52

Low hurdles: Ellis (E), Lawler, Wilson 26.0
Shot: Davis (E), Roe (E), Fergason (E) 41'8".
Discus: Pavridge (E), Edwards, 129'4.5"
Javelin: Soergal (E), Carille, Massa 172'11"

Pole vault: Henderson (E), Clark, Cavannaugh (E) 126'
High jump: White, Ellis (E), Bubolz, 5'9"
Broad jump: Henderson (E), Ellis (E), McCoy (E) 21'9"

WAA Elected their first 53 officers at a meeting last week.
