**Sophomores Get No Rest From Tests**

Fast on the heels of midterms, all sophomores will find themselves taking another required examination next week.

It is the sophomore achievement test battery which will be given next Tuesday, Wednesday and Thursday on the Carbondale campus.

All sophomores are being notified by letter what day and hour to report for the examination, according to Thomas Oliver of the Testing Center.

Oliver said some sophomores have moved without changing their address on the University records so some of the letters may not arrive before Tuesday.

He advised sophomores who haven't received a letter by Monday to report to the Testing Center immediately to be assigned a time and day to take the examination.

Oliver said the three-hour test will cover literature, fine arts, history, social sciences, mathematics and science.

"It is an achievement test to determine just how far the student has progressed so far in his education," Oliver said.

"Each student will be notified of his score and encouraged to talk to his counselor afterwards if he has any questions," he added.

Relief Fund Bill Still Tied Up

Thousands of families in Illinois face a most serious emergency unless welfare appropriations are voted by the legislature Tuesday, the Welfare Council of Metropolitan Chicago said Friday.

Lemuel B. Hunter, council president, said if the funds are not voted by the legislature, "suffering and the possibility of increased crime is in prospect.

The legislature currently is deadlocked over an emergency public aid appropriation of about $28.2 million for May and June checks for aid to dependent children. It adjourned Friday without taking action.

The stalemate is an outgrowth of legislation for a new state welfare aid program. The senate was withdrawn earlier this week.

He said there are 193,000 needy persons in 40,000 families who depend on welfare aid each month.

BIRMINGHAM, Ala.

Police used fire hoses, nightsticks and police dogs to disperse hundreds of young Negroes who today as they marched in a massive de-segregation campaign. The Negroes were not stopped by the hoses, but quickly turned when the dogs were used.

The police apparently contained the marchers to the vicinity of the church from which they started.

State Department press officer Lincoln White told a news conference that Thursday's actions will depend on political developments in Haiti, and he added they might possibly worsen within the next week.

CHARLOTTE THOMPSON SUZANNE WEBER ELLIE ZIMMERMAN
Rome - Talk mounted in Italy Wednesday that Amintore Fanfani's days as premier are numbered as a result of his Christian Democratic party's worst election setback in its history.

In parliamentary elections last weekend the Christian Democrats remained Italy's largest party but dropped 48,000 votes. The Communists picked up almost than a million and the right-wing liberals, who opposed Fanfani's "opening to the left alliance," with the Nenni socialists, increased their vote 50 per cent.

The premier's outgoing coalition still had a majority of 142 seats in the Chamber of Deputies if it could hold the support of the Nenni socialists. But the reduction in the Christian Democratic representation - to 260 of the 630 seats - leaves the party in a tight position with little room to bargain.

Port Au Prince, Haiti - An Inter-American Peace Mission arrived here Wednesday with officials of the Dominican embassy, scene of an incident that provoked a crisis in the relations of the two Caribbean neighbors.

The Dominican Republic severed relations with Haiti after charging that Haitian soldiers broke into the embassy last week-end, presumably looking for enemies of the regime who had taken refuge there.

Members of the mission from the Organization of American States (OAS) came to Port au Prince from Santo Domingo. They were received by the Dominican Republic, where Foreign Minister Andres Freltes charged Tuesday that Haitian President Francois Duvalier had offered a military base to Communist Cuba, 50 miles away.

Oxford, Miss. - A small homemade bomb exploded Tuesday night, alerting a University of Mississippi campus that had settled down to routine after last fall's rioting.

The blast about 10 p.m. struck a group of men in a grass near Small Hall dormitory. Pat Smith, director of the university news service, said six windows were shattered or cracked. He said no one was hurt.

Small Hall is near Baxter Hall, which is surrounded by federal troops sent to Ole Miss to protect James H. Meredith, the Negro student admitted last fall.

Attalla, Ala. - Sheriff's officers took eight demonstrators into custody Wednesday within minutes after they started walking on a sidewalk along U.S. 11.

Chief Deputy Felton Yates approached the sign-bearing Negroes and said: "Gimme that sign, boy, and get in this car."

The marchers were taken to jail in nearby Gadsden, Ala. They had announced plans earlier to resume the hike started by a white Baltimore integrationist, William L. Moore, who was shot to death near Attalla April 24.

Springfield - Cautious post-mortem comments by legislators were the rule here at midweek, following Tuesday's action by the Illinois Senate in ousting Arnold H. Maramor as Illinois Public Aid Commission chairman.

The vote Tuesday was 34-0 with Democrats alicit on the roll call balloting.

Democrats and Republicans are agreed in hoping that the storm over the controversial relief chief is over, and that the state's public aid program will not suffer material damage from it.

Washington - The Supreme Court decided Monday to consider whether Gov. Ross Barnett of Mississippi is entitled to a jury trial on federal contempt charges growing out of his efforts to keep a Negro out of his state's university.

Arguments probably will be called for around Oct. 14. The high tribunal also took another big desegregation step by declaring racial segregation in any courtroom is unconstitutional.

"State-compelled segregation in a court of justice is a man-made violation of the state's duty to deny no one the equal protection of its laws," the court said in an unsigned, unanimous opinion.

Miami, Fla. - The Cuban Revolutionary Council said Wednesday that the United States has cut off its $81,000 allowance.

New York - Roger M. Blough says he hopes the steel industry will "try through expected wage contract negotiations this summer without a strike."

Blough, board chairman of U.S. Steel Corp., said he expects "serious discussions" with union leaders to begin this month.

Apprehension over a possible strike pushed up a flood of orders from big steel users and sent production spiraling upward without interruption in the last 13 weeks.

Washington - Democratic leaders of the House Education Committee have given up all hope this year for legislation providing general federal aid to schools. They are dropping it from the administration's education bill.

Chairman Adam Clayton Powell, D-N.Y., and other ranking Democrats decided Tuesday it would be futile to ask Congress now to provide aid for public elementary and high schools.

Secretary of Health, Education and Welfare Anthony F. Celebrezze told his senators Monday that "lack of adequate education and lack of opportunity for education are major contributing factors to our present high rates of unemployment, dependency, dil­inquency, and crime."

Washington - The nuclear submarine Skate and Sardena­ger nearly collided in their historic rendezvous at the North Pole last summer, it was disclosed last Saturday.

The Skate surfaced first, and called a last-minute warning over an underwater phone pre­vented the Sardanega from coming up right under it.

The executive officer of the Skate, Lt. Cmdr. John W. Harvey of Philadelphia, who eight months later became skipper of the atomic submarine Thresher, He and 128 other men aboard died April 10 when the Thresh­er disappeared 220 miles off Boston.

Washington - Gov. George Romney of Michigan tried to quash rumors by repeating a refrain, "I am not a candidate for President, I am not going to become one," he said again and again.

The rumors were sparked by a story in the New York Times that friends would quietly get him forward at a private party Thursday as the potential Republican candidate in 1964.

Asked what he thought of what a reporter called efforts by former President Dwight D. Eisenhower and former Vice President Richard M. Nixon to push him for the Presidency, Romney re­plied, "if they're doing that, it's not something I'm aware of."

New York - Former Vice President Richard M. Nixon said Thursday he is joining a New York law firm and will change his residence from California to New York City on June 1.

Neptm To Face Northwestern, Threat To Undefeated Season

Northwestern University could stand in the way of an undefeated season on Monday afternoon, as Southern's tennis team meets its toughest opponent of the year at Evanston.

The Wildcats, who were runner-up's last year's Big Ten tourney, have defeated Michigan, have a strong 14-1 dual match record going for them this year. Miami of Florida has been the only team to beat the Wildcats this season. The Hurricanes have been undefeated in about 80 matches.

But coach Dick LeFevre's Salukis have been mighty tough to beat also, as SIU has gone undefeated in 13 matches this year. The Salukis have shot 8 of their 13 opponents this year, and haven't yielded more than two points to any one club.

Aside from the Wildcats' impressive record, the Big Ten outfit has two of the best tennis players in the country in Marty Riesenn and Clark Graeber. Graeber is undefeated in 15 matches this year and Riesenn has only dropped one match in 20 appearances this year. Reissen is the defending Big Ten champion and sophomore Graeber is the 1961 U. S. Back up these two powerhouses is the intramural tennis team.

Trackman Run Today Against Kansas Team

SIU meets Kansas, one of the Midwest's top track powers, today at 1:30 at Lawrence in the first dual meet of the season.

Kansas is a perennial contender for the Big Eight conference outdoor track title. The Jayhawks always rank among the best track schools at the outdoor relays circuit which Southern also participates in.

"I think we have a chance to get within 15 points of them if the boys run like they are capable," Lew Hartzog said. "Last year we lost to them here by about 25 points and we're improving.

Hartzog has a 17-man squad available for action this afternoon. The Salukis also will be represented by six freshmen who will compete but not be counted in the official score.

Ed Houston, Bob Green, Al Pulliam and Stewart will compete for the Salukis in the 440-yard relay. Bill Cornell and Brian Turner are scheduled to run the mile.

Turner will also run the two-mile mile. Cornell will run the half mile.

Don Hequembourg, Alan Gelsie and Don Trowbridge will also run the two-mile for the Salukis.

SIU will be represented in the 100-yard dash by Green, Stewart and Pulliam. In the 220 Stewart, Pulliam and Houston will represent Southern.

In the 120-yard high hurdles Herb Walker and Green are entered for the Salukis. Walker, Green and John Saun- ders will run the 330-yard intermediate hurdles.

Saunders will also run the 440-yard dash.

In the field events Ken Noyes and George Woods have been entered in the shot put and discus. Joel Beachell is the sole Saluki entrant in the javelin. Charles Warren is entered in the broad jump and high jump.

Warren will also high jump with Lloyd Stovall, Stovall will be competing in track for the first time, SIU has no entries in the pole vault.

Jack Leydig will run the mile for the freshman, Herman Gary will run the 100, Gary Carr, Bob Wheelwright and Jerry Fendrich are entered in the quarter-mile, Bill Lindsey is scheduled to run the half-mile. The Freshmen mile relay team of Wheelwright, Fendrich, Leydig and Carr will also compete.

Ucier Sidelines

Trackman Peters

Jack Peters will not run today for the SIU track team because of an ulcer setback.

Peters' ulcer began acting up Thursday night and he was running a high temperature Friday morning. Lew Hartzog said, Hartzog also said Peters is in bed until the ulcer clears up.

Because of Peters' illness the Salukis will have only one entrant in the half-mile. The mile relay team will also be scratched.

Peters is a junior middle distance runner for the Salukis. He was beginning to round into real good shape, according to Hartzog, and appeared headed for a bright future. Hartzog is not sure how long Peters will be out.
