1st Session On New Housing Planned Today

Initial planning session for the University's new residence halls will be held today. It is necessary for the residence halls to be built in a central food service, office and recreational wing. Similar to the project under construction at University Park, which will house 1800 men and women, the proposed facility will accommodate more than 1600 students.

"If we are lucky," said Yolke, "we will have this area ready for occupancy in September of 1966, although early 1967 would be a more probable date.

Present at the meeting besides the housing staff will be a number of student representatives from resident areas.

"This is an attempt to involve the student in the planning stage," said Yolke. "Four years ago, last year the Board of Trustees, in concert with the student government, conducted a study of student furnishing needs which will affect the furnishings purchased for the University Park area.

Tentative plans indicate that the towers could consist of 16 floors each, however Yolke said the height of the building would not be determined for some time.

Troy Edwards Appointed Acting Dean Of Education

The appointment of Troy W. Edwards to serve as acting dean of the SIU College of Education was confirmed today by the Board of Trustees Thursday.

He succeeds Arthur E. Lean, who resigned to return to teaching. He will continue as professor of educational administration and supervision.

The board, meeting in Edwardsville, approved Edwards' appointment until July 1, 1964, or until a permanent appointment is made.

Appointment of New Presidents Accept Gift To Southern Of 30 Purebred Saddle Horses

A gift of 30 purebred American saddle horses by Richard A. Lumpkin, prominent Missouri businessman, was accepted Thursday by Southern Illinois University. Lumpkin honored the university by presenting the animals to SIU at its annual meeting at the SIU Edwardsville campus.

In making the gift, valued at more than $20,000, Lumpkin specified the animals be used for teaching and research purposes by Southern's School of Agriculture. Included are 24 geldings and six stallions of varying ages. Lumpkin, who started his enterprise in 1927, told the board he intends to give the horses until World War II, at which time he plans to discontinue this phase of his extensive farming enterprises in the Mattoon area.

Acquisition of the horses and the necessary development of a suitable livestock center for the animals will enable Southern Illinois University to offer its present limited research program in the teaching and breeding of horses, said Alex Reed, chairman of Southern's animal industries department. Minimal facilities needed at the University will be barns, fencing, exercise lots, pastures and laboratories.

Communications Building Bids Awarded

Technology Building Bids To Be Opened Nov. 14

Contracts totaling $3,080,721 were awarded today by trustees, meeting yesterday, for construction of a Communications Building on the Carbondale campus.

Phase one of the project will provide space for the departments of speech, correction, theater and radio-television. Phase two, at some later date, will add a wrap-around wing to house the departments of journalism, printing and photography.

Library Drops 'Grace' Period

The "Grace" period previously allowed before fines were levied on overdue books from Morris Library has been discontinued, according to Elizabeth L. Stone, associate librarian.

Effective Sept. 25, a new system was inaugurated in which books will be issued for three weeks, after which a $1.00 per day fine will be levied, 10 cents lower than the former fine per day. Fines for overdue records have been changed from 3 to 5 cents per day.

Will Continue Until Saturday: Illinois Historical Society To Open Convention Here Today

More than 300 persons from Illinois and neighboring states will arrive on the SIU campus today to participate in the 64th annual meetings of the Illinois Historical Society which convene today and will continue through noon Saturday.

William A, Pirkle, SIU associate professor of history, is chairman of the Society's arrangements committee. Robert M. Sutton, associate dean of the graduate school at the University of Illinois, is state president.

Marking the first time the Society has met at SIU since 1954, the program features a series of lectures for students and the general public, and will participate in some of the "Plan A" seminars for outstanding students.

Harold G. Curtright is another visiting professor whose appointment was approved. He will serve for nine months with the business board of directors on Saturday morning, the group will depart by bus to the Gallery Lounge at the University Center. Admission to the program will be $20,000, Lumpton, said Lumpkin, who has served as acting administrator. Lumpkin spoke at the annual meeting.

Library Director Appointed Special Assistant To Tenney

An additional assignment for Raymond E. Tenney, acting director of libraries, was approved by the Board of Trustees Thursday.

The appointment was as special assistant to Vice President Charles E. Tenney, in an assignment relating to the University's long-range planning. He will remain as director of libraries at both Carbondale and Edwardsville campuses, but will occupy an office on the second floor of the president's office.

Ferris Randall, who has been in charge of technical services at Morris Library, will serve as acting librarian for the Carbondale campus. Elizabeth Opal Stone was appointed acting director, effective this week.

McCoy's assignment will be in the area of problems relating to the SIU library.

CATTLE JUDGES — Members of the SIU live-
stock judging squad which will compete in
Kansas City are (left to right) Richard Blinkley;
Kenneth Gremels; Frank Beckley; Edwin Tendor;
Thomas O. Miller; Rodney O'Selley;
Richard Denhert; Thomas Saxe, and Howard Miller,
team coach and SIU swine specialist.

National Competition:
SIU's Livestock Judging Team
Sets Its Sights On Kansas City

SIU's livestock judging squad doesn't plan to rest on its laurels.
In fact, it has its eyes set on some of the top inter-
collegiate judging trophies in the nation which will be awarded at the national inter-
collegiate contest during the American Royal Livestock Exposition in Kansas City, Mo., Oct. 12.

At the recent Mid-South Fair in Memphis, Tenn., the team won first place trophies in overall judging and in swine judging. It won a third place trophy in beef cattle and a fourth place in sheep judging.

"1984"

A totalitarian State which has established complete control over the individua-
als, a nightmare world devoid of human existence and love — this is the world of George Orwell's novel, written in 1949. Said to be as timely as Orwell's prediction of the collapse of Stalin's government.

SIU given $250,000 System
For Simulating Missile Launch

A $250,000 missile simulation system has been given by SIU to the U.S. Air Force for use in the study of the behavior of missiles in various phases of launching, from blast-off to destruction of a missile in case of a malfunction.

Gary Paulson, assistant to the dean of the School of Technology, said the system will not be used for such training as it was designed but will be valuable in various phases of missile research. Many of the system's components also will be useful in research in other areas now underway or planned at Southern.

The system consists of eight console instrument units with multiple electronic control panels, "umbilical cord" cables such as those connecting controls to a missile on the pad ready for firing, and related connecting units.

Console instrument units include a flight control system programmer, annunciator and actuator controls, flight control gyro system, and a main flight control system. The system was manufactured for the Air Force by the Martin-Marietta Corp., Denver.

Women To Visit For Speeches

Sponsored by the Baptist Student Union, the Southern Baptist churches will sponsor the Progressive Dinner on Saturday night to be held at 10 p.m. in the Walnut Room of University Center, which will be the site of the University Center's annual homecoming game. The dinner will conclude at 11:30 p.m.

A meeting for students majoring in clothing and textiles and interior design will be held at 5 p.m. Saturday, about 150 students will visit the five southern Baptist churches in Carbondale. Each church visited will feature different dinners, courses and programs.

The purpose of the trip is to acquaint students with the workings of the Southern Baptist churches.

The dinner will be held at the Walnut Street Southern Baptist Church about 8:30 p.m. The dinner will be free to freshmen and Baptist students.

Major In Design

To Meet Monday

A meeting for students majoring in clothing and textiles and interior design will be held at 5 p.m. Saturday, about 150 students will visit the five Southern Baptist churches in Carbondale.

Each church visited will feature different dinners, courses and programs. The purpose of the trip is to acquaint students with the workings of the Southern Baptist churches.

The dinner will be held at the Walnut Street Southern Baptist Church about 8:30 p.m. The dinner will be free to freshmen and Baptist students.

Robert Peters Opens Concert Series Tonight

Soprano Roberta Peters will be presented at 8 p.m. tonight in the season's first Community Concert in the Shryock Auditorium. Admission to SIU students is free, with the acquisition of a ticket at the Information Desk at University Center. "The Ladykillers" is the film featured at The Movie Hour in Furr Auditorium in University Center at 6, 8 and 10 p.m.

An "O Hier Meet" dance will begin at 9 p.m. in the Roman Room of University Center.

WSIU-FM Airs SIU-Louisville Game Tomorrow

The University High School vs. Nashville High School homecoming game will be aired by WSIU-FM beginning at 7:15 p.m. The SIU vs. Louisville game will be broadcasted tomorrow night at 7:45.

Other highlights today include:

6:00 p.m. Music in the Air 10:30 p.m. Weekend Theater 11:00 p.m. Moonlight Serenade

TV To Feature Bartok Quartet

Harvard Man To Be Speaker At Guidance Convention

The author of five books, Harvard University Social Sciences Professor David Kirke, will be banquet speaker during the 19th annual conference of the Illinois Guidance and Personnel Association here Oct. 11-12. His subject will be "Experiments in High Education."

The banquets, to be held in the University Center ballroom, will be at the end of the first day of activities.

Conference theme is "Discovering Designs and Directions," and for the first time the conference will include a special discussion level for problems in the elementary schools. J. Murray Lee, chairman of the department of elementary education at Southern, will speak at an Oct. 12 morning session on Guidance Services for the Elementary School.

Podres pitches L.A. to 4-1 victory

The Los Angeles Dodgers were shut out by Tommy and Moose on October 7, 1963, at the age of 31. Podres had two doubles in the 10-hit attack.

Podres, the 31-year-old left-hander who had beaten the Yanks twice eight years ago in the Dodgers' world series victory over the Bombers, had a shutout when he was replaced by Perranost, the ace of the bullpen, with Hector Lopez on second and one out in the ninth.

Lopez, who had slammed his mound straight rule double, scored on a single by Elston Howard, first man to face Perranost, so Podres lost his shutout.

After Howard's hit, Joe Pepitone hit into a force play and Perranost ended things by striking out Cleon Jones.

The canny Podres, mixing a big curve with his deadly change-up and good fast ball, had the Yankees popping up and beating the ball into the ground most of the way. When they did get good wood on the ball, they were being deliberately provoked and a fine upchuck at them.

ALGERS

President Ahmed Ben Bella assumed full emergency powers on Thursday and his government sent out cautionary feelers for talks in an effort to end the Berber rebellion outbloodshed.

Government sources said there was no immediate reaction from the Kabyle Mountains east of Algiers where fierce-eyed Berbers manned gun positions, vowing to bring down the government.

Ben Bella announced his assumption of emergency powers in a speech before the National Assembly, which mustered only 105 members to applaud him. About 40 deputies failed to show up.

The assembly originally had 175 members, but many had resigned.

"I assume full powers to maintain the integrity of the republic," the president solemnly told the Parliament.

"A crystal-crystal counter-revolution is menacing our unity and our territorial integrity."

Ben Bella appealed to his opponents—led by Hassanein Ahmed and Col. Mohand Ou el Hadj—to abandon their resistance, which thus far has failed to produce an armed clash.

BERLIN

The American Army flew combat-equipped infantrymen to a troublesome sector of the Berlin border Thursday to counter harassment of U.S. patrols by stone-throwing East German border guards.

For several days, Red guards have been bombardment with stones the 3-man U.S. military police patrol in the area. Sources said U.S. authorities decided the East Germans were being deliberately provocative and a firm reply was necessary.

On beyond Halle, in the path of this wildest storm to come from the tropic Atlantic in two years, the U.S. Navy base at Guantanamo Bay in Cuba went on a hurricane alert.

Honduras Revolution Second

In Latin America In 8 Days

SAN JOSE, Costa Rica

The Honduran army rose Thursday against President Orlando Mellado and announced it had deposed him to Costa Rica.

Reports in neighboring Central American countries said fierce fighting raged in downtown Tegucigalpa before the leaders of the coup claimed victory in the second Latin American revolution in eight days.

Costa Rica's President Francisco J. Orlich announced that Villeda Morales was expected to arrive in San Jose. The Nicaraguan ambassador reported that casualties in the Honduran capital included 20 of Villeda Morales' civil guardsmen dead and 50 wounded while the army rebels suffered 2 dead.

Wielding firepower, Villeda Morales, an ardent supporter of President Kennedy's Alliance for Progress program, was reported a prisoner in the presidential palace.

Villeda Morales organized the 2,500-man civil guard after an uprising in 1959. Army forces total 5,000 men.

The coup obviously was aimed at blocking the president's plans for a government with 15 to 18 men at a time" and who aborted her baby by a negro lover.

And when she went to stand on the court—on the first day of the hearing on charges of perjury, and conspiring to subvert justice—Christine and a girl classmate were mobbed and nearly assaulted by an angry crowd.

Christine Keeler, the girl who nearly brought down the British government, was pictured in a London courtroom Thursday as "a kickster who has been here at various times on espionage charges, or in the service of various men at a time," and who aborted her baby by a negro lover.

And when she went to stand on the court—the second day of the hearing on charges of perjury, and conspiring to subvert justice—Christine and a girl classmate were mobbed and nearly assaulted by an angry crowd.

Appointments Are Approved By Councilmen

The Student Council approved the appointment of 12 students to commission positions Thursday night and set up a committee to study "the problem of The Egyptian," appointments made by Dick Moore, student body president, and approved by the Council were Warren Stenborn and Cheryl Prest, University Foundation Advisory Board; Norma Blackwell, International Affairs commissioner; George Kuehn, Judicial Board chairman; Remer Griner, Student Welfare commissioner, and Dick Thomason, Social Senate chairman.

Fred R. Rauch, Elections commissioner, submitted a list of six newly appointed members of his commission, and the group also was approved by the Council. The students are Al Kramer, Nancy Setbert, Gene Hopper, Sherri Godfrey, Jean Cade and Merry Stuart.

The Egyptian bill, approved by voice vote, calls for the appointment of four Council members to "work with the student body president and his staff to find a solution and then to submit it to the Student Council on or before the next meeting in November."

Council members have complained in the past that the Egyptian does not give members an adequate opportunity to voice opinions, withholding of activity fee money for the expenses of the student newspaper has been mentioned as a possible action of the Council.

Edward Is Acting Education Dean (Continued from Page 1)

He has been both an educator and an executive and director of a number of leading firms such as director of sales of American Machine Co.

The appointments list also included these:

Thomas E. Jordan as a full professor, to serve in guidance and special education at Carbondale.

Warren B. Ridinger, former director of research for the Boys Clubs of America, as associate professor of recreation and outdoor education. He will start Jan. 2 at Carbondale.

Six assistant professors were named for Carbondale, and two associates and four assistants were named at Edwardsville. In addition, the board confirmed a lengthy list of term appointments principally in the rank of instructor.

PHIL FORD AND MIMI HINES

Geared For Gags:

Ford-Hines Comedy Team Open Homecoming Events

Phil Ford and Mimi Hines have been Mr. and Mrs., for five years and a comic team for seven, but they each began developing into variety performers long before that.

Both are musicians. They both sing and in addition, Phil is an instrumentalist.

Students attending the Homecoming show at Shryock Auditorium on Oct. 18 will see them as a comedy team which a columnist in Variety says, "separates the stars from the aspirants."

A London Evening News writer called Mimi "the fondest woman. London has seen for years."

Ford and Hines are geared for gags. Phil is an accomplished gag writer himself. Mimi is a clown but for all her buffoonery, she can work as a straight artist and operatic excerpts which remind the show writers of her earlier appearances indicating a career in opera.

But that was before she met Phil in Anchorage, Alaska at a club called "The Last Chance."

From that time on they began to blend their talents developing and polishing until a finished act was put together.

Probably the biggest night the two have had came in August, 1958, when they made a guest appearance on the Jack Paar show. Paar broke into tears of joy and said they "tore down the house." The pair returned to his show twice more the same week. In TV they have also been seen on the Garry Moore and Ed Sullivan shows.

The Ford and Hines team has run the gamut of night club appearances. Most recently they have been doing their act at the Black Orchid in Washington, The Fontainebleau in Miami and the Latin Quarter in New York.

Mimi is ambitious. She wants bigger and better things for Phil, especially. Her goal: to co-star on Broadway with Phil in a musical comedy written and directed by Phil.

Orthodox Club To Meet Sunday

The Eastern Orthodox Club will meet on Sunday in Room D of the University Center at 7. All those interested in the Orthodox Faith are urged to attend. Refreshments will follow the meeting.
Colleges Morally Bankrupt?

The incidence of premarital sex, illegitimate pregnancy, drinking, and cheating on exams among students is increasing, and the college years are still the heyday of the oldest mutual fantasies. Boroff quoted a Harvard graduate as saying, "I was bound to lose my virginity before I graduated."

Students are not the only ones who are morally bankrupt, however. The college bas been just as immoral as its students. It is not the college, nor is it the students, who have a moral problem. The moral problem is the society.

The focus of such exchanges today is frequently the college campus itself. The college is not the problem, however. The college is merely a reflection of society. The college is a microcosm of society and as such is a representation of the values and morals of society.

The college is not the problem. The problem is society. The college is merely a reflection of society. The college is a microcosm of society and as such is a representation of the values and morals of society. The college is not the problem, but rather is a manifestation of the problems that exist in society.

Football Records Aren’t In Danger
- Unless 1963 Team Puts On Steam

Members of this year’s football squad are going to have to shift into a higher gear, and soon, if they want to nail down any of the elusive permanent records held by their predecessors.

They’ve already hosted one record which they’d just as soon not have on the books—that of the fewest points scored by an SIU squad in one season—so they don’t have to worry about suffering any major injuries.

The smallest total ever put up on the season’s scoreboard by the Salukis is a big, fat zero for five games in 1925. In the other extreme—most points tallied in one season—this year’s Salukis eleven appears to be out of the running. Southern has scored 20 points in two games, and the season standard is 294, set in ten games by the 1946 team.

This means that Southern will have to pick up its scoring pace considerably and average nearly 35 points in the final eight contests; Coach Curley Pommeo wishes that his squad would do exactly that.

Another mark is already out of reach. Southern’s 1960 crown ran up an unblemished mark of nine wins and no losses, the only undefeated season ever enjoyed by an SIU football squad. Losses in the first two games this season have preserved that record for at least another year.

On the individual level, it would require a herculean effort on the part of one of Southern’s present backfield corps to erase the net total of 996 yards gained rushing in one season by Amos Bullocks, who is now playing professional ball with the Dallas Cowboys, also has a firm grasp on the most net yards gained rushing in a career. He pounded out 2,441 yards on 499 carries, an average of nearly five per carry. He gained a whopping 966 yards in 184 attempts one year.

Another former Saluki who has been flirting with the Los Angeles Rams as a pro, Curley Shannon, owns three other marks.

Shannon started his assault on the books in 1956, when he scored 90 points in that one season, although he played only eight games. He wound up with a brilliant career in 1953 by gaining 249 rushing yards in a single game on just nine carries. He added his third jewel that year by scoring 32 points in one game.

In the passing department, Joe Huskie still has tabs on the marks he set back in 1953. Huskie completed 86 of 180 aerials that season, giving him a completion percentage of 478. Those 86 passes netted Huskie and the Salukis 991 yards for another record.

The record for total offensive yards generated by one player is held by Ron Winter, who rushed and passed for 1,123 yards in a single season and ended with 2,726 yards as the best SIU career total.

Certainly it’s too early to call if any of this season’s performances will break or even approach these records.

FIRST INJURY — Vic Pantaleo (left) and Don Venturino examine injured knee of teammate Jim Westhoff. Westhoff suffered the injury in the first scrimmage while battling for the No. 1 tackle position, and will probably be out of action for the remainder of the season.

SIU Grid Stars Playing Pro
Although several have since been dropped, 10 former SIU grid stars reported to professional football teams this past summer and a few figure prominently in their respective club’s plans.

Apparently in for a long and happy career with the St. Louis Cardinals is Sam Silkas, and already a steady performer for the Dallas Cowboys in Amos Bullocks. Both were big names in the Saluki football organization while at Southern, but Silkas holds two of SIU’s individual rushing records.

Other Salukis who were invited to tryout camps in the National Football League included Marion Rushing with the Cardinals, Dennis Harmon with the Chicago Bears, Frank Imperial with the Detroit Lions and Jim Battle and Jim Thompson with the Minnesota Vikings.

In the American Football League, Houston Anewine has been given a good look by the Houston Packers and Clarence Walker was given a trial run with Denver’s Broncos.

Demand for exhibition sculptures by Nicholas Vergette, SIU artist, is booming. His work is being shown this month at the Evanston Museum of Art and Science, Evansteville, Ind., and also at the Kasha Heman Gallery in Chicago.

During the summer Vergette had a one-man exhibition of his ceramic sculpture by invitation of the Chicago Public Library. This exhibit won a glowing review in the current issue of the art magazine, Craft Horizons, which described his sculptures this way:

SIU Art Faculty
Will Show Works
At Three Exhibits

Artists on the faculty of the art department at SIU have been invited to show an exhibit of their work at several colleges and art centers during the fall, according to Ben P. Watkins, acting curator of University galleries. The first exhibition scheduled is at the Docucart Art Center, an affiliate of Millikin University, opening Oct. 6 and continuing for three weeks.

Another show will be presented beginning Oct. 20 at the Middle Tennessee State College, Murfreesboro, Tenn., and arrangements are being worked out for a third exhibition at the Peoria Art Center, Watkins said.

Thirteen members of the art department faculty and staff are producing and exhibiting work.

Greeks Defer Rush
For New Students

Greek-letter social fraternities and sororities at SIU have adopted a deferred rush plan for the current school year, making freshmen and transfer students ineligible for rush until the winter quarter.

Only upperclassmen will be eligible this fall and they must have successfully completed 12 quarter hours of study at Southern Illinois University.

John P. Nelson, acting supervisor of fraternities and sororities, said Thursday membership on the Inter-Fraternity Council requires that a student have a 3.0 average.

Three Pheasant Areas Open
For Other Game Hunting

Shotgun hunting for deer during the fall season of the deer season, Nov. 8-10, will be permitted on these areas.

The Des Plaines Public Hunting Area, near Wolcottville, will be open to deer hunters from Dec. 9 through Dec. 31.

Three state-owned or operated pheasant-hunting areas will be open for hunting other kinds of game, except during the pheasant season, according to William T. Lodge, director of the Illinois Department of Conservation.

The State Conservation Department will permit squirrel, dove, quail, and rabbit hunting on the Iroquois Public Hunting Area, near St. Anne, during the regular season for these species except where these seasons conflict with the pheasant season.

Also open is the Green River Public Hunting Area, near Ohio, Ill. This area will be open to dove and rabbit hunting except that rabbit hunting will not be allowed during the pheasant season.
