Freshmen Display Their Talent Tonight

Ray Page Urges More Use Of Educational Television

State School Superintendent Ray Page said yesterday the use of educational television must increase if schools are to keep pace with demands of a fast-changing world.

Speaking at the all-day Communications in Education Symposium Page said there not only is a population explosion today but a knowledge explosion.

As part of the day’s activities, General Telephone Company’s President Walter Wright of Bloomington presented SIU President Delyce W. Morris with their 400,000th telephone, to be installed in the new Wham Education Building.

Morris accepted the phone during a luncheon held in the University Center Ballroom, several communications firms displayed machines and devices.

Among the exhibits were a 100-word-a-minute Teleype which works from an eighteen-level perforated tape, and a Tele-lecture system of delivering lectures to classrooms by long-distance at minimal cost, projector whose slides can be summoned at will from among 600 by dialing a number or punching a keyboard; an IBM remote inquiry station that gets its answers from a data processing center.

Speakers at the opening session were Paul R. Wentz, chairman of the department of instructional materials in the College of Education; John H. Hamblen, director of Data Processing and Computer Center, and R. Lynn Kalmback, general manager of the South Carolina Educational Television Center.

No curtain, no footlights, no communication system, but who needs them?

Chuck Edelhofer, co-chairman of the New Student Week Talent Show, said the show will go on in Shroyer with or without the usual stage setup.

"With the talent we have going into the 17-act show, it’s no problem."

Shroyer Auditorium is being refurbished, the latest stage was scheduled for Oct. 4, which would have allowed more acts in the New Student Week and rehearsals. The entire show was written this week.

Nevertheless, the 50 freshmen and transfer students who tried out for the show put on a performance in sufficient variety to make up a good show.

"Everyone in the show is new on campus," Edelhofer pointed out. "We had to name the band, the dance team were guys who met each other in a day."

Result of this is "The Shades," three guitars, a drum and a singer, and a song that Edelhofer feels is "right for the show."

One of the men wore dark glasses and the first from the floor up, Edelhofer, "This gave us the idea."

They will all wear dark glasses in the act, "and, "he added, "they are good."

The emcee, a graduate student, says he was sort of a Johnny Carasso in style, who has his own scripts and can ad lib with ease. He is Roger Galloway, a transfer student from West Virginia State.

In the show is a young lady who won the title of "Miss Granite City" with a song and dance which the committee called "excellent."

Tickets Available For Saluki Game

Tickets are still available for SIU’s home football opener against Bowling Green here Saturday night, according to Neoma Kinney, Athletic Department secretary.

Mrs. Kinney said Thursday that she still has about 850 ducats left for the home debut of the Salukis. Game time is in Commerce Hall at 8 p.m. with a seating capacity of nearly 13,000, is set for 8 p.m.

Press Official From Uruguay To Visit Southern

The chief press officer of the Uruguay Olympic Committee, which sends 15 officials to the Olympic Games in Tokyo this October, will visit SIU Monday.

He is Eduardo Campos, a journalist since 1936. He will visit the SIU Department of Journalism and will be accompanied by the department’s famous interpreter, Baldemoro Velasco.

Campos is a graduate in journalism and holds a doctorate in philosophy and letters from the University of La Plata, Argentina.

Campos was appointed secretary of press to the Uruguayan presidency in 1949, and promoted to his present position in 1956. In addition, he is a television and radio commentator.

He is the number one press official of any number of domestic and foreign papers and magazines to whom you will be pleased to provide the following information regarding the Olympic Games in Tokyo this October.

Illinois Historical Society To Meet On Campus Oct. 4, 5

The Illinois State Historical Society will hold its fall meeting on campus Oct. 4, 5, and 6. The last time Southern was host to the state’s amateur historian was in 1954.

William A. Pitkin, SIU associate professor of history and chairman of the Society’s committee on arrangements, said the program for the 84th annual meeting has been completed and includes a tour of the new federal maximum security prison near Marion.

Robert M. Sutton, associate dean of the graduate school at the University of Illinois, is state president.

Registration will begin next Friday evening in the Gallery Lounge of the University Center, followed by a reception in the River Rooms. Pitkin said more than 300 members and persons interested in the state’s history and natural resources are expected to attend.

A tour of the new federal prison will start at 10 a.m., Oct. 5 with buses leaving the University Center for the 15-mile drive to the prison site. Warden J. T. Willingham and Robert Gary, assistant warden, will be hosts at the prison and Benjamin Frank, assistant director of the University of Illinois’ Crime and Corrections Center, will discuss the significance of having the federal prison located in Southern Illinois.

A barbecue luncheon will be served at Southern’s Little Grassy Lake camp, ten miles southeast of the main campus, where the university’s outdoor education and training program for physically and mentally handicapped children are developed. Luncheon speakers will include Frank J. Kopecky, supervisor of the Shawnee National Forest.

For the remainder of the afternoon, members of the society will find the recreational facilities of the Little Grassy Lake area appealing. Facilities include archery, arts and crafts, boating, fishing, horseback riding, tennis, and swimming.

A banquet session, 7:30 p.m., Saturday at the University Center ballroom, will be the society’s meritorious service awards program.

Sunday morning events will include a bus tour of the Carbondale area conduced by John F. Lonergan, university landscape architect, and a Sunday noon with a luncheon.
Jews To Celebrate Yom Kippur Today

Beginning at sunset today, Jewish people and students of Carbondale will observe Yom Kippur, the Day of Atonement. The culmination of a 10-day penance that began with the Jewish New Year, Yom Kippur is traditionally held on this day because it is believed symbolically that on this day God decides the future of mankind for the coming year. The day is spent in prayer and fast to insure, hopefully, that the year in which one spent this day God decides the future of mankind.

The President Delyte Morris, in a statement released this morning, said the university will observe Yom Kippur. The university's Jewish students wish-knew this morning that the university will observe Yom Kippur.

Historical records show that the Jewish people and students of Carbondale will observe Yom Kippur at the University Center. The day will be observed at 6:30 p.m. Transportation will be provided both ways.

IN-

THE WORLD,

THE FLESH AND THE DEVIL

A negro, a white woman and man find themselves presumably the last people on earth after an atomic holocaust. Problems including racial prejudice, continue in their relationships, but slowly, they come to realize their need to live in harmony. Especially striking is the first third of the picture, in which Harry Belafonte walks the streets of a completely deserted New York City.

ALEC GUINNESS AND YVONNE DE CARLO

IN-

THE CAPTAIN’S PARADISE

The comic genius of Alec Guinness and rather surprising performance of Yvonne De Carlo make this film a delightful satire on one man's idea of paradise. Guinnes portrays a delicious satire on one man's idea of paradise. Guinness portrays a veritable Jekyll and Hyde of the bored, as the captain of a ferry boat docking in Gibraltar of North Africa.
The first record dance of the school year will be from 8:30 p.m. to 12:30 a.m. Saturday at Wood Hall. Carol Hasquin, social chairman, said the dance would be in Recreation Room B.

"The World, the Flesh and the Devil" will be shown tonight in Parr Auditorium at 6:30 and 8:30 p.m. Sigma Xi (Science Club) will meet at 8 a.m. today in the Kaukauna Room of the University Center.

Try-outs continue at 7:30 to night for the Southern Players' first production of the season, "Teahouse of the August Moon," and "Children's Theatre production "Nicholas' First Adventure." Open to all University students, try-outs will be held in the Southern Playhouse, Building T-36.

New officers of the Instructional Materials Club will be elected at a meeting scheduled at 10 a.m. Monday in Room 103, Morris Library.

Fine Arts Quartet To Play On WSUI

The Fine Arts Quartet plays "Quartet No. 5," considered Bartok's most towering, tonight at 8:30 on WSUI-TV's summer Playhouse.

Other highlights on today's schedule include:

7:30 p.m. Bold Journey: "The Flying Trader" concerns a bush pilot and a businessman who join forces to trade with primitive people from Central America to Alaska.

7 p.m. Time of Challenge: "Crossroads of the World," an examination of the conflicts in the Arab empire from Napoleon to the Suez Canal.

Senior From Joliet Fined For Illegal Weapon Possession

An SIU senior, Frank Crotty, 21, of Joliet, was assessed a $25 fine by Justice of the Peace Robert Schwartz on a charge of possession of a concealed weapon.

According to the Carbondale police report to the Office of Student Affairs, the incident took place about 2 a.m. Wednesday near a Carbondale cafe. As described in the report, Crotty was with the owner of the cafe, a sophomore, 22, from Chicago. It was described as a 38-caliber Derringer the owner said he used for target practice.

He said he had been using the gun for target shooting and when he finished, he placed the gun in his coat pocket and the coat in the back seat of his car.

When the two started for the cafe for lunch, the owner of the gun put on his jacket, realizecl the gun was in the pocket, and Crotty took the pistol to return it to the car, the report stated.

Carbondale police observed the incident and lodged Crotty overnight in jail on the concealed weapon charge.

Howards Named Research Bureau Director, Officer

Irving Howards, associate professor of government, has been named acting administrative officer and associate director of the SIU Public Affairs Research Bureau for the current academic year.

Howards replaces William O. Winter, who accepted a year's appointment as visiting professor of political science and acting director of the Bureau of Governmental Research and Services at the University of Colorado.

"Rhapsody In Blue" On FM Program

Gerstein's "Concerto G for Piano and Orchestra" and "Rhapsody in Blue" will be sandwiched between Rossini's "William Tell Overture" and Tchaikovsky's "Symphony No. 5" at 8:15 tonight on WSUI-PM's Star Orchestra.

Other highlights of the day include:

10:30 a.m. Pop Concert

1:30 p.m. Special of the Week

6 p.m. Music in the Air

10:30 p.m. Weekend Theater

11 p.m. Moonlight Serenade

Still Displaced:

Animals Get Re-Shuffled

Animals have yet to be assigned to their proper categories, even after 200 years of study, reports SIU scientist Richard E. Blackwelder, Blackwelder, associate professor of zoology, writes in his new book, "Classification of the Animal Kingdom," published Sept. 26 by the SIU Press, that as we learn more about the comparative features of animals, and because the experimental and practical fields of biology increasingly demand accurate identification, regroupings are required from time to time.

This volume, while it establishes a new direction, is admittedly a forerunner of successive changes.

Blackwelder spent years of intensive study before undertaking this present classification. Finding controversies and a conflict of approaches in the field, he was obliged to sift and modify a comprehensive variety of information before he could map out a standardized set of standards on which to build his own work. His book contains simplified lists directed to the student and complete lists directed to the scholar and scientist.

The United States, upset by his dominated, "suspected diplomatic relations with the Dominican Republic and cut off economic aid which had been running $50 million a year.

WASHINGTON

Turncoat mobster Joseph Valachi emerged from government-guarded hiding Thursday and spent 2 1/2 hours telling senators what he knows about the vast world of crime in which he once moved.

In a closed-door session that amounted to a diren re-hearsal for public hearings starting Friday, Valachi gave what senators termed frank and unrestrained testimony about the vast crime syndicate called Cosa Nostra — "our thing."

Chairman McClellan, D.-Ark., of the Senate Investigation subcommittee told newsmen afterward that 90 per cent of what Valachi said Thursday probably will be repeated when he goes before television cameras in an open hearing room to talk about his onetime cronies, Valachi, whose criminal record stretches through 45 of his 60 years, is said to have turned on his syndicate friends after deciding they had marked him for death as an informer.

An escort of husky U.S. marshals towered over the dapper, stooped hoodlum as he walked the block-long corridor to and from the committee room.

WASHINGON

The Senate passed 79-0 Thursday a bill providing a $1.2 billion a year pay increase for most persons in the nation's fighting forces. The compromise measure to boost military pay for the first time since 1958 now goes to the House for expected speedy approval.

Senator and House conference said they had agreed on the measure which would fatten the pay envelopes of most officers and enlisted men in the pay periods that begin near Tuesday.

Largest increases, ranging up to $120 a month, would go to Army, Air Force and Marine Corps lieutenants, captains, majors and to equivalent ranks in the Navy.

WASHINGTON

An Airmex assembly line worker, John Darrill, tried to commit suicide Wednesday in a bloodless coup.

The defender of a powerfully guarded palace, was visited by his wife, Carmen, who flew in from Puerto Rico accompanied by two leading Puerto Rican officials.

The provisional government apparently will determine the fate of Bosch, who was accused by the military chiefs of being soft on communism and bringing the country to a state of chaos.

The three taking over control of the Dominican government are Dr. Ramon Tapia Espinal, Emilino de los Santos and Manuel Tavera Espallata. What would be done with Bosch, 54, a silver-haired, Hitler-instructed, was uncertain, but it was believed he would be sent into exile in Puerto Rico.
Morris Relates Sights Of Cape Town, Libya

A conference 138 miles from the equator, some "strikingly beautiful countryside," and a night in a "tree hotel.

These were some of the high points described by President Morris to journalists this week. The visit was made by the SIU president and Mrs. Morris when they visited South Africa, to Heidelberg University and the University of Stellenbosch.

The trip was made from Cape Town, South Africa, to Gengazi, South Africa, to Gengazi, and then to Rhodesia.

President Morris said:

"The trip was made from Cape Town, South Africa, to Gengazi, South Africa, to Gengazi, and then to Rhodesia. Each university has one of the most beautiful campuses and excellent facilities," he said.

Other highlights of their trip were side journeys to game reserves and native villages. They described one as a ride in a Land Rover "over four miles of boulders," which the guide hoped to drive into a road leading to "a magnificent view."

Victoria Falls was described as "a tremendous experience to visit." And Mrs. Morris told of observing a lunar rainbow at full moon at the falls.

At Nairobi, Kenya, they attended the General Assembly of the International Union for the Conservation of Nature and Natural Resources. Representatives of about 40 nations were present.

President Morris said that if Africa were to be visited as a whole, it would be the most impressive. He said: "The trip was made from Cape Town, South Africa, to Gengazi, South Africa, to Gengazi, and then to Rhodesia. Each university has one of the most beautiful campuses and excellent facilities," he said.

A Step Up The Ladder

Southern Illinois University's intramural athletic program will benefit from the Missouri Valley Conference's plan to help universities strengthen their athletic programs at the expense of athletes. The conference offers new directions for student athletes, and includes a letter-of-intent agreement.

Because the eligibility and game participation records of an independent school usually are not checked by the conference, schools affiliated with conferences may question these records and hesitate to schedule contests with the independent. MVC supervision of SIU lists will help meet this criticism.

Under the pact athletes should find it easier to comply with the MVC eligibility requirement based on passing the equivalent of 15-14 quarter hours per term than to maintain the SUU required 3.0 average. Since a minimum 12-hour load, both rules are intended to foster normal progress toward a degree.

The agreement particularly the eligibility requirements may well hasten SIU's expected entrance into some major athletic leagues.

Nick Pascual

Trimming The Night Watch

Changes in women's hours permitting women resident fellows to shorten their daily hours on popular week-end dating evenings will lighten one of their less pleasant tasks.

By action recommended last spring through representatives of women's housing areas and the Off-Campus Women's Council, 3 a.m. closing hours for women are now limited to the Friday and Saturday nights of Homecoming and Spring Festival week ends. Formerly women students could take 3 a.m. late leaves on most week-end nights of the term.

The New rules partially compensate by increasing the number of one hour - late permits.

Women RFs often serve three evenings or more of week-end duty monthly. Each time they usually find themselves fighting sleep long past midnight to unlock doors for at least one late-dating resident. Now 2 a.m., in the spring months RFs normally will need to unlock doors on week ends.

The new rules shorten by an hour their night watch. We think their health and studies will benefit.

An Open Letter

Senator Everett M. Dirksen
Senate Office Building Washington, D.C.

Dear Senator Dirksen:

I am writing you relative to the Administration Civil Rights bill. I am not asking you to change your vote on the substance of the bill, though I quite disagree with your public statements on it. I urge you to support the democratic process and the right of the Senate to vote on it. In short, I ask you to oppose the filibuster.

I need not emphasize the significance of this legislation both at home and abroad. It is time we practice what we preach, or the world will consider us betrayers of hypocrites. It is also time we as a people do justice by our colored neighbors. I ask that you, as leader of the Republicans in the Senate, uphold the spirit of Abraham Lincoln.

Yours very respectfully,

George E. Axtell
Professor of Education

IRVING DILLIARD

Time for Soul-Searching

How can a single American—north, east, south, or west—turn aside from the burning issue of equal rights for all races now that the lives of four small girls have been sacrificed by a madman who committed the monstrous crime of throwing a bomb into a church where Sunday school was in progress? How can any one of us go his usual way, thinking the ordinary, small, self-centered, do-nothing way—when a treaty, signed by both the United States and Russia, to ban nuclear bomb tests in the atmosphere and thus to close the air breathes of fallout poisons, hangs in the balance in the Senate, where it is under bitter attack?

These are grave days in the land of the free and the home of the brave. Only when we have lived thru them and look back along the dangerous course we have followed will we know how many times we came close to falling into the bottomless pit.

'Shot in the Arm' Held Up

Consider the national economy. It is at the highest level in history. Income, sales, profits, revenue—all are setting new records. Yet many small businessmen are in serious trouble and the rate of unemployment continues high. What is the Kennedy administration doing about this?

The Kennedy administration is pushing hard to end the bill to cut income and corporate taxes as a stimulus to business. Yet the bill makes progress only slowly and days and weeks are added to those which already are lost, largely thru a partisan attitude. Had the tax cut became a reality long ago, unemployment would have been cut down; consumers would have had more cash to buy the products, goods, and services of industry; businessmen would have had more to invest in new plants, new machines, new means and methods.

And along with these benefits would have come—will come when the tax cut takes effect—millions of new dollars into the federal treasury to reduce the deficit.

Misses of Issue Often Ignored

Why is it that so seldom are the merits of a proposal given first consideration? Gov. Wallace of Alabama knew that he was going to lose. He knew that he was not going to get away with what Gov. Faubus of Arkansas failed at. He knew that several Alabama communities were going to begin integration of school systems disregards of what he did. But he wanted it to appear that he was forced to give in and so he went thru the empty gestures of "bringing on" federal intervention.

And American girls and boys were killed. Ever since Dirksen of Illinois, the Republican leader on Capitol hill, is for the test ban treaty. But the Goldwater and the Thurmond find headlines in opposition to this most constructive international development.

Democracy is difficult, as the late Justice Louis D. Brandeis once said.

Carl Kimbrel

University Lanes Lining Up Intramural Bowling Teams

University Center Lanes, a 16-lane bowling alley located in University Center, is now accepting teams for intramural bowling for the fall quarter.

The men's league still has some openings, with a 6 p.m. time slot on Monday through Thursday, 9 p.m. on Tuesday, Wednesday and Thursday, and Saturday at 1:30 p.m. A coed league, with two men and two gals to a team, will roll Sundays at 2 p.m.

In addition, a scratch doubles and singles league is scheduled for Sunday night at 7 and 9 p.m., with league standings based on the Peterson point system.

Under the Peterson system, a point is awarded for each game won and for every 50 pins knocked down.

Teams will be composed of five men and the league will operate on a round-robin basis, including a position round which matches the first and second place teams for the title.

All matches will consist of three games. The leagues will be operating on an 80 per cent from 190 handicap and under the four point system, where- by a point is given for each game won plus another for high series.

Winners in each division will meet in a single elimi- nation tournament with tro- phies awarded to the champs.

Each bowler will pay a fee of $1.05 a night.
